Happy 4th of July!

America the Beautiful- Part 2 By Valerie Armijo

July 4 is Independence Day. The day our nation celebrates the approval of 'The Declaration of Independence' by The Continental Congress, setting the 13 colonies on the road to freedom as a sovereign nation. Most of us celebrate every year with fireworks, barbecues, concerts and parades. We enjoy all of those things and flying our American Flag. We also like to visit our National Parks. This year it is, Yosemite National Park, the most beautiful national park ever seen, according to my husband, Paul. This park is so special with breath taking views, beautiful water falls, giant redwood trees and rock formations so big they will leave you speechless. Here are a few photos to enjoy from Yosemite National Park in California.

AMERICA THE BEAUTIFUL
O beautiful for spacious skies,
For amber waves of grain
For purple mountain majesties
Above the fruited plain.
AMERICA! AMERICA!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!
O beautiful for pilgrim feet
Whose stern impassioned stress
A thoroughfare of freedom beat
Across the wilderness
AMERICA! AMERICA!
God mend thine every flaw,
Confirm thy soul in self-control,
The liberty in law!
O beautiful for heroes proved
in liberating strife.
Who more than self their country loved
And mercy more than life!
AMERICA! AMERICA!
May God thy gold refine
Till all success be nobleness
And every gain divine!
AMERICA! AMERICA!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

Memories of Jamul Volunteer Fire Department

By Dave Beekman

We had several outstanding Lady Fire Fighters at the Jamul Vol Fire Dept during the time I served. 1985- 1994. But Nancy Schuster is top of my memories as she worked as a Grocery Checker at Jamul Market which is now ACE Hardware store Jamul.

We used to encourage Nancy to come to our Thursday evening training meetings we held at the Main Station where the Jamul Casino now resides.

Back in the Day we had a cement slab with a double wide trailer and a pole Barn to house the 1950's Crown pumper and a Rescue truck made from a 1970's International Pickup.

One fine Thursday Nancy did show up and turned out to be a great student of Firefighting procedures and technology. In fact she used her learned skills to land a job at Lemon Grove City Fire Dept. She eventually moved to San Diego Fire and is probably retired by now.

While at Lemon Grove and San Diego Fire, Nancy came back to train the Volunteers at Jamul Fire many times over the years.

I especially remember the training sessions she conducted on Hose Lays. It was quite exciting as we laid hoses out across the parking lot but they were not connected.

Upon a verbal signal, the Engineer would 'charge' the hose with 150# of pressure and the FF person had to run to the next hose and connect it before the water pressure made it impossible to accomplish... This was repeated until 5 or 6 hoses were connected.

I had a lot of fun with that one and got plenty wet in my attempts to connect hoses.

Anyway.. My hat's off to Nancy Schuster and the other Lady FireFighters that made Jamul Volunteer Dept a place of Great Memories.

That's My story and I'm Stickn' to it. Dave Beekman, JVFD back in the day...

DEERHORN VALLEY ANTLER

by Kim Hamilton - Lover of All Things Deerhorn

RATTLESNAKE vs DOGS: WHERE TO GO— Cooper, my 35lb Aussie, made two quick “Yips,” and my worst fear was realized: There in front of him was a baby rattler—so well-camouflaged as to hardly be visible. Next to Cooper’s nose were two small puncture wounds. It was 6:00 pm on a Friday night. Cooper needed emergency treatment ASAP. Antivenin is the only antidote for rattlesnake venom. Regular vets rarely have it; it’s expensive and has a short shelf-life. Here were my closest options:

- **COUNTRY PET HOSPITAL ALPINE** (619) 445-9815.
2525 Alpine Blvd Available 24/7 for emergency care. Use Lyons Valley Rd to Japatul to Alpine Blvd.
- **PET EMERGENCY EAST CHULA VISTA.** (619) 591-4802.
885 Canarios Ct Ste 108, Chula Vista. 24/7 Use Otay Lakes Rd.
- **PET EMERGENCY LA MESA** (619) 462-4800.
5232 Jackson Dr Suite#105, La Mesa. 24/7

I opted for the fastest drive (Alpine) and made a quick call to be sure they had antivenin. 30 minutes later we pulled into the parking lot at Country Pet Hospital on Alpine Blvd. 24 hours later Cooper was out of danger.

- Prepare yourself. Antivenin treatment is expensive. Basic treatment may run \$3,000 or more. Also IV fluids, lab work, overnight monitoring, etc.
- Call the vet FIRST to make sure they have antivenin. Consider traffic. Know where you’re going. The faster they can be treated, the better.
- Check any swelling right away. Especially long-hair animals. Rattlers leave puncture marks from fangs. Sometimes (not always) the wounds bleed.
- Join **National Snakebite Support** on Facebook— This is a nonprofit group where you can get immediate answers to snakebite questions. NO COMMENTING is allowed—just expert advisors and DVMs. You will learn a LOT. I did. (Thank you Leslie Yoder, for this information)

FIRE GRANTS...USE THEM OR LOSE THEM—The Sunrise Powerlink has some of the most significant fire danger impacts of any transmission line ever approved in California. (Gulp!) Deerhorn Valley is immediately downwind during Red Flag fire conditions. Any fire starting or passing under the Powerlink will halt air and ground firefighting attacks. It takes time to de-energize the lines so ground crews can move in.

This is why SDG&E is required to provide homeowner grants for the 60-year lifetime of the Powerlink (60 years). SDG&E says Deerhorn Valley is “at highest risk” of catastrophic fire due to the Sunrise Powerlink.

SDG&E excluded Alpine from grants (and contributed no funds for them), stating “Underground transmission lines do NOT have the capacity to result in long-term operational wildfire ignition.” However, behind-closed-doors decisions made by the Sunrise Powerlink Fire Mitigation Group have repeatedly diverted funds to Alpine and other low risk communities. Alpine is now a “FireWise” community—enjoying reduced insurance rates. Powerlink grants provide free curbside chipping, free defensible space work for seniors, and have improved the trails and fencing at their par (Wright’s Field). Programs paid for by homeowner grants never meant for them.

KEEP OUR COMMUNITY SAFER and apply every year for these grant funds. The grant applications are available online in January. Apply for the maximum amount to help pay for your defensible space and structure-hardening (\$2,586 this year). If you didn’t apply for (or receive) a grant for 2024, you can still apply for ember-resistant vents installation through August 9th. Go online to the link below. Click **Priority Vents Program**. The application is online, and one grant will usually cover the full cost of replacing your existing vents. Remember: Embers cause the vast majority of home loss in wildfires.

Final note: It's been depressing to see these grant funds be diverted to lower-risk communities year after year. Our private roads (evacuation routes) are dangerously overgrown, and there is funding to do the work.

PLEASE DON'T POISON RODENTS—We share our backcountry with a lot of critters including squirrels, rats, and mice. The are pests, but poisoning these rodents makes it worse for all of us.

Today's rodent poisons deliver a lethal dose in one feeding—but the rodent doesn't die for up to a week. It will keep feeding on the bait and become super saturated with poison. Over days they will slowly bleed to death and become easy-to-catch prey for hawks, owls, bobcats, fox, dogs and cats. They ingest this secondary dose of poison and die. And we lose another predator to help control the rodents.

A “SquirrelNator” is a live trap baited with pet food, birdseed, popcorn, etc. and a far better alternative. You can buy them online or at Jamul Hardware. The traps come with a “dunking tray” and you will have to deal with disposing of the animals (relocating is both inhumane and illegal). It's not my favorite job, either, so I tell myself I'm just feeding the BIG birds: raptors when dinner is fresh, vultures when it's not. They all quickly dispose of each day's offerings I lay out (or toss on the roof).

Last year I caught 120 ground squirrels from June through August. This year I started in May and captured 37 the first week. (I use sunflower seeds and nuts as bait). My vultures, owls, and hawks are happy, and I will be too once this year's squirrel population is under control.

HAVE YOU VISITED OUR DEERHORN WINERIES?— Owner-vintners **Bob Cunningham & Belinda Escalera** invite you to visit Deerhorn's newest winery on Elena Lane:

VecchieOsoVinyards.com 619-922-0002
On Saturday, July 20th, they will be showcasing the artwork of Mary Jo Hill from 12noon—6pm. You're invited to meet the artist— and to taste some fine locally produced wines!

Diane & Bob Collis own and manage DeerhornValleyVineyards.co 619-468-0030 on Honey Springs Rd just past the Fire Station. For almost a decade they've been producing fine wines and grow five varietals on their hillside property. They also feature hand crafted Estate Wines, Italian Varietals & Blends, Whites, Rose's, and Reds. California gourmet flavored olive oils. & Italian balsamic vinegars are also available.

Jamul-Dulzura Union School District, Elizabeth Bystedt

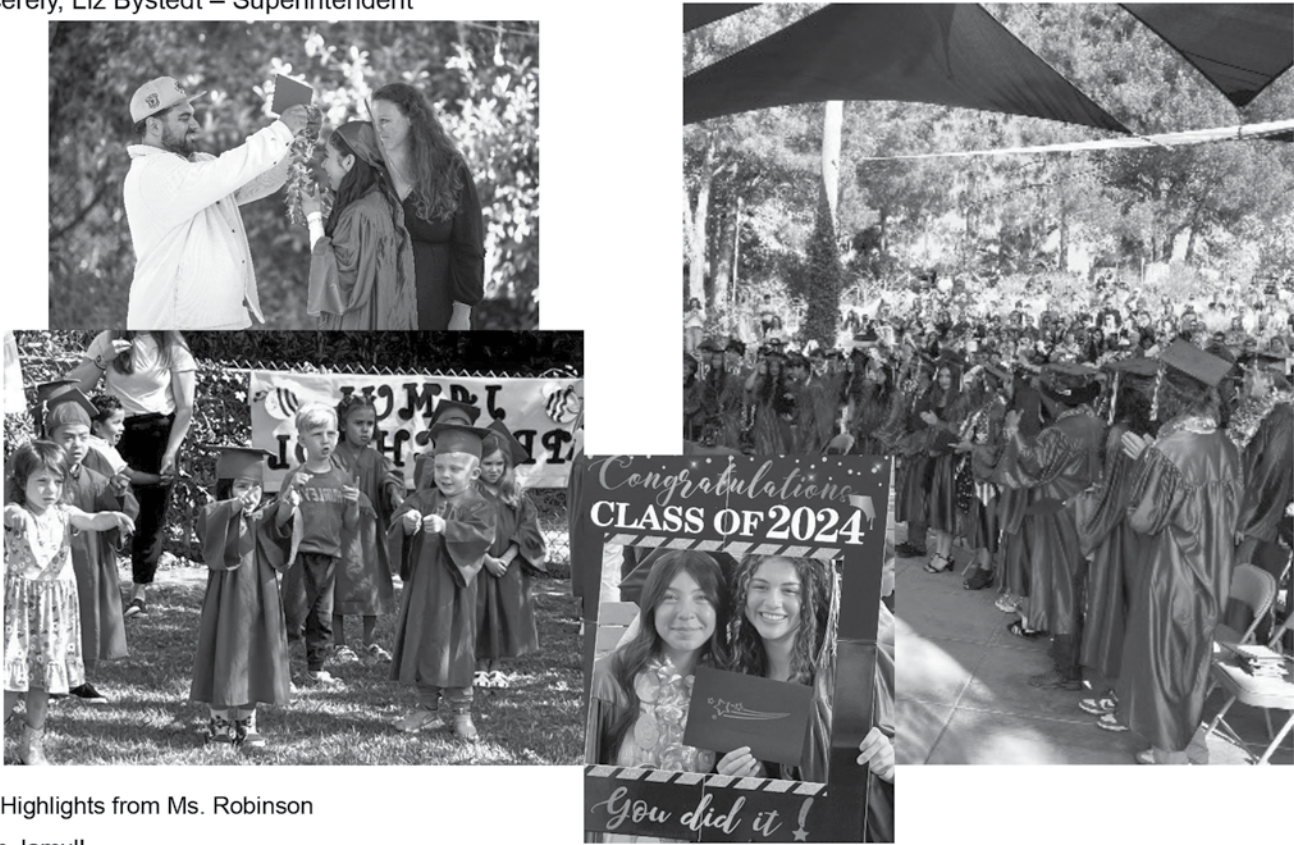

☀️ Happy Summer everyone!!! I hope you are enjoying your time in the sunshine with your family and friends. It has been a long year and I hope you are taking advantage of some rest and recuperation time with your family.
☀️

School begins Thursday August 15th!!! If you want your child to start school on the first day of school, ALL registration MUST be completed on or before Friday, August 2nd. This allows the district and the school sites time to process all your paperwork. If you complete your registration after the 2nd, your start date will be based on a first come first served basis and will NOT be prior to Friday, August 16th.

Online Registration for the 2024/2025 school year is available to all returning and new students. If you need any assistance, please reach out to Lanni Hutson in the district office. Her number is 619-669-7708. Se habla espanol. We are here to help you. Did you know that you can turn in all your documents online too? We are trying to save you time, energy, and trees.

As you receive this information, the District Office and Oak Grove Middle School parking lots will be under construction with our big solar project. If you need to get to the District Office for any reason, please park at Jamul Elementary and walk over. We'll have signs directing you how to get to where you need to go. Please wear comfy shoes as the walk includes uphill and downhill. Here are some highlights from all the promotions and graduations during the last weeks of school. Stay safe and I look forward to seeing your children next month as school begins.

Sincerely, Liz Bystedt – Superintendent

JES Highlights from Ms. Robinson
Team Jamul!

We have wrapped up another exciting year at Jamul Elementary School! We ended it with a bang! We celebrated our staff during staff appreciation week and a highlight of the week was having Lyons Peak BBQ & Pizza out to serve a delicious lunch to our staff. They outdid themselves by serving a superb BBQ meal. Thank you to George and Maria for your dedication to our community and generosity to our school.

School Cont. on Pg 9

Community News

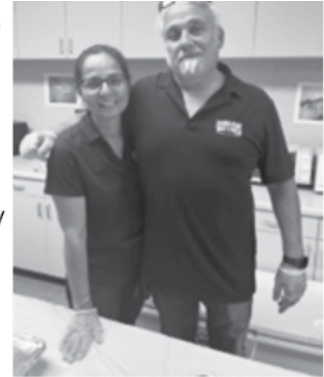

School Cont. from Pg 8

We also had a GATE Science Fair where students picked their topic to experiment with, came up with a hypothesis, and proved or disproved it. They created presentation boards and presented their experiment to other students and all of the visitors that attended. What a wonderful event that was!

Our Leadership Team also organized a Leadership Day. Students led the day and shared with visitors and community members all about the leadership roles they have on campus. We are a Leader In Me school and students participate in lessons weekly where they learn all about the 7 habits of highly effective people and try on those skills. Students performed for parents and some lucky winners won amazing raffle baskets after completing a scavenger hunt. It was a great day indeed!

Lastly, we had a student performance of Schoolhouse Rock! The students did an amazing job singing and dancing. They always shine on stage! A HUGE thank you to Ms. Natalia and Ms. Baker for working with our students and helping them channel their artistic ability. Working with your children is a joy and we appreciate partnering with you on your child's educational journey. Thank you #TeamJamul for another amazing year!

What's the best part of JES? YOU! We offer small class sizes and a hometown feel where "everybody knows your name!" We offer after school programs including: Dance, Drama, Garden Club, Girls on the Run, Cross Country, Crochet Club, Sunshine Club, Art Smarts, tutoring and several other student led clubs! Interested in finding out more about our school? Call the office at 619-669-7852 to schedule your tour. We look forward to meeting you!

A Note from our Garden Teacher

This past year, as my first year teaching the garden and nutrition class was a joy and an adventure. I believe the students learned a lot and so did I. It was wonderful getting to know the students and working with them on a weekly basis. We got to learn about seeds and earthworms as well as making healthy snack choices and how the different colors of food help our bodies.

In March this last year, I had the privilege of attending the Growing School Gardens Summit in La Jolla. It is a nationwide garden conference hosted by Sprouts. I was able to meet and make connections with garden teachers and garden organizers from all over the country. We had a wonderful time sharing our wins and our struggles and encouraging each other in our different endeavors. The conference was overflowing with resources and ideas that we can utilize in our garden. One thing I learned about that I would like to implement in the garden next year is a sensory garden. We learned how interacting in a sensory garden can help young people develop a healthy sensory system that will help them be more regulated as adults. One other program we learned about is called the SproUTing Teachers program put on by Texas University that works with teachers to help utilize the garden as an outdoor classroom meeting state standards for more subjects besides just garden classes. I am excited to see how the garden grows alongside the students this next year as we implement our new ideas.

Fun With Horses

By Jean Strouf

Trust and Horses

Did I mention my dad taught Dale Carnegie to business persons when I was a teen, and did it as part of their self-help program with no pay? If you researched Dale Carnegie teachings, besides the book "How to Win Friends and Influence People", you'd find some of the original courses on how to succeed in business. My dad took most of these teachings to heart, especially those that had to do with Honesty, Fairness, Hard Work, and "Do What You Say You Are Going to Do!" And did I mention it wasn't only fellow business men and women that had to listen to these teachings?

I remember a business workshop I took about 25 years ago, and in particular a module discussing Honesty and Trust in relationships. It likened Trust to grains of sand on a beach. If you tell a friend, you will meet him/her at 6:00PM to go to an event, and you haven't arrived by 6:10, some of those grains of sand get washed away. And if you don't arrive until 6:20, more of those grains are washed away. If this gets repeated the following week, again, even more grains of sand are washed away. If you borrow money from another and promise to pay it back in 30 days, and the 30 days go by without payback, yep, more grains are washed away, and eventually, there's no more beach. Every single time you do not do exactly as you have promised, committed to, trust washes away. Don't be surprised when people/friends cease to believe you will meet any commitments. I know this sounds harsh, but to the person waiting for you, anxiety forms in his/her stomach and a feeling of being forgotten/dis-regarded forms. Excuses and "sorry" doesn't erase that feeling. There's got to be something to this, because Mike's companies' mottos have been "If you don't show up 15 minutes early, you are LATE".

This sounds crazy, but Trust and Honesty surrounding promises made holds for horses, too. When you bring a horse into your life, you are making a promise to that animal to treat it fairly and keep its body and mind as healthy as possible. This promise includes giving the horse security by having a feeding plan at set schedules, keeping its "home" as fly-free as practical, and following a scheduled exercise program. Just as important is admitting and planning for "an exit". I remember riding with a woman who trained horses part-time who insisted with every horse I owned, I needed to ensure that horse would be well-enough trained to be sellable in the event something happened to me. Owning a horse that can live to be 30+ years is a promise made. That hit hard. And unfortunately, I've heard too many stories about horses being neglected and abandoned. No horse should be left (dumped) at a boarding ranch for the ranch owner to now have to pay for feed and care, unless the ranch owner has agreed and can use the horse as a lesson horse, which of course means it is in good health, well-trained, and sellable. I know I'm an advocate for horse ownership, but certainly NOT at the cost of the long-term welfare of said horse.

Trust: yes, it IS EVERYTHING!

Jamul-Dulzura Community Planning Group: ALERT AND CALL TO ACTION

The Jamul Indian Village and Casino are applying to bring these 4 Parcels into Trust Lands, “Fee to Trust.” They are doing this through a legislative process called a “LAND TRANSFER ACT.” This bypasses any involvement and participation from this community in how these lands will be used. **Rep. Darrell Issa** and

Senator Alex Padilla have introduced Bills to the US House and Senate. Both Bills are now in the Senate INDIAN AFFAIRS COMMITTEE. Your Planning Group was never contacted or consulted concerning the impacts future commercial development of entertainment venues could have on our community, especially in our town center. Once they are taken into Trust by the USA, we lose all control over what they are used for. These Bills, **H.R. 6443 ISSA** and **S. 3857 PADILLA**, both identical, can be accessed using the QR codes below.

- Parcel #1, **161.23 Acres**
Barrett House and Simpson Farm
Subdivision Property
- Parcel #2, **6 Acres**
Vacant Lot, Zoned Rural Residential
- Parcel #3, **4.03 Acres**
Old Fire Station Location, current entrance
to Jamul Casino
- Parcel #4, **0.84 Acres**
St. Francis Xavier Cemetery

H.R. 6443 ISSA

JDCPG Minutes - Letters

S. 3857 PADILLA

There is a traditional and legally accepted Federal process for handling “Fee to Trust” acquisitions by Tribes which would engage our Board of Supervisors and County Staff. Our community has been completely left out of this process.

Your Planning Group has written detailed and extensive letters to Rep. Issa, Senator Padilla, *The Indian Affairs and Insular Committee* and the *Indian Affairs Committee*. These letters can be accessed in our MINUTES on the County website with the QR code below. We are seeking a dialogue with our representatives and want to engage in the decisions concerning plans the JIV has for future land use of our town. Rapid commercialization conflicts with our planning area goals to “*preserve natural resources.*”

You can write to these representatives and the House and Senate Committees.
 You can write to our Supervisor, Joel Anderson.
 You can attend our Planning Group Hybrid Meetings. We need your input.
 You can sign up to receive our Agendas & Minutes. jdcpgsecretary2@gmail.com
There are 10,000 residents in Jamul-Dulzura. Our mailing list has 218.

+16694449171,88050022406# US;
+16699009128,,88050022406# US (San Jose)

MISSION STATEMENT

"The mission of the Jamul-Dulzura Community Planning Group is to represent the best interests of the communities of Jamul and Dulzura while adhering to County of San Diego, California Board of Supervisors Policy I-1."

PURPOSE STATEMENT

The purpose of the Jamul-Dulzura Community Planning Group is:

- To provide a public forum where local citizens can learn about issues of importance to them and their community and provide input.
- To carefully consider all input when advising the county on such issues as planning, land use, discretionary projects, and community and sub-regional plans. APPROVED 5/12/2020.

We have vacant seats (9, and 13) and are looking to fill them with people who are looking for a way to help their community. If you are interested, contact Kevin May: kjmavcpg@gmail.com or 619-987-2586. Come join us in making a difference for our communities.
