Support Your IQ with High-Quality Supplements

Maintain Your Brain — The Body's Most Complex Organ

The brain helps us move, think, and make sense of the world. It interprets our senses, processes our emotions, drives our instincts, and remembers our experiences. Fortunately, Standard Process® and MediHerb® supplements can give your mind the nutrition it needs to thrive. They're easy, effective ways to encourage physical and mental well-being.

E-Z Mg™ *Central Nervous System Health**

A plant-based, organic magnesium (Mg) supplement developed to support patients with inadequate dietary magnesium intake.*

MediHerb® Ginkgo Forte *Support Memory & Cognition**

Contains Ginkgo leaf to provide memory, cognition, and circulatory support for healthy mental aging.*

Neuroplex® *Nervous & Endocrine System Health**

Combines synergistic ingredients to support the nervous and endocrine systems.*

Olprima™ DHA *Cardiovascular & Brain Health**

An omega-3 DHA supplement that supports cardiovascular and brain health while supporting the body's healthy inflammatory response.*
