

Who are we?

We are a cross section of the Allendale community, made up of people just like you! The **Community Emergency Response Team** is trained in basic emergency preparedness and disaster response in order to better serve their families, neighbors and coworkers in times of crisis. If you don't have a lot of time but want to give back to the community, consider joining Allendale CERT.

What do we do?

- Work with local, county and State emergency officials for emergency and disaster response
- Provide outreach and preparedness education and training to the community
- Provide safety support to local, county and State events, easing the burden on professional services
- Train beyond the basics to provide service to the community in large scale disasters

The next Basic CERT course will run from September 26th to November 21st.

Classes will be held on Tuesday and Thursday evenings from 7:00-9:30pm (some in Paramus, some in Mahwah), and one Saturday (November 16th from 10:00am-2:00pm in Paramus).
