

WHOLE FOOD NUTRIENT SOLUTIONS

Ideal Dispensary

Metabolic System
Advanced Nutrition Therapy

Metabolic System Products Include:

Whole food-based nutrition products to help address specific health issues requiring advanced nutrition insights.

Clinical nutrition plays a critical role in helping to identify and address underlying causative factors leading to changes in health.¹

Since trajectories of health are often influenced by underlying body system changes, understanding how unmet nutrient needs of these systems influence health outcomes can become an important insight when helping to stabilize a patient's health.²

By understanding how a metabolic process can, for example, influence energy metabolism that in turn can affect development of poor immune responses, helps in the selection of key nutrients and design of a therapeutic nutrition regimen.³ Nutritional solutions, in conjunction with improved lifestyle management, can have a major impact on improving overall health.⁴

This guide helps identify some of the most important nutrient options that can be selected to help manage these underlying systems and thus address the underlying causes affecting our health.

A-F Betafood®

A-F Betafood includes an array of whole food and other ingredients to support healthy fat digestion.*

- Supports normal processing of dietary fats for supporting cholesterol metabolism
- Supports healthy bowel functioning
- Supports bile production in the liver and healthy bile flow in the gallbladder
- Helps maintain healthy levels of fat in the liver*

Suggested use: Two tablets per meal, or as directed.

Warning: Women who are pregnant, may become pregnant, or are lactating should limit their intake of vitamin A (retinol) and use vitamin A products only as directed by a qualified health care professional. Consumption of large amounts of vitamin A (retinol) has been linked to serious health problems.

Antronex[®]

Antronex contains yakriton, a liver fat extract discovered by Japanese researchers that is used to support the body's normal detoxification mechanisms.*

- Supports the liver and the body's natural immune system response function*

Suggested use: One tablet per day or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cardio-Plus® GF

Cardio-Plus GF helps support the cardiovascular system.*

- Supports the healthy functioning of the heart and other muscles
- Supports healthy coronary blood flow
- Provides ingredients with antioxidant activity
- Contains bovine heart PMG™ extract
- Support for increased oxygen demand during exercise
- Good source of antioxidant vitamin C*

Suggested use: Two tablets per meal, or as directed.

Cardiotrophin PMG®

Cardiotrophin PMG includes bovine heart PMG™ extract to support heart muscle function.*

- Provides a unique profile of minerals, nucleotides, and peptides
- Supports the heart and cardiovascular system
- Supports normal heart cell growth and differentiation*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cataplex® B

Cataplex B supports physical and nervous system health.*

- Supports a healthy heart
- Stimulatory to the metabolic, cardiovascular, and central/peripheral nervous systems
- Supports energy production in all cells
- Supports healthy cholesterol levels already within a normal range
- Contains B-complex vitamins to support healthy muscle action
- Supports healthy homocysteine levels*

Suggested use: Two tablets per meal, or as directed.

Cataplex® B₁₂

Cataplex B₁₂ supports blood health and general well-being.*

- Promotes and supports blood production
- Maintains healthy blood
- Supports folic acid metabolism and homocysteine management
- Supports healthy development of red blood cells
- Essential for normal myelin synthesis and central nervous system function*

Suggested use: One tablet per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cataplex® E₂

Cataplex E₂ supports cellular health and general well-being.*

- Supports normal cardiovascular health
- Provides ingredients with antioxidant activity
- Good source of antioxidant selenium*

Suggested use: Two tablets per meal, or as directed.

Cataplex® GTF

Cataplex GTF supports carbohydrate digestion.*

- Supports healthy blood sugar levels when already within a normal range
- Encourages healthy blood sugar utilization at the cellular level
- Supports healthy cholesterol levels that are already within a normal range
- Contains chromium, an essential part of the biologically active complex that is involved in carbohydrate metabolism
- Combines chromium, L-cysteine hydrochloride, and pancreatic Cytosol™ extract along with synergistic ingredients*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cellular Vitality

Cellular Vitality supports the body as a whole, with specific emphasis on cellular processes.*

- Contains American ginseng, which acts as a body tonic for the byproducts of everyday stress
- Contains B vitamins, to fuel cells and participate in numerous body processes that contribute to normal function
- Provides nutrients that support antioxidant activity
- Includes the enzyme bromelain from pineapple stems and juice that, when taken between meals, modulates the body's natural inflammatory response function as it relates to periodic challenges like consumption of high-fat foods or strenuous activity
- Contains coenzyme Q₁₀, an enzyme that is essential for creation of energy within the mitochondria of cells and that helps protect cells from free radicals
- Contains *Cordyceps sinensis*, a mushroom powder long prized in traditional Chinese medicine with a variety of bioactive compounds that contribute to fatigue management and the maintenance of healthy blood sugar levels already within normal range
- Contains ribonucleic acid (RNA), compounds that can be broken apart as cells to create energy or manufacture protein*

Suggested use: Three capsules per day, or as directed.

Choline

Choline supports healthy fat metabolism.*

- Supports healthy cell membrane structure and function
- Provides support for methylation reactions
- Supports healthy liver and gallbladder function
- Supports a healthy nervous system*

Suggested use: One tablet per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

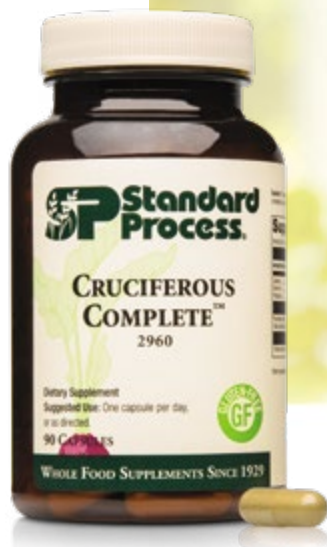

Cruciferous Complete™

Cruciferous Complete supports cellular health.*

- Supports healthy liver function
- Provides ingredients with antioxidant activity
- Vitamin K supports calcium absorption, blood clotting, and healthy liver function
- Our research shows some compounds in kale and Brussels sprouts promote the liver's natural phase one and two detoxification processes in cell and animal models*

Suggested use: One capsule per day, or as directed.

Cyruta® Plus

Cyruta Plus supports capillary integrity and function.*

- Supports circulatory cholesterol transport
- Supports healthy cellular glucose handling to help maintain blood sugar levels already within normal range
- Supports healthy peripheral circulation
- Contains several independent factors that help to maintain the integrity of capillary walls*

Suggested use: One tablet per meal, or as directed.

Special information: Keep bottle tightly closed. This product absorbs moisture.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Drenamin®

Drenamin supports adrenal function and helps maintain emotional balance.*

- Promotes healthy adrenal gland function
- Encourages a healthy response to everyday environmental stresses and supports immune system response function
- Maintains energy production
- Supports a balanced mood
- Good source of antioxidant vitamin C*

Suggested use: Three tablets per meal, or as directed.

Diaplex®

Diaplex supports healthy sugar handling to help maintain blood sugar levels already within normal range.*

- Encourages healthy blood sugar levels already within a normal range when combined with a healthy diet
- Contains chromium, an essential nutrient involved in carbohydrate metabolism
- Supports the healthy function of the pancreas
- Supports healthy bowel function
- Encourages healthy gallbladder function*

Suggested use: Two capsules per meal, or as directed.

Warning: Women who are pregnant, may become pregnant, or are lactating should limit their intake of vitamin A (retinol) and use vitamin A products only as directed by a qualified health care professional. Consumption of large amounts of vitamin A (retinol) has been linked to serious health problems.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Folic Acid B₁₂

Folic acid and vitamin B₁₂ support cellular health.*

- Encourages healthy cell production
- Supports healthy nervous system development
- Encourages healthy circulation
- Supports healthy homocysteine levels
- Essential in the important processes of DNA formation and replication
- Healthful diets with adequate folate may reduce a woman's risk of having a child with a brain or spinal cord birth defect*

Suggested use: One tablet per day, or as directed.

Hemp Oil Complex™

Hemp Oil Complex is a unique formulation of ingredients, combined to provide a 3-in-1 benefit for the whole body – supporting the endocannabinoid system, inflammation response resolution pathways, and endogenous antioxidant pathways.

- Supports the endocannabinoid system*
- Supports the body's natural inflammatory response function*
- Ingredients that provide antioxidant activity*
- Non-genetically engineered hemp
- Combination of natural omega-3 fatty acids, including DHA and EPA
- Calamari oil certified sustainable from the independent nonprofit group Friend of the Sea®

Suggested use: Two softgels per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Livaplex®

Livaplex is foundational support for the liver.*

- Supports healthy liver and gallbladder function
- Supports the body's normal toxin-elimination function
- Encourages healthy digestion of fats
- Enhances bowel function
- Encourages healthy bile production*

Suggested use: One capsule per meal, or as directed.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Olprima™ EPA

Olprima EPA provides condition-specific support through a high concentration of the omega-3, EPA. Olprima EPA provides general mood support while promoting a healthy inflammatory response.*

- Supports healthy triglyceride and HDL with minimal effect on LDL[^]
- Supports healthy inflammatory processes
- General mood support*

Suggested use: Two softgels per day, or as directed.

Special instructions: Store in a cool, dark place.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

[^]As part of a diet low in saturated fat and cholesterol.

Olprima™ EPA | DHA

Olprima EPA|DHA provides condition-specific support through a 55:45 ratio of the omega-3s, EPA and DHA. Olprima EPA|DHA supports cardiovascular and brain health while supporting the body's healthy inflammatory response.*

- Supports cardiovascular health[^]
- Supports healthy inflammatory processes
- Supports general brain health and cognition
- General mood support*

Suggested use: Two softgels per day, or as directed.

Special instructions: Store in a cool, dark place.

Tuna Omega-3 Oil or Tuna Omega-3 Chewable

Tuna Omega-3 oils help bridge the gap in dietary omega-3 intake and support the body's natural inflammatory response function as it relates to periodic challenges like consumption of high-fat meal or strenuous activity.* Tuna Omega-3 oils contain a non-concentrated, natural profile of tuna oil that is rigorously tested to be below regulatory standards for contaminants and toxins.

Along with supporting general health, they also:

- Support general health
- Support cognition
- Support skin and hair health
- Support emotional balance
- Contain DHA, which is important for proper fetal eye and brain development*

Suggested use: Two softgels twice per day with meals, or as directed.

Special instructions: Store in a cool, dark place.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Veg-E Complete Pro™ Chocolate or Vanilla

Veg-E Complete Pro offers a multisource blend of plant-based protein in a convenient powder with a delicious flavor.*

- A valuable source of several amino acids including the nine essential amino acids
- Contains organic pea protein, pumpkin seed protein, and sesame seed protein
- Supports muscle building and recovery
- Supports satiety and fullness
- Supports cellular function and enzyme action
- Supports energy levels
- Supports gut health
- Supports hair, skin, and nails
- Organic, vegan, gluten-free, non-dairy formula, non-soy formula, non-grain formula
- No genetically engineered ingredients
- No artificial sweeteners or artificial flavors
- Natural flavors made without monosodium glutamate (MSG)*

Suggested use: 4 heaping tablespoons (scoops) or 1 packet in 8-12 ounces water, one to three servings per day, or as directed. Mix product thoroughly for 10 to 15 seconds.

Special instructions: Settling of product after mixing may occur. Store mixed product in refrigerator if not consumed immediately.

Whole Food Fiber

Whole Food Fiber is a good source of fiber from nutrient-rich whole foods.*

- Contains both soluble and insoluble fiber
- Supports healthy bowel function
- Promotes regular intestinal motility and elimination
- Supports healthy epithelial cells in the bowel
- Provides food for beneficial microorganisms in the lower gastrointestinal (GI) tract
- Supports the immune system*

Suggested use: One level tablespoon (approximately 6 grams) in a blender drink per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Gymnema

Gymnema contains a complex mixture of saponins (gymnemic acids) and other compounds. This product is standardized to contain 100 mg per tablet of gymnemic acids to ensure optimal strength and quality. The substances in Gymnema work together and have been traditionally used in Ayurvedic herbal preparations to:

- Help reduce sweet cravings
- Help suppress/inhibit sweet taste sensation*

Suggested use: One tablet one to two times daily, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

MediHerb® Hawthorn

Hawthorn contains oligomeric procyanidins, flavonoids (including vitexin-2-rhamnoside) and other compounds. This product is standardized to contain 6.01 mg of vitexin-2-rhamnoside per tablet to ensure optimal strength and quality. The substances in Hawthorn work together and have been used traditionally to:

- Support the healthy functioning of the heart muscle
- Help support cardiovascular system health
- Provide antioxidant activity*

Suggested use: One tablet two to three times daily, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Metabol Complex

Metabol Complex is a comprehensive formulation containing Fenugreek seed, Cinnamon bark, Bitter Melon fruit and Black Cumin seed. This combination of herbs provides many active compounds including essential oils (containing cinnamaldehyde and thymoquinone), steroidal saponins, flavonoids, alkaloids (trigonelline), mucilage, glycosides (including momordicins) and sesquiterpenes.

This product contains Fenugreek seed extract standardized to 4-hydroxyisoleucine which is a unique amino acid compound only found in some plants. Research suggests 4-hydroxyisoleucine has beneficial properties on glucose and lipid metabolism.

Together these herbs and the substances within them are traditionally used:

- In Ayurvedic herbal preparations to support the metabolism of fats and sugars
- In Ayurvedic herbal preparations to help support normal pancreatic and liver function
- To help relieve occasional indigestion symptoms of the gastrointestinal tract, including bloating and flatulence
- To support antioxidant activity against free radicals that are formed in the body during normal metabolism and exposure to environmental factors
- To promote general well-being and vitality*

Suggested use: One tablet three times daily, or as directed.

Caution: Contraindicated in pregnancy. Not to be used during lactation unless otherwise directed by a qualified health care professional.

MediHerb® Thyroid Complex

The combination of herbs in Thyroid Complex (Bladderwrack, Bacopa and Ashwagandha) contain many compounds including trace minerals (including iodine), polyphenols, steroidal compounds (including withanolides), triterpenoid saponins such as bacosides, alkaloids and flavonoids. Together these herbs and their constituents can help to:

- Support healthy thyroid function important for normal energy production
- Maintain normal thyroid function
- Helps assist the body in achieving normal basal metabolism through supporting healthy thyroid function
- Maintain or improve general well-being*

Suggested use: One tablet daily, or as directed.

Caution: Contraindicated in pregnancy and lactation. Contraindicated in hyperthyroidism and related cardiac problems. If you have a thyroid condition, use strictly under physician direction.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

MediHerb® Turmeric Forte

Turmeric Forte is a formulation of Turmeric rhizome and Fenugreek seed extracts to enhance absorption and improve bioavailability*+ of curcuminoids, the active constituents of Turmeric. Turmeric rhizome provides turmeric curcuminoids, including curcumin, demethoxycurcumin and bisdemethoxycurcumin. This product is standardized to total curcuminoids and to curcumin, to ensure optimal strength and quality.

The herbs and their constituents:

- Support a healthy inflammation response
- Traditionally maintain and support healthy joints
- Provide antioxidant activity
- Support a healthy response to environmental stressors
- Support healthy liver function
- Traditionally support healthy digestion*

Suggested use: One tablet one to two times daily, or as directed.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional.

* Contains dietary ingredient (formulation of curcumin with fenugreek dietary fiber), found to have enhanced bioavailability of curcuminoids over unformulated curcumin.¹
