

1. From the rising of the sun
To where it sets the Lord be praised
Ev'ry tribe and tongue
Sing to God a brand new song
Ev'ry nation praise
Make Him great
Bless his holy Name
Oh come and bless his Name

All the people 'round the world
Join in song to praise the One
Who made us all

Lord we praise You for the rains
For sunny days - as seasons change
Thank You - every breath we breathe
Is life You give - so good and free

For your blessings great and small
We thank You Lord

2. All the flavours 'round the world
Aroma, spice, the sights and sounds
Colours on display
As cultures bloom in their own way
Music, poetry - across the lands - from every ocean shore
Oh - let your voices roar

All the biomes round the world
Climate and nature makes a home
To live and grow

Endless beauty on display
From grassy plains - to mountain range
Desert colours in the sands
Our island shores - our jungle lands

Rivers flow into the sea
The golden sands where waves roll in
Awestruck - look up at the sky
The stars at night - how small am I?

All creation sings your praise
Through every age

See his glory - it tells the story
Behold your Maker - God! Creator!
From every distance - our eyes can listen
With all creation - come join the chorus

We see your glory - we sing your story
You our Maker - our God creator
From every distance - our eyes will listen
With all creation - we join the chorus
