Dear praying friends,

As children of God we are never alone. When the feelings of futility flood in, when it feels like life is passing us by, when relationships go sour, when the fallenness of the world closes in on us and makes us want to throw in the towel, we have a Friend who knows exactly what such testing is like, sits close to us and embraces us. As the puritan John Owen put it, Christ “is inclined from his own heart and affections to give... us help and relief... and he is inwardly moved during our sufferings and trials with a sense and fellow-feeling of them.” What a Saviour we have! **Hebrews 4:15,16: For we do not have a high priest who is unable to sympathise with our weaknesses, but one who in every respect has been tempted as we are, yet without sin. Let us then with confidence draw near to the throne of grace, that we may receive mercy and find grace to help in time of need.**

Wellington Fire Disaster Impact Mitigation Project

(report from Pastor Gadiru, EFSL General Secretary)

On the 5th of November 2021, a fire disaster broke out at Old Wharf Junction in Wellington, Freetown as a result of an explosion following a fuel tanker accident. Over 100 people died in the inferno, while over 100 others were left injured and were being treated at various hospitals in Freetown. Some agencies, individuals, and groups have been providing assistance in terms of food and non-food items, medical treatment, and psychosocial support to the survivors. It was against this backdrop that EFSL and its partner SEFSL [responded]... to address the urgent need of 30 households that lost breadwinners and... properties (house, business, etc.) in the fire.

Visitation and psychosocial support: [Immediately following the disaster], an EFSL Disaster Response team was mobilized and assigned duties on Monday the 8th of November to visit the scene for a rapid appraisal of the situation, and to provide psychosocial support [and prayer] to the affected persons.... On the 9th and 10th the team [visited three local hospitals] to pray and give psychosocial and spiritual support to those who suffered severe burns from the explosion. Their immediate needs were also assessed to help determine EFSL’s intervention in addressing them.

Food and non-food distribution: On 10th December, the EFSL disaster response team distributed food and non-food items to a total of 30 affected households in the Old Wharf community. The distribution was done at the Old Wharf Baptist Church. Each household received food items comprising a 50kg bag of rice, a bag of onions, 20L of cooking oil, 6 packets of Maggi and a bag of iodized salt. Additionally, each head of household received a plastic bucket and three large tubes of toothpaste.
