The Chameleon has the following policies around Open Bar and Consumption Bar Packages

The Chameleon will make every effort to ensure that your event is a success and that everyone has a safe and enjoyable time. To assure this, we have a few house rules around alcohol consumption:

1. The Chameleon is a beer and wine only establishment
2. The Chameleon will not serve anyone under the legal drinking age. Our staff is instructed to request identification for all patrons who may not appear to be of legal drinking age. We suggest that all clients notify their guests of this policy to avoid any confusion.
3. The Chameleon will not serve more than two beers to a patron at one time.
4. The Chameleon and its management reserve the right to refuse service to anyone, whether they are of legal drinking age or not.
5. The Chameleon and its management reserve the right to make a judgment call by not serving an individual who appears to be intoxicated.
6. The Chameleon does not allow alcoholic beverages beyond designed areas or alcohol brought in from outside.
7. The Chameleon staff will strictly enforce these policies at every event.

I have read The Chameleon's beer service policies; I understand my responsibility and agree to the conditions set forth.
