

Rounds **A** *Angus*

5TH ANNUAL PRODUCTION SALE

JANUARY 23, 2021 | 1:00PM

AT THE RANCH, UNION CENTER, SD

Welcome **TO THE 5TH ANNUAL PRODUCTION SALE AT ROUNDS ANGUS RANCH.**

We hope this catalog finds you healthy and well. 2020 sure has been a challenging year for us here at the ranch. We know we are not alone in this feeling, but we just have to grit our teeth and keep doing what we love.

For any of you that do not know our program, our family has raised Angus since 1990 AI-ing to some of the best bulls the Angus breed has to offer. About half of the bulls selling will be purebred and the other half will be our registered bulls. Many of our cows have originated from Lund B Bar Angus Ranch of Wibaux, MT and Medicine Rocks Ranch of Mill Iron, MT. We felt they had a very good base to start with and went our own direction with them, and they have worked very well. We don't run our cows much different than any one else, cows do it on hay, grass and iodized salt.

The sale will be held January 23 at 1:00 here at the ranch. We wish to thank our past customers for making the last five years a great success and look forward to making new customers and friends. If you have any questions prior to the sale day, give us a call at (605)347-0890 or sure stop by and talk with Todd, the coffee is always on. Thank you for your interest in Rounds Angus Bulls.

SALE DAY INFO

JANUARY 23, 2021 · 1:00PM

AT ROUNDS ANGUS RANCH

16614 Old Stoneville Road, Union Center SD, 57787

12 miles north, 5 miles west of Union Center | 21 miles south of Prairie Home Church west of Maurine, 5 miles west

SALE DAY PHONE NUMBERS:

Todd Rounds: cell (605) 347-0890 | home (605) 985-5469

Kelly Spring: (406) 740-0523

HERD HEALTH:

Bulls have been DNA GENESEEK tested

Golden Vet Services-Dr Jim Stangle does all vet work

Bulls have had Inforce 3 and Alpha 7 in Spring

We chose Renown for the type and kind of calves he was giving us. Feminine heifers and good bulls that weighed in the fall and excelled in growth and maternal characteristics. Cows make excellent mothers have great dispositions, udders and feet.

Trapper was used for the maternal and longevity side of things. We saw him in Billings and was impressed with his look. His mother is 13 years old and still in production. She has an excellent udder and stays in good shape in the high desert country of Wyoming.

We used black granite because of his calving ease and growth. Calves hit the ground ready to get up and suck no matter the weather and they continue to grow throughout the summer.

We decided we wanted to use him after looking at the females at the lund ranch, they have made great cows that keep easy, breed back quick, and bring in some great calves every fall. They have excellent feet and udders with pleasant dispositions. Not a mainstream bull but as good and more consistent than any bull out there.
