

# Remember

(Gen 8&9)

[Joe Vermeulen]

1. Afloat on the waters – day after day  
Glad for the sunshine – after the rain  
Hearing the splashing – feeling the motion  
Adrift in the ark – the world is an ocean

Fill:

2. The mem'ry of dry land  
Now seems so distant  
Hard to believe – the world be so different  
But here on the ark – our family survives  
Trusting tomorrow – the Lord will provide again

Fill:

Pre-chorus:

Our hope – is in – the Lord  
That He – will save – like before

Chorus:

'Cause You – You made the moon and stars  
You told me to build this ark  
So we are saved  
Your marvellous deeds  
Your marvellous grace

Remember – remember your servants here  
The animals placed in our care  
(Please) hasten the day  
Lord make a way  
That we might see dry land (again)

Fill:

3. Our home is a refuge – by God's design  
Rooms filled with creatures – on every side  
Our days filled with feeding – scrubbing and cleaning  
Amazed at them all – the small to the tall

Fill:

4. At night time the wonder – the dark comes alive  
Billions of stars – alight in the sky  
The sea like a mirror – a glittering dance  
Reflecting the glory – of heaven's expanse

Fill:

Pre-chorus 2:

Our hope – is in – the Lord  
That He – will save – like before

Chorus 2:

'Cause You – You made the moon and stars  
You told me to build this ark  
So we are saved  
Your marvellous deeds  
Your marvellous grace

Remember – remember your servants here  
The animals placed in our care  
Hasten the day  
Lord make a way  
That we might see dry land

Bridge:

A shift in the wind  
A move on the bow  
Water receding  
A thud from below

Mountains appearing  
Waters are clearing  
Joy in the air  
(Our) freedom is near

End Chorus:

You remembered  
Placing your bow in the sky  
A covenant ring on high

The rainbow You gave  
Never again – flooding the earth

By your mercy  
Now we can start again  
Increasing and bearing new life  
Commanded to go – fill all the world  
And live for Your glory again
