## Kiwanis

The Kiwanis of Greater Jamul have been busy serving our community and children of Jamul. The group was able to present scholarships to three Oak Grove Middle School students to help fund the eighth grade East Coast trip to learn about the early history of our country. The Jamul Kiwanis was also able to give Jamul Elementary \$1000.00 to help with field trips. The Kiwanis group was serenaded with an appreciation song by early kindergarten and kindergarten students along with Principal Yesenia Robertson and teachers.

Another recent event has been the Senior Breakfast for all Steele Canyon graduating seniors. The Kiwanis cooked and served pancakes and sausage for all.

The group also picked up trash on Highway 94 on July 13. If you would like more information on the Kiwanis of Greater Jamul visit our website at [jamulkiwanis.org](http://jamulkiwanis.org).

**A Starry Night**

**30th Anniversary Celebration**

To benefit the children of the Jamul-Dulzura Schools

Enjoy Dinner, Dancing, & a Wonderful Auction

SEPTEMBER 28, 2019 | 5:00 PM

HILLSIDE RANCH VINEYARD

14169 Hillside Dr., Jamul, CA 91935

California Casual Attire

eatingsland.com

Please join us for an extraordinary evening under the stars at the Hillside Ranch Vineyard in Jamul on Saturday, September 28<sup>th</sup> at 5:00 pm. This spectacular evening benefits the students of the Jamul Dulzura Schools. Visualize long harvest tables set beneath twinkling lights on the edge of a lush hillside vineyard. You and your guests will enjoy: a farm to table barbeque paired with local wines, dancing under the starry skies and bidding on priceless auction items... Join your friends and neighbors to celebrate a 30 year legacy of supporting our Jamul Dulzura Schools!!!!

The price of this fun filled evening is \$100.00 per person or \$175.00 per couple. Very special tables for 10 are available at an additional cost. The "Galaxy" table for ten with champagne for \$2,000. The "Constellation" table for 10 is available for \$1,500.00. If you would like to purchase tickets, reserve a table please mail a check to Friends of Jamul Dulzura Schools at P.O Box 909, Jamul, CA 91935 or contact Nadine Bennett at (619) 851-3379. Donations and underwriters for this event are very much appreciated.

DEERHORN VALLEY

# ANTLER

—PICTOS by the DV Community

Deerhorn marches in its own parade!

### LOCAL GIRLS ON THEIR WAY TO PRESTIGIOUS GSA SILVER AWARD...

Rob Deason and Kim Hamilton are proud to have been "bee advisors" to

Ileana Cardenas (l) and Tori Outlaw (r), who have now completed their GSA Silver Award Project on native bees. Both are members of Jamul Troop #2736. Over the last year they investigated native bees, presented their work at the RSD Library, led a workshop to make seed bombs for pollinator gardens, and constructed native bee boxes to place in volunteer locations around Jamul.

**SO VERY PROUD OF THESE BEE HEROES!**

"We are spreading the plight of the native bee. They are stingless, they are amazing pollinators, and...much of our food comes from their hard work. There is a huge decline and we wanted to spread the word to everyone ..."

—Ileana Cardenas & Tori Outlaw

### BE A BEE HERO

Plant wild flowers

Respect bees— leave them alone

Avoid using pesticides

Provide a Bee box for native bees

Spread the word that we need to help them.

Dulzura Community Center  
1138 Community Bldg. Rd.

## Community News

### DIANNE'S DESK

NEWS & NOTES FROM  
COUNTY SUPERVISOR  
DIANNE JACOB

**Big Step Forward:** The Board of Supervisors recently backed my call for beefed-up services and resources for those dealing with mental illness and addiction. We voted to create a network of 24/7 crisis stabilization centers and pursue the establishment of non-law enforcement mobile crisis response teams. Both will help us do a better job of connecting those with chronic mental health and addiction issues with the services and programs they need. Families often struggle with how to help a loved one deal with mental health challenges. Many homeless face similar issues. I called for major improvements to the region's behavioral health system in my State of the County address in February.

**Our Great Outdoors:** I continue to work closely with the community to expand public access to open space and to showcase our beautiful backcountry. The county recently moved to expand the Ramona Grasslands preserve by 123 acres. It is now bigger than Del Mar and Solana Beach combined. And construction continues on the county's first backcountry nature center. The attraction is due to open later this year on the Santa Ysabel Preserve.

**Power to the people:** My board colleagues and I continue to explore options for launching a community choice energy program. Community choice would offer consumers now saddled with some of the highest electricity rates in the nation an alternative to SDG&E. Our studies so far show that local ratepayers with community choice would see smaller utility bills. We're aiming to make a decision on the issue in a few months. Ratepayers are sick of getting ripped off and need relief! For more District 2 news, go to [www.diannejacob.com](http://www.diannejacob.com) or follow me on Facebook and Twitter. If I can assist with a county issue, please call my office at 619-531-5522 or email [dianne.jacob@sdcounty.ca.gov](mailto:dianne.jacob@sdcounty.ca.gov). Have a great East County day!

Dianne

## Letter to the Editor

### "Some are down memory lane Some are on fire" Preston Brown Jamul Resident

Recently at the BOS Hearing on the Otay Ranch V14 Project, "Adara," all the issues of land use in the wildland urban interface (WUI), environmental protection, conservation, urban planning, housing sprawl, fire safety and the County process for granting approval came together in this one project proposal for Proctor Valley in the Jamul Dulzura Sub Area Plan jurisdiction.

Some people have a knack for hitting the bulls eye. That would be our Supervisor Dianne Jacob of the 2nd District. Dianne spoke first and her first question was this. 'Do folks have any fire insurance?' 'Have you been able to get fire insurance?' This was a memorable moment. The room just froze. A proposal for 1,119 new high density housing sprawl in a very high fire prone area in California and no one had thought about fire insurance. A very jittery Mark Wardlaw decided to field the question and then immediately punted to Cal Fire Chief Tony Mecham. 'I'll let Chief Mecham address that.'

Well..... as you certainly might expect, a professional fire fighter could not help out with ideas on how to get fire insurance or if any was even available. Chief Mecham does not sell fire insurance.

The Cal Fire scientists in mapping and fire modeling create maps where they mark areas in degrees of fire danger. Proctor Valley and the entire project falls into the "Very High Fire Hazard Severity Zone" classification. Supervisor Cox spoke after Supervisor Jacob. He said, "Let me walk you down memory lane.". The last 2 years fire conflagrations in California north of us starting from Ventura County to Redding vanished in a haze. We were back dreaming of the romance of living in the chaparral hills. "Now let me turn to the professionals", as he made an abrupt transition.

This professional would be, again, Fire Chief Tony Mecham. Literally he took a lot of heat from this meeting, undeservedly so. So picture this. We just walked down memory lane and Supervisor Cox has been looking at maps presented on the big screen showing the entire area of the project footprint as being in a "Very High Fire Hazard Severity Zone" and seen maps showing the entire area of Proctor Valley burned in the Otay Fire of 2003 and the Harris Fire of 2007. With this freshly in mind Supervisor Cox asks a Cal Fire Chief, "Is it safe?"

So for the next 10 minutes, or so it seemed, Supervisor Cox kept rephrasing the question trying to coax the word "SAFE" out of the mouth of the Fire Chief.

But our Fire Chief in a very untenable position was not giving him the home run. Finally, finally, Supervisor Cox repeated and repeated his question until he got something, a bunt, just something. "Is it Safe?" Here Chief Mecham replied, "It is as safe as it is going to get". SCORE.

Supervisors Cox took a victory lap and was joined by Supervisor Desmond and Gaspar. In their minds they had successfully transferred responsibility onto the shoulder of one man, a Cal Fire Chief, and this is the real abuse of the public democratic process. The Hearing buzzed along like a kangaroo court. It averted responsibility of the County to fully review and analyze the real facts and conditions of a new era of catastrophic fire weather events happening in California.

In the conclusion of my 2 minute speech I asked the Board, "Are you willing to do a comprehensive "risk assessment" of the increased threat that Adara, the Otay Ranch Project, brings to the neighboring communities of Jamul Dulzura, Spring Valley and Chula Vista in times of Santa Ana wildland fire events? Are you prepared to do the hard work to make an informed decision?".

These and many other similar pleadings from other speakers fell on deaf ears. Cal Fire scientists and others gathering statistics from the recent 2 years of fires in California found that homes built to the highest codes of "hardening" for fire resistiveness with practices of "fuel modification zones" failed and burned to the ground at almost the same rate as older homes. As Dave Sapsis, a specialist in fire modeling and behavior at Cal Fire, reminds us, "As homes caught fire, they became more fuel for the blaze. Dense pockets of burning homes in the hills, such as those in Fountaingrove, played a significant role in the fire's spread." This was new information and it fell on deaf ears. Deaf ears of the County urban planners who are determined to spot these mini-Chernobyls in the East County fire prone wildlands that will melt down and end up spewing fire igniting the surrounding communities. How did Chernobyl happen? The Russians decided it was "lies". Here in San Diego it is "denial".

The "buck" stops at the Board of Supervisors. California Statutes currently allow local governments to decide if they want to build or rebuild in "very high fire prone areas". Cal Fire can only inform you that you are at great risk if you do this. Power of decision lies with the leaders of the local government. And here we see a very bad game being played out where they are trying to hang

responsibility onto Cal Fire. This is rotten policy and practice. It is extremely unfair to Cal Fire and cheats the public out of being informed. Also Cal Fire representation at these Hearings should be independent of the County Staff Planners pushing these projects. Sitting with them in their benches creates an alarming appearance of conflict of interest.

Thank you Supervisor Jacob and Supervisor Fletcher for having common sense and some good "country sense". Last month I had asked Fire Chief Dave Nissen to attend the JDPCCG so we could ask Cal Fire questions about operations and procedures for emergency wild fire evacuations. Of the hundred or so questions, not one person asked 'if it was SAFE?'. We who live out here in the backcountry know "It is NOT safe". Fire season rolls around every year. We are vigilant, we prepare, we are ready to evacuate. Fire season is now longer and starts in the spring and last through December and the Santa Ana's blow stronger and last for weeks and months not just days.

If Adara was not dead on arrival she was on life support when she was wheeled across the finish line. Suffering from major blows, future BOS may not be able to resurrect her. If fire was not enough, Adara wants MSCP preserve land for the project. Land that has been protected and under restoration since 1997. The partners of the MSCP with the County, the USFW and the CFW, have furiously protested this illegal land grab. But the County put forth a proposed settlement agreement that is full of "if" bombs and the partners are not obliged to agree to anything leaving the end project as a complete unknown. Again Supervisor Jacob said, 'This made no sense' and '... might be the strangest thing I've seen here at the BOS.'

The process for approving new sprawl projects in the high fire prone wildlands is in shambles. As Supervisor Jacob's question foretells, the fire insurance issue will be one of the linch pins that undoes the dangerous placement of new housing in areas that continue to burn time and time again. As local leaders prove themselves to be irresponsible, the State may step in to regulate building in the fire land prone areas of California with the equivalent of a Coastal Commission. Lacking in any kind of good sense, adult supervision will naturally fill the void. Time to take the keys away down memory lane.

### JAMUL/DULZURA SCHOOL DISTRICT

Elizabeth Bystedt Superintendent

Summer is quickly coming to an end! We hope that you have enjoyed the weather and your time with family and friends. I personally am looking forward to seeing your children's smiling faces, hearing their summer adventures and memories, as well as hearing their laughter and learning throughout the schools. It really is quiet in the district without them here.

As you've driven by, have you noticed our upgrades to our Preschool and Kids Club? We have added fencing around both, redone siding and the roof, and painted both buildings. They are really looking sharp and ready for children to attend in August. Fencing has also been completed at Jamul Elementary School. Classrooms are cleaned and ready too. Thank you to our Maintenance Department for their hard work in ensuring that they are ready for teachers and students. They are our unsung heroes.

#### Other important dates are:

August 2	2nd Bus Lottery
August 7	School Offices Open
	Kindergarten Make-Up Testing
	(call 619-669-7850 to make an appointment)

Thank you to our IT Department too, for ensuring that our new 4<sup>th</sup> and 5<sup>th</sup> grade classrooms continue to be classrooms with 21<sup>st</sup> century technology. They have also been working on upgrading infrastructure throughout the district to ensure all rooms and offices are working at optimum levels. They are also setting up all student accounts so that everything is ready to rock and roll the first day of school. Again, they are unsung heroes that we can't live without.

**Don't forget that we begin school on Thursday, August 15th.** If you have not registered or have not completed registration, now is the time to do so. Students MUST have completed registration by 4:30 on Monday, August 12th in order to be placed in class for the first day of school. Jessica Wilcots is here to assist you Monday through Friday from 8:00 to 4:30. You can contact her at 619-669-7708 if you have any questions. **For Preschool registration**, Lourdes Moran is available from 10:00-4:00 Monday through Friday.

August 12	Deadline for paperwork in order to start on the 1 <sup>st</sup> day of school
August 13	JES Kindergarten Round Up
August 14	JES Meet the Teacher
	OGMS - New Student Orientation
August 15	1 <sup>st</sup> Day of School!!!

---

#### A Note from Greater San Diego Academy...

As summer break begins to wind down, your school staffs are busy readying their campuses for you and your children for the 2019-20 school year. Even Greater San Diego Academy, your district's charter homeschool, has to prepare its new campus for the school year. We are so excited to be able to call the campus formerly used as the Jamul Intermediate School our new home.

Some people may wonder why a homeschool program has a campus at all. GSDA isn't like most homeschool programs. We offer the opportunity for families to take control of their children's educations, while also offering the benefits of a traditional campus setting. We host on-campus learning experiences to enrich a child's learning while also fostering collaboration and socialization. Our students enjoy a one-hour lunchtime to eat and play with their friends on our very own playground. And new in 2019-20, GSDA will be offering food services on those days.

In addition to housing our on-campus learning, the GSDA campus also stores our vast collection of curriculum and

teaching support materials. GSDA families determine which curriculum they will use for their children's learning and then get guidance and supporting materials from their Educational Consultant.

Also new to GSDA in 2019-20 is access to a science lab. This science lab will be used to provide high school students with their required biology and chemistry labs, as well as to offer various hands-on science experiences to our elementary and middle school students. We've also been able to bring back our parent workspace which now includes an outdoor patio.

The new campus is quite a sight to see and we would like to invite the entire community to our 20 Year Celebration and Open House on Friday, August 23, from 11 AM to 2 PM. That's right - GSDA has been a part of the Jamul community for 20 years and we would love for you to join us to celebrate. At this celebration, we will be offering tours, activities, and lunch. Lunch reservations can be placed between August 12th and 21st, at 619-669-3050.

School Cont. on Pg 15

## Community News

School Cont from Pg 14  
Everyone a Reader Program

The ability to read well is a critical skill for our children as they move through their school years. There are many studies which show a strong correlation between the ability of a child to read at grade level and their success in school. As one principal explained it, "Students learn to read in grades one through three. After that they read to learn." In fact, the ability to read at grade level by third grade is a strong indicator of whether a child will even complete high school or drop out and is also a predictor of their ability to acquire sufficient job skills to be successful in the job market eventually. There are students in our community of Jamul who need some extra help with their reading to bring them up to grade level. The County of San Diego sponsors the **Everyone A Reader Volunteer Program** as a means to provide that extra help.

We are looking for Moms, Dads, Grandmas, Grandpas, Aunts, Uncles, Neighbors, Friends and others to volunteer to help tutor students in grades one through three at Jamul Primary School. No experience is needed. We will provide a short training session for those interested. The commitment is one and a half hours once a week, Tuesday, Wednesday or Thursday. Tutors will spend 15 minutes each with four students during the tutoring session.

One-to-one coaching and encouragement from an adult can make a tremendous difference with a struggling reader. Please consider volunteering for this program as we are in need of additional help. For more information and to sign up, please call Scott Tulloch at 619-504-9580.

# AON'S NEW SOLAR/BATTERY SYSTEMS ARE THE BEST

Don't be misled about Lithium Ion Batteries. The very best Lithium Battery is the Lithium Polymer. Polymers charge faster, last longer, are safer, more reliable and cost less.

From 4 to 9 PM AON will switch you to batteries and save the \$0.54 a kilowatt and then switch you back and charge your batteries at \$0.22 a kilowatt. **SAVE \$ and supply POWER SHUTOFF PROTECTION**, in the event of fire or SDGE shut offs.

For more than 33 years AON Engineering has been successfully helping people and has learned many things about what works and what to avoid in Solar and Batteries. AON uses only the very best in German-designed solar panels, Inverters and American-designed batteries. With AON you can eliminate your power bills completely and receive pure sine wave technology to protect your electronics, AC compressors, well pumps and equipment.

## **NOBODY CAN BEAT AON'S QUALITY, PRICING and FINANCING**

Most of the SOLAR Systems AON installs are returning between 20% and 24% annually. These returns are less with Batteries, but there is no way to lose going SOLAR. So, what can you do? GO SOLAR and earn 20 to 24% on your investment. That is a complete return in 4 to 5 years. With AON's financing. With excellent credit, you can obtain SOLAR for NO MONEY DOWN and then earn money on the difference between the 5% cost verses earning 20% to 24% on your SOLAR install and then collect 30% through your solar Federal tax credit.

AON Engineering has been in business for 33 years and is rated by BUILDZOOM.COM in the top 95% of all 337,000 contractors in California. Why? We have earned it with no lawsuits, no roof leaks, no operational fines, no insurance claims and the very best in equipment and customer satisfaction.

AON designs and builds all types of SOLAR systems: ROOF MOUNTED and GROUND MOUNTED. Call AON today for an on-site interview and we will prove to you what we can do at the very best price using the very best in German designed equipment.

We have been living and working in Jamul for 26 years and have enjoyed serving our friends and neighbors. Hundreds of references available.

# SOLAR self install

**SOLAR**  
self install

Do you know you can install your own?  
**We are here to help you do that!**

- ➔ Save thousands on the big guys
- ➔ 30-50% savings, from \$1.05/w
- ➔ One flat fee for our services

You can do as little or as much of the installation you are comfortable with. Our service provides anything from **full self install** to **complete project management** where we work with a licensed and bonded contractor to do the **full installation**.

We help with survey, design, optimization, permits, pricing of equipment and delivery to install site.

**We pride ourselves helping people self install solar electric (PV) in San Diego and East County.**

New services include technical support for existing SolarEdge systems and annual tech support.

## Community News

### CERT REPORT BY TERESA GREENHALGH

SDCFA CERT - So. Division Program's Community Outreach Project is helping neighbors build a 72-hour go-bag over the course of a year and on a budget. If you joined them at all their **2019 Prepare in a Year** Pop-up Events this year you have saved at least \$99.00 by

picking up the FREE items at each event. So far on this emergency preparedness journey you may have spent just under \$7.00 a month to ensure your family is ready to evacuate with food and basic supplies.

**Your 2019 Prepare in a Year Campaign Costs to Date:**

Jan.	0.00	- if you received a 72-hour starter go-bag for FREE (\$28.00 value)
Feb.	10.00	- added a few food items to your go-bag this month
Mar.	20.00	- took the Shopping Sweepstakes Challenge at a 99 Cent Only Store
Apr.	0.00	- found duplicate items at home and a received a FREE first aid kit (\$15.00 value)
May	3.50	- case of water (copies of important documents - minimal costs)
Jun.	10.00	- 4-emergency mylar blankets or \$0.00 packed spare blankets from home
Jul.	+ 5.00	- hand sanitizer and box of scented dryer sheets and if you received a Coleman
	<b>\$48.50</b>	Camping Lantern for FREE (\$22.00 value)
Bonus	0.00	- Bonus items at April and July Pop-up Events: FREE Fire extinguisher (\$24.00 value) and emergency mylar blankets (\$2.50 value per blanket)

Be sure to check the CERT Program's website: <http://sdcfacert-sdiv.com> for the Monthly Tips you may have missed. To get added to the Monthly Tips e-mail list and jump in on the year-long journey contact Teresa Greenhalgh, Program Manager at: [tgatsdrcert@gmail.com](mailto:tgatsdrcert@gmail.com)

**#CaliforniaForAll Campaign** - The SDCFA CERT - So. Division Program was awarded a California For All Campaign Grant. This one-time grant will provide funding for the CERT Program to offer FREE training to residents within their service area. Keep reading the Monthly CERT articles to see what your SDCFA CERT - So. Division Program will be bringing to your communities!

A FREE Defensible Space and Fire-Resistant Landscaping Workshop will be held at the Jamul Fire Station on Saturday, September 14, 2019 from 11:30am to 3:30pm. Topics to include: safely creating defensible space and fire-resistant landscaping (guest speakers: CAL FIRE - defensible space, Ready-Set-Go, SD Zoologist - rattlesnake behavior and a Plant Nursery Manager - fire-resistant plants). Light lunch and beverages will be provided in addition to free giveaways. Register for the Workshop at: <http://sdcfacert-sdiv.com> as seating is limited. Together we can help make 1M more Californians Strong!

## IMPORTANT UPDATE :

The Jamul Action Committee's attorney, Ken Williams has been notified by the "United States Court of Appeals for the Ninth Circuit" of a three different possible hearing dates, November 12-15, December 2-6 or January 6-10 2020, in San Francisco. This is an extremely important lawsuit. Attorney Williams, after a great deal of research, will be arguing that the Jamul Indian Village is not a lawful reservation under the Supreme Court ruling

"Carcieri v. Salazar". The ruling states Because the term "now under federal jurisdiction" in §479 unambiguously refers to those tribes that were under federal jurisdiction when the IRA was enacted in 1934, and because the Narragansett Tribe was not under federal jurisdiction in 1934, the Secretary does not have the authority to take the 31-acre parcel into trust. The JIV was not recognized until the 1980's and only as a Village not a reservation. Thus they are not qualified to have Indian Gaming under the INDIAN GAMING REGULATORY ACT & THE CARCIERI DECISION.

Ironically, as many of you know, the 9th Circuit has postponed this hearing 4 times already. This is highly unusual. Attorney Williams has been steadfast in his efforts to argue for justice. His efforts are deeply appreciated. Please send your donations today.
