Who we are

Northstar Maintenance Management Inc. is a Minnesota-based, 100% woman-owned distributor of certified compostable food service packaging and zero-waste solutions. We help dining services, venues, schools, and public agencies replace single-use plastics, stay compliant with organics recycling requirements, and send less to landfill.

CompostitALL.com® Distribution, sales, and fulfillment of compostable food service and food waste supplies.

Forever Free™ Our own brand of BPI-certified compostable products, made with no added PFAS, no petroleum-based plastics, and no trees in our paper products.

ZWai™ Zero Waste Diversion Intelligence: a scan-to-sort app, AI assistant, and online ordering portal that keep contamination out of the compost stream.

Core competencies

- Distribution and fulfillment of compostable and sustainable food service packaging to dining services, venues, and institutions
- Food waste collection supplies, including compostable bags and liners
- Custom printed compostable cups and bowls
- Consulting with recycling departments, sustainability coordinators, and event and catering teams on organics compliance and zero-waste programs

Differentiators

- More than 1,000 certified compostable products, backed by deep knowledge of materials, certifications, and end-of-life waste management
- Product specialists with 20 years in the sustainable packaging industry
- Inventory storage for pre-purchased product, so customers who plan ahead stay in front of shortages and manufacturing delays
- Our own Forever Free product line and ZWai diversion technology, all from one supplier

Past performance

- Huntington Bank Stadium
- University of Minnesota retail locations, with Aramark and Compass Group USA
- Local Costco warehouses
- Hundreds of local and national private restaurant owners
- Awarded vendor, Minnesota State Contract #276235
