LIFEWAVE PATCHES & ENERGY ENHANCEMENT SYSTEM

(Both are science-based cell regeneration)

1. ELEVATE

X39 - General use; activation of stem cells; resets stem cells to a more youthful state.

X49 - Focused use; activation of stem cell; improves cognitive function; increase in stamina/strength/muscle mass; a decrease in body fat.

2. ACTIVATE

The elevated GHK-Cu peptide activates our own stem cells. GHK-Cu peptide has many other benefits.

3. REGENERATE

✓ The use of stem cells to treat human diseases is now termed “regenerative medicine.”

✓ In adults, stem cells serve as the body’s repair system. Stem cells possess the capability of dividing to replenish themselves.

✓ When GHK-Cu is elevated, it resets the genes in the body to a younger, healthier state.

✓ After using X39 for only 6 weeks, the vascular system behaves as if it were over 2 months younger!

Energy Enhancement System

The EESystem generates multiple bio-active life enhancing energy fields, including “scalar waves” which can allow cell regeneration, improved immune function, provide relief from pain, detoxify the body, elevate mood, assist in balancing right and left hemispheres of the brain and increase energy levels. This technology has been presented at more than a dozen medical, scientific, and professional conferences.

The EESystem is not intended to treat, cure, prevent or diagnose. Medical advice should be obtained from a qualified healthcare practitioner. EESystem makes no claims. However, we have witnessed some miraculous changes in those who have used the EESystem. Because the EESystem does promote detoxification **WE HIGHLY RECOMMEND** that people experiencing it keep themselves hydrated with a lot of water and take sea salt baths to help and reduce possible detox symptoms (eg: headache, fatigue, nausea)
