

COASTAL AUTHORITY CARE FOUNDATION 2020 ANNUAL REPORT

OUR MISSION:

Coastal Authority Care Foundation, Inc. is a nonprofit corporation organized and operated exclusively for charitable purposes, specifically to provide grants to veterans with service-connected injuries, especially the “invisible wounds” of mild traumatic brain injury and post-traumatic stress disorder. Our Medical Treatment Grant program will help pay for cutting-edge medical treatment, such as hyperbaric oxygen therapy and neurofeedback, that is not covered by insurance, which may provide symptom relief to help restore quality of life and ultimately, prevent veteran suicide.

Additionally, we may also provide grants to veterans, their spouse or other accompanying family member to help pay for travel and lodging expenses associated with treatment.

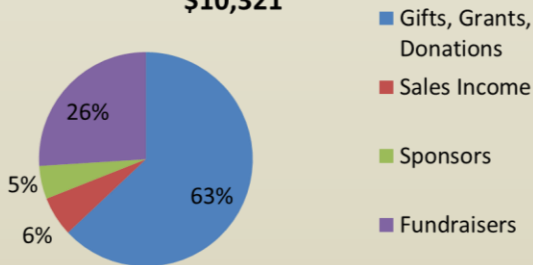

Eligible applicants are veterans with service-connected injuries.

2020 FINANCIAL HIGHLIGHTS

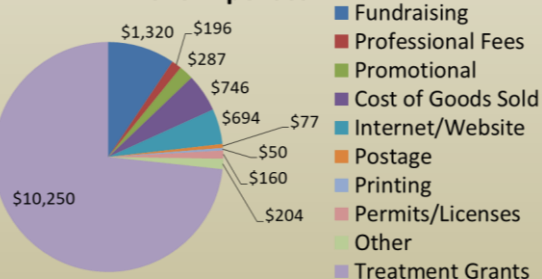

- Due to the pandemic, fundraising income was down substantially since we had to cancel our biggest fundraising event of the year, Band Aid Music Festival. However, most of the people who bought tickets early were kind enough to let us keep those early ticket sales as a donation.
- In spite of the pandemic, we had a 30% increase in Gifts, Grants and Donations from our generous donors.

2020 Sources of Revenue

\$10,321

2020 Expenses

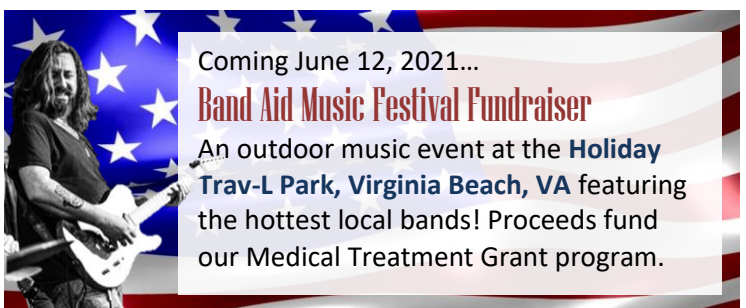

Helping **ONE VETERAN** at a time gain access to hyperbaric oxygen therapy or neurotherapy, which may provide symptom relief from TBI/PTSD and restore quality of life.

From the President:

A BIG THANK YOU to our officers, directors, partners and volunteers who gave their time and energy to make this organization possible in our community in a very tough year. And **A SPECIAL THANK YOU** to our gracious **DONORS** whose support enabled us to give treatment grants that made a difference in the lives of five veterans and their families. With your support, we hope to be able to increase that number tenfold in 2021. – Jill Crist
