The background is a deep blue gradient. Overlaid on this is a complex network of glowing blue lines and nodes. The nodes are small, bright blue spheres of varying sizes, some appearing as single points and others as larger, more prominent hubs. These nodes are interconnected by thin, glowing blue lines that form a web-like structure. The lines and nodes are more concentrated in the upper right and center-right areas, with some lines extending towards the left. The overall effect is one of a digital or technological network, possibly representing data flow or a service ecosystem.
