

Certified Event Interventionist Course

The Event Interventionist

Unlike other intervention courses, our course is designed to deal with someone who is in crisis and there is limited time and opportunity to intervene. In these situations the interventionist must, de-escalate the client, build rapport, and provide viable solutions in a brief window of opportunity.

The Event Intervention course will provide training in the following areas:

- Adaptable Communication
- Addiction Treatment Protocols
- Recognizing Client Awareness
- Building Rapport
- Mirroring Skills
- Understanding Body Language
- De-Escalation Techniques
- Safe Transport of Clients
- Treatment Support Roles
- AMA Disuasion
- Roles in Aftercare

As a trained Certified Event Interventionist, you will have the support and resources of the Addiction Training Center at your side.
