Very professional, minimal wait time.

Absolutely LOVE her! She is very thorough and maps out your face for the Botox. I literally walk in and tell her to work her magic!

All of the ladies in the office were professional and sweet! They will make sure that you are comfortable and taken care of while you are in the office.

Kate made my first experience getting lip filler comfortable and enjoyable! I am in love with how my lip filler has turned out! I will always come back to see her!
