

Glendale Elementary School

Grant Amount \$500.00

Project Funded: Live Theater Performances

Target Audience: Second Grade Students at Glendale Elementary

Final Report from Glendale Elementary School:

Shannon Bonno, teacher at Glendale Elementary, submitted the grant report below. She also attached pictures, some of which are shown below (please do not share or post).

The Bill and Dottie Foundation grant allowed Glendale Elementary second graders to attend a play performance performed by the Tennessee Theatre Company. This performance was held at the Sharonville Convention Center this past February 2024. Approximately 42 second graders attended and absolutely enjoyed every minute. Many of our students would not otherwise have the opportunity for an experience such as this, without the Bill and Dottie Wilder Grant. We greatly appreciate this opportunity. There were two performances, The Three Little Pigs and Little Red Riding Hood, both classic children's tales. Each of the tales were performed by actors on stage with full costume and props. Each tale included a lesson or moral with interactive moments within the plays for the audience to also get involved. The students shared great excitement and many even included it in their end of the year memories. Again, we appreciate the grant being awarded to our second graders at Glendale Elementary School.
