Meets 6:30 PM, 2nd & 4th Thursday
Diamondhead Baptist Church
68780 Diamondhead Dr. North
Diamondhead, MS

August, 2007

www.bayoaksquiltguild.org

Treasurer's Report Chris Jarrell reports our bank balance as of 8/1/07.

Guild Teachers Therese Springer is teaching a Raggedy Rose pattern at our August 23rd meeting so bring your sewing machines and she will help you. More info will be coming about this meeting.

Community Service We received two very nice Thank You cards. One was from Memorial Hospital for the hats and one from Hope Haven. The one from Hope Haven was signed by all the children.

Summer Squares Using the Spring swap squares and ONE other fabric, make a 12 1/2" (unfinished) block-any pattern. Return the block at the August 9th business meeting along with your name on two pieces of paper and attached to the block. Everyone participating will put one name tag into the hat and leave one name tag on the block. We will draw a name for the winner of all blocks turned in. Now here's the catch: The winner must use all of the blocks and have a fully pieced or completed top made by our Dec. meeting or she will forfeit the blocks and another name will be drawn. If you make more than one block to turn in, then your name will go into the hat twice.

Show and Sale Kay talked about our renting a spot for \$50 in Diamondhead at the Arts function, that will allow us to have a quilt show and sale. We will need to make a decision on this so Kay can make arrangements for that event. It will be talked about and decided at our business meeting in August.

Field Trip --August 18th Our field trip to quilt shops in Louisiana is on Saturday, August 18th. This will be an all day event with lunch somewhere in the area of the shops. We will meet in the Baptist Church parking lot in the early morning. More information via an email will be sent to remind you and let you know the time.

Please bring..... Bring your 12 1/2" block made with the Summer Squares to the business meeting and also bring your block that Kay taught with the bird on it. I'm sure she would love to see what everyone has done.

October Class... Remember to keep a watch out for the 2 yards of quilted fabric that you will need for Chris's class on the tote bag.

Evening quilt class Linda Favre will be teaching an evening class on hand quilting at Hancock High School this fall.

Please remember that if you don't get the newsletter give me a call and I'll make corrections and see that you get one. Also if you want to put anything in the newsletter just sent it by email to me.

Don't forget to bring your Show and Tell

Sew Long, Gloria Burlette
