Total Finishing Downdraft Tables

The downdraft tables we offer provide workplace-related air safety relief, and aid in the protection of the operator from exposure to dust, odors, and fumes from their finishing processes.

- Large work surface for a range of applications.
- 2000 CFM – 5000 CFM (nominal) blowers
- Average Face Velocity = 150 – 400 FPM (depends on blower/motor combination)
- Removable clean-out tray in filter housing.
- Completely self-contained; no outside ducting necessary.
- 3 sizes available
- (1) 1HP 1PH Motor Voltage - 120V Connection for outlet, & 220V Single-Phase Connection for blower

TOTALDrying™ Rack

#1 Best Seller

50-Shelf, Heavy Duty Drying Rack

A drying rack for cabinet doors is something every cabinet shop, painter, and wood finisher needs.

With 50 adjustable shelves, you can customize the space you need to fit larger pieces. Each shelf holds 25lbs.

Fits within a 6.5 sqft. space but provides 200 square feet of drying storage!

Heavy duty locking wheels provide easy transport across the shop, even when fully loaded.

TOTALDrying™ Rack

Extra Shelves

HULKRack™ Drying Racks

The HULKRack™ series of drying racks are fully customizable to satisfy the needs of every paint shop.

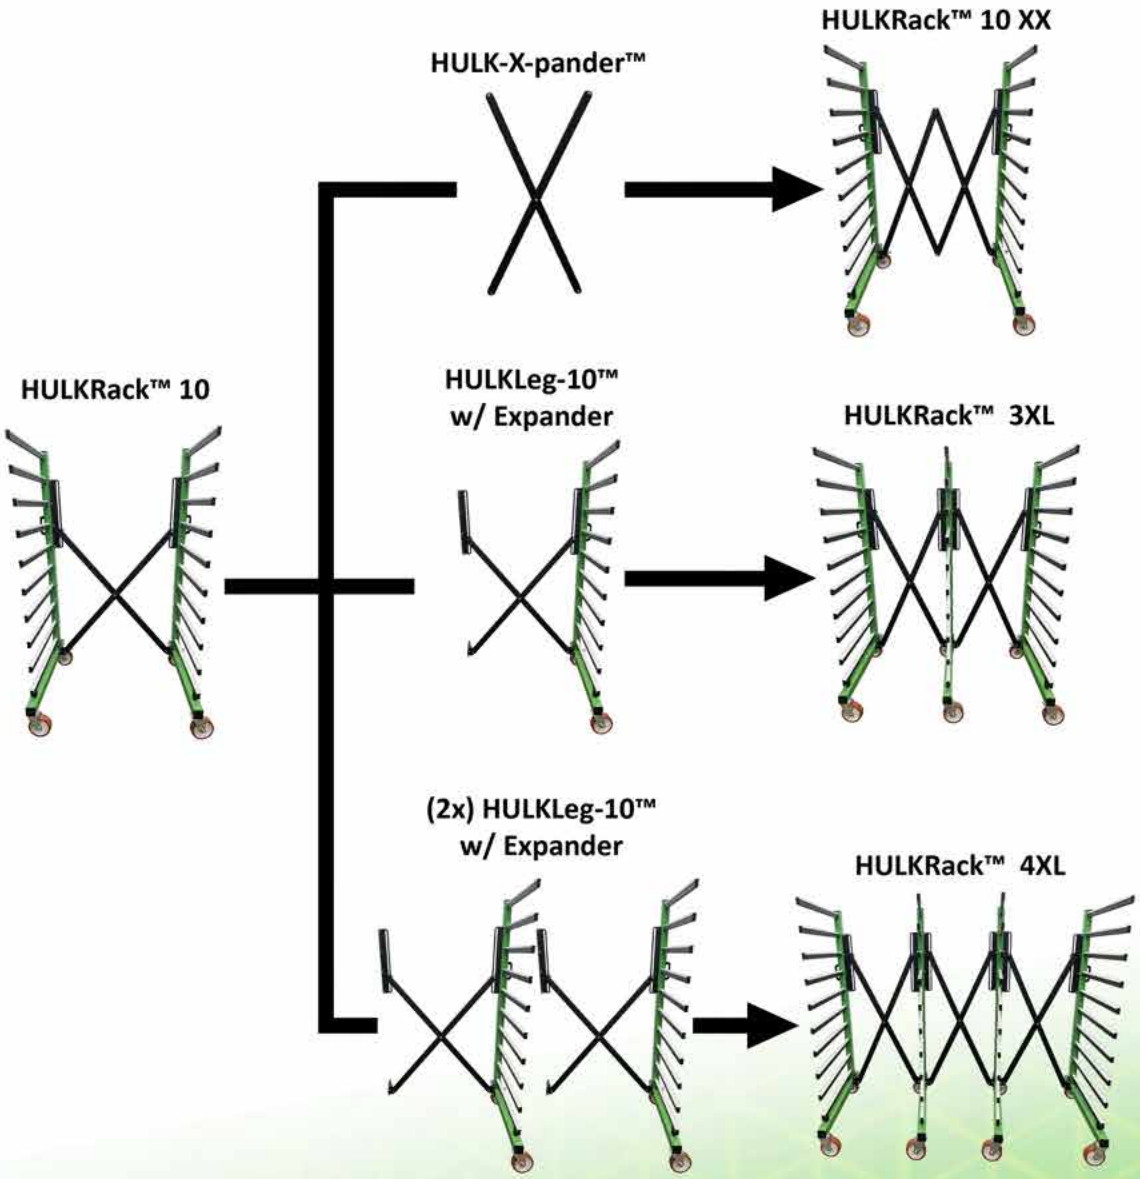

- 10-Shelf heavy duty drying racks
- Each pair of legs expands to 49”
- 150lbs capacity per shelf

If additional drying space is ever needed simply purchase another leg or “X” and easily attach it to your existing HULKRack™! When not in use, the racks fully collapse for storage.

Heavy duty locking caster wheels make transport around your shop easy, even when fully loaded.
