## Guardian Angels Sitting Service

### Announcing a New Location: The National Capital and Surrounding Areas Washington DC, Maryland and Northern Virginia

#### Local Sitting Service Expands to The National Capital & Surrounding Areas

Guardian Angels Sitting Service LLC recently expanded to the National Capital Area and will be based out of Bethesda, Maryland. New owner, Holly Ludwig, had used Guardian Angels Sitting Service for her own son on multiple occasions and was impressed each time with the quality of the sitters and the professionalism of the agency. After moving back to the DC area she realized that there was a huge need for this type of agency as she could not find anything that compared. She then decided to invest in a license to open a Guardian Angels Sitting Service of her own, in the Washington DC area.

*"I am very excited to have the opportunity to serve local and vacationing families in the National Capital Area. My top priorities in finding sitters for families is to ensure they truly have a love for children and will engage every child at the appropriate level in a safe and responsible manner. I am dedicated to hand-selecting the best of the best for each and every family. They have my word, when they leave their loved one in the care of one of our 'Guardian Angels', they will have the peace of mind and comfort that they truly deserve." Holly said.*

Initially Holly plans to service the following areas: Washington, DC; Bethesda, North Bethesda, and Chevy Chase, Maryland. She will then expand into Rockville, Silver Spring, Potomac, Gaithersburg, and College Park Maryland, and surrounding areas with babysitting. In the future she has plans to venture into Northern, VA; Annapolis and Baltimore MD. In the near future she plans to add elderly companionship and pet sitting. Once established in the above mentioned areas she

will expand to the Delaware Beaches so that vacationing families will be able to enjoy the adult attractions, restaurants and nightlife while having complete peace of mind that their children are safe and being entertained!

For more information on Guardian Angels Sitting Service of the National Capital please visit the website: [www.GuardianAngelsSittingService.com](http://www.GuardianAngelsSittingService.com) or to reach the New office by email: [care@guardianangelssittingservice.com](mailto:care@guardianangelssittingservice.com)

Applications to become a 'Guardian Angel' are currently being accepted in the National Capital Area as well as all other locations serviced by Guardian Angels Sitting Service including: Hilton Head Island, Charleston, and Myrtle Beach, SC; Savannah and Atlanta, GA; Southern New Jersey and Philadelphia, PA and all surrounding areas.

To apply please visit :

Earth Angels Enterprise, LLC is accepting applications across the United States for new Guardian Angels Sitting Service locations that will be privately owned and operated by new owners. After careful screening, each owner will be trained by the founders of Guardian Angels Sitting Service to ensure the same careful screening, quality sitters and exceptional care of children, pets and the elderly.

"We have had a lot of interest in multiple areas so far," said Melissa Monge, an owner. "This is a wonderful business opportunity for someone looking to start a business of their own, who would like to work from home and have minimal start-up costs."

Melissa and her sister/business partner, Christina Walls, built the popular sitting service from the ground up, serving their first family in 2009. Both sisters are mothers and quickly realized that there wasn't a reliable childcare agency with properly screened sitters, who know what to do when a child stops breathing or if a child is choking.

"Because you are literally trusting in their hands all that matters to you, we decided to start our own agency where our high standards and level of care that we expected would be upheld," said Christina. "An agency that did extensive background checks and required CPR certifications. An agency that carefully hand selected sitters who were responsible, interactive, creative and had a love for children of all ages. An agency that felt like family so that even we would leave our own children with the sitters that we would welcome to Guardian Angels Sitting Service."

Guardian Angels Sitting Service LLC is a Babysitter, Pet sitter and Elderly Companion Referral Agency that is bonded, licensed and insured. They place highly qualified babysitters, pet sitters and elderly companions with local and vacationing families. All of their Babysitters, Pet sitters and Elderly Companions undergo a rigorous screening process that includes in-depth application, references, personal interview, a national background check, sex offender search and social security verification. Sitters also are required to be infant/child and adult CPR certified.
