## Our Story

Avo and his wife Najda opened their very first restaurant in 1979. Ever since they been serving quality, healthy, and savory Mediterranean dishes. On October 1st, 2022, they passed the torch to us, Chef Adonis a former Marine and Carmen a former financial business analyst. We were pleased to be the chosen ones. Chef Adonis has a massive restaurant experience and Carmen has financial and restaurant knowledge; therefore, this transfer was a perfect fit. We are dedicated to keeping the torch on, by serving the same quality and delicious mouthwatering dishes for years to come. Culinary art is a momentous part of our life, and we have a robust passion for food. Looking forward to serving you!

Truly yours, Chef Adonis and Carmen-Culinary Professional and Restaurateurs
