WISH BONE CATTLE CO.

Welcome to the 10th Annual Black Angus Bull Sale. It is a great honour and a privilege to be associated with Bowerman Bros and Nessel Lake Angus and to be part of this sale.

I have been very fortunate, very . . . very fortunate, to see many aspects of the cattle industry. With day to day operations of the family run business, Meadow Lake Livestock Sales. Also the opportunity to purchase the start of my purebred herd, from Harvey Bowerman. And most of all, my love of Angus cattle, which I highly contribute to my grandparents, Don and Mary Henderson of Heatherbrook Farms, one of Canada's original Angus breeders.

With cattle at an all new record high and climbing, it is extremely exciting times. With that said, heifer retention may be easier and I feel the bulls we have on offer have high maternal traits that will assist in creating broody, highly efficient and productive cows, yet raise steers that will perform with a great level of achievement. With respect to steers that perform, I put much emphasis on the factory of it all, the cow and the cowman, which is the backbone of the industry.

Feel free to stop by anytime to have a coffee or view the bulls.

Blair Brooks

BOWERMAN BROS.

Welcome everyone to our 10th Annual Bull Sale. What an awesome year. This year marks a turning point for us, as my good friend and now partner, Blair Brooks will "Take the Reins" and continue this program to the next level and into the future while allowing myself to still be closely involved. I will still manage and run my own cow herd. Blair has taken over the management of the bulls from weaning time onto sale time.

For information on our program and philosophies, please feel free to call Blair or myself anytime.

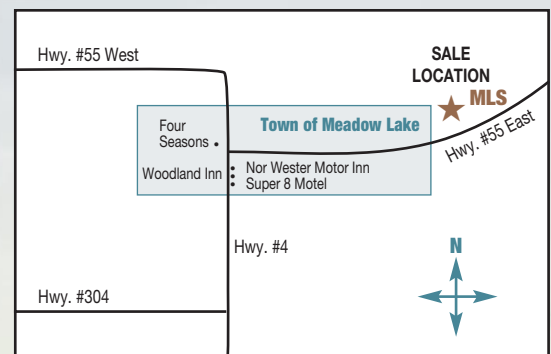

Sincerely,
Harvey Bowerman

Blair & Brody Brooks with
Grandpa Don Henderson

We are pleased to be hosting our 10th Annual Black Angus Bull Sale at the Meadow Lake Stockyards. We are excited to bring you our top bull selections and three heifers from the heart of our replacements. With the price of 600 pound steers averaging at \$1600 and heifer calves at \$1400, cattle producers are finally seeing daylight after the BSE years. It is great to see everyone from the producers, to buyers, to feedlot operators with such a positive attitude. With the national cow herd numbers being at an all time low I don't see these prices changing any time soon. It is very exciting to be a part of this upswing in the industry for the next number of years!

The bulls have been fed a ration of 14% range pellets and free choice hay. We feel that these top end bulls in the sale have excelled at a high rate of gain on this ration. The bulls have been vaccinated spring and pre-weaning with Bova-Shield Gold vaccine. The AI sires we have selected have a balance of calving ease, fleshing ability and strong maternal traits.

Our cows swath graze until mid-December so we select for low maintenance cattle. We run a family operation so temperament is also an important trait in our herd.

We are very pleased with the progeny from our new herd sire HF Sequel 40Y from Hamilton Farms. We are calving out our first Sequel daughters. They are moderate framed and have excellent udders, and carry on Sequel's great disposition. We feel they are the type of females that will work well in the real ranching world.

Jenna and Chris continue to live in Smiley and keep active with their 2 little girls, Madison and Jordynn. They started up their own trucking company called CJW Trucking Ltd. They come as often as work allows, helping us with branding, hauling cows, cleaning corrals and baling. Lacey is completing her 4th year at the University of Alberta taking Animal Health. She is searching for a job in the real world of the cattle industry. Sheldon and Lori continue to grow their Angus herd and have a very strong set of bulls to offer this year. Their oldest daughter, Jade, is in her 2nd year at U of S, Kira is in Grade 12, Cassidy in Grade 10, Emery in Kindergarten, and the little man Beckson just turned 1 year old. They are busy with everything from 4-H, hunting, fishing, hockey, rugby, trick riding, band and ballet.

We would like to take this opportunity to thank all of our past buyers and look forward to seeing you again this year. We invite anyone interested in viewing the bulls or heifer pens to stop by for a visit, and the coffee is always on. We are looking forward to meeting and visiting with you on sale day.

We purchased Sequel because we felt he was phenotypically correct and would breed true like his great sire Kodiak 5R. With his dam HF Rosebud 98P's track record, he should produce daughters with great dispositions, have awesome udders, and wean heavy calves.

Notes

Terms & Conditions

CONDITIONS AND GUARANTEE: All entries sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute whatever, regular TERMS AND CONDITIONS recognized with Sales Management shall apply, and in accordance with the Canadian Aberdeen Angus Association Code of Ethics.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

EVERY ANIMAL: Sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

RELEASE: No cattle will be released until the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the Clerk's desk from the appointed representatives on sale day.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received.

ALL PERSONS: Who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured of that particular trait. For example, weaning weight is measured in pounds thus the weaning weight EPD is also expressed in pounds.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.
