

WHOLE FOOD NUTRIENT SOLUTIONS

Ideal Dispensary

Advanced Nutrition Therapy

Immune System / Inflammatory
Response Function

Changing Lives With Nutrition

Standard Process focuses
on achieving wholistic
health through nutrition.

From our certified organic, regenerative
farming practices to our Nutrition Innovation
Center, we are committed to clinical science
that advances health and changes lives.

It Starts With Soil

On our 623-acre, certified organic farm, we use regenerative farming practices to cultivate nutrient-dense soil as nature intended.

Whole Food-Based Ingredients

The whole foods grown on our farm in our organic soil contain an abundance of phytonutrients. More than 80% of all raw plant ingredients that go into our products come directly from our farm, traveling less than a mile to our manufacturing facility.

Manufactured With Care

Our freshly picked crops are processed often within a day using state-of-the-art technologies to maintain the naturally occurring nutrients in our plant ingredients.

Committed to Clinical Science

We are dedicated to being at the forefront of driving clinical studies that advance patient care through whole food-based nutrition.

Immune System / Inflammatory Response Function Products Include:

Whole food-based nutrition products to help address specific health issues requiring advanced nutrition insights.

More and more consumers today have busy schedules and pressure-packed lifestyles.

Often, this can lead to less-than-ideal dietary choices and habits that often contribute to compromised health. For almost 60% of Americans, this increases the risk of chronic health issues. Many of these health issues have negative effects on the underlying key systems of the body that in turn often compromise our lifestyles and influence the trajectories of our health. When this happens, it is helpful to take a more detailed look at each system, using new and advanced clinical insights from nutrition science to develop guidelines for effective nutrition therapies using whole food solutions.

Over the last 3 to 5 years, new publications from both epidemiological and intervention clinical studies have provided evidence that for the most important body systems, whole food nutrition can make an important difference. When each system is properly understood, it is then possible to develop a nutrition care regimen that can help stabilize the targeted system, improve its normal and healthy functionality and often improve

a normal health trajectory. These important systems, including immune, inflammatory response, central nervous system and digestive health, to name a few, have all been linked to and shown to be influenced by specific nutritional uses. This guide provides an overview to not only product selection but also general therapeutic support for patient care.

Today, health care practitioners know that many chronic health issues have an underlying basis on a compromised immune response that has led to an issue of inflammatory responses that have not been resolved. Recent clinical studies have shown that the ability to support the resolution phase of the inflammation process helps stabilize the immune system so that its response and function is normal and healthy. This requires that the immune response and cascade be supported with key nutritional components that support the foundational responses to this system. With adequate and specific nutrition, the immune system and its activation and

response can be supported and stabilized. Whole food solutions can effectively support and improve diet and lifestyle strategies and offer patients a more personalized approach to nutrition.

The products that follow in this book offer a variety of effective nutritional solutions that can serve as foundational support to improve the functional outcomes of the immune system and its potential inflammatory responses.

Calamari Omega-3 Liquid

Calamari Omega-3 Liquid helps bridge the gap in dietary omega-3 intake and supports general health for patients at all stages of life. With a clean, understated citrus taste, it's perfect for those who cannot or prefer not to swallow pills, especially children and the elderly. It's also certified sustainable from the independent nonprofit group Friend of the Sea® and rigorously tested to be below regulatory standards for contaminants and toxins.

Calamari Omega-3 Liquid supports healthy inflammatory processes, immune system response,* and also:

- Supports cardiovascular health^
- Assists in triglyceride management for triglyceride levels already within a normal range^
- Supports normal blood pressure already within a normal range
- Supports healthy normal blood coagulation
- Supports cognition
- Promotes emotional balance
- Supports skin, nail, and hair health
- Supportive but not conclusive research has shown that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.*^

Suggested use: 1 teaspoon (5 mL) per day, or as directed. May be taken with meals.

Special information: Refrigerate after opening.

^As part of a diet low in saturated fat and cholesterol.

Cardiotrophin PMG®

Cardiotrophin PMG includes bovine heart PMG™ extract to support heart muscle function.*

- Provides a unique profile of minerals, nucleotides, and peptides
- Supports the heart and cardiovascular system
- Supports normal heart cell growth and differentiation*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cataplex® A-C

Cataplex A-C helps support immune system function and maintains healthy cells and tissues.*

- Helps maintain healthy mucous membranes
- Supports a healthy immune system response function
- Provides ingredients with antioxidant activity
- Supports the hematopoietic system
- Helps maintain healthy epithelial and connective tissues*

Suggested use: Two tablets per meal, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care practitioner. Contraindicated in known allergy to plants of the daisy family.

Cataplex® D

Cataplex D supports bone health, mineral absorption, the immune system, and cellular processes.*

- Encourages healthy calcium absorption from the intestinal tract into the blood
- Supports healthy immune system response function
- Supports and maintains healthy bone density
- Provides vitamin D, which is needed by almost every cell in the body for development and transcription*

Suggested use: Two tablets per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Congaplex®

Congaplex is used for short-term support of the immune system.*

- Supports healthy immune system response function
- Provides nutrients that support antioxidant activity
- Supports the thymus gland
- Contains ribonucleic acid, which the body uses to build new cells*

Suggested use: Three capsules per meal, or as directed.

Drenamin®

Drenamin supports adrenal function and helps maintain emotional balance.*

- Promotes healthy adrenal gland function
- Encourages a healthy response to everyday environmental stresses and supports immune system response function
- Maintains energy production
- Supports a balanced mood
- Good source of antioxidant vitamin C*

Suggested use: Three tablets per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

E-Z Mg™

E-Z Mg is a plant-based, multiform magnesium (Mg) developed to support patients with inadequate dietary magnesium intake. Made from two key ingredients: Swiss chard (beet leaf) and buckwheat – both grown on our sustainable and certified organic farm in Wisconsin.

- Plant-based, naturally occurring multiform of magnesium
- Helps to bridge the gap in dietary magnesium intake*
- May promote whole-body and urine alkalization*
- Rich source of vitamin K1
- Gluten-free, vegan, USDA organic

Suggested use: One stick pack per day, or as directed. Add stick pack into 8 ounces of water and mix thoroughly for 10 to 15 seconds.

Warning: This product contains naturally occurring Vitamin K1. All forms of vitamin K may interact with blood-thinning medications. If you are taking such medicines, please consult with your health care professional before taking this product. If you have been directed to eat a diet low in oxalates (found in leafy green vegetables), please consult with your health care professional before taking this product. If you are pregnant or lactating, please consult with your health care professional before taking this product.

Hemp Oil Complex™

Hemp Oil Complex is a unique formulation of ingredients, combined to provide a 3-in-1 benefit for the whole body – supporting the endocannabinoid system, inflammation response resolution pathways, and endogenous antioxidant pathways.

- Supports the endocannabinoid system*
- Supports the body's natural inflammatory response function*
- Ingredients that provide antioxidant activity*
- Non-genetically engineered hemp
- Combination of natural omega-3 fatty acids, including DHA, DPA and EPA
- Calamari oil certified sustainable from the independent nonprofit group Friend of the Sea®

Suggested use: Two softgels per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Immuplex®

Immuplex blends essential micronutrients and minerals as well as Protomorphogen™ and Cytosol™ extracts to support the immune system.*

- Taken daily, supports a healthy immune system response function
- Helps maintain normal white blood cell activity already within a normal range
- Supports the body's normal inflammatory response function as it relates to periodic challenges like consumption of a high-fat meal or strenuous activity
- Provides ingredients with antioxidant activity
- High in antioxidant vitamins C and E*

Suggested use: Two capsules per meal, or as directed.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Neurotrophin PMG®

Neurotrophin PMG is a Protomorphogen™ extract formula that supports healthy central nervous system function.*

- Provides a unique profile of minerals, nucleotides, and peptides*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Okra Pepsin E₃

Okra Pepsin E₃ supports intestinal function.*

- Supports mucosal tissue in the intestines
- Supports bowel function
- Provides bowel cleansing*

Suggested use: One capsule after each meal, or as directed.

Ribonucleic Acid (RNA)

Ribonucleic Acid (RNA), derived from yeast, supports cell replication, growth, and protein synthesis.*

- Promotes healthy cellular growth and development
- Supports healthy cellular functioning*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Thymus PMG®

Thymus PMG is designed to support healthy thymus function.*

- Provides a unique profile of minerals, nucleotides, and peptides*

Suggested use: One tablet per meal, or as directed.

Thyrophin PMG®

Thyrophin PMG is designed to support healthy thyroid function.*

- Provides a unique profile of minerals, nucleotides, and peptides*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Andrographis Complex

Andrographis Complex contains a blend of herbs to support normal immune system function. This herbal formulation is used traditionally to:

- Help maintain healthy immune system function
- Support healthy respiratory system function
- Support and maintain normal body temperature already in a normal range
- Support healthy immune system response during seasonal stresses
- Encourage adaptive response to occasional stress
- Promote healthy liver function*

Suggested use: One tablet two to four times daily, or as directed.

Caution: Contraindicated in pregnancy and lactation. Contraindicated in known allergy to plants of the daisy family.

MediHerb® Astragalus Complex

Astragalus Complex is a tonic blend containing Astragalus, Echinacea purpurea root and Eleuthero. Together these herbs and the compounds within them are used traditionally to:

- Support healthy immune system function
- Maintain feelings of general well-being
- Support healthy upper respiratory tract function
- Facilitate the body's normal response to occasional stress
- Promote a healthy response to environmental stress*

Suggested use: One tablet two to four times daily, or as directed.

Caution: Contraindicated in known allergy to plants of the daisy family. Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional. Discontinue during an acute infection or fever.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Broncafect®

A combination of herbs and an essential oil (Licorice, Pleurisy Root, *Echinacea purpurea* root, White Horehound, Ginger and Thyme essential oil) are found in Broncafect. These herbs, essential oil and their constituents are used traditionally to:

- Support healthy respiratory tract function
- Support the body's natural ability to break up respiratory secretions by supporting normal mucus flow
- Support the body's normal cough reflex
- Support healthy immune system function
- Help relieve temporary mild throat discomfort associated with hoarseness, dry throat and irritants
- Assist the body in maintaining normal body temperature already in a normal range

Suggested use: Two tablets two to four times daily, or as directed.

Caution: Contraindicated in high blood pressure, edema (water retention), congestive heart failure, low blood potassium, pregnancy and lactation. Contraindicated in known allergy to plants of the daisy family.

MediHerb® Echinacea Premium

Echinacea Premium combines the roots of *Echinacea angustifolia* and *Echinacea purpurea* to enlist properties unique to each. Echinacea and its constituents are used traditionally to:

- Help enhance healthy immune system function
- Support healthy immune system response following temporary seasonal stressors
- Support upper respiratory tract health
- Help relieve temporary mild throat discomfort associated with hoarseness, dry throat and irritants

Suggested use: One tablet two to three times daily, or as directed.

Caution: Contraindicated in known allergy to plants of the daisy family. Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Turmeric Forte

Turmeric Forte is a formulation of Turmeric rhizome and Fenugreek seed extracts to enhance absorption and improve bioavailability*[†] of curcuminoids, the active constituents of Turmeric. Turmeric rhizome provides turmeric curcuminoids, including curcumin, demethoxycurcumin and bisdemethoxycurcumin. This product is standardized to total curcuminoids and to curcumin, to ensure optimal strength and quality.

The herbs and their constituents:

- Support a healthy inflammation response
- Traditionally maintain and support healthy joints
- Provide antioxidant activity
- Support a healthy response to environmental stressors
- Support healthy liver function
- Traditionally support healthy digestion*

Suggested use: One tablet one to two times daily, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

[†] Contains dietary ingredient (formulation of curcumin with fenugreek dietary fiber), found to have enhanced bioavailability of curcuminoids over unformulated curcumin.¹

¹ Kumar D, Jacob D, Subhash PS et al. J Funct Foods 2016; 22, 578-587

MediHerb® Viranon

Viranon contains Thuja, St. John's Wort and Licorice.

Together these herbs and their constituents may:

- Help maintain and support healthy immune system function, regulation and response
- Help promote the body's normal resistance function
- Encourage the body's normal healthy defense system by supporting healthy immune system function*

Suggested use: One tablet three times daily, or as directed.

Caution: Do not use this product while taking any prescription drug(s) without the advice of your prescribing physician. Avoid excessive exposure to UV radiation (e.g. sunlight, tanning) when using this product. Contraindicated in high blood pressure, edema (water retention), congestive heart failure, low blood potassium, pregnancy and lactation. Best avoided in epilepsy.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.
