

Date: February 12, 2025

Hello,

It was a pleasure speaking with you about the Lakes of Deer Creek. I appreciate the opportunity to present our proposal to your community. We've compiled our pricing based on 91 units. The core objectives reflect the features according to the standard plan.

Core Objectives

- Centralized communication portal for all residents and board members
- Community calendar of events with the ability to send notifications and reminders
- Private social network for residents to like, comment and favorite posts
- Responsive and opulent, public-facing website
- 5 Channel approach to communication including segmented emails, push notifications to our IOS and Android applications, smart calls, and unlimited SMS messaging.
- Transparent service request feature, allowing back and forth communication from residents to board members and staff about common requests
- Easy to maintain database of tenants, owners, parking, vehicle and pet information
- Libraries of governing documents, by-laws, and more with various levels of access
- iOS and Android applications making access to community information effortless
- Voting/ Survey tool to gain resident feedback on various opinion based issues
- Virtual meetings allowing board meetings to be held online without any additional fee
