BACK TO SCHOOL IN JAMUL - WHAT IT WAS LIKE BACK WHEN ?

Our History - Schools in Jamul

By George Merz

The first school in Jamul was held under an oak tree located North of where the AM-PM Station is now. My great Grandfather, William D. Ferguson, arrived in Jamul with his wife and five children in the spring of 1884. His children attending school were William G., Clarence, Charles, Nellie and Mollie.

By 1886 the community realized there was a need for a school/community building - and when built, was a one-room building with two small anterooms, two outhouses and a stable for the horses and burrows that were ridden to school - all built on land donated by my Great Grandfather at the intersection of Proctor Valley Rd. and Maxfield Dr.

The construction/labor was donated by community members and materials were purchased with money obtained from the sale of the "school section".

What is a "school section"? There are 36 sections in a Township. Each section contains 640 acres. During the time of the "Homestead Act" U.S. citizens could file a claim for 160 acres of Federal land. It took five years to obtain title and included requirements such as building a house, fencing and farming the property. In each Township one Section was designated a "School Section" and could only be sold. The money was used for construction of a school/community building in the township - the School Section for Jamul was South of Echo Valley.

Grades 1 - 9 were offered.

After graduation, if a student wanted to continue their education, San Diego High School was the only one in the County. Some of the students rode bicycles to high school, others stayed in San Diego during the week, but for many

their schooling ended with their graduation from the local Jamul school. My father Louis Merz attended the Jamul School, completing the 8th grade in 1901.

During the continuing years, the school building functioned as a true community center with school graduations, dances on Saturday night, church services on Sunday, weddings, funerals, farm bureau meetings, traveling entertainment, etc. As a boy I heard many stories about these activities from my great uncles: Clarence, Charlie and William Ferguson. Unfortunately, I can't recall most of them but I remember they delighted in telling me about the tricks they pulled on young ladies that came to Jamul as teachers.

As in most western communities the population in Jamul decreased after the "Homesteading" days. The successful farmers and ranchers acquired the land from the unsuccessful farms. This in turn caused a decrease in the student population. By 1931, when I started the 1st grade, the enrollment had decreased from 30-50 students in the 1888's to five in 1931. For the teacher to keep her job, which was quite important during the depression, there had to be a least six students enrolled. Our teacher went out and recruited three local Indian boys, the Rosales brothers, to come to school so the school could remain open.

Our teacher's maiden name was Clara Maxfield, her father owned the Maxfield Store which was part of the building we knew as the "Branding Iron" (at Campo Road Hwy 94 and Maxfield Drive). We were very fortunate to have her for a teacher. She was a classmate of my great uncles and was hired by the United States Government to teach English in the Philippines after the Spanish-American War. She spent 12 years in the Philippines before returning to the United States and finally Jamul. She was proficient in the English, Spanish and Indian languages. However, she never allowed anything but English to be spoken on the school grounds.

UPDATE ON COTTONWOOD SAND MINE PROJECT

On Tuesday, September 10, 2025 at 9:00am, the San Diego County Board of Supervisors will vote on a decision that could deeply impact our families, homes, health, and future. That meeting will be the final time to voice your opposition to the proposal to grant the Cottonwood Golf Club a major use permit (MUP) to operate an industrial open-pit sand mine for a minimum of 10 years.

This is the last public hearing - and we need the full force of the community, both in person and on the phones. Contact StopCottonwoodSandMine.org for further instructions to attend this very important hearing. See Flyer on Page 6.

Notice: Vacancy on Jamul/Dulzura Community Planning Board:

This notice is to announce that a vacancy has occurred on the Jamul-Dulzura Community Planning Group (JDCPG) for Seat #9 (as of May 20, 2025) of the 15-member group. The County's BOARD OF SUPERVISORS makes this appointment.

You may refer to the Roster of Boards, Commissions and Committees on the County's website at www.sandiegocounty.gov/cob/ for information about this Committee. Vacancies for the JDCPG are filled in compliance with Policy I-1 of the Board of Supervisors. The JDCPG may make a recommendation to the Board of Supervisors, who can then appoint the interested, qualified community member.

Those wishing to apply to become a member of the JDCPG are requested to inform the group's Chairperson (Lisa Hodgson, 619-248-9798, jdcpgchairman@gmail.com) of their desire to serve. They shall then present themselves in person to the group at a JDCPG meeting to inform the group in a five-minute presentation of their credentials and their desire to serve.

Community Planning Group applicants must reside in the Planning Group area to be eligible for appointment to the group. Candidates must provide a completed [application](https://sandiegocounty.primegov.com/Portal/NewForm/1?committeeId=198) (<https://sandiegocounty.primegov.com/Portal/NewForm/1?committeeId=198>), be at least 18 years of age, be registered to vote in the area they wish to represent, and disclose any financial interest in real estate or business in the JDCPG area other than their home. The Standing Rules as they presently exist will be observed in these procedures.

~ DEERHORN VALLEY ANTLER ~

by KIM HAMILTON... LOVER OF ALL THINGS DEERHORN - AUGUST 2025

4th of JULY PARADE & PICNIC— HATS off to DEERHORN!

They say it takes a village to really make a difference in the world. I say it takes a Deerhorn Valley. With so much divisiveness these days, it's truly a gift to live in the serenity of our little mountain community. So one big shoutout to our Community Association (DVCA) and all who helped our July 4th Parade & Picnic come together. There were people to call, invitations to make, permissions to ask, and all the other nuts and bolts that go into any community event.

THANK YOU, DVCA & COMMUNITY...YOU'RE AMAZING!

PARADERS—You got up early, groomed and saddled horses, costumed dogs, decorated vehicles, and assembled together. Beautifully. YOU ALL made it happen.

RALPH MacNEIL and ROD McKINLEY—You just happen to have the most perfect properties for staging our Parade & Picnic. McNeill's Field was nicely mown, and as always, the picnic tables under the shade at the McKinley's were so appreciated;

KAREN LEE and the DEERHORN RIDERS—Your mounted color guard was just wonderful! Thanks for starting us off right!

SHERIFF (Ret.) ENRIQUE DIAZ— You're still keeping us safe! Under your guidance, every parader with wheels, feet or hooves crossed Deerhorn Valley Rd safely. And much appreciation also to our **BORDER PATROL** and **CALFIRE** for parading too!

ALL THE HARD WORKERS— You sold tickets, grilled dogs, sliced watermelon, iced drinks, cooked corn— with big smiles and posi <https://images.emojiterra.com/google/noto-emoji/unicode-16.0/color/svg/1faf5.svg> five energy. You arranged for fliers, signs, Porta-potties, food, cooks, drinks, and all the other goodies. It

AND....YOU!

DEFENSIBLE SPACE ISN'T ENOUGH TO PROTECT YOUR HOME GRANT FUNDS ARE STILL AVAILABLE FOR VENTS & ZONE ZERO

Flying embers and brands (big embers) are the greatest threat to structures in a wind-driven fire. Backcountry living means being fire-hardened your homes and creating 100 feet of defensible space.

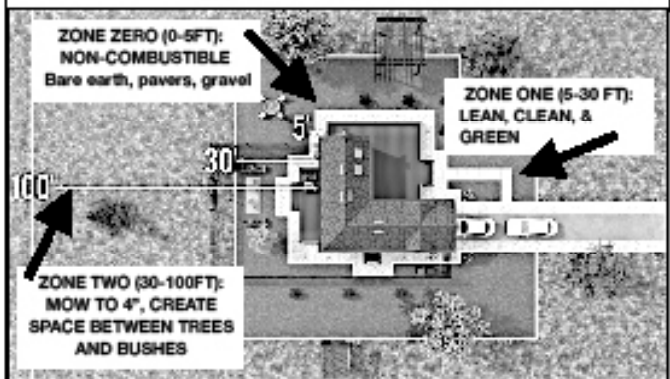

DIDN'T APPLY FOR OR RECEIVE A GRANT THIS YEAR? YOU CAN STILL APPLY!

GRANTS ARE STILL AVAILABLE— Up to \$2,600 for installing fire-resistant Vents or creating your Zone Zero.

- 1. CREATE ZONE ZERO 0-5 feet** — Ember resistant. Non-combustible. Gravel, pavers, bare earth. No mulch, dead leaves, or overhanging branches.
- 2. VENT GRANTS** can be used to purchase and install ember-resistant attic and WUI-approved vents: BrandGuard, Vulcan, and Wildfire Defense (among others).

APPLICATION DEADLINE: FRIDAY, AUGUST 15th

SunrisePowerlinkGrants.com

PEAK FIRE SEASON BEGINS WITH BACK-TO-BACK FIRES

JULY 9 ~2 PM The Steele Fire broke out above Steele Canyon HS and Steele Cyn Rd. Ground units and aircraft responded quickly. Nearby residents were given both Evacuation Warnings (be ready) and Orders (evacuate now). There was no damage to homes. CalFire is still investigating the cause. 28 acres burned. All residents were cleared to return by the following morning.

JULY 10 ~ 6 PM The Springs Fire was originally three separate fires along the roadside near Four Corners. CalFire has since determined the cause was a failed catalytic converter. CalFire responded quickly with ground units. Aircraft arrived shortly, and laid retardant along Lyons Valley Rd. and Skyline TT until they had to stop flying due to darkness. Ground units remained throughout the night; the fire was contained and did not jump the roads. Residents were evacuated; no homes were damaged. Honey Springs, Lyons Vly, and Skyline TT were closed the following two days due to mop up work. All Evacuation Alerts were lifted by 9:00 AM July 12.

WILL YOUR NEIGHBORS BE ABLE TO EVACUATE?

Our **ONLY** county-maintained roads are Honey Springs, Elena Lane*, and the paved part of Deerhorn Valley Rd. All other roads in DV are private easements. Every homeowner is responsible for road maintenance and clearing vegetation along their roadsides to the middle of the road. We have very few escape routes for safe evacuation. Make sure you have cleared your weeds and vegetation so neighbors can evacuate safely.

*Elena Lane was the original Deerhorn Valley Rd and is still county-maintained.

WE LOVE LUCY

Lucy Marsh was born at Alvarado Hospital, and two years later her family moved to Jamul. While at Jamacha Elementary School Lucy enjoyed Brownies, selling Girl Scout cookies, and being one of San Diego & Imperial Counties top sellers. After graduating from Hillsdale Middle School, she then moved onto Steele Canyon High School where she thoroughly loved being a member of the Cheer Leading Team. Oh, and the Powder-Puff football team as well!

Elementary school is when Lucy first expressed wanting to become an elementary school teacher. Upon graduating from San Diego State University, and getting her teaching credential, she joyfully embarked upon the career she so desired, teaching! At Sunnyside Elementary in nearby Sunnyside.

She met Chris Piccinini, her future husband while at SDSU. As young people often do, they, along with their loyal black lab Bailey, wanted to continue their growth and experiences, and moved to South Lake Tahoe, CA, where she has continued her teaching career.

Earlier this year Lucy's life was turned upside down with the diagnosis of Stage 2 Brain Cancer. The news was devastating! As you can imagine, while the road ahead will be tough, Lucy is determined to fight!

Always having been one to support and care for others, Lucy now finds herself in need of support. A "gofundme" account (Lucy Piccinini) has been established to help in her ability to stay strong and continue fighting to assist with critical medical expenses including brain surgery, chemotherapy, hospital visits, medications, and daily living expenses while she focuses on recovery.

As much as Lucy and Chris struggle with asking for help, they cannot do this alone. Any support, be it a financial contribution or simply sharing this page will mean the world to them! Lucy, Chris, and their families thank you for your kindness, generosity, and encouragement, which will make all the difference during this difficult time.

With love and gratitude. *John R. Marsh*

California Senate Minority Leader, Brian Jones

THOUSANDS OF CALIFORNIANS OPPOSE ASSEMBLY BILL 84

SACRAMENTO, CA - Standing on the steps of the State Capitol in July Senate Minority Leader Brian Jones (R-San Diego) joined a group of legislators, parents, and education advocates to speak out against Assembly Bill 84 ahead of its hearing in the Senate Education Committee.

"This is the number one bill my office has heard about from constituents this year, and their message is clear: Californians don't want it," said Leader Jones. "At its core, AB 84 hands more control to the state and union bosses while tying the hands of parents. Families want more choice, not more bureaucracy. I urge the Senate Education Committee to do the right thing today and vote NO on AB 84."

AB 84 would strip over \$1 billion from California classrooms, bury charter schools and homeschool programs in red tape, and limit flexible, student-centered learning options that thousands of families depend on, including low-income students and students with special needs.

Growing bipartisan opposition to the bill reflects broad concern that AB 84 would undermine educational freedom and hurt the very students the Legislature should be helping.

August 2025 - SCHS Governing Board Regular Elections to be conducted in August/September 2025

Steele Canyon High School ("SCHS") will be conducting a Regular Election for Community, Certificated Staff and Classified Staff Governing Board Member positions in August/September 2025. The newly elected Board members' three (3) year terms will officially begin in October 2025, upon certification of the election results by the sitting Board. Beginning on August 11, 2025 interested parties will need to submit a Declaration of Candidacy Form, by the August 29, 2025 deadline (**no exceptions**). Forms are available on the school website and in the front office of Steele Canyon High School. Additionally, each candidate will need to complete and submit a Candidate's Form 700 by the August 29, 2025 deadline which can be accessed through the Fair Political Practices Commission's website at (www.fppc.ca.gov) and in the front office at Steele Canyon High School.

Governing Board Member positions up for Regular Election in August/September 2025:

- Two (2) Community Board Members
- One (1) Certificated Staff Board Member
- One (1) Classified Staff Board Member

The Board Member Election Procedures Policy including Election Calendar dates, candidate and voter eligibility requirements, will be posted in August at the front office of SCHS and on the school website.

*The SCHS Election Ad-Hoc Committee is looking for volunteers to assist the Board Secretary, or the Secretary's designee, in overseeing the election process, assisting with preparing ballots, and the counting of the ballots. To volunteer for the SCHS Elections Ad-Hoc Committee, please contact Monserrat Genis, Executive Assistant/Governing Board Secretary at mgenis@schscougars.org. Questions about the requirements, commitment, or responsibilities of being a SCHS Board Member can be directed to any of the current Board Members (*contact information is on the Charter Board page on the school's website schscougars.org*).

ELECTION TIMELINE - Governing Board APPROVED June 25, 2025

August 11, 2025	Declarations of Candidacy available beginning today through August 29, 2025.
August 29, 2025	Last day to receive Declaration of Candidacy in the school office by 3:30 p.m.
September 2025	TBA - Candidates Forum - Sponsored by PTO
September 8, 2025	Voting period officially begins.
September 25, 2025	VOTING PERIOD ENDS. Last day to receive ballots in the school office by 3:30pm via U.S. mail or hand-delivered, NO EXCEPTIONS .
September 30, 2025	Count ballots and certify the vote – Election Committee.
October 8, 2025	Installation of the new Board Members at the Regular Board meeting.

Community News

Jamul-Dulzura Union School District, Elizabeth Bystedt

Happy August, JDUSD Families,

I hope you've had a relaxing and enjoyable summer break. Here in the district, we've been busy preparing for the upcoming school year, and we're excited to welcome you back soon.

Our theme for the year is "**JDUSD has HEART.**" At the core of everything we do is our love for teaching, our love for children, and our dedication to serving our community. HEART represents who we are and what drives us every day.

A friendly reminder: **the first day of school is Thursday, August 14th.** School sites will be sharing important back-to-school information, along with details about upcoming events and activities. School offices will reopen on Thursday, August 7th.

You may have noticed some construction projects happening across our campuses. We're thrilled to share that **Oak Grove Middle School (OGMS) has a brand-new roof!** Thank you for your patience as access to the fields was occasionally limited during the process. We're also happy to report that **a wing of Jamul Elementary School (JES) received a new roof**—no more leaky classrooms for our students!

Another meaningful update: we've relocated the **Patty McFall Memorial Bench** to the front of the District Office, where it is now more visible and accessible to all. Many of you may remember Patti from her years as the school secretary at Jamul Elementary and Jamul Intermediate, affectionately known as "*Practically Perfect Patti.*" Patti truly embodied the HEART of JDUSD—she was a cherished presence for students, staff, parents, and the community. I had the privilege of working alongside her when I first became a vice principal in 2000. She taught me the importance of knowing where her job ended and mine began—and that I needed to stop doing both! 😊 Patti always reminded us to stay student- and family-centered, and her deep love for her family and faith made her a joy to work with. I invite you to sit on her bench, enjoy the shade, take a deep breath, and listen to the sounds of birds and children playing. Patti, we love you and miss you dearly.

As we gear up for the new year, I'm pleased to introduce several new team members joining our JDUSD family:

Jamul Elementary School (JES):

- Phoebe Coronel – Tentatively assigned to Kindergarten
- Alyssa Rizzo – Tentatively assigned to 2nd Grade
- Michael Durant – Library Media Assistant
- Michael Dolan – Special Education Specialist

Oak Grove Middle School (OGMS):

- Cameron Lazenbury – ELA/ELD
- Allana Bush – Science
- Jazmine Escobar – Psychologist/Counselor

We are still in the process of hiring a few remaining positions. If you've ever considered working in a school setting, please check our website for current openings.

Enjoy the rest of your summer! I look forward to welcoming everyone back on **August 14th.**

With HEART, *Liz Bystedt*
Superintendent of Education

Community News

Jamul Memories by Dave Beekman

Dave's Plumbing Tip of the Month... The care and feeding of your Septic System

One thing all "Jamulians" have in common: We are all on 'Septic'... We don't call the City or the County water dept when we have a problem. We are responsible for our own waste water treatment.. City folks moving out here (like me 40 years ago) eventually have to deal with that 'dreaded fact' especially if something goes wrong. For years, for some... nothing goes wrong until: " *What's that SMELL?*"

"*That Smell*" and the significant cost to get rid of it, can be avoided however, by good waste water management practices starting when you move into your new Jamul dream home or buy someone else's. Good waste water management begins with knowing something about how your septic system works.... No motors.. No pumps... Just gravity and the magic of Biology. Your septic system is really a "Biological marvel." in that it uses naturally occurring organisms to digest *whatever you put down there* into 'pure' water that runs off into your Leach Field to recharge the natural water table (aquifer) and non digestible solids that remain in your Septic Tank.

Your "Leach Field" consists of 200' - 300' of perforated PVC pipe buried in sand and gravel 2' - 3' below the ground in your yard. Your leach field is approximate 50 x 50' hopefully downhill from your dream home. You may notice the weeds and grass grow greener than in other parts of your yard due to the continuous supply of water. Your Septic Tank is a 1,000+ gallon two compartment precast concrete or plastic device buried in your yard hopefully below the level of your dream home.

When you take a shower or flush a toilet, your waste water plumbing directs the flow out to the first compartment of your septic tank where 'digestion' begins. an overflow allows 'purified' water to flow to the second tank that is connected to your leach field described above. Now that you know how your system works, you can appreciate how to keep it 'healthy' and trouble free.

The following are some tips on keeping your system running for years and avoiding... "*What's That Smell.*"

Most important.... *Be Careful What you Put Down There!*

1. Bleach and harsh cleansers 'kill' the natural bacteria that are trying to digest the solids in your waste water... So.. Use environmentally responsible cleaning products.

2. Install an additional waste water standpipe and P Trap at your clothes washer directed outside to water your yard plants and trees. (\$12 at your hardware store) Plants love the Phosphates in soapy water.. Your Septic System doesn't.

3. Get rid of your Garbage Disposer... and get some Chickens...:)
80% of the solids that go into your Septic System is trying to digest come from food waste.

4. Have your septic System Professionally Pumped out every year or so to keep undigested solids from clogging your leach lines. Digging up and re-doing your Leach Field could cost \$thousand\$...

That's my story and I'm stickn' to it..

Dave Beekman
Retired and Loving it :)

Supervisor, Joel Anderson**

Community News

**Beat the Heat with San Diego County's
Cool Zone Program!**

Dear Friends,

Every summer, the County of San Diego's Health and Human Services Agency (HHS) hosts a multitude of "Cool Zones" throughout San Diego County.

The Cool Zone program consists of free-of-charge, air-conditioned spaces designed to effectively manage high temperatures and help you stay comfortable. Cool Zones are made possible by the County's Public Health Services (PHS) in conjunction with San Diego Gas & Electric (SDG&E).

As the sun shines brighter and the days get warmer, I encourage everyone to take advantage of this program and to share this information with anyone who may benefit from it. These air-conditioned spaces provide essential relief from extreme heat, ensuring health and well-being in our communities during the summer months.

To find a Cool Zone near you, click the blue button below, view this interactive map or keep scrolling to find our complete list of Cool Zones in District 2! To view a list of ALL districts, please click here.

Please share with your family, friends, and neighbors so they know where they can stay cool, too!

It's my job to make County government work for you. If there is anything my office can do to be of assistance, please do not hesitate to reach out to us using the contact form on my website or by calling my office at (619) 219-2470. Joel Anderson

Cool Zones:
