## **Project Night – May 22 – Color Workshop for Quilters**

Violette Newby Abuya will teach us how to develop fabric into appliqués, such as the “fish” she created in the Opportunity Quilt. We will explore how to alter an existing fabric to suit your design purposes, as well as how to start from a blank piece of fabric in developing a design that pleases you. We will learn how to apply color through the use of pencils, markers, watercolors, and gel pens. Come prepared to have fun as we learn together !!

Supplies: fabric – plain muslin is fine

Pattern – something that is interesting to you – bird, fish, animal

Possible fabrics you have considered using

PENCIL – mechanical ones are best

Gel pens, sharpie markers, water color paint – whatever you have

Prisma color brand pencil set (if desired) (found at Michaels)

Scissors, needle and thread (if desired)

## **Charity quilts**

Members are reminded we have a bolt of striped fabric and also a large bolt of muslin which can be used to create quilts.

## **Website**

Check out our website and Facebook page. These are good sources to find additional information to that printed in the monthly newsletter. Past and present newsletters can also be found on the website along with Show and Tell photos.
