

Instructions for Minimal Bi-fold Wallet

00-10 H

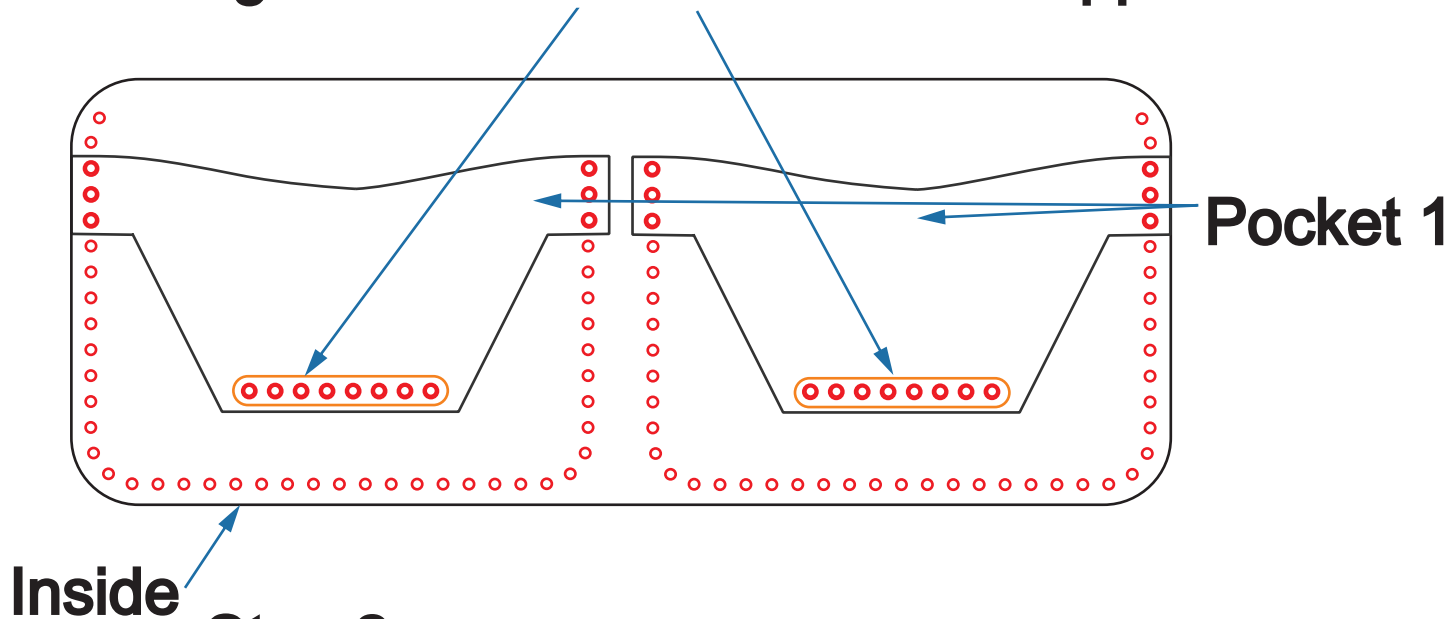

Minimal Bifold Wallet

#01-10

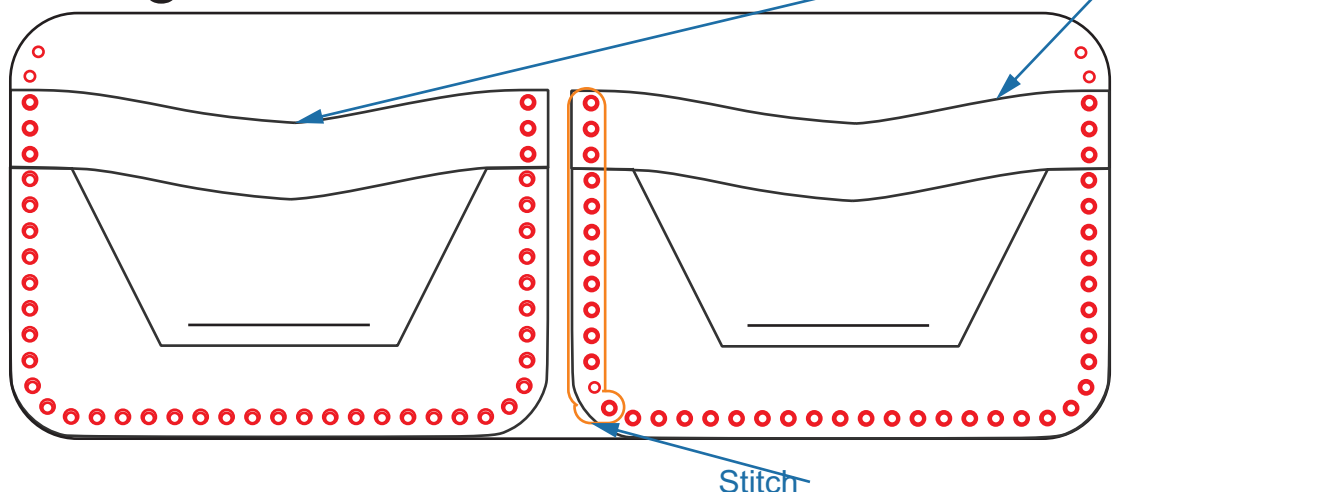

Step 1

Stitch the two partial pockets to the inside wallet piece. We usually use a lighter thread like 207 for this application

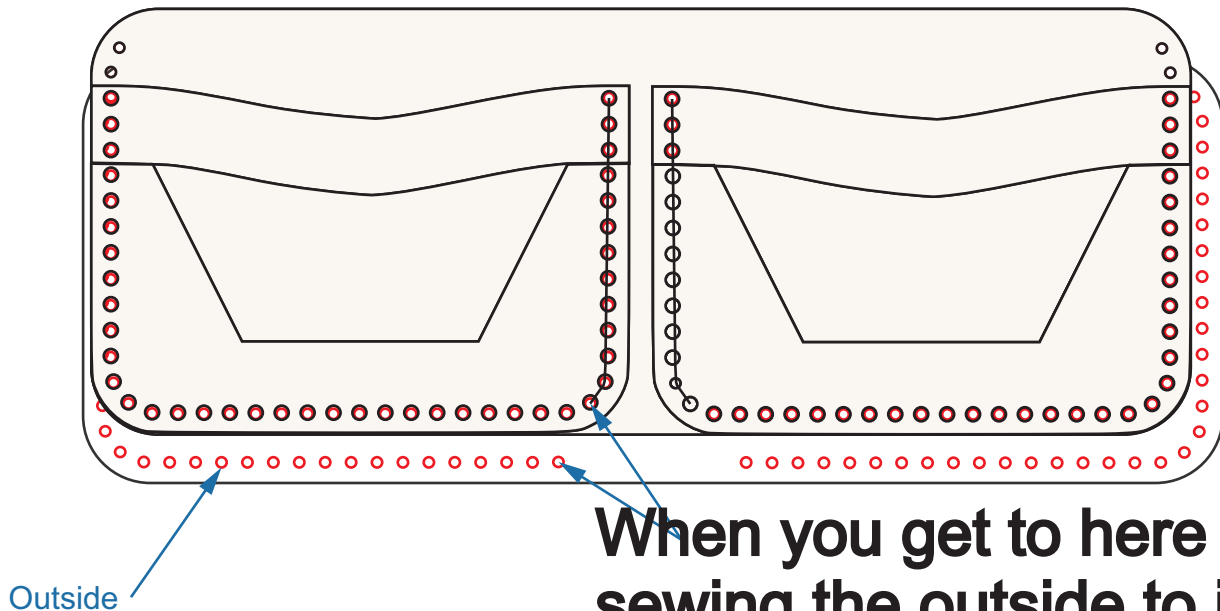

Step 2

Place pocket 2 on inside piece and stitch as shown. We use 1mm tiger thread here.

When you prepare the thread for stitching prepare enough for the whole stitch line.

Step 3

When you get to here start sewing the outside to inside. Repeat for the other side.
