****admin note**** I have no desire to create drama. That is why there is a rule on this page to not speak ill of rescues without proper proof. That rule will always stand. However- this rescue, Doggedly, and it's founder, Barbara, have proven TIME and time again to fail our rescues. There is ample evidence against Barbara and Doggedly. I implore you all to share your experiences. Thank you to all that already have.

So, I, as an admin, bc I started this group and all, don't normally comment on certain rescues. I follow my own rules.

HOWEVER. When I was stupid- I gave 2 dogs over to Doggedly...before they were doggedly...and now those dogs are suffering. And I will FOREVER regret putting dogs in the wrong hands. And by wrong hands I mean Barbara Zuluaga.

Either way- any post on this page that supports HER or DOGGEDLY will be removed. We will NOT support hoarders or assholes here.

Have a problem with it? Take that up with an admin (ahem, me...). If you can get me Mama and/or Hooch back- I will HAPPILY get them into the right homes.

If you are a supporter- good for you. I guess. If you want BETTER information- please feel free to contact me or Ashley Alden. We are both sick of being silenced.

Thank you. Have a good day.

P.S. PLEASE don't trust your rescues with Doggedly. ALWAYS DO YOUR RESEARCH.

ALWAYS question rescues. GOOD rescues will not be offended- they should respect you for it.

That is all. Thanks, have a good day
