Received By: _____

County: **MADISON**

Permit # _____

Type: **COMM. CONV**

I have been advised and understand that the system to be installed is not warrantied against water surfacing.

KB Septic Systems will not be held liable for water standing or wetness, as we have no control over the weather or water usage.

KB Septic Systems is NOT responsible for the following:

- Dirt Settling around tanks or trenches. You can fill it in with sand purchased at any home improvement store.
- Damage to buried underground utilities or sprinkler lines. Please have them clearly marked, & call 811 to locate and mark other lines.

This will be the owners responsibility.

- We do not connect under cabins that are close to the ground. Customer/ Owner is responsible for making sure there is a sewer line easily accessible on the outside of the cabin for septic connection. We reserve the right to refuse to connect under cabins/Mobiles homes etc if the pipes are broken, there is waste from use or access to under the building is limited. We will install a clean out for your plumber to connect to if the above happens

KB Septic Systems will apply additional charges for the following:

- If there is a deep set and extra risers are needed, there will be a charge per riser.
- If we run into rock while digging and CANNOT break it up easily with the backhoe.
- If the customer uses the drains before the septic is connected and we have to work in unsanitary conditions.
- If we have to mount the control box near the tanks and it requires a panel for mounting there will be an additional charge for the panel.
