- If you choose NOT to translate the page, on the top of the page you will see icons near the Macabbi symbol. Go to "איתור שירות" icon and you will see a drop-down menu. The first option is "רופאים ורופאות"--This is what you want!
- This screen will have 5 open boxes in which you can type various identifiers of the specialist:
NAME OF DOCTOR שם רופא/ה
FIELD OF CARE(specialty) תחום טיפול
TYPE OF TREATMENT סוג טיפול
CITY ישוב
ADDRESS כתובת
- You can put in as much or as little information as desired. Name and/or specialty and/or city. Then press the large blue button on the bottom of the page חיפוש. This will propagate a list of the desired specialists.

- On this list of specialists, you will see two tabs. One will say “רופאי מכבי”. These are the specialists that you may see without any additional charge.
 - There is also a tab that says “במשלים מנתחים ויועצים”. This is the list of specialists who will require an additional fee to be seen (usually 200-400 shekels a visit). These specialists’ appointments will usually be available a bit sooner than others.
 - If you press on the name of the specialist, you will be able to see the address/phone number and the soonest appointment (תור פנוי קרוב). When you want to book an appointment you can press on the blue button “זימון תור”
 - You will then be instructed to put in your teudat zehut (זהות תעודת) and your birth date (תאריך לידה)
-
- Sometimes the system will show an available appointment but then when you try to book an appointment you will see that you have to call the office. **Do not be discouraged.** Keep trying. Part of this exercise is to learn the system and to try to get the services that you need. You can always call our office for additional assistance.
