BIOGRAPHY

From a Scottish concert hall to the *Gulf's grandest stages*

A classically trained pianist who became one of the Emirates' most enduring musical voices, and now sings in the language of the audience that raised her.

Clarita de Quiroz began piano and percussion at the age of four. By fifteen she had composed her first concerto, **Inamorato**, and was named North East Scotland's Young Musician of the Year. Born in Abu Dhabi and raised in Edzell, Scotland, she has spent two decades building a career that moves fluidly between classical, cinematic and contemporary music.

Her Sony Music debut, **Speak.Delete.Repeat**, introduced her as a songwriter; her instrumental album **A New Key** topped the UAE iTunes charts in December 2024, one of **three No.1 albums** she holds in the Emirates. She has performed for royal families across the Gulf, at the Abu Dhabi Grand Prix, and in support of Sir Elton John and The World of Hans Zimmer.

"I realised then, the power of music."

In 2025 she signed with **Believe Music** to release her Arabic-language work, bridging cultures through song. In December 2025 she stepped onto the concert stage as a featured vocalist with the **UAE Philharmonic Orchestra** in *Reel to Real: A Cinematic Symphony*. Beyond the stage she holds a Master of Laws (LL.M) and is pursuing doctoral studies in Dubai, and was named among the **Khatoonpreneur Top 50 Female Entrepreneurs** of 2024.
