

“Mighty Mountains” Homework Grid

- Choose a different homework each week
- Ensure you follow the homework instructions accurately
- Date and title each piece of homework. This should be underlined in pencil, using a ruler.
- Writing should always be on lined paper
- Please write in joined handwriting using a handwriting pen or a pencil. Biro should not be used
- Rulers must be used for straight lines and underlining
- All art work should be drawn in pencil and coloured with pencil crayons unless other media is specified
- Please include a printout in your homework book of any work emailed to school.
- An adult must check your work for quality and presentation.
- A merit will be awarded for each homework completed and additional merits will be given to recognise presentation and effort.

ART	ENGLISH
Research the art of Andy Goldsworthy. Create a sculpture or picture in this style and photograph or draw it.	Find out about a mountain in the UK. Write a factfile with your work organised under subheadings.
GEOGRAPHY	COMPUTING
Where is Mount Everest? Plot it on a map including these place names: Nepal, Tibet, Bhutan, India, China. Add the names of the capital cities for these countries. Please draw the map in pencil with neat labelling, coloured with pencil crayons.	Find images of six different mountains. Label with their names and print off or email to school. <i>jcomasky@saledavys.derbyshire.sch.uk</i>
HISTORY	Maths
Imagine you are living in Pompeii, Italy in 79AD. Suddenly you hear an enormous explosion. Write an account of what happens next.	Research the height of Earth’s 5 highest mountains. Put the information into a table and represent it with a bar chart. Bonus merit: Find the difference in height between each of these mountains.
