

# Sound Beach Property Owner's Association

## *Our Legacy*

When the Sound Beach Property Owner's Association (SBPOA) was founded in 1929, we had dirt roads and trips to the square to pump water from the well. Life was simpler and carefree for the summer residents. Most Sound Beach homes are now occupied full time and are larger than the bungalows which were originally built.

Today, the SBPOA deals with taxes, insurance requirements, safety demands by authorities, beach and clubhouse security, beach staircases and clubhouse maintenance, bulkheads, beach guards and lifeguards, licenses, liability and much, much more. The cost of continuing these activities is growing every year.

In order to maintain our legacy as stewards of the beach, we need your help!

Please consider a bequest of a portion of your estate to SBPOA. Have your attorney help us continue our future legacy. Your gift will ensure that our children's children will enjoy the sparkling beaches and everything else that makes Sound Beach special.

To leave your gift for SBPOA, please use the following language in your will:
