To Whom It May Concern:

I am pleased to write on behalf of Britton Barefoot. Britton has been an all-around stellar student in her years here at Baker High School being a student leader, Key Club member, four-year soccer goalkeeper, and serving as library assistant this year. In addition to being an ideal student, Britton is invested in personal responsibility and citizenship. She enjoys community volunteering, having dedicated over 90 hours at the Connie Hudson Senior Center. She is also a consistent member at Christ United Church where she volunteers to support outreach fundraisers and community engagement activities. With an above average class ranking, Britton is an ideal candidate for the collegiate program and career of her choosing.

Additionally, Britton's personality is unmatched, welcoming, and bright. She has held a part-time job at Publix for the past three years where her care and work ethics afforded her recent promotion to customer service supervisor.

I am confident in recommending Britton. I am sure that her academics, her values, and her work ethics make her a standout candidate for her future endeavors.

Sincerely,

Cora L. Evans
Career Coach
