HEALTH CARE POLICY

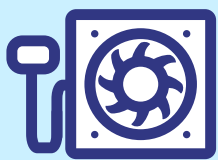

PTYCP's Operational Health Care Policy with OCFS is caring for well children only. Your child must remain home when experiencing symptoms, and may return to programming, as outlined in the Health Care Policy.

COVID-19 GUIDANCE

Find current DOH & OCFS guidance here:

[OCFS COVID-19 Guidance](#)

PTYCP accepts PCR or rapid antigen home tests provided that TWO rapid antigen tests are given (1) at onset of symptoms, (2) 24-36 hours after test (1), consistent with the instructions that accompany the test kit. Photographs of the two test results with the date and time each test was administered must be submitted as proof of a negative test result.

MEDICAL-GRADE HEPA FILTER

Removes 99.9% of particles down to 0.1 micron,
cleans the air in the room every 15 minutes
ozone free , continuously run during program hours.

HEALTHY HABITS & DISINFECTING

Frequent hand washing; hand santizing, and increased practice for health hygiene, respiratory etiquette.
Frequent cleaning & disinfecting practices of materials and program space indoor and outdoor.
