Dear Parents,

15th July 2022

Re: Heatwave 18th and 19th July 2022

Extreme temperatures are forecast for Monday and Tuesday of next week and the school is putting a range of measures in place to ensure that children remain safe at all times. If your child is feeling unwell, please do not send them to school on these days.

Please ensure that children have a hat (wide brimmed if possible), sunscreen (applied before coming to school) and water bottles (preferably with ice or frozen completely). You may send your child in loose fitting, light coloured clothes covering their upper arms. School uniform does not have to be worn.

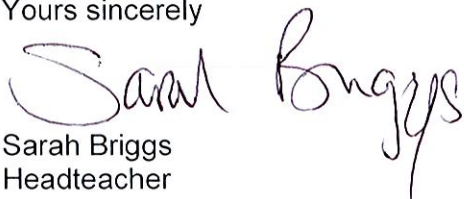

Time outside will be spent in the shade and children will not be taking part in any vigorous physical activity. All PE sessions for next week will be cancelled.

The Year 6 treat will now be moved to the morning as temperatures are at their hottest in the afternoon. Pizza will be provided for the Year 6 children at lunchtime and they will now be leaving school at the normal time.

The warnings are now at a red level and we will advise you of any further updates from the Government, Local Authority and DDAT

Thank you for your support with this

Yours sincerely

Sarah Briggs
Headteacher
