

Ideal Dispensary

Detoxification
Advanced Nutrition Therapy

Changing Lives With Nutrition

Standard Process focuses
on achieving wholistic
health through nutrition.

From our certified organic, regenerative
farming practices to our Nutrition Innovation
Center, we are committed to clinical science
that advances health and changes lives.

It Starts With Soil

On our 623-acre, certified organic farm, we use regenerative farming practices to cultivate nutrient-dense soil as nature intended.

Whole Food-Based Ingredients

The whole foods grown on our farm in our organic soil contain an abundance of phytonutrients. More than 80% of all raw plant ingredients that go into our products come directly from our farm, traveling less than a mile to our manufacturing facility.

Manufactured With Care

Our freshly picked crops are processed often within a day using state-of-the-art technologies to maintain the naturally occurring nutrients in our plant ingredients.

Committed to Clinical Science

We are dedicated to being at the forefront of driving clinical studies that advance patient care through whole food-based nutrition.

Detoxification Products Include:

Whole food-based nutrition products to help address specific health issues requiring advanced nutrition insights.

Many people experience everyday stressors, including exposure to environmental toxins that may compromise health.¹

These types of stressors can alter liver metabolism, which in turn influences underlying systems of energetics and response and makes our body systems less efficient.

The body boasts a self-protection maintenance system in the liver, often referred to as the detoxification system. This system includes three important functional phases of action that requires and benefits from stabilized nutritional support.²

This guide recommends products that include important whole food nutrients that can help activate, balance and maintain a healthy detoxification system of the body.

1. Tsz Man Chung, R., *Detoxification effects of phytonutrients against environmental toxicants and sharing of clinical experience on practical applications*. Vol. 24. 2015.
2. Hodges, R.E. and D.M. Minich, *Modulation of Metabolic Detoxification Pathways Using Foods and Food-Derived Components: A Scientific Review with Clinical Application*. Journal of nutrition and metabolism, 2015. vol 2015. Article ID 760689

Supporting the body's
detoxification process
with whole food-based
nutritional and
herbal solutions.

Cruciferous Complete™

Cruciferous Complete supports cellular health.*

- Supports healthy liver function
- Provides ingredients with antioxidant activity
- Vitamin K supports calcium absorption, blood clotting, and healthy liver function
- Our research shows some compounds in kale and Brussels sprouts promote the liver's natural phase one and two detoxification processes in cell and animal models*

Suggested use: One capsule per day, or as directed.

Livaplex®

Livaplex is foundational support for the liver.*

- Supports healthy liver and gallbladder function
- Supports the body's normal toxin-elimination function
- Encourages healthy digestion of fats
- Enhances bowel function
- Encourages healthy bile production*

Suggested use: One capsule per meal, or as directed.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

SP Detox Balance™

Supports whole body detoxification.*

- Supports the body's natural metabolic detoxification processes*
- Rich source of protein (17g per serving) contains protein from pea isolates, pumpkin concentrate, oat flour and buckwheat flour
- Provides amino acids required for conjugation enzymes (phase II enzymes)*
- Good source of dietary fiber
- Supports the body's natural toxin elimination function*
- Good source of plant-based magnesium

Suggested use: One serving per day up to three servings per day (each serving is equal to 2 heaping scoops).

SP Detox Balance is not intended as a meal replacement.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under the age of 6. Keep this product out of the reach of children. In case of accidental overdose, call a health care professional or poison control center immediately. This product contains naturally occurring Vitamin K1. All forms of vitamin K may interact with blood thinning medications. If you are taking such medicines, please consult with your health care professional before taking this product. If you are pregnant or lactating, please consult with your health care professional before taking this product.

Spanish Black Radish

Spanish Black Radish provides support for the body's organs.*

- Our research shows that Spanish black radish induces the body's detoxification enzymes in cell and animal models
- Supports healthy liver and gallbladder function
- Encourages healthy digestion
- Supports the body's normal toxin-elimination function
- Contains organically grown Spanish black radish*

Suggested use: One tablet per meal, or as directed.

MediHerb® LivCo®

The combination of Schisandra, Rosemary and Milk Thistle provides a range of compounds including dibenzocyclooctene lignans, phenolic diterpenes (including carnosol and rosmarinic acid), other terpenes, flavonoids and flavanolignans (collectively known as silymarin). The Milk Thistle component of this tablet is standardized to contain 24 mg of flavanolignans per tablet to ensure optimal strength and quality. The herbs and their constituents have been traditionally used to:

- Aid in the elimination of naturally occurring toxins and support healthy general detoxification
- Support healthy liver function
- Protect liver tissue by supporting normal cellular defenses
- Provide antioxidant activity
- Support and maintain cellular health
- Support digestive health*

Suggested use: One tablet three to four times daily, or as directed.

Caution: Contraindicated in pregnancy. Contraindicated during lactation unless otherwise directed by a qualified health care professional. In anemia and cases where iron supplementation is required, do not take simultaneously with meals or iron supplements.

MediHerb® Vitanox®

Vitanox contains a synergistic blend of herbs which provide antioxidant activity. The herbs Rosemary, Green Tea, Turmeric and Grape Seed provide phenolic diterpenes (including carnosol and rosmarinic acid), polyphenols including epigallocatechin gallate, essential oils containing sesquiterpenes, yellow pigments referred to as diarylheptanoids (including curcumin), flavonoids, triterpenoids and oligomeric procyanidins. This product is standardized to contain 83.35 mg of catechins, 70.4 mg of curcuminoids and 42.5 mg of procyanidins in each tablet to ensure optimal strength and quality. The natural substances in Vitanox are used traditionally to:

- Provide antioxidant activity
- Support healthy circulation and vascular integrity
- Maintain healthy connective tissue
- Help support healthy liver function
- Support and maintain general health and well-being*

Suggested use: One tablet one to two times daily, or as directed.

Caution: Contraindicated in pregnancy. Contraindicated during lactation unless otherwise directed by a qualified health care professional. Contraindicated in blockage of the gallbladder. Use only with professional supervision in the presence of gallstones. In anemia and cases where iron supplementation is required, do not take simultaneously with meals or iron supplements.
