

WHOLE FOOD NUTRIENT SOLUTIONS

Ideal Dispensary

Preventative Care
Active Health Management

Changing Lives With Nutrition

Standard Process focuses
on achieving wholistic
health through nutrition.

From our certified organic, regenerative
farming practices to our Nutrition Innovation
Center, we are committed to clinical science
that advances health and changes lives.

It Starts With Soil

On our 623-acre, certified organic farm, we use regenerative farming practices to cultivate nutrient-dense soil as nature intended.

Whole Food-Based Ingredients

The whole foods grown on our farm in our organic soil contain an abundance of phytonutrients. More than 80% of all raw plant ingredients that go into our products come directly from our farm, traveling less than a mile to our manufacturing facility.

Manufactured With Care

Our freshly picked crops are processed often within a day using state-of-the-art technologies to maintain the naturally occurring nutrients in our plant ingredients.

Committed to Clinical Science

We are dedicated to being at the forefront of driving clinical studies that advance patient care through whole food-based nutrition.

Preventative Care Products Include:

Whole food-based nutrition products
for active health management.

Now more than ever, patients have an increased awareness of the impact nutrition has on health – and because of that, are actively engaged in managing healthier diets. Whether it's through greater access to information on food science, family history or health in general, it's an exciting opportunity for dialogue between the practitioner and the patient.

Research findings in clinical journals (as well as articles in the popular press) point to the importance of nutrition in enhancing health. Many times these writings are on dietary deficiencies, such as the need for digestive support through magnesium, enzymes, pre-and probiotics. Or the need for calcium and Vitamin D to support bone and joint health. Or how phytonutrients and herbals can help support metabolic systems and functional health.

The products that follow in this book help to address these concerns with a core set of supplements important to active health management.

Calcifood®

Calcifood supports calcium absorption.*

- Helps the body build strong, healthy bones
- Adequate calcium as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis in later life.*

Suggested use: Two wafers per meal, or as directed.

Special information: This product should be chewed then swallowed.

Calcium Lactate

Calcium Lactate supports absorption of calcium and magnesium.*

- Supports muscle contraction and nerve conduction
- Supports maintenance and function of cell membranes and membrane permeability
- Supports blood coagulation
- Supports proper functioning of enzyme systems
- Supports and helps maintain healthy bone density and remodeling
- Highly soluble form of calcium from a nondairy source
- Contains a 5:1 ratio of calcium and magnesium
- Provides additional support for the immune system response function
- Adequate calcium as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis in later life.*

Suggested use: Six tablets per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cataplex® A-C-P

Cataplex A-C-P supports cardiovascular health, immune system response function, and the maintenance of cells and tissues.*

- Promotes vascular integrity
- Helps maintain healthy mucous membranes
- Supports a healthy immune system response function
- Supports healthy cholesterol levels already within a normal range
- Supports dental health in relation to gums*

Suggested use: Three tablets per meal, or as directed.

Caution: Contraindicated in known allergy to plants of the daisy family.

Warning: Women who are pregnant, may become pregnant, or are lactating should limit their intake of vitamin A (retinol) and use vitamin A products only as directed by a qualified health care professional. Consumption of large amounts of vitamin A (retinol) has been linked to serious health problems.

Daily Fundamentals — Adrenal Health

Adrenal Health Daily Fundamentals support healthy adrenal function and emotional balance.* Each box includes a 30-day supply of individual packs (taken morning and evening).

Each pack contains:

- Cataplex® A-C-P (two tablets)—supports cardiovascular health, immune system response function, and cell maintenance
- Drenamin® (three tablets)—supports adrenal function and helps maintain emotional balance and energy production
- Paraplex® (one tablet)—supports cellular health and healthy pancreas, pituitary, thyroid, and adrenal gland function*

Suggested use: Contents of one pack each morning and evening.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Daily Fundamentals — General Female Endocrine

General Female Endocrine Daily Fundamentals provide a protocol to support a healthy endocrine system and overall well-being.* Each box includes a 30-day supply of individual packs (taken morning and evening).

Each pack contains:

- Black Currant Seed Oil (one softgel)— supports proper eicosanoid synthesis and the body's normal tissue repair process
- Catalyn® (two tablets)—contains vital nutrients, encourages healthy cell functioning, and supports overall well-being
- Hypothalamus PMG® (one tablet)—supports healthy hypothalamus tissue and function
- Symplex® F (one tablet)—supports healthy function of the ovaries and the adrenal, pituitary, and thyroid glands
- Tuna Omega-3 Oil (two softgels)—delivers essential omega-3 fatty acids (including DHA and EPA)*

Suggested use: Contents of one pack each morning and evening.

Drenamin®

Drenamin supports adrenal function and helps maintain emotional balance.*

- Promotes healthy adrenal gland function
- Encourages a healthy response to everyday environmental stresses and supports immune system response function
- Maintains energy production
- Supports a balanced mood
- Good source of antioxidant vitamin C*

Suggested use: Three tablets per meal, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Drenatrophin PMG®

Drenatrophin PMG supports adrenal function.*

- Provides a unique profile of minerals, nucleotides, and peptides
- Supports adrenal gland health*

Suggested use: One tablet per meal, or as directed.

E-Z Mg™

E-Z Mg is a plant-based, multiform magnesium (Mg) developed to support patients with inadequate dietary magnesium intake. Made from two key ingredients: Swiss chard (beet leaf) and buckwheat – both grown on our sustainable and certified organic farm in Wisconsin.

- Plant-based, naturally occurring multiform of magnesium
- Helps to bridge the gap in dietary magnesium intake*
- May promote whole-body and urine alkalization*
- Rich source of vitamin K1

Suggested use: One stick pack per day, or as directed. Add stick pack into 8 ounces of water and mix thoroughly for 10 to 15 seconds.

Warning: This product contains naturally occurring Vitamin K1. All forms of vitamin K may interact with blood-thinning medications. If you are taking such medicines, please consult with your health care professional before taking this product. If you have been directed to eat a diet low in oxalates (found in leafy green vegetables), please consult with your health care professional before taking this product. If you are pregnant or lactating, please consult with your health care professional before taking this product.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Enzycore

Enzycore is a comprehensive blend of enzymes, glutamine, and other whole food ingredients designed to support healthy digestion and maximize nutrient absorption.*

- Contains microbial enzymes for action within a broad range of pH
- Contains a blend of enzymes that comprehensively break down fats, protein, and carbohydrates
- Kale and beet powder included to support healthy digestive process
- Contains L-glutamine, an amino acid used as a building block for other amino acids; also provides energy to cells with high energy needs (like those in the intestines)
- Provides support during both gastric and intestinal phases of digestion*

Suggested use: One capsule three times per day with meals, or as directed.

Epimune Complex

Epimune Complex is a vegetarian product designed to balance immune system response function.*

- Supports specific aspects of immune system activity and contains research-supported ingredients such as EpiCor® and maitake and turkey tail mushrooms
- Supports healthy white blood cells
- Helps support respiratory health year-round, especially during seasonal challenges
- Helps activate and balance a healthy immune system response function
- High in antioxidant vitamin C*

Suggested use: Two capsules per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Immuplex®

Immuplex blends essential micronutrients and minerals as well as Protomorphogen™ and Cytosol™ extracts to support the immune system.*

- Taken daily, supports a healthy immune system response function
- Helps maintain normal white blood cell activity already within a normal range
- Supports the body's normal inflammatory response function as it relates to periodic challenges like consumption of a high-fat meal or strenuous activity
- Provides ingredients with antioxidant activity
- High in antioxidant vitamins C and E*

Suggested use: Two capsules per meal, or as directed.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Magnesium Lactate

Magnesium Lactate contains magnesium to support cellular functions.*

- Promotes cellular energy production
- Supports synthesis of essential molecules
- Provides cofactor support for more than 300 enzymes
- Supports ion signaling across cell membranes
- Supports the body's natural ongoing activities of bone formation and resorption
- Helps facilitate muscle contraction
- Supports the body's energy production, which is used by the central nervous, neuromuscular, and cardiovascular systems*

Suggested use: Three capsules per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Min-Chex®

Min-Chex is a combination of minerals and synergistic factors designed to support the nervous system.*

- Supports nervous system health
- Moderate calmative that helps maintain emotional balance
- Helps ease the effects of temporary stress*

Suggested use: One capsule one half hour before each meal, or as directed.

OPC Synergy®

OPC Synergy is a synergistic blend that supports antioxidant activity and cell functioning.*

- Provides ingredients with antioxidant activity
- Supports and maintains normal cell function
- Helps maintain normal cognitive function
- Traditionally used in support of eye health
- Supports the complex processes associated with aging
- Supports a healthy cardiovascular system
- Maintains capillary integrity*

Suggested use: One capsule per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Spanish Black Radish

Spanish Black Radish provides support for the body's organs.*

- Our research shows that Spanish black radish induces the body's detoxification enzymes in cell and animal models.
- Supports healthy liver and gallbladder function
- Encourages healthy digestion
- Supports the body's normal toxin-elimination function
- Contains organically grown Spanish black radish*

Suggested use: One tablet per meal, or as directed.

SP Detox Balance™

Supports whole body detoxification.*

- Supports the body's natural metabolic detoxification processes*
- Rich source of protein (17 g per serving) – contains protein from pea isolates, pumpkin concentrate, oat flour and buckwheat flour
- Provides amino acids required for conjugation enzymes (phase II enzymes)*
- Good source of dietary fiber
- Supports the body's natural toxin elimination function*
- Good source of plant-based magnesium

Suggested use: One to three servings per day, or as directed.
SP Detox Balance is not intended as a meal replacement.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under the age of 6. Keep this product out of the reach of children. In case of accidental overdose, call a health care professional or poison control center immediately. This product contains naturally occurring Vitamin K1. All forms of vitamin K may interact with blood thinning medications. If you are taking such medicines, please consult with your health care professional before taking this product. If you are pregnant or lactating, please consult with your health care professional before taking this product.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Thymus PMG®

Thymus PMG is designed to support healthy thymus function.*

- Provides a unique profile of minerals, nucleotides, and peptides*

Suggested use: One tablet per meal, or as directed.

Whole Food Fiber

Whole Food Fiber is a good source of fiber from nutrient-rich whole foods.*

- Contains both soluble and insoluble fiber
- Supports healthy bowel function
- Promotes regular intestinal motility and elimination
- Supports healthy epithelial cells in the bowel
- Provides food for beneficial microorganisms in the lower gastrointestinal (GI) tract
- Supports the immune system*

Suggested use: One level tablespoon (approximately 6 grams) in a blender drink per day, or as directed.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Zypan®

Zypan combines pancreatin, pepsin, and betaine hydrochloride to facilitate healthy digestion.*

- Supports macronutrient digestion
- Supports gastric pH
- Includes stearic acid to coat the pancreatin, helping it to be digested in the correct area of the digestive tract
- Provides enzymatic support for protein digestion
- Supports the environment of the GI tract*

Suggested use: Two tablets with each meal, or as directed.

Special information: Chewing this product is not recommended.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.
