From A-Z: Animals Get Funky!

by Sarahndipity Johnsen

About the Book and Album

Who says giraffe's can't dance? Now children of all ages can dance, sing along, and learn the Animals Get Funky moves like Giraffe Get Down, Kangaroo Kung Fu, Alpaca Alignment, Sloth Swagger, Hip-Hop Hippopotamus, and Unique Unicorn.

This One Book, One School Award Winner shakes and shimmies with its playful rhyming text and vivid acrylic illustrations.

"This engaging alphabet book will have the whole family moving and grooving, wiggling, and giggling. Guaranteed to promote social-emotional intelligence, body awareness, and creativity." - Anne Green Gilbert developer of BrainDance.

Comes with a BONUS 26 song CD, *Animals Get Funky!* This toe-tapping, multi-genre album provides a Rockin' Raccoon soundtrack to your families' big adventures!

One of the musicians, Katie Gray, recently sang on the Today Show.

About the Author

As an award-winning educator, international entertainer, and philanthropist, Sarahndipity delights in crafting programs designed to inspire and enthuse. While obtaining her M.Ed., a fire lit within her inspiring *Animals Get Funky!* and other books, albums, videos, curriculum, and live events. She inspires imaginations to take flight through creative arts. She loves collaboration and has joyfully co-created with Beats Antique, Bonnie Raitt, Taj Mahal, Buddy Guy, Joe Cocker, The Motet, and many other amazing artists. She's even fire danced as a Pirate in the Caribbean. Sarahndipity crafts and dreams among the Pinyon Pines of Colorado with her incredible husband and multitudes of wild, dancing animals.

Praise

"Sarahndipity's delightful rhymes and Amanda's lively illustrations will entrance readers of all ages. This engaging alphabet book will have the whole family moving and grooving, wiggling, and giggling. Guaranteed to promote social-emotional intelligence, body awareness, and creativity." - Anne Green Gilbert, educator, author, and developer of *BrainDance*

"As a mother, I couldn't imagine a more important or applicable life skill then creative expression. This book gives parents a guide to helping their children find fun, creative, and musical ways to express themselves. I wish I had this for my daughter when she was little!" - Lisa Wimberger, author and founder of The Neurosculpting Institute®

"An artistic alchemy of education and entertainment. Sarahndipity strategically merges movement, mindfulness, and music, guiding children to create their own sacred stage for growth and joy." - Anam Cara Cat, author of *Birdseed: A Guide to Teaching Emotional Intelligence in the Primary and Secondary Classroom*
