

B.S.R.A.
MAINTENANCE REPORT
2021-2022

Due to uncooperative weather and bit of bad timing
no grading was done on the road and no gravel was laid down.

An 8" culvert was replaced by a 10" culvert in zone "D".

Special thanks to Lyle Westerland for snow removal.

A handwritten signature in dark ink, appearing to read "Paul", is written over a horizontal dashed line.

Paul Castiglioni
