

## The Jamul Shopper & News

www.jamulshopperandnews.com

## Kiwaniis

By Ginnie Wadhams/Debbie Hornsby

The Kiwanis Club of Greater Jamul was proud to present scholarships to two deserving recently graduated high school students. Sandrien Mekany and Katie Buersterra (shown above) both received \$1000 for college. This scholarship money was raised at the Hot Rod & Chili Cook-off at Pio Pico in April. The Kiwanis thanks the community for their generous support of this event to help the children and students in our community.

Correction: In last month's Kiwanis article the amount of the field trip funds to Jamul Elementary School was report incorrectly to the *Jamul Shopper*. The amount was \$2000 rather than \$1000.

Kiwanis is a global organization of volunteers dedicated to improving the world, one child at a time. Kiwanis Clubs worldwide serve children and youth using two approaches: improve the quality of life directly through activities promoting health, education and encouraging leadership and service among our youth. Your local Kiwanis Club of Greater Jamul contributes to these defining statements by providing support and leadership for the following events: Jamulfest Community Parade, Dinner for Steele Canyon High School Drama Club, Holiday Food and Toy Drive, Chili Cook-Off and Car Show, Senior breakfast for Steele Canyon High School Seniors, Opening Day breakfasts for Jamul AYSO Soccer & Jamul

Little League Baseball, Dinner for OGMS History Program, plus periodic horse shows at the St. Pius/Kiwanis Horse arena. For more information about Kiwanis, visit our website at [Kiwaniis.org](http://Kiwaniis.org). Agsin, our mission is to serve the children of the world, one child at a time.

**PARADE - "ROCK AND ROLL JAMUL"** Channel your inner rock star and join the Jamul Parade as a spectator or participant. The date is Sunday, October 13 starting at 9 am. This is a great way to showcase your business group or hobby. See Page 5 in the Jamul Shopper for details. **IMPORTANT: LYONS VALLEY RD BETWEEN THE STOP SIGN AT LYONS VALLEY AND SKYLINE TRUCK TRAIL - TO- ST. PIUS X CHURCH WILL BE CLOSED FROM 8 AM TO 11 AM FOR THE PARADE ON OCTOBER 13.**

## CERT REPORT

BY TERESA GREENHALGH

**SDCFA CERT - So. Division** - Is hosting a FREE Defensible Space and Fire-Resistant Landscaping Workshop on Saturday, September 14th from 11:30am to 3:30pm at the Jamul Fire Station. Topics to include: safely creating defensible space and adding fire-resistant landscaping around our homes. Guest speakers will be CAL FIRE - defensible space, Ready-Set-Go, SD Zoo Education Department - rattlesnake behavior and Rancho Valhalla Nursery - fire-resistant plants. A light lunch and beverages will be provided in addition to free giveaways to those attending the 4-hour Workshop. Pre-registration is required as seating is limited. To register for the Workshop please use the registration box on the CERT Program's website at: <http://sdcfacert-sdiv.com>.

Grant funding from the **#CaliforniaForAll Campaign** has made this Workshop possible. If you need assistance registering for the Workshop, or would like to learn more about our CERT Program please contact Teresa Greenhalgh, Program Manager at: [tgatsdrcert@gmail.com](mailto:tgatsdrcert@gmail.com) or (619) 206-2358. The San Diego County Fire Authority Community Emergency Response Team - Southern Division, "We are neighbors helping neighbors."

Join us as we celebrate

## DEERHORN VALLEY ANTLER —Kim Hamilton

### 2019 FIRE MITIGATION GRANTS: (YEAR EIGHT of 60-year SDG&E program)

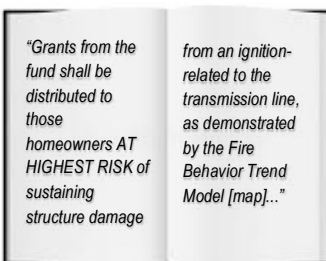

This year virtually every Deerhorn Valley application was approved, and owners received a full grant (up to \$2,327) for either structure hardening or defensible space. This was a welcome change from the past few years for many of us.

Unfortunately the program as originally approved was never implemented. Various changes have been made to it every year. Administrative costs have risen as the Grant Committee made more and more homes “eligible” — but with zero increase in total funding. The Committee failed even to file budgets or expense reports for the first five years (2012-2016) With no oversight during the first years, the grants program morphed into a bureaucracy that added 15,000 homes, the vast majority in non-risk areas (per SDG&E). The Alpine Fire Marshal “worked hard” to make as many homes in his district eligible as he could, even though the underground lines there posed no fire risk. As Deerhorn grants decreased, many residents became discouraged and stopped applying. Yet we are the most populated area directly adjacent and downwind of the Powerlink.

So concerns remain. Residents will continue to monitor how grant dollars (barely enough for 1,000 homes) are being used. We understand that SDG&E purposefully excluded Alpine, etc. from grants, because they lie upwind of the Powerlink or the lines were undergrounded. Overhead lines not only can start fires, but also interfere with effective air or ground attacks.

#### YEARS 1—5

- In 2012 added 4,000 low-risk homes (eventually 14,000) to the program without justification or public notice. This increased overhead costs and reduced grants to highest-risk areas
- Made homes built after the Harris Fire ineligible—successfully appealed
- Made Deerhorn mobile homes ineligible (2014)—successfully appealed.
- Filed NO yearly Program Reports from 2012-2016 in violation of EIR and CPUC requirements.

#### YEARS 6—8

- Gave priority to first-time applicants in low-risk areas over most-at-risk homeowners
- Labeled numerous homes Deerhorn and Lyons as low priority even though surrounded by Extreme Risk terrain
- Added more low risk homes upwind and outside the Powerlink “fired” (where fire is predicted to move) further depleting grant funds.
- Allocated \$203,000 from Homeowner Grant to fund four Open Houses (2018-2019) attended by fewer than 60 people each.
- Spent tens of thousands in grant funds on urban Alpine, even though Alpine is outside the fireshed, protected with paved roads, easy evacuation routes, and its own Fire Department. Alpine is at lowest risk due to SDG&E undergrounding the lines since the beginning.

Because the Committee failed to notify the public—or CPUC— **for five years**, they made decisions with no oversight and in violation of the requirements. This depleted grant funds for those at highest risk, and resulted in an inconsistent and arbitrary application process. Find the current Operating Plan at [SPFMG.org](http://SPFMG.org)

In year six (2017) the DVCA and Sup Dianne Jacob filed complaints. Even then, CPUC gave them a pass, and there is still NO public participation in the grant application/review process. The official response to grant denials continues to be “NO APPEALS.” Even in the case of obvious errors.

Applications for next year’s grant program should be mailed to homeowners in January. Use them or lose them.

Miss out on the Fire Grants this year? If you know anyone who is a senior, disabled, AND lower income, there is help available from the San Diego County FireSafe Council. Details on their website below.

- Brush/tree trimming/thinning.
- Raking dead leaves/pine needles.
- Chipping
- Defensible space recommendations.
- Initial one-day defensible space clean up.
- Performed by bonded/insured professional contractors
- First-come, first-served basis—as funds are available.

#### FireSafeSDCounty.org

Please follow the link to the online form to sign up for the program or call the Fire Safe Council at 619-562-0096 to sign up

**WILDFIRE INFORMATION ONLINE**—These next few months are the most dangerous for explosive and Santa Ana driven wildfires.

The Outer Jamul Fire Safe Council (OJFSC) is doing a great job on their new Facebook page with important reminders about keeping our homes and families as safe as possible this year. (Thank you, Ruth Brewer)

Along with the OJFSC, there are other east county social media sites that post wildfire alerts. Many have members who are part of the firefighter community. But, as always, you need to filter and double check information.

Official sites (like CalFire) are helpful, but typically make infrequent posts. When we see smoke on the horizon, it’s good to have multiple sources of information.

Here’s a list of some of the better ones on FACEBOOK: Use the search box at top to look for these pages. LIKE the page, then you can choose *Notifications* for those sites you want to follow more closely.

- OJFSC
- Deerhorn Valley Community (public page)
- Deerhorn Exchange (private page for residents only)
- Brushfire Party Line
- San Diego County Wildfires
- CALFIRE.SDCFA

ALSO...

- [QUICKMAP.CA.GOV](http://QUICKMAP.CA.GOV) for current traffic and crash information.

#### DVCA COMMUNITY FUNDS DRIVE—

The DVCA is providing these reflective car stickers to identify you as a Deerhorn resident. This may be helpful during restricted entry due to evacuations or other emergencies). They are free with a \$25 donation.

Our Community Association is only as good as the people it represents. We are made of neighbors who step forward to support it in many ways: with a donation, or the time and effort to volunteer at community events. Together we strengthen and promote a safe, interconnected, and vibrant community. It is a true privilege to live in such a special place and time.

Proud to be from Deerhorn Valley!

Send checks payable to “DVCA”  
PO BOX 862, JAMUL 91935

Or donate securely online with PAYPAL or a credit card.

## DIANNE'S DESK

NEWS & NOTES FROM  
COUNTY SUPERVISOR  
DIANNE JACOB

**Sign of the Times:** It's been an exciting summer in everyone's favorite rodeo town, Lakeside. A giant new welcome sign was erected over Maine Avenue in the heart of the community, thanks to the hard work of the Lakeside Chamber of Commerce and other leaders. The archway sign proclaims you're in "LAKESIDE." It's an awesome welcome mat put out by a town rightly proud of its cowboy roots.

**Beat the heat:** Summer is in full swing and the county is once again inviting seniors and the disabled to designated "Cool Zones" to escape the heat. Getting out of the heat can save lives so please take advantage of the annual program. There are 115 zones this year across the county, including senior centers and county libraries. Among the locations: Alpine Community Center, 1830 Alpine Blvd., Campo Library, 31356 highway 94, Campo; Salvation Army Senior Dining & Social Center, 1011 E. Main St., El Cajon; Julian Library, 1850 Highway 78, Julian; Potrero Library, 24883 Potrero Valley Rd., Potrero, and the Spring Valley Park and Recreation, 8735 Jamacha Blvd. Spring Valley,. A complete list of Cool Zone locations can be found at [www.coolzones.org](http://www.coolzones.org).

**East County, naturally:** More great news for hikers and other nature lovers - the county is making popular Iron Mountain Preserve near Poway bigger and better. The Board of Supervisors recently approved the purchase of 160 acres near the hiker haven, opening the door to an expansion of the region's network of trails. The acquisition is do something that has been in the works for many, many years and I'm very excited to see this finally come to fruition. For more District 2 news, go to [www.diannejacob.com](http://www.diannejacob.com) or follow me on Facebook and Twitter. If I can assist with a county issue, please call my office at 619-531-5522 or email [dianne.jacob@sdcounty.ca.gov](mailto:dianne.jacob@sdcounty.ca.gov).

Have a great East County Day!

Dianne

## *Simplifying the* 1031 EXCHANGE

With a 1031 exchange, investors can defer thousands of dollars in capital gain taxes both on a federal and state level. If the procedures for an exchange are followed, capital gain recognition will be deferred until the investor chooses to recognize it.

Doing an exchange also allows the investor to invest all proceeds from the sale rather than the net amount after taxes have been paid, increasing the purchasing power and thereby increasing the investor's portfolio of wealth.

Some of the advantages of an exchange are preservation of equity, maximize return on investment, increased cash flow.

### **#1 SELL & OPEN THE EXCHANGE**

Sell your property and open the exchange with a 1031 Accommodator.

Accommodator creates the documents needed and holds the funds from your sale.

Start looking for replacement property.

### **#2 BUY & COMPLETE EXCHANGE**

Complete your exchange with one or more properties.

Any kind of real estate works.

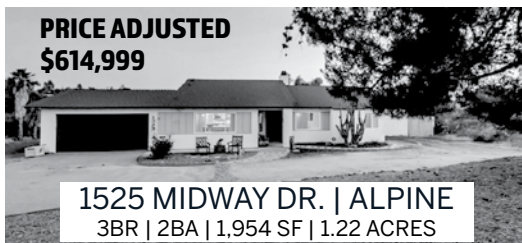

Try to buy as much as you sold, to save all the taxes.

Make repairs or improvements to the property and have them count towards the exchange.

By completing a 1031 like-kind exchange you can defer your capital gains and depreciation, recapture taxes and therefore have 100% of your net proceeds from your investment property available to reinvest in another like-kind replacement property. This will then allow you to trade up in value and improve your cash flow.

*Need more information?*

**CONTACT ME TO DISCUSS THE PROCESS OF A 1031 EXCHANGE TODAY!**

## JAMUL/DULZURA SCHOOL DISTRICT Elizabeth Bystedt Superintendent

Welcome to the 2019/2020 school year!!! August 15<sup>th</sup> was such an exciting day as students and teachers arrived dressed in their favorite outfits for their first day of school. I was so impressed with how polite your children are and I look forward to hearing and seeing each one's progress throughout the year.

As we look forward for this school year our big theme for our work is Student Engagement. You will see our hashtag repeatedly this year to reinforce our Student Engagement Theme #TeamJamul. Each month I will be highlighting one of the ways we are focused on Student Engagement throughout the year. Be sure to read these articles each month and ensure that your child is here each day so that he/she benefits from our program.

Please go to our website at [jdusd.net](http://jdusd.net) to see all the wonderful things that are happening throughout our district. We are updating the website on a regular basis. For new parents, be sure to sign up for PeachJar (you can do this through the website) so you can see all the fliers that your child should be bringing home plus the ones that are only electronic. Also follow us on Instagram and Facebook. I try to post districtwide updates here so that you can gather information in a timely fashion. Your school sites also have Instagram and Facebook, so you'll want to follow them too as they love to post the great things that happen on each site.

Mark your calendars!!! We are excited to announce that Jon Pollock, the author of Questions for Kids, The time to start talking with kids is now!, will be here on September 19th for a parent/grandparent talk. A flier, so that you can RSVP, is posted on our website, Peach Jar, and social media. The \$20 cost covers a copy of the book, appetizers for parents, and childcare and snack for your children ages preschool and up. We are so pleased to offer this opportunity to our community. You do not need to attend JES or OGMS to attend, but you MUST RSVP.

Everyone a Reader is looking for volunteers...The ability to read well is a critical skill for our children as they move through their school years. There are many studies which show a strong correlation between the ability of a child to read at grade level and their success in school. As one principal explained it, "Students learn to read in grades one through three. After that they read to learn." In fact, the ability to read at grade level by third grade is a strong indicator of whether a child will even complete high school or drop out and is also a predictor of their ability to acquire sufficient job skills to be successful in the job market eventually. There are students in our community of Jamul who need some extra help with their reading to bring them up to grade level. The County of San Diego sponsors the Everyone A Reader Volunteer Program as a means to provide that extra help. We are looking for Moms, Dads, Grandmas, Grandpas, Aunts, Uncles, Neighbors, Friends and others to volunteer to help tutor students in grades one through three at Jamul Elementary School. No experience is needed. We will provide a short

training session for those interested. The commitment is one and a half hours once a week, Tuesday, Wednesday or Thursday typically from 8:45 to 10:15. Tutors will spend 15 minutes each with four students during the tutoring session. One-to-one coaching and encouragement from an adult can make a tremendous difference with a struggling reader. Please consider volunteering for this program as we are in need of additional help. For more information and to sign up, please call Scott Tulloch at 619-504-9580.

### From the desk of Mrs. Robinson, Jamul Elementary School

We got off to a great start at Jamul Elementary School. So many parents showed up for our Kindergarten Round Up and for our first annual Teacher Meet and Greet. Thanks to all the families that joined us. We are so excited to have been selected as Sage Grant recipients. Thanks to Cass Crain for writing the grant and Sarah Leon for helping lead the gardening and nutrition classes that our students will receive throughout this school year. To stay up to date with the happenings at our school, please follow us on Instagram and facebook @jamulelementaryschool. #jamulrocks

### From the Desk of Dr. Salas, Oak Grove Middle School

Welcome to the 2019-20 school year! I am thrilled to be starting another year as principal of Oak Grove Middle School. I am grateful for all your support and I look forward to continuing to serve in this caring and thriving community. The staff and I are preparing for an exciting year for our students! We will continue to build upon our successes in order to provide a rigorous academic program for each and every student. It is our goal and mission to make Oak Grove Middle School our community's first choice for every student's learning experience. Please call me if you wish to tour our campus and would like to enroll. We will be happy to serve you.

As we continue to make strides to beautify our school and provide better communication to the Jamul community, we are asking for your help in raising funds for a school marquee. Donations for this project will be greatly appreciated. You can go to the JDUSD website, click on Parents, click on E-Funds, and then click OGMS Marquee. You can also send or bring in a check made out to JDUSD to 14581 Lyons Valley Rd. Jamul, 91935, and write OGMS Marquee on the Memo line.

Thank you, Jamul community, for helping us prepare our students for a bright future!

### From the desk of Mrs. Bowes and Mrs. D'Augusta, Greater San Diego Academy

How can we combine science and creativity for students? A makerspace! "A makerspace is a collaborative work space inside a school, library or separate public/private facility for making, learning, exploring and sharing that uses high tech to no tech tools." ([www.makerspaces.com](http://www.makerspaces.com))

School Cont. on Pg 15

# Community News

School Cont. from Pg. 14

At Greater San Diego Academy, we are so grateful to GSDA alumna, Carson Polichar, for creating this new space at GSDA. Carson is not only an active member of the Jamul community, but she is also working on her Girl Scout Silver Award by bringing science directly to our students.

"I'm so excited to teach other kids about the latest technology!" said Carson. Carson is building GSDA's Makerspace to include a 3D printer, and plans to work on robotics, engineering and more! Students will have access to this space on scheduled Fridays. Part of the day will be dedicated to Makerspace time and the other part will be for another new experience on campus: the League of Extraordinary Scientists and Engineers.

This organization is delivering science experiences to younger students "by bringing together a literal League of Scientists and Engineers with educators to make available 'hands-on-science-ing' to Pre-K to 8th grade learners and in-classroom support for their educators." (<http://science-ing.org/about/>)

The League of Extraordinary Scientists and Engineers Classes and the Makerspace will be available to GSDA students on the following Fridays and with the following topics: Schedule - 9-11:30: 9/6 - Animal Survival, 10/4 - Making Waves, 12/6 - DNA.

And don't forget that breakfast will be offered to students from 8:40 to 8:55 on these science days to make sure those brains are ready to learn.

# AON'S NEW SOLAR/BATTERY SYSTEMS ARE THE BEST

Don't be misled about Lithium Ion Batteries. The very best Lithium Battery is the Lithium Polymer. Polymers charge faster, lasts much longer, are safer and much more reliable and cost less. Goggle "Foss Marine Lithium Batteries" and read the truth exposed. With AON you can eliminate your power bills completely and receive pure sign wave technology to protect all of your electronics, AC compressors, well pumps and equipment

AON Engineering has been successfully helping people for 33 years and has learned many things about what works and what to avoid in Solar Panels and Batteries. AON uses only the very best in German designed Solar panels, Inverters and American designed Batteries. AON's German SOLAR PANELS weigh 50 pounds, Why? It is because of quality built into each SOLAR PANEL. Germans have been building SOLAR PANELS for 50 years. Check out the weight of a solar panel built by the competition, none come close.

## **NO BODY CAN BEAT AON'S SOLAR PRODUCTION, QUALITY, PRICING and FINANCING**

Most of the SOLAR Systems AON installs are returning between 20% and 24% annual returns. These returns are less with Batteries, but there is no way to loose going GERMAN SOLAR. So, what can you do? GO SOLAR and earn 20 to 24% on your investment. That is a complete return in 4 to 5 years. With AON's financing at 5% APR., with excellent credit, you can obtain SOLAR for NO MONEY DOWN and then earn money on the difference between the 5% cost verses earning 20% to 24% on your SOLAR install and then collect 30% through your solar Federal tax credit.

AON Engineering has been in business for 33 years and is rated by BUILZOOM.COM in the top 96% of all 337,000 contractors in California. Why? We have earned it with no law suits, no roof leaks, no Government citations, no insurance claims, as AON supplies the very best in equipment and customer satisfaction.

AON designs and builds all types of SOLAR systems: ROOF MOUNTED and GROUND MOUNTED. Call AON today for an on site interview and we will prove to you what we can do at the very best price using the very best in German designed equipment.

We at AON Engineering have been living and working in Jamul for the last 26 years and we have enjoyed taking care of our friends and neighbors. Hundreds of references available.

# SOLAR self install

SOLAR  
self install

Do you know you can install your own?  
We are here to help you do that!

- ➔ Save thousands on the big guys
- ➔ 30-50% savings, from \$1.05/w
- ➔ One flat fee for our services

You can do as little or as much of the installation you are comfortable with. Our service provides anything from **full self install** to **complete project management** where we work with a licensed and bonded contractor to do the **full installation**.

We help with survey, design, optimization, permits, pricing of equipment and delivery to install site.

We pride ourselves helping people self install solar electric (PV) in San Diego and East County.

New services include technical support for existing SolarEdge systems and annual tech support.

### Life's Memories in Jamul

By George Merz

September 1938 I started attending Grossmont High School at the age of twelve. The bus picked us up, usually around 7:20am, at what is now Hwy 94 and Jefferson Street. The bus held 44 passengers including the jump seats. Jump seats were boards that were placed in the aisle between the seats. The driver kept the bus at his home at Barrett overnight. The route was Hwy 94 to Avocado Blvd. Both Grammar School (and high school students) were picked up until we reached Chase Avenue in El Cajon. The bus then went on to the El Cajon Grammar School to drop off the Grammar School students, then on to Grossmont High School. Classes were 8:40 am to 3:40 pm. We arrived back in Jamul around 5 pm.

It was very difficult for me to go from a school with the maximum enrollment of 22 to a school with over 600 students. At the Jamul School we did our homework while the teacher was teaching other grades. At Grossmont we had homework in every class. Besides the adjustments, I was competing mostly with fourteen year old students in the 9<sup>th</sup> grade, while I was only twelve years old. My problems were also compounded because I wanted to take some technical courses like agriculture, auto mechanics, general mechanics, etc. My mother insisted I take college preparatory courses that didn't allow me to take any of the courses I wanted. We were unable to participate in any sports or other after school activities because the school bus was our only means of transportation.

During my freshman, sophomore and junior years, Mr. Larsen was our bus driver. We all liked Mr. Larsen and would never cause him any problems. The girls were always required to sit in the rear of the bus and the boys in the front. During my senior year, we had a new bus driver nobody liked. We would all try to think up things that would make his life miserable. During football season the bus would not leave the school until after the home games. It

would be dark before we left Grossmont High School. He would not let the girls sing any school songs after sundown. I can't remember all the things we did to cause problems, however, one in particular was one of the boys put a potato in the exhaust pipe of the bus at the High School. It ran alright until we started up the hill on Avocado Blvd. The bus quit, so I was sent to a house to call the school and they sent a mechanic. Of course, when the mechanic arrived, the potato had been removed and the bus ran fine. After the mechanic left and while we were returning to our seats, the potato was put back in the exhaust. This time, when I called the high school they sent another bus to take us home.

The bus had an escape door in the rear. If we got "kicked off" the bus for any reason, the girls would huddle around the door so the driver couldn't see, then we would enter and sit on the floor until we reached Jamul. Another time we put tea in empty whiskey bottles and pretended to be drinking it.

I continued to work at the Jamul store and service station during my freshman, sophomore and junior years in high school. During my senior year, I worked for a man that had the property where the Mormon Church is now located. I would ride my bicycle there morning and evenings, milk the cows, and feed the calves and hogs. He paid seventy-five cents per hour on Saturday. The pay was more than double what I earned at the Jamul Store and Service Station.

# PRAY FOR US, WE DRIVE HIGHWAY 94

In the last several months, our Jamul/Dulzura communities have had a series of very serious and deadly accidents. Most of the accidents have been on Hwy 94. Others on our local County roads. These accidents have been from minor fender benders to deaths. When the road is closed due to an accident, we have spent up to 10 hours waiting for the accident to clear.

The Jamul Action Committee urges all of us to slow down, be patient, watch for erratic driving, report high speed drives to the CHP. Keep eyes on the road. Report an accident to the Jamul Friends & Neighbors & Deerhorn Valley Community FACEBOOK pages to alert community members and offer alternative routes.

**LETS GET HOME SAFELY.**
