B.B. Dance Productions Safety Guidelines 2022-2023 Operations:

Child safety and well-being are top priorities for our students at B.B. Dance Productions!

In recognition of continued pandemic uncertainties, BB Dance Productions will continue to follow guidance from the CDC and evaluate such information while focusing on the health and well-being of our studio facility and family.

- Parents will assess their child at home for symptoms, consider if they have been exposed to illness or have traveled within the past 14 days; Students will be temperature screened and submit a green Daily Screening Form upon arrival. All Staff will follow same protocol.
- Masks (for all) will be properly worn from entry, through activity and exiting the facility and attention given to social distancing.
- Students and staff must stay home or return home if symptoms present at home or entry. Students and staff must be fever/symptom (below 100.4) free 72-hours (without medication) before returning. Students and staff exposed to an individual testing positive for COVID-19 must self-quarantine in accordance to CDC guidelines. Studio must be notified to ensure safety protocol.
- Drop off and pick up procedures control traffic in and out of building.
- If operations are disrupted during the course of the year, we will establish virtual instruction.
- Lobby is closed; non - participants (parents, babysitters, siblings etc. are not be allowed to wait inside of our studio building.
- All business transactions and questions continue to be handled online and off site. Make sure your contact information remains current.
- For Drop off: Students are walked to Check In by parent, temperature taken (below 100 to remain) and Daily Screening Form submitted. If unforeseen late arrival occurs, call studio to arrange check in.
- For Pick up: Students dismissed from the back of the building. Parent remains in car.
