

Geographer

I will be able to:

- Have an understanding of the World's most significant human and physical features.
- Locate the World's countries using maps, globes and atlases and to be able to describe the features studied.
- Ask questions about the World and make connections between human and physical geography.
- Use field work to apply the use of compasses, map reading, keys, sketch maps, plans, graphs and digital technologies.
- Use geographical vocabulary
