## To Whom It May Concern:

It is my distinct pleasure to recommend Britton Barefoot, a graduating senior from Baker High School. As her principal, I have had the privilege of observing Britton's academic growth, leadership, and exemplary character throughout her high school career, both within the classroom and in the broader school community.

From the outset, Britton has demonstrated exceptional dedication to learning. She consistently ranks among the top of her class and stands out as both an academic and student leader. Beyond her strong performance, Britton exhibits intellectual curiosity, an outstanding work ethic, and a genuine passion for leading others.

Equally impressive is Britton's commitment to leadership and service. As a varsity athlete, she demonstrates responsibility, teamwork, and influence on and off the field. Her numerous service projects further reflect meaningful contributions to the community. Britton is also able to hold a full-time job at Publix, where she continues to display professionalism, an outgoing personality, and a relentless work ethic. Britton refuses to be outworked, a defining trait that sets her apart.

What truly elevates Britton is her character. She approaches challenges with resilience, treats others with respect, and consistently upholds the highest standards of integrity. When combined with her academic excellence and leadership, these attributes make her an exceptional candidate for both employment and educational opportunities.

I am confident that Britton Barefoot will bring the same level of excellence, leadership, and integrity to your institution that she has brought to ours. Please feel free to contact me at 251-221-3000 or [jpoiroux@mcpss.com](mailto:jpoiroux@mcpss.com) if you require additional information.

Sincerely,

John Jacob Poiroux  
Principal  
Baker High School
