

MEDI  HERB®

Supporting
Immune System
Function &
Internal Defenses

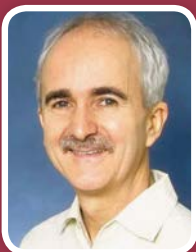

Are you feeling challenged when your patients' immune systems are compromised?

“Treat the cause, not just the symptoms” is a key naturopathic principle. The challenge facing many practitioners today is the number of patients with immune system conditions.

Many of your patients face immune system challenges every day with the body being impacted in many ways, including fatigue, decreased energy and strain due to various environmental factors that can ultimately leave your patients vulnerable and less equipped to fight off immune system challenges.

After extensive research and development in this area, MediHerb® is excited to introduce innovative solutions to address special immune system challenges presented by our environment. Our new immune products **Artemisinin Complex**, **Myrrh Forte** and **Viranon** are specifically formulated to support immune system function and internal defenses.*

“For some time now, one of the key objectives of my herbal practice has been the fight to protect against special immune system challenges presented by our environment and our interactions with each other. We have developed three new, clinically relevant products for you and your patients.”

Professor Kerry Bone
MediHerb Co-Founder

Artemisinin Complex

The quantity of artemisinin in Sweet Wormwood is initially measured using ultra high-performance liquid chromatography and regularly monitored.

A unique combination of Sweet Wormwood and Sarsaparilla for depurative activity, this formula assists with overcoming special immune system challenges presented by our environment.*

Why use Artemisinin Complex?

- ✓ Cleanses the blood and supports normal flushing of naturally occurring toxins from the body
- ✓ Encourages healthy function of organs of elimination
- ✓ Encourages healthy bowel function
- ✓ Supports healthy digestion*

Supplement Facts

Serving size:	1 Tablet	
Servings per container:	90	
Amount per Serving		%DV
Calories	3	
Total Carbohydrate	Less than 1 g	<1%*

Sarsaparilla root 4:1 extract from <i>Smilax officinalis</i> root 800 mg	200 mg	†
* Percent Daily Values (DV) based on a 2,000 calorie diet.		
† Daily Value (DV) not established.		

Other Ingredients: Cellulose, croscarmellose sodium, sodium starch glycolate, maltodextrin, magnesium stearate, hypromellose, calcium phosphate and silica.

Suggested Use

1 tablet 3-6 times daily, or as directed.

M1117 90 tablets

Additional Therapy

- Combine with Myrrh Forte tablets for temporary relief of mild digestive disturbances and support of respiratory health.
- Combine with Viranon tablets to promote the body's normal resistance function.
- Consider Echinacea Premium tablets or liquid, Astragalus Complex tablets or Andrographis Complex tablets for additional immune system support.
- Consider Gut Flora Complex capsules to support a healthy immune system response and encourage a healthy intestinal environment.*

Please consult the product packaging label for the most accurate product information. See cautions and/or contraindications on the product label or in the MediHerb catalog before dispensing.

Myrrh Forte

MediHerb® has worked with manufacturers to successfully produce Myrrh in tablet form from the thick and sticky resinous plant material that is quite difficult to work with. This unique Myrrh resin has been assessed to meet the desired phytochemical activity levels to ensure it delivers a therapeutic result.*

Commiphora molmol

This unique form of Myrrh for pulsed dosing has been traditionally used to support a healthy intestinal environment.*

Why use Myrrh Forte?

- ✓ Supports healthy bowel function
- ✓ Supports healthy digestion
- ✓ Supports a healthy intestinal environment
- ✓ Supports gastrointestinal health
- ✓ Supports sinus and respiratory health*

Supplement Facts

Serving size:	4 Tablets	
Servings per container:	15	
Amount per Serving		%DV
Calories	6	
Myrrh resin 3:1 extract from <i>Commiphora molmol</i> stem bark resin 2 g	666.8 mg	†
† Daily Value (DV) not established.		

Other Ingredients: Cellulose, maltodextrin, croscarmellose sodium, sodium starch glycolate, magnesium stearate, hypromellose and silica.

Suggested Use

4 tablets 1-2 times daily in pulse dosing (3 days on, 4 days off), or as directed.

M1600 60 tablets

Additional Therapy

- Combine with Artemisinin Complex tablets to support normal flushing of naturally occurring toxins from the body.
- Combine with Viranon tablets to promote the body's normal resistance function.
- Consider Echinacea Premium tablets or liquid, Astragalus Complex tablets or Andrographis Complex tablets for additional immune system support.

Please consult the product packaging label for the most accurate product information. See cautions and/or contraindications on the product label or in the MediHerb catalog before dispensing.

Viranon

MediHerb® uses a specialized extraction method based on cold percolation to protect and ensure retention of the full range of the delicate constituents of the Thuja plant.

Thuja occidentalis

This combination of Thuja, St John's Wort and Licorice assists the body in overcoming special immune system challenges presented by our environment.*

Why use Viranon?

- ✓ Helps maintain and support healthy immune system function, regulation and response
- ✓ Helps promote the body's normal resistance function
- ✓ Encourages the body's normal healthy defense system by supporting healthy immune system function*

1 tablet 3 times daily, or as directed.

M1456 90 tablets

Please consult the product packaging label for the most accurate product information. See cautions and/or contraindications on the product label or in the MediHerb catalog before dispensing.

Additional Therapy

- Combine with Artemisinin Complex tablets to support normal flushing of naturally occurring toxins from the body.
- Combine with Myrrh Forte tablets for temporary relief of mild digestive disturbances and support of respiratory health.
- Consider Echinacea Premium tablets or liquid, Astragalus Complex tablets or Andrographis Complex tablets for additional immune system support.*

The combination of unique herbs in our new products deliver **specialized immune system support** for optimal health. Each patient's individual needs should be evaluated before making recommendations.*

Use the chart below as a guideline to prescribe accordingly.

Acute Short-Term Immune System Support*	Long-Term Immune System Support*	
Andrographis Complex 1 tablet 2-4 times daily, or as directed	Echinacea Premium 1 tablet 2-3 times daily, or as directed	Astragalus Complex 1 tablet 2-4 times daily, or as directed
Specialized Immune System Support*		
Days 1-4 Artemisinin Complex 3 tablets 2 times daily, or as directed [†] + Myrrh Forte 4 tablets 2 times daily, or as directed [†]	Days 5-13 Viranon 1 tablet 3 times daily, or as directed [†] + Echinacea Premium 1 tablet 3 times daily, or as directed [†]	

For best results, six to ten cycles are recommended.

[†]The base protocol can be adapted as per the needs of each patient. Recommendations for MediHerb product dosages are sometimes different than the doses that appear on the product labels. Please refer to the product labels or to the product descriptions found in the catalog for MediHerb dosage recommendations.

Additional support as required:

Upper Respiratory Immune System Support*	Lower Respiratory Immune System Support*	GIT Immune System Support*
Herbal Throat Spray Phytosynergist® 4 sprays into the mouth every 1-2 hours and swallow, or as directed Sinus Forte 1 tablet 3-4 times daily, or as directed	Broncafect® 2 tablets 2-4 times daily, or as directed	Garlic Forte 1 tablet 1-2 times daily, or as directed Golden Seal 500mg 1 tablet 2-3 times daily, or as directed Gut Flora Complex 1 capsule 3-6 times daily, or as directed
