**New Member News**

We give a warm welcome to our newest member, Sue Rountree. Sue is a CPA from Slidell who was so impressed by our quilt show that she decided to join the guild. She brought many beautiful projects to show at the May business meeting and volunteered to drive on the road trip to the Azalea City Quilt Guild show in Mobile. Aspects of quilting she would like to learn more about include longarm quilting and unusual/contemporary art quilt techniques.

**2015 Opportunity Quilt**

Kay Guillot and the quilt committee held their first meeting and discussed preliminary ideas for the design for the next show quilt. It will be exciting to see what is produced when the collective creative juices of our guild members get to work to produce another exciting opportunity quilt.

**Wounded Warriors Project**

Kay Buccola and Lou Ada Hansen are spearheading a project for our guild to make five quilts for the Wounded Warriors program. These lap quilts will represent the five branches of the service: Army, Navy, Air Force, Marine Corps, and Coast Guard. Groups of guild volunteers will be assembled to make the quilts. Group leaders are Lou Ada Hansen, Marcus Weekley, Gloria Burlette, and Venessa Saucier. Kay Buccola has already made the Coast Guard quilt. Center panels and coordinating fabrics will be available for each quilt. This is a worthwhile project and we hope all members will consider participating in some way. Details will be discussed at the business meeting on June 13.

## **Guild Projects for 2013**

Please bring ideas for projects to the business meeting. Leaders for the projects are also needed. The better the mix of people and ideas, the more stimulating and exciting our quilting experience. You don’t have to be an expert – just be willing to organize, read up on a topic, and present something that caught your attention that you think other quilters will also enjoy.

## **Program Night – Basic Quilting Skills Demonstrations – June 27, 2013**

The June 27 program meeting will be mini demonstrations and samples for basic quilting skills.

Lou Ada will demonstrate hand piecing with all/some of those tips and hints she has learned. If you would like to follow along, some **small scraps, a needle and thread, and other hand sewing notions** can be brought to the meeting.

Kay Guillot will show us some of her tips on accurate cutting with the rotary cutter and mat. If the cutting is not good, the quilting piece will show it. Joy will show us some hand quilting tips like she uses on her mini quilts, again if you want some practice, bring **a small quilt sandwich, needle, and thread**. A thimble is also recommended.

Joan will show us how to determine a good 1/4 inch seam on our machine. You can always cut larger and trim but that takes more time.

The meeting room will be set up with 4 stations that you can rotate around and find a small group so that you can ask questions and see and hear well. If you want to repeat in one or more of the stations, that will be your choice also. We should have ample time to see all the demonstrations and practice a little if wanted. Be sure to bring any questions you have so you can profit from the learning experiences of the longer time quilters. I expect we will have some mini handouts for reminders for you also. Joan Henderson, Leader

## **Looking Ahead**

The program meeting on July 25 will be on bargello patterns. It will be led by Marcus. More information to follow in the next newsletter.
