

Governor End of Year Report

"I am able to do all things by the one who strengthens me" - Philippians 4:13

Our Academic Year 2018-2019

I think the end of the academic year often feels quite nostalgic when I look back over all that has been achieved, and we prepare to say goodbye to another group of Year 6 children.

We've been fortunate to have another excellent year, fully immersing ourselves in the enriched curriculum (which you can find displayed on our beanstalk in the atrium) as well as our regular curriculum. We've also taken the opportunity to spend more time in our house groups and ensured our collective worships are interactive and children led wherever possible. Some of the events we've enjoyed as part of our enriched curriculum are visits to the pantomime, World Book Day (pictured) and regular forest schools sessions and, as you will see further on in this newsletter, our SATS results are really something to be proud of too.

I would like to take this opportunity to congratulate our Year 6's on their SATS results and wish them all the very best of luck in their secondary schools

88

% of Year 1 children passed the phonics screening test compared to 83% nationally.

176

The number of hours spent in meetings by your governing body.

111

The number of children at our school from September 2019

Andrew Vintner has continued to support Mr Comasky with weekly Forest Schools sessions.

The children absolutely love this time in The Dell, and the hot chocolate is always a hit!

Church School Inspection

Many of you will be aware we had our Church Schools Inspection during July. We were absolutely thrilled to be awarded the highest judgement of Excellent.

So what else have we been upto?

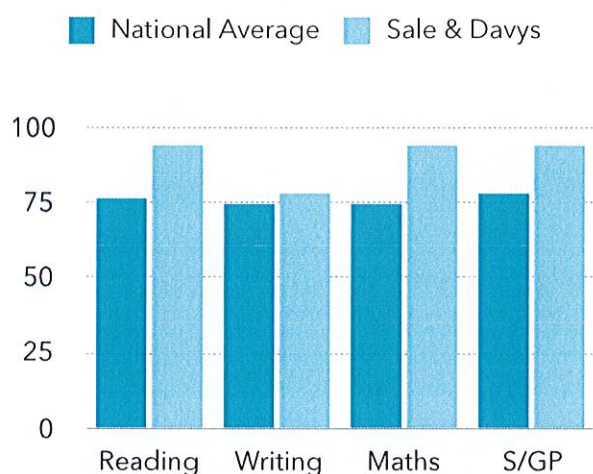

All Governors have specific areas of responsibility, as well as the more general ones. For example, as Chair, mine include Personnel and Finance, as well as English and Pupil Premium. All Governors will, over the course of the academic year, meet up with the teachers who also head up these subjects and priorities, to discuss any new initiatives, areas for concern and teaching styles which are working well. Sometimes we will come into school to get involved in topics such as Arts Week and Science Week and this has been particularly interesting now that the children are often in their house groups for such times.

Judith Thompson and Kathy Slater, our Foundation Governors, have continued to meet regularly with Catherine Hetherington to discuss SIAMS and the new framework for it. Rob Grover has been into school to observe a lesson on materials and see Dart class in full swing. Andrew Vintner has also attended three school trips; including the panto, Woolaton Hall and Hardwick Hall.

Key Stage 1 Results

% of pupils achieving "expected" or better compared to national average.

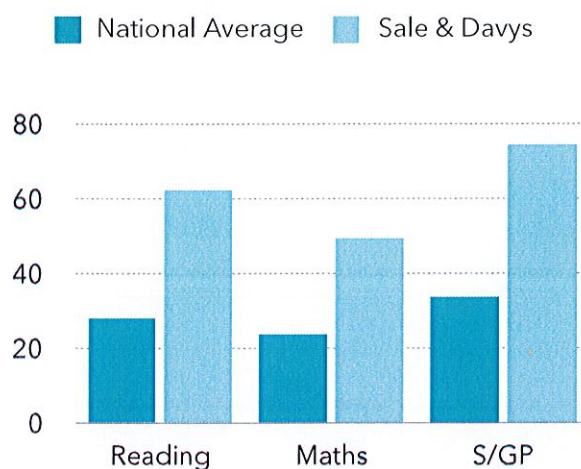

Key Stage 2 Results

% of pupils achieving "expected" or better compared to national average.

Key Stage 2 Greater Depth Results

% of pupils achieving "Greater Depth" compared to national average.

There are 11 governors who make up your governing board. A list of our roles and responsibilities, as well as meeting minutes, can be found on the school website.

A huge thank you to all the staff, the families who continue to support our school, the PTA who put so much effort into fundraising to give our children so many opportunities, and the children themselves for always making us proud when they're out and about representing Sale and Davys. Have a wonderful summer.
