EXECUTIVE SUMMARY

The Texas Department of Public Safety (DPS) is responsible for collecting crime statistics from local law enforcement agencies and submitting the information to the Federal Bureau of Investigation (FBI) for inclusion in the national Uniform Crime Reporting (UCR) Program. DPS publishes this annual crime report and provides the data in a searchable format on its public [website](#). Participation in the FBI UCR Program is voluntary, and as of 12/31/2020, 1,220 Texas law enforcement agencies submit crime data to the program.

Detailed, accurate, and timely crime data enables the identification of patterns and trends within and across jurisdictions and is essential in developing, implementing, and assessing evidence-based policing strategies. This data is also important to policymakers at all levels in the performance of their public safety responsibilities, and it provides Texas citizens meaningful information about crime in their communities and state.

For almost a century, the primary means to collect and report national crime statistics had been the Summary Reporting System (SRS) methodology in the FBI's UCR Program. SRS collected data on eight crime types, called index crimes, divided into two categories: violent crime (murder, rape, robbery, and aggravated assault) and property crime (burglary, larceny-theft, motor vehicle theft, and arson).

2020 was the last year that the FBI and DPS accepted SRS data submissions. Beginning in 2021, crime data will only be reported to the FBI's National Incident-Based Reporting System (NIBRS).

National Incident-Based Reporting System

DPS has been working with Texas law enforcement agencies over the past five years to help them transition to NIBRS electronic submissions and away from the outdated SRS submissions. NIBRS derives its data from law enforcement automated record management systems, eliminating the time-consuming manual reporting process.

NIBRS collects data on a single incident and arrests within 22 offense categories of 46 specific crimes called Group A offenses. For each offense reported to law enforcement, specified types of facts about each crime are reported. In addition to the Group A¹ offenses, there are 11 Group B² offense categories for which only arrest data are reported.

NIBRS will be able to furnish information on several major criminal justice issues, including gangs, organized crime, terrorism, sex trafficking, child pornography, hate crimes, weapons offenses, drug offenses, child abuse, elderly abuse, domestic violence, white collar crime, juvenile crime, drug and alcohol-related offenses and driving under the influence.

¹ Group A Offenses include: Arson, Assault, Burglary, Counterfeiting, Destruction of Property, Drug Offenses, Embezzlement, Extortion, Fraud, Gambling, Homicide, Human Trafficking, Kidnapping, Larceny/Theft, Motor Vehicle Theft, Pornography, Prostitution, Robbery, Sex Offenses, Stolen Property and Weapons offenses.

² Group B Offenses include: Bad Checks, Curfew/Vagrancy, Disorderly Conduct, Driving Under the Influence, Drunkenness, Family Offenses (Non Violent), Liquor Law Violations, Peeping Tom, Trespassing and Other Offenses.

2020 Texas Crime Index

The annual crime index for Texas is reported by rate and by volume. The index crime rate is the number of the identified offenses committed per 100,000 population. Doing so allows for consistent comparisons between years without the impact of population changes. The FBI provides yearly population totals based on Census Bureau estimations to calculate the index crime rate in local and state jurisdictions. Crime volume is the aggregate sum of the offenses.

In 2020, the Texas index crime rate was 2,666.7 crimes per 100,000 population, a 4.0% decrease from 2019 based upon the Census Bureau 2020 population estimation of 29,360,759. The index crime volume in 2020 was 782,974, a 2.8% decrease over 2019 numbers. The Total Texas Crime Rate includes both violent and property crimes and calculates them together. The violent crime rate increased by 6.6% from 2019 while violent crime volume increased by 7.9%. The property crime rate decreased by 5.9% from 2019 with a 4.7% decrease in property crime volume from 2019 figures.

Table ES 1: Crime Rate by Offense^{1,2}

Texas Crime Rate by Offense			
Offense	2020	2019	% Change
Murder	6.6	4.8	35.6
Rape	45.4	50.5	-10.2
Robbery	91.1	99.5	-8.4
Aggravated Assault	299.8	260.7	15.0

² Percentages below 0.1 percent are displayed as 0.0 percent.

Assaults on Police Officers

There were 5,261 assaults on police officers during 2020, compared to 4,838 in 2019. It was an increase of 8.7% from 2019. Seven Texas law enforcement officers were killed in the line of duty, and five died in duty-related vehicle crashes.

INDEX CRIME TRENDS

Crime trends generally look at the two categories of crime previously discussed: violent crimes (or crimes against persons) and property crimes. Texas index crime trends are analyzed using two different methods: crime volume and crime rates.

Crime Volume

Crime volume is merely the aggregate sum of the offenses within the Crime Index. By comparing the crime volume from year to year, trends in the number of crimes committed can be studied and analyzed. Crime trends generally look at the two categories of crime previously discussed: violent crimes (or crimes against persons) and property crimes.

Table 1.1: Index Crime by Volume¹

Offense	2020	2019	% Change
Murder	1,927	1,403	37.3
Rape	13,327	14,656	-9.1
Robbery	26,750	28,854	-7.3
Aggravated Assault	88,030	75,595	16.4
<i>Violent Crime Total</i>	<i>130,034</i>	<i>120,508</i>	<i>7.9</i>
Burglary	108,015	112,405	-3.9
Larceny-Theft	461,421	496,279	-7.0
Motor Vehicle Theft	83,504	76,687	8.9
<i>Property Crime Total</i>	<i>652,940</i>	<i>685,371</i>	<i>-4.7</i>
Total	782,974	805,879	-2.8

Crime Rates

Crime rates are compiled to compensate for changes in Texas' population and show the number of people affected by crime in a given population. Texas crime rates are expressed as the number of crimes per 100,000 persons.

During the calendar year, Texas' crime rate was 2,666.7 crimes per 100,000 persons. The rate decreased 4.0% from 2019. The 2020 crime rate is based on the 2020 estimated Texas population of 29,360,759.

¹ All percentages are rounded to the nearest tenth.

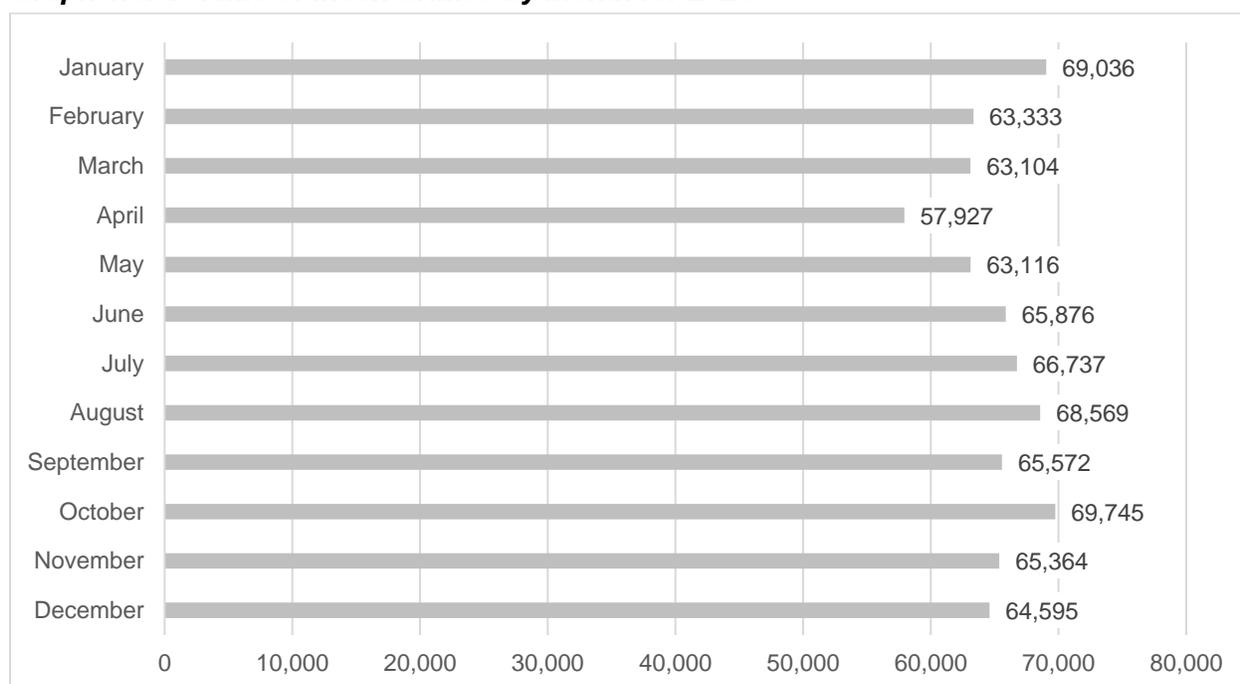

Table 1.2: Crime Rate by Offense¹

Offense	2020	2019	% Change
Murder	6.6	4.8	35.6
Rape	45.4	50.5	-10.2
Robbery	91.1	99.5	-8.4
Aggravated Assault	299.8	260.7	15.0
<i>Violent Crime Total</i>	<i>442.9</i>	<i>415.6</i>	<i>6.6</i>
Burglary	367.9	387.7	-5.1
Larceny-Theft	1,571.6	1,711.5	-8.2
Motor Vehicle Theft	284.4	264.5	7.5
<i>Property Crime Total</i>	<i>2,223.9</i>	<i>2,363.7</i>	<i>-5.9</i>
Total	2,666.7	2,779.3	-4.0

Annual Crime Trends

Monthly crime variations show that in 2020 crime occurrences peaked in October, with a total of 69,745 index crimes. The second highest month was January, with a total of 69,036.

Graph 1.3: Volume of Index Crimes by Month for 2020

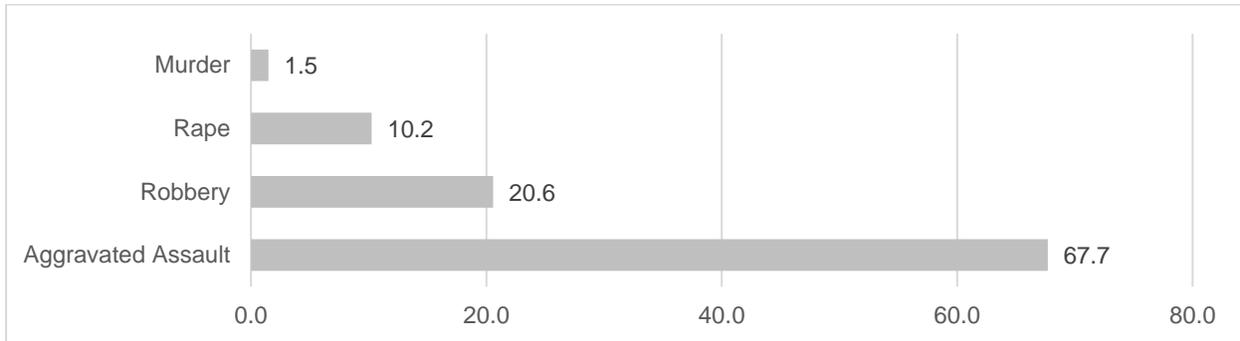

¹ All percentages are rounded to the nearest tenth.

Violent Crimes

Violent crimes involve the element of personal confrontation between the perpetrator and the victim. Because of their nature, violent crimes are considered more severe than property crimes. A reported 130,034 violent crimes occurred during 2020, a 7.9% increase from 2019. The violent crime rate was 442.9 crimes per 100,000 Texans, a 6.6% increase from 2019. In 2020, 16.6% of the Crime Index were violent crimes, and 83.4% were property crimes.

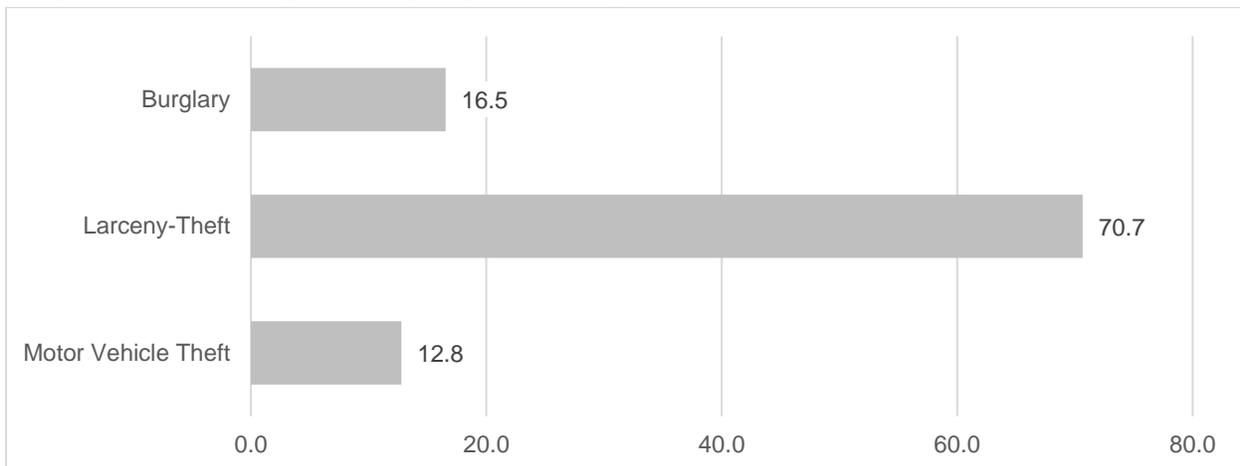

Graph 1.4: Percentage of Violent Crimes by Offense¹

Property Crimes

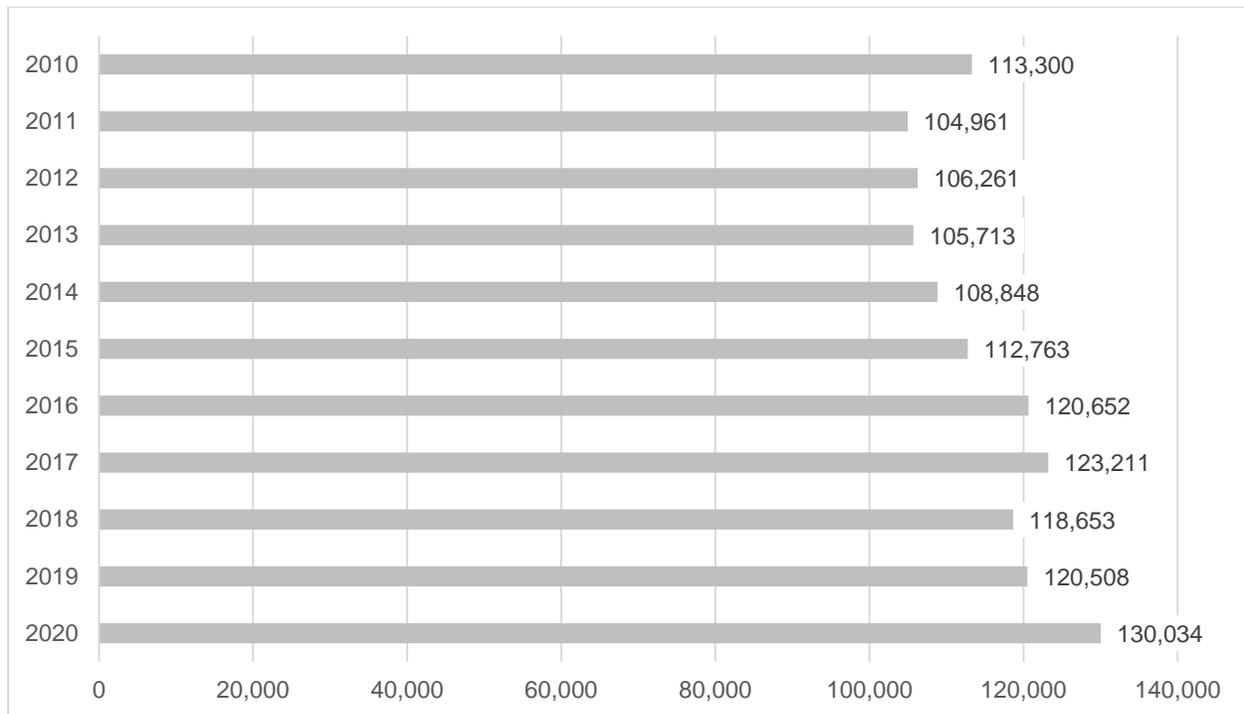

The number of property crimes reported in 2020 was 652,940. Property crimes by volume decreased 4.7%. Burglary accounted for 16.5% of all property offenses, larceny-theft accounted for 70.7%, and motor vehicle theft accounted for 12.8%. The 2020 property crime rate was 2,223.9 crimes per 100,000 Texans, a decrease of 5.9% compared to the rate for 2019.

Graph 1.5: Percentage of Property Crimes by Offense¹

¹ All percentages are rounded to the nearest tenth.

Graph 1.6: Volume of Violent Crime Offenses from 2010 - 2020

Clearances

For Uniform Crime Reporting purposes, an offense can be “cleared” one of two ways:

1. By arrest
 - a. The arrest of one person can clear several crimes or several persons may be arrested in the process of clearing one offense.

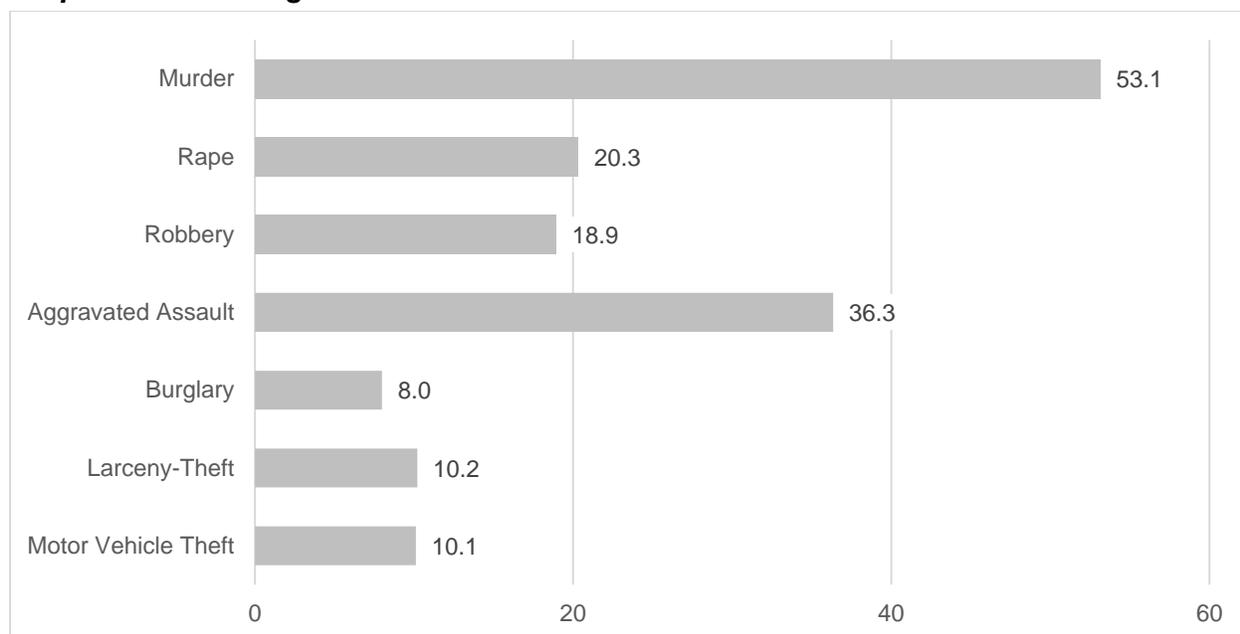

OR

2. By exceptionally means
 - a. Law enforcement agencies can only clear a crime by exceptional means when all four of the following criteria are met:
 - i. The agency has established the identity of the offender,
 - ii. enough evidence exists to support an arrest, charge, and turning over to the court for prosecution,
 - iii. the exact location of the offender is known so that the subject could be taken into custody now, and
 - iv. some element beyond law enforcement control that precludes arresting, charging, and prosecuting the offender.

Law enforcement officers cleared 13.4% of all index offenses reported to them in 2020 by arrest or exceptional means. Of all the violent crimes reported, 31.4% were cleared, while 9.8% of all property crimes were cleared.

Within the violent crimes reported, clearance percentages are as follows: murder 53.1%, rape 20.3%, robbery 18.9%, and aggravated assault 36.3%.

Graph 1.7: Percentage of Index Crimes Cleared¹

Stolen Property Value

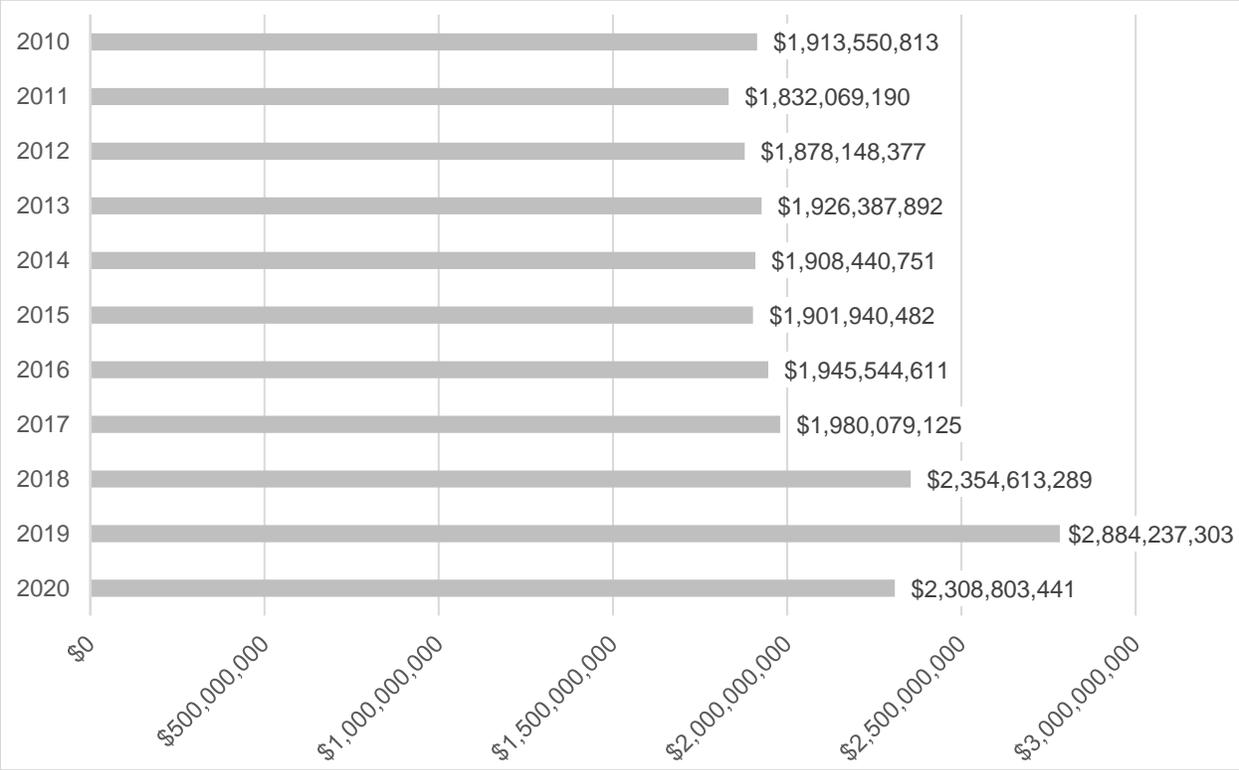

The total estimated value of reported property stolen during 2020 in Texas was \$2,308,803,441. This value is a 20.0% decrease from 2019.

Table 1.8: Value of Property Types Stolen and Recovered

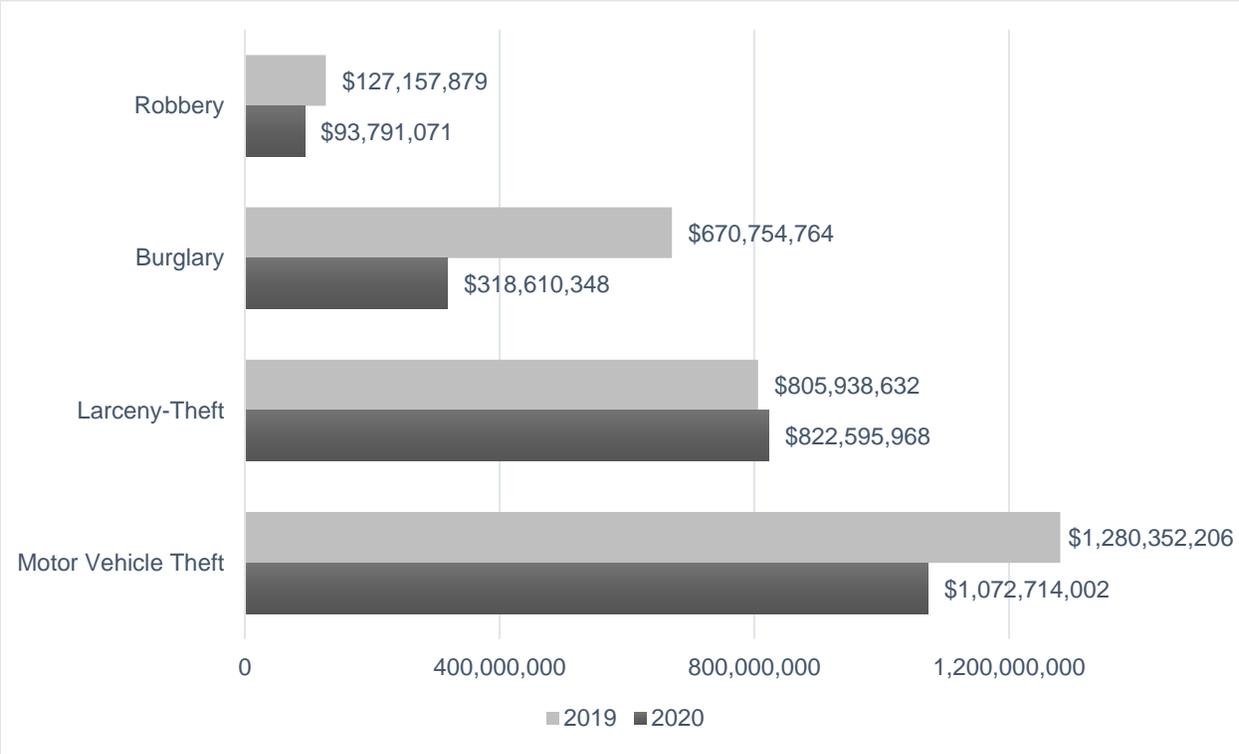

<i>Property Type</i>	<i>Stolen</i>	<i>Recovered</i>
Currency, Notes, Etc.	\$236,259,660	\$10,151,764
Jewelry and Precious Metals	\$115,293,371	\$3,801,518
Clothing and Furs	\$51,054,927	\$2,725,217
Locally Stolen Motor Vehicles	\$1,088,599,274	\$496,532,895

CRIME ANALYSIS

MURDER

Definition

For Uniform Crime Reporting purposes, Murder and Non-Negligent Manslaughter are defined as the willful killing of one human being by another.

This offense category includes any death resulting from a fight, argument, quarrel, assault, or commission of a crime. Attempted murder and assaults with the intent to kill are not counted as murder but are included in UCR as aggravated assaults. Suicides, accidental deaths, and justifiable homicides are also excluded from the murder classification.

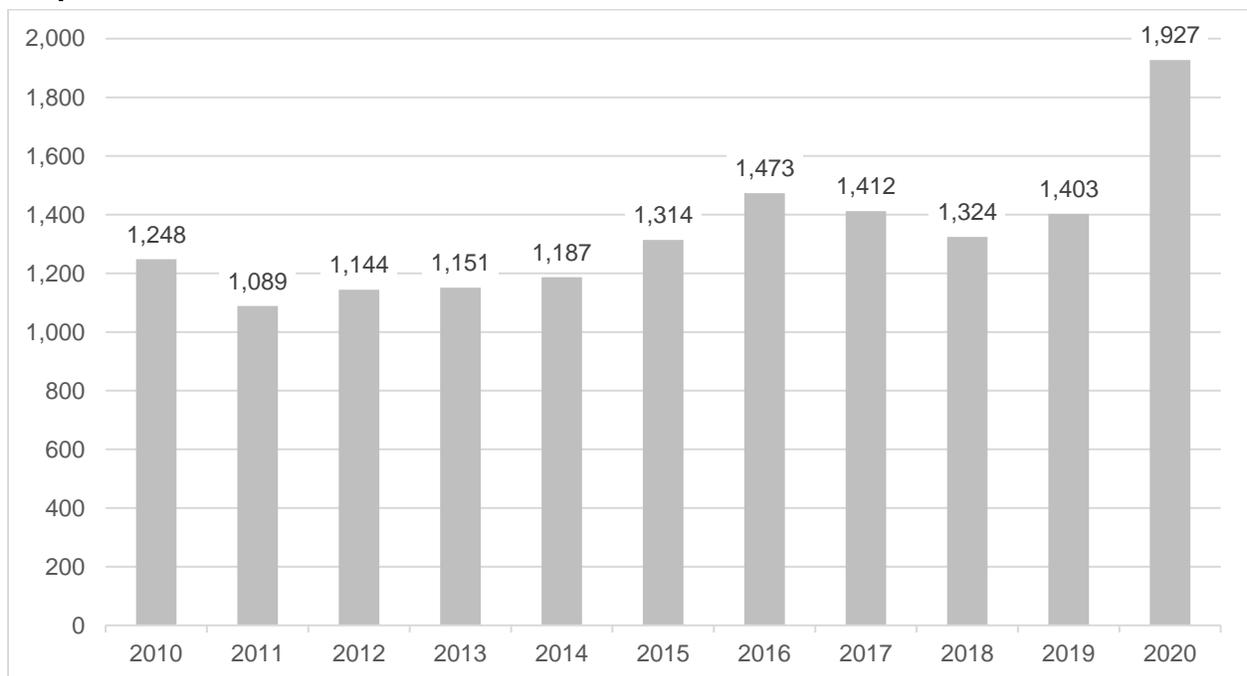

The classification of this offense, and for all Index Crimes, is based solely on the police investigation and not upon determinations by courts, medical examiners, coroners, juries, or other judicial bodies.

Analysis

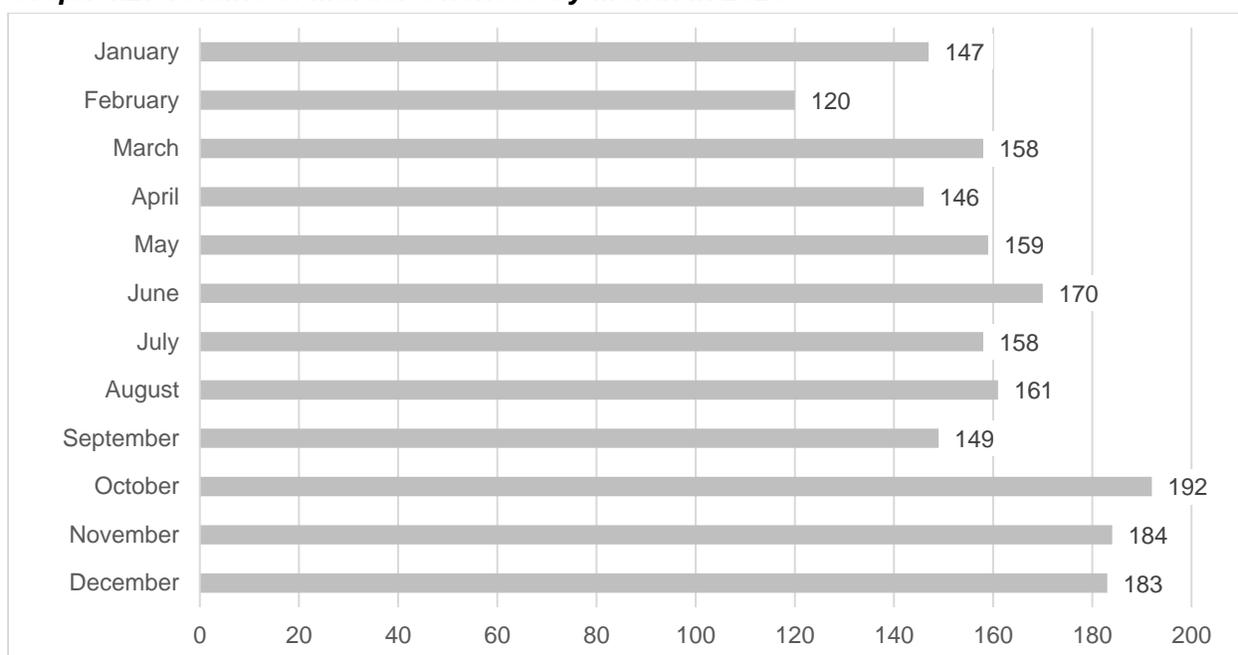

Volume

The reported number of murders committed in Texas in 2020 was 1,927. This represented a 37.3% increase in the number of murders when compared to 2019. In 2020, the highest number of murders in Texas was reported in October. In contrast, the fewest murders were reported in February.

Graph 4.1: Volume of Murder Offenses from 2010 - 2020

Graph 4.2: Volume of Murder Offenses by Month in 2020

Rate

The murder rate for Texas in 2020 was 6.6 murders for every 100,000 persons, which is a 35.6% increase from 2019.

Clearance Rate¹

Texas law enforcement agencies cleared 53.1% of all murders by arrest or exceptional means in 2020.

Murder Weapons

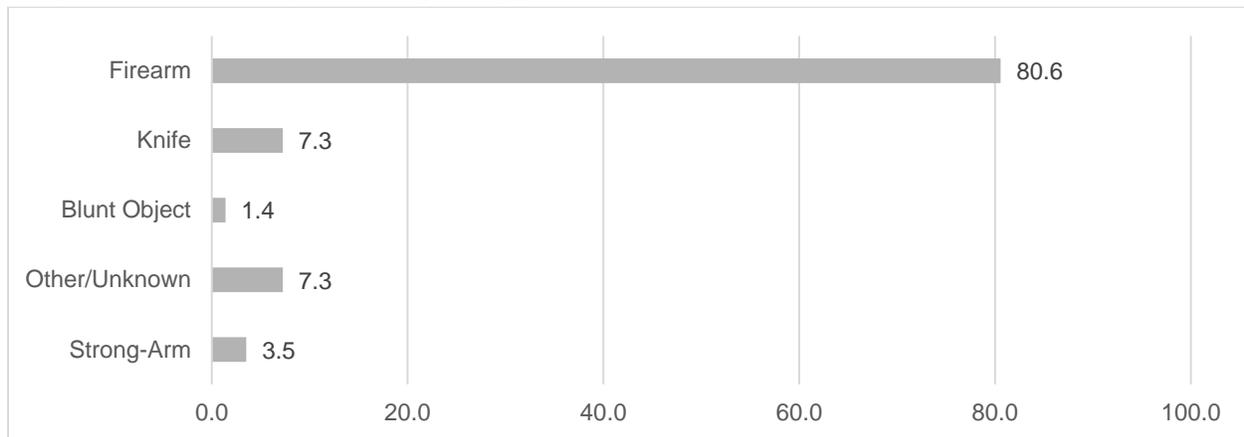

Of the 1,927 murders in 2020, 80.6% were committed by the use of firearms. Knives or cutting instruments were the weapons of choice in 7.3% of the reported cases. 1.4% of murders were by blunt objects. Also, in 7.3% of murders, the weapon was listed as Other/Unknown, including poison, fire, drug, drowning, strangulation, and asphyxiation. In the remaining 3.5% of the murders, strong-arm weapons (hands, feet, and fists) were used.

Firearms

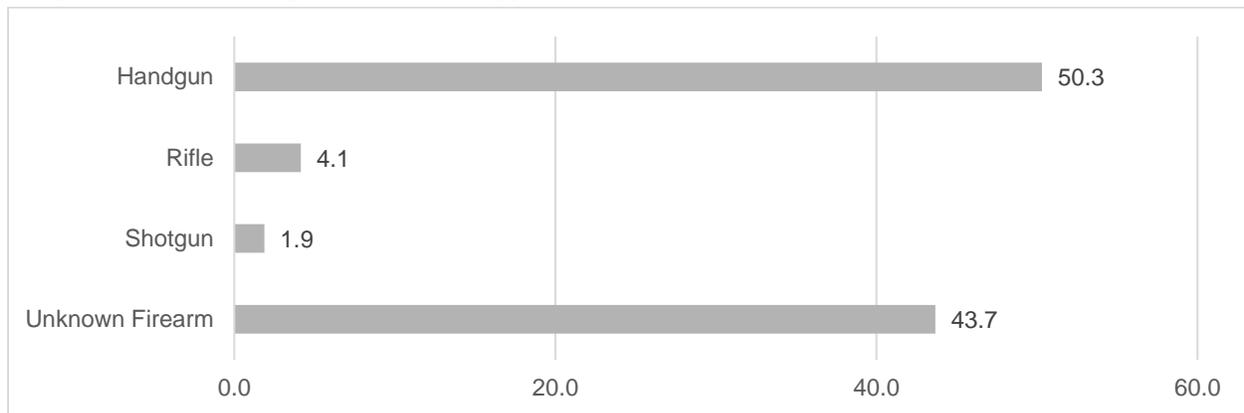

Of the murders in which firearms were the instrument, handguns accounted for 50.3% of the weapons (or 40.5% of all murders). Rifles were 4.1%, shotguns were 1.9% and “unknown firearms” (whose type was not stated) accounted for the remaining 43.7% of firearms used in murders.

¹ Clearance by arrest or exceptional clearances are further explained in ‘Index Crime Trends.’

Graph 4.3: Percentage of Weapon Types Used in Murder¹

Graph 4.4: Percentage of Firearm Types Used in Murder²

Justifiable Homicide

For Uniform Crime Reporting purposes, Justifiable Homicide is defined as the killing of a felon by a peace officer in the line of duty or the killing (during the commission of a felony) of a felon by a private citizen.

Justifiable homicide is not a crime; however, statistics on murder circumstances and victim/offender relationships on the next page include justifiable homicides. In 2020, there were 80 justifiable homicides, of which 38 were felons killed by private citizens, and 42 were felons killed by police.

Negligent Manslaughter

For Uniform Crime Reporting purposes, Negligent Manslaughter is defined as the killing of another person through negligence.

¹ All percentages are rounded to the nearest tenth. Please be advised that due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

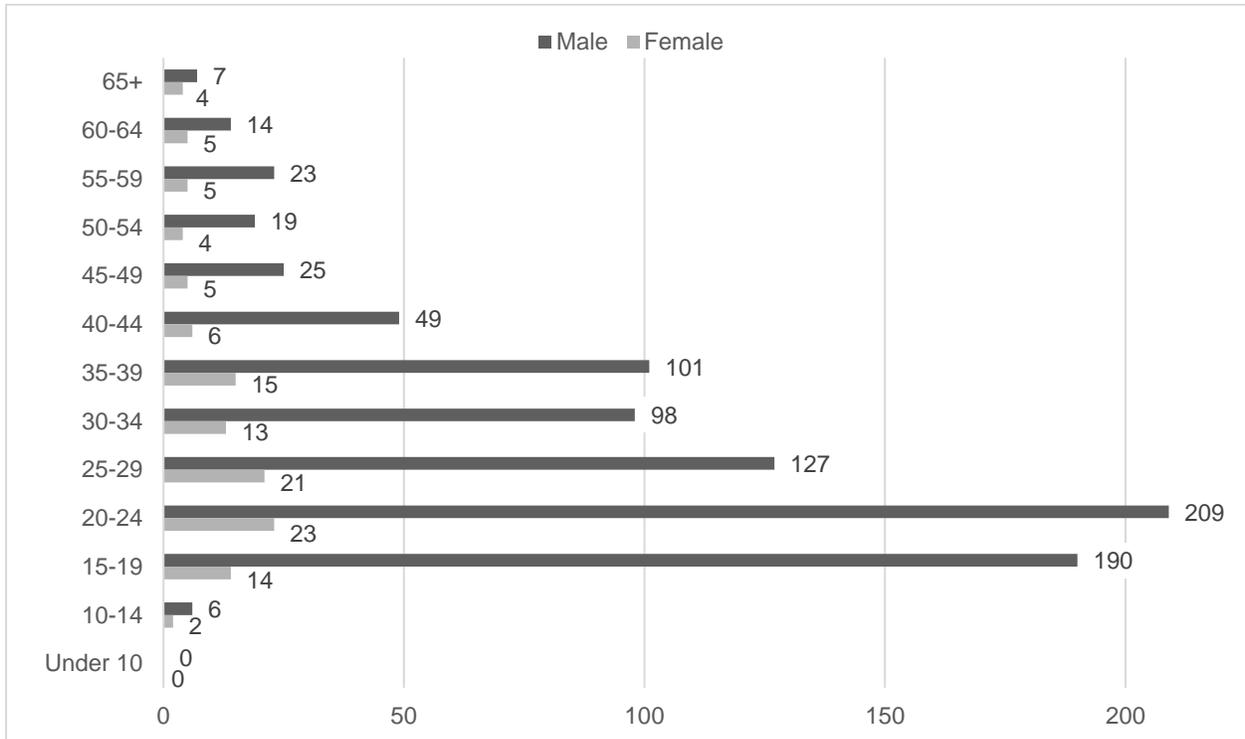

² All percentages are rounded to the nearest tenth.

This is included in the statistics on the next page are those killed through negligent manslaughter. These incidents can include but are not limited to accidental deaths due to firearms. Accidental traffic fatalities are not collected as part of UCR.

Persons Arrested

Texas law enforcement agencies made 985 murder arrests in 2020, an increase of 32.2% compared to 2019.

Graph 4.5: Murder Arrestees

Murder Circumstances

Supplementary homicide information on murder circumstances is collected in two broad categories: felony type and non-felony type. While all murders are felonies in Texas, non-felony type circumstances (felon killed by police officer- felon killed in commission of crime) occur in conjunction with the commission of a criminal offense. While 40.4% were non-felony circumstances, 36.5% of these instances were where facts do not permit the determination of circumstances.

Table 4.6: Percentage of Felony Murder Circumstances^{1,2}

Offense Type	Total Group %	Circumstance	Total %
Felony	59.6	Rape	0.0

² The total percentages reflected in each category may not equal the group percentage listed due to raw data being captured prior to rounding protocol.

³ Statistics on murder circumstances and the relationship of victim to offender includes non-negligent manslaughter and Justifiable Homicide.

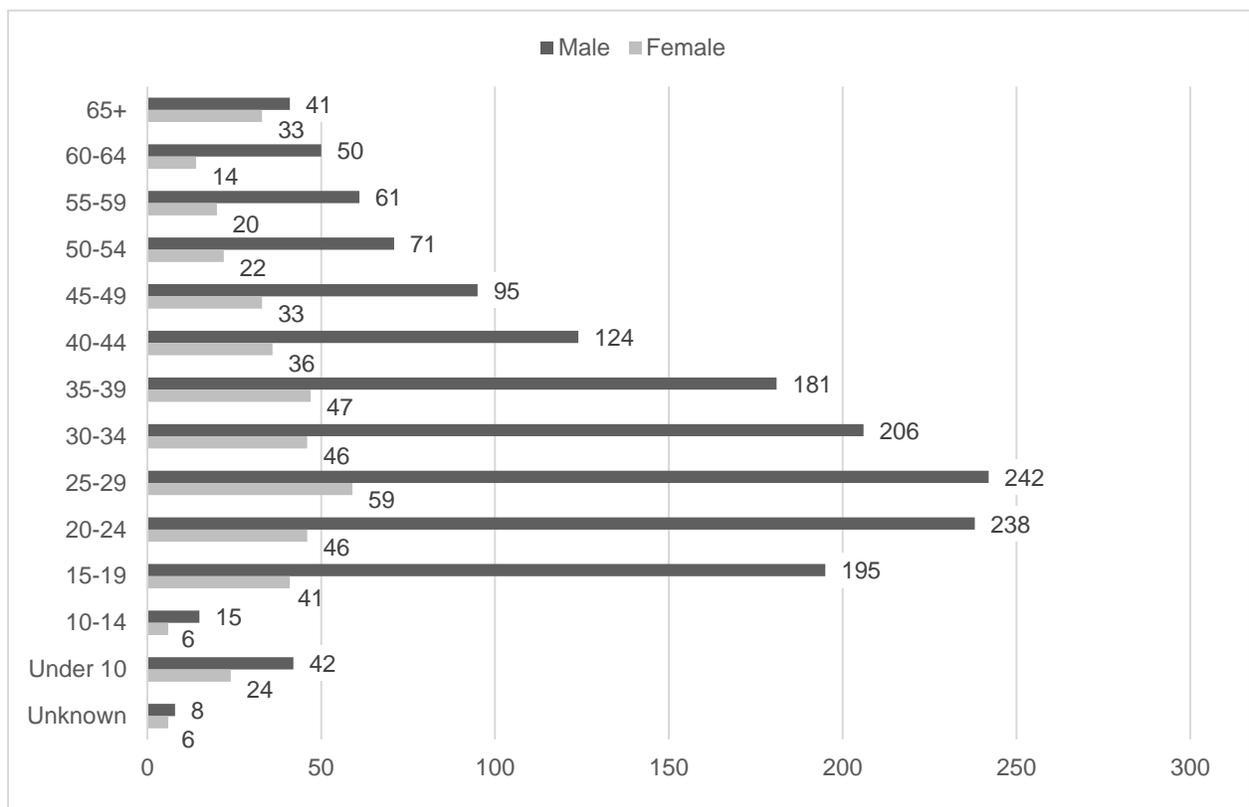

Table 4.10: Percentage of Murder Victims with Other Relationships¹

Relationship Type	Total Group %	Victim's Relationship	Total %
Other	61.3	Stranger	21.8
		Unknown Relationship	39.5

Murder Victims

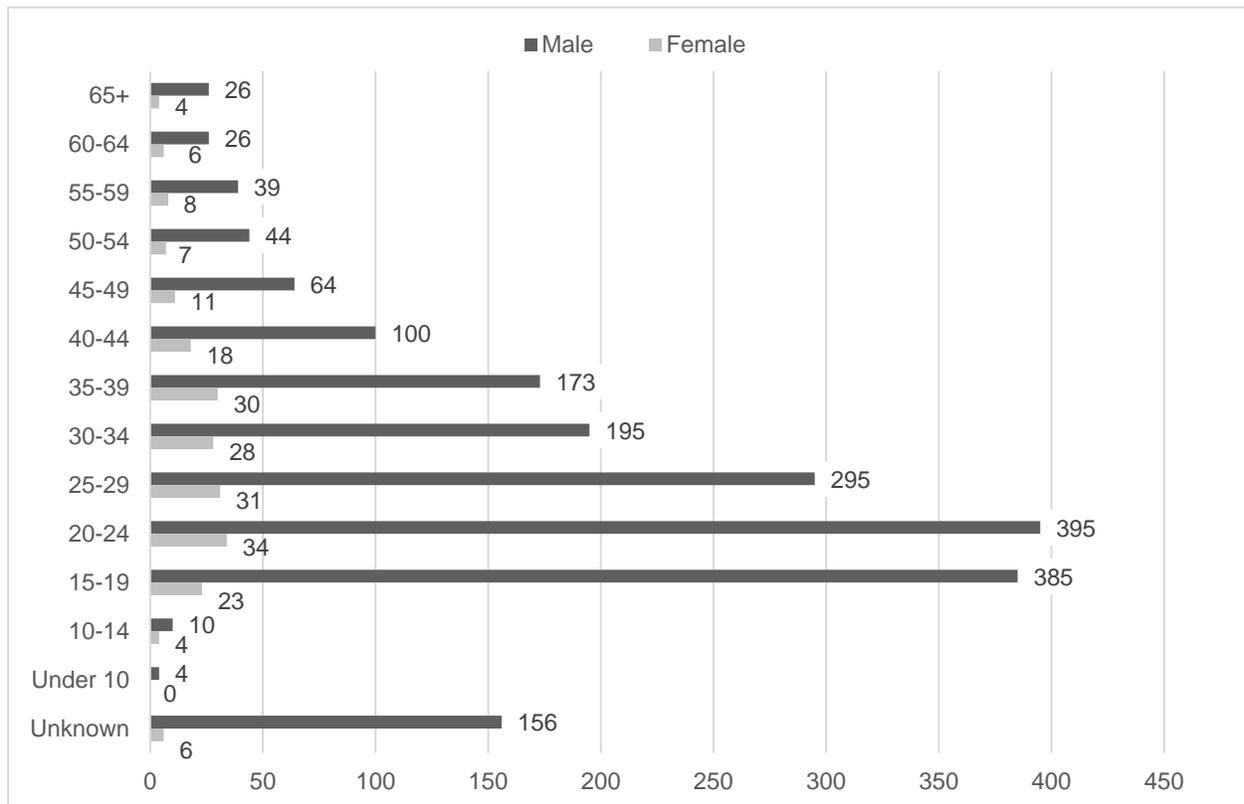

Law enforcement agencies participating in the UCR program provide additional homicide information through the Supplemental Homicide Reporting system. Information is provided that identifies the age, sex, race and ethnic origin of both victims and offenders; the relationship of the victim to the offender; the murder weapon; and the circumstances of the offense.

Graph 4.11: Number of Murder Victims by Age and Sex

¹ All percentages are rounded to the nearest tenth.

Graph 4.12: Number of Murder Offenders by Age and Sex

RAPE

Definition

For Uniform Crime Reporting purposes, Rape is defined as “penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.”

Statistics reported in this crime category include assaults to commit rape; however, statutory rape is excluded. The FBI changed the UCR definition of Rape in 2014. From that point on, both males and females may be considered a victim as opposed to only females. This was a change from prior years where sexual assaults on males were excluded. This change contributed to a statistical increase in reported Rapes.

Analysis

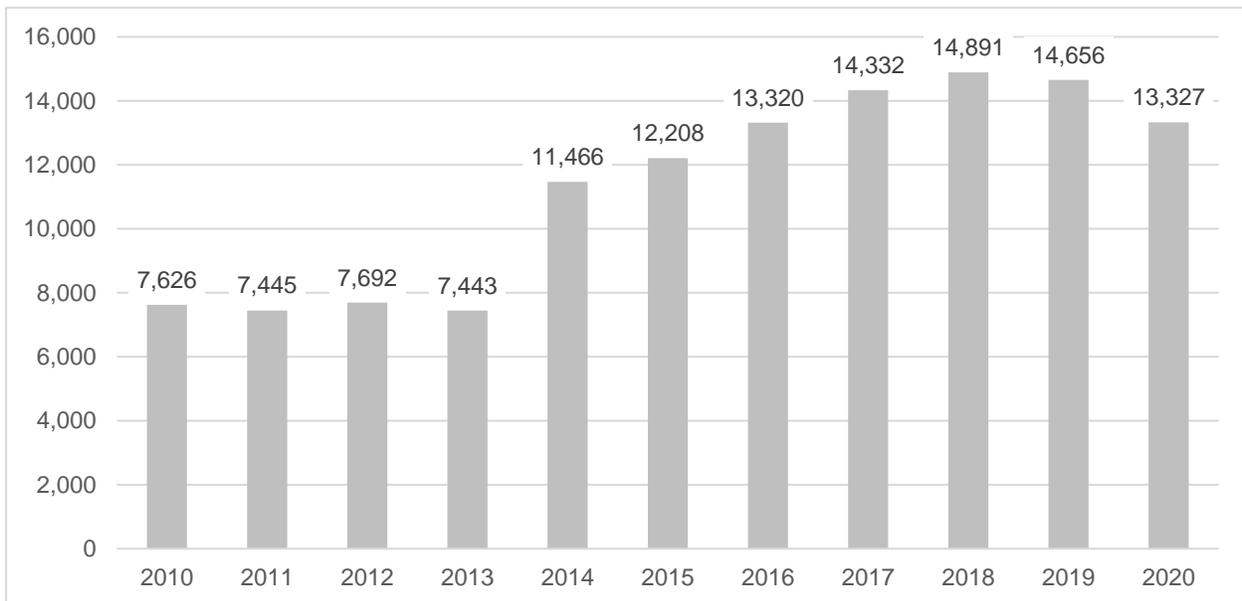

Volume

The reported number of rapes committed in Texas in 2020 was 13,327. This represented a decrease of 9.1% in the number of rapes when compared to 2019.

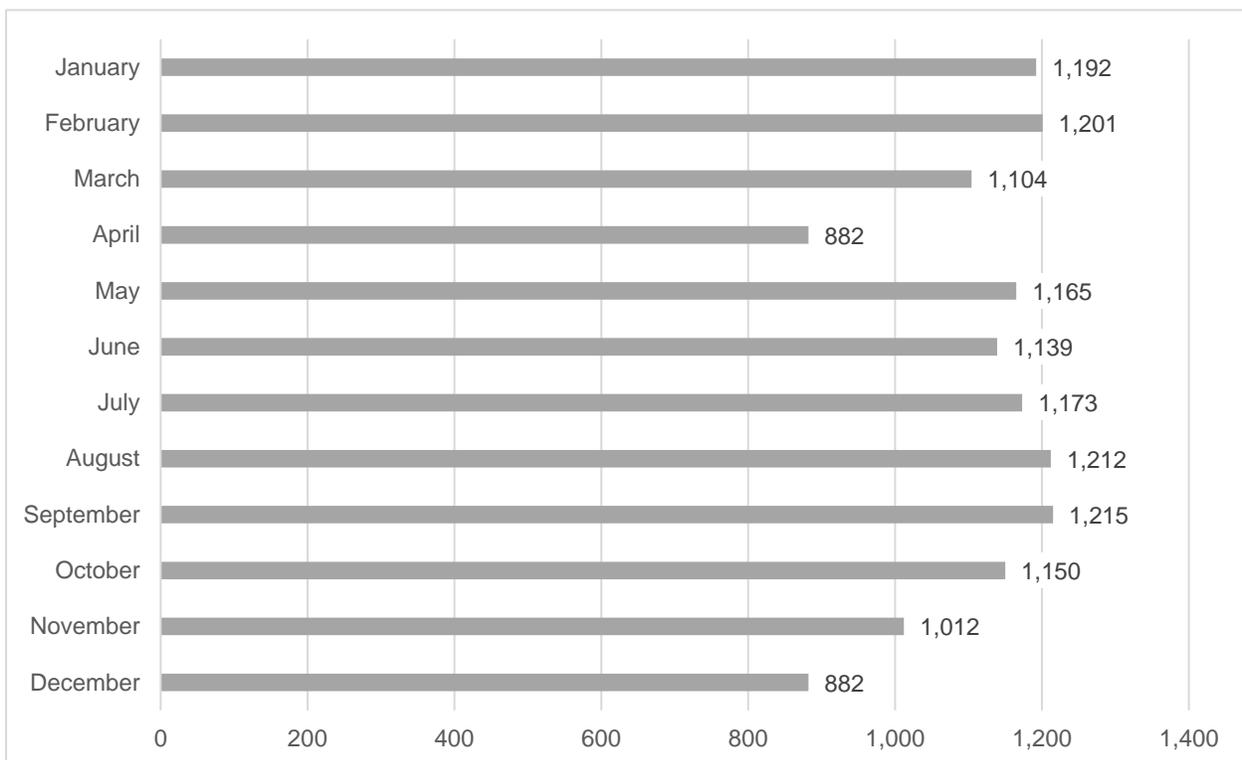

Rate

The rape rate for Texas in 2020 was 45.4 rapes for every 100,000 persons. This is a decrease of 10.2% compared to 2019.

Graph 4.2.1: Volume of Rape Offenses from 2010 - 2020¹

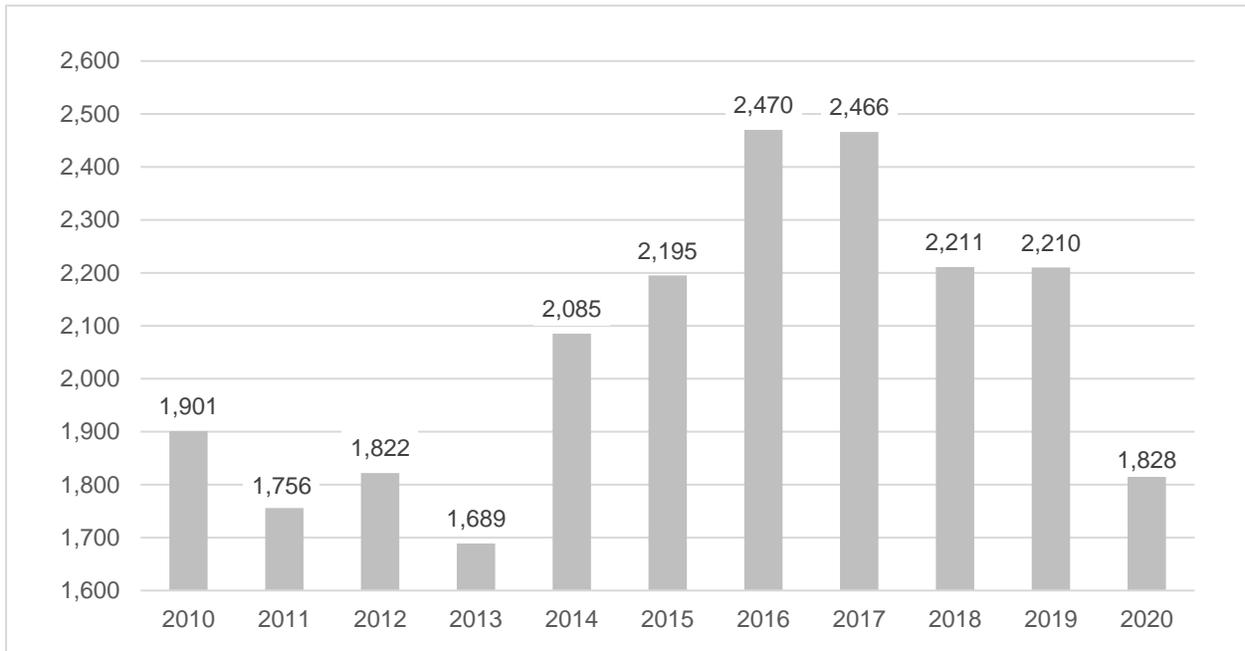

Graph 4.2.2: Volume of Rape Offenses by Month in 2020

¹ Increased due to revised definition of Rape in 2014.

Graph 4.2.3: Rape Arrests from 2010 - 2020¹

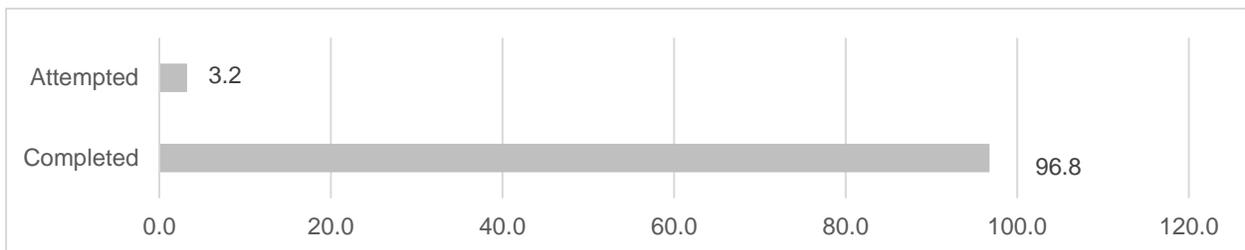

Clearance Rate²

Statewide, Texas law enforcement agencies cleared 20.2% of all rapes that were completed. With the attempts to commit rape, 25.5% were cleared. The total clearance rate for all reported rapes is 20.3%.

Nature

The nature of Rape breaks down the total number of Rapes into completed and attempted offenses. Of all reported rapes during 2020, 3.2% were attempts to commit rape.

Graph 4.2.4: Percentage of the Nature of Rapes³

¹ Increased due to revised definition of Rape in 2014.

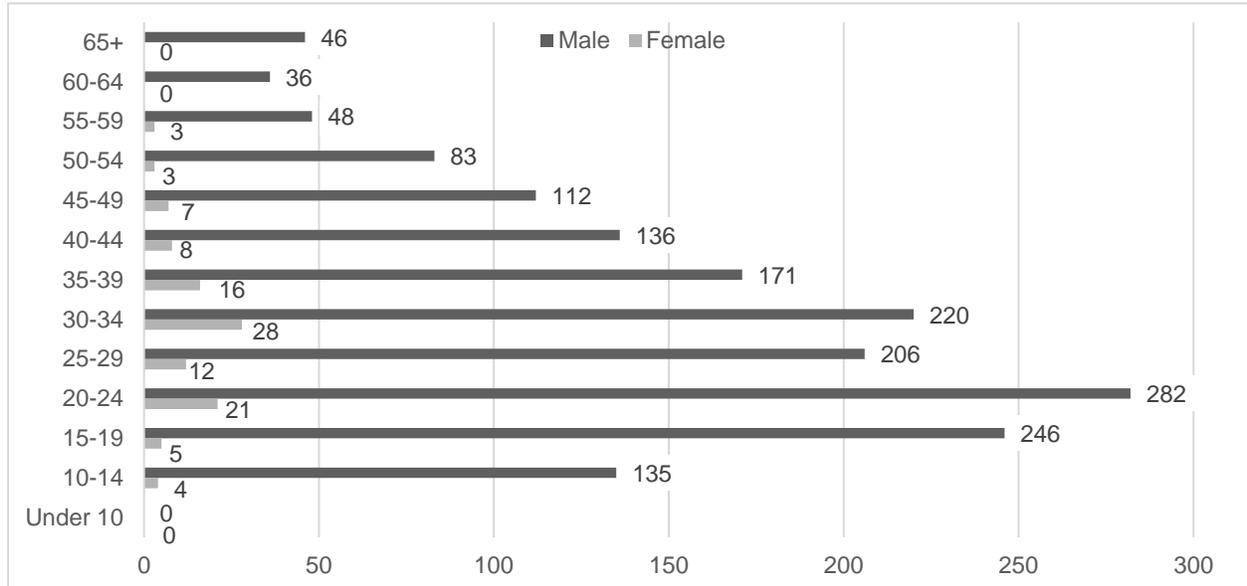

² Clearance by arrest or exceptional clearances are further explained in 'Index Crime Trends'.

³ All percentages are rounded to the nearest tenth.

Persons Arrested

When compared with 2019, the percentage of persons arrested for rape compared to the total reported rapes remained reasonably consistent, totaling 1,828. The largest group of arrestees was males ages 20-24 at 15.4%, while the second largest was males ages 15-19 at 13.5%.

Graph 4.2.5: Rape Arrestees by Age and Sex

ROBBERY

Definition

For Uniform Crime Reporting purposes, Robbery is defined as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force, threat of force, or violence, or by putting the victim in fear.

Analysis

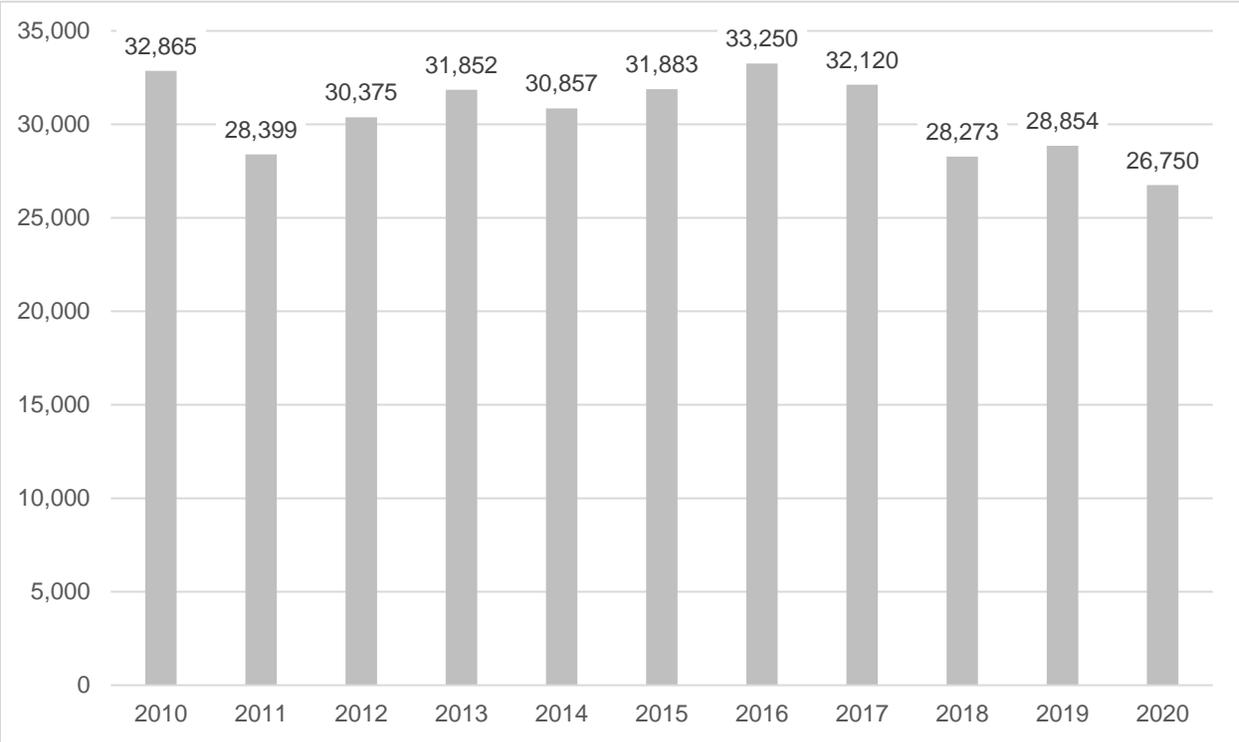

Volume

The reported number of robberies committed in Texas in 2020 was 26,750. This represented a 7.3% decrease in the number of robberies when compared to 2019. The value of property stolen during robberies averaged \$3,507 per incident in 2020.

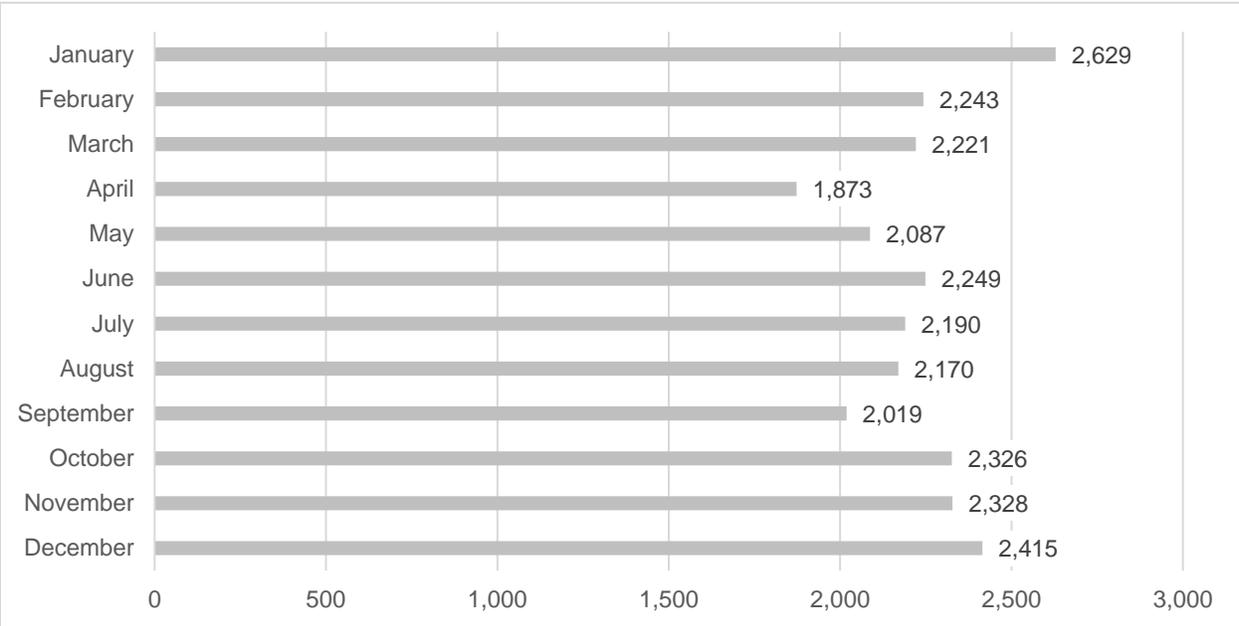

Rate

The robbery rate for Texas in 2020 was 91.1 robberies for every 100,000 persons. The change in the rate of robbery from 2019 was a decrease of 8.4%.

Graph 4.3.1: Robbery Offenses from 2010 - 2020

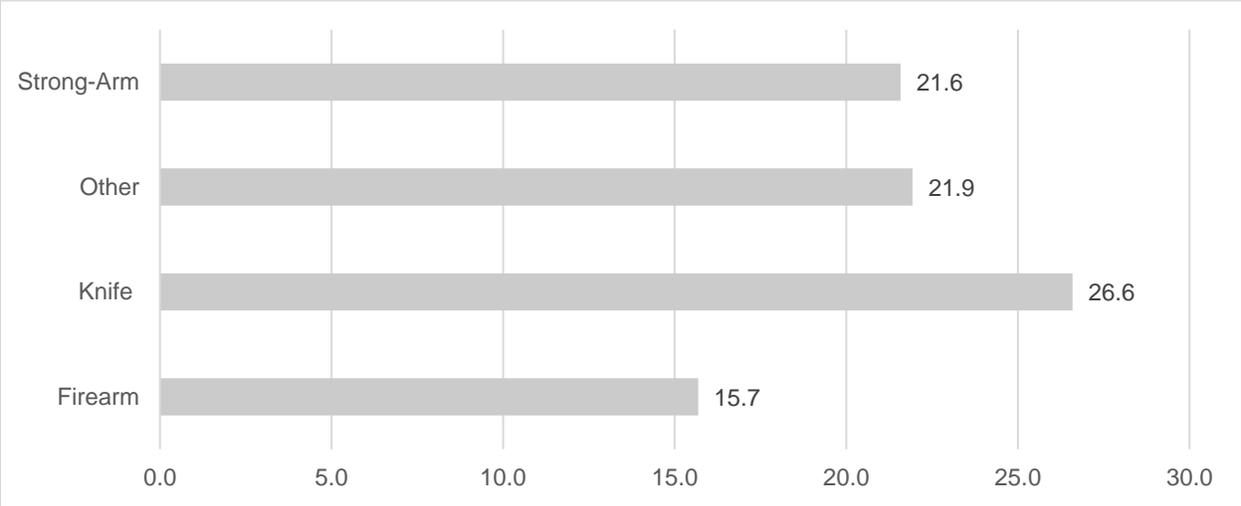

Graph 4.3.2: Robbery by Month for 2020

Clearance Rate¹

Statewide, Texas law enforcement agencies cleared 18.9% of all robberies reported. Of the robberies by type of weapon used, the highest clearance rate was knife or cutting instrument at 26.6%, the next highest category was Other weapon at 21.9%, strong-arm had a clearance rate of 21.6%, and the classification of a firearm had a clearance rate of 15.7%.

Graph 4.3.3: Percentage of Robbery Cleared by Weapon Used²

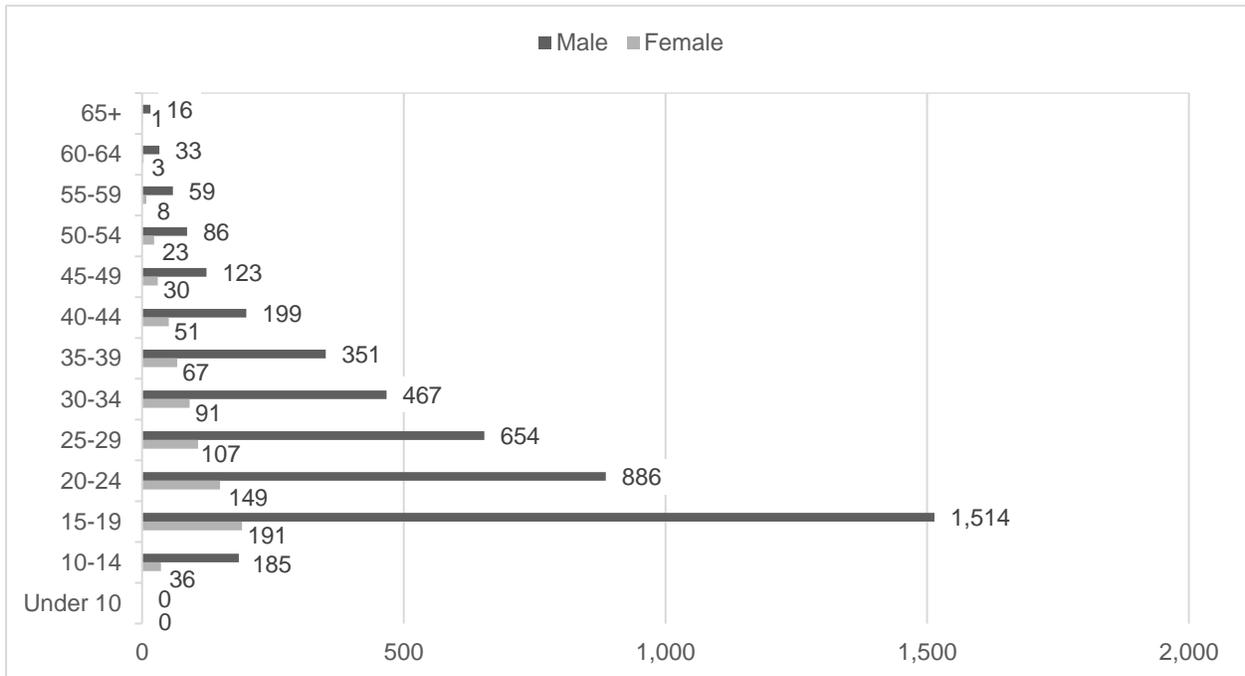

Persons Arrested

In 2020, 5,330 arrests for robbery were made by Texas law enforcement agencies. When compared with 2019, the number of persons arrested for robbery decreased by 9.9%.

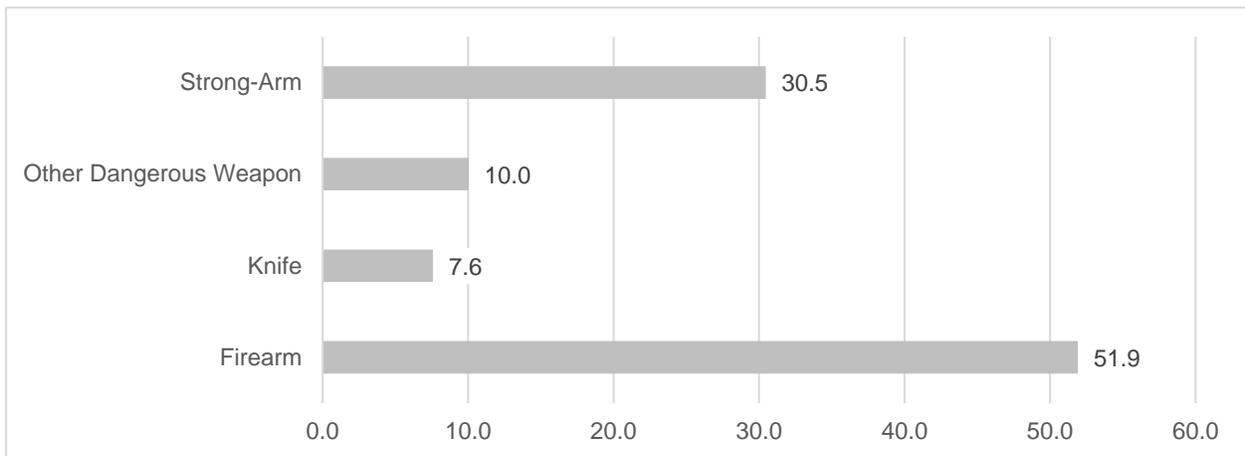

¹ Clearance by arrest or exceptional clearances are further explained in 'Index Crime Trends.'
² Percentages are rounded to the nearest tenth.

Graph 4.3.4: Robbery Arrests by Age and Sex

Of all reported robberies in 2020, 51.9% were committed with the use of firearms. Strong-arm tactics accounted for 30.5%. Other dangerous weapons were used in 10.0% and knives or cutting instruments at 7.6%.

Graph 4.3.5: Percentage of Robbery by Weapon Used¹

Value

In 2020, Texas property loss during the commission of robberies amounted to \$93,791,071. This was a 26.2% decrease from the property loss reported in 2019.

¹ All percentages rounded to the nearest tenth.

Average dollar losses ranged from \$7,941.11 taken during robberies of convenience stores to \$9,977.77 per bank robbery.

The following graph illustrates the number of offenses per location, and the total property lost at each location. The highest number of offenses occurred in the location category of “Other,” with a total offense count of 6,553 and a property loss of \$23,347,386. The lowest number of offenses occurred at Banks (240 offenses), with a total value loss of \$2,394,665.

Graph 4.3.6: Robbery Value Lost by Location

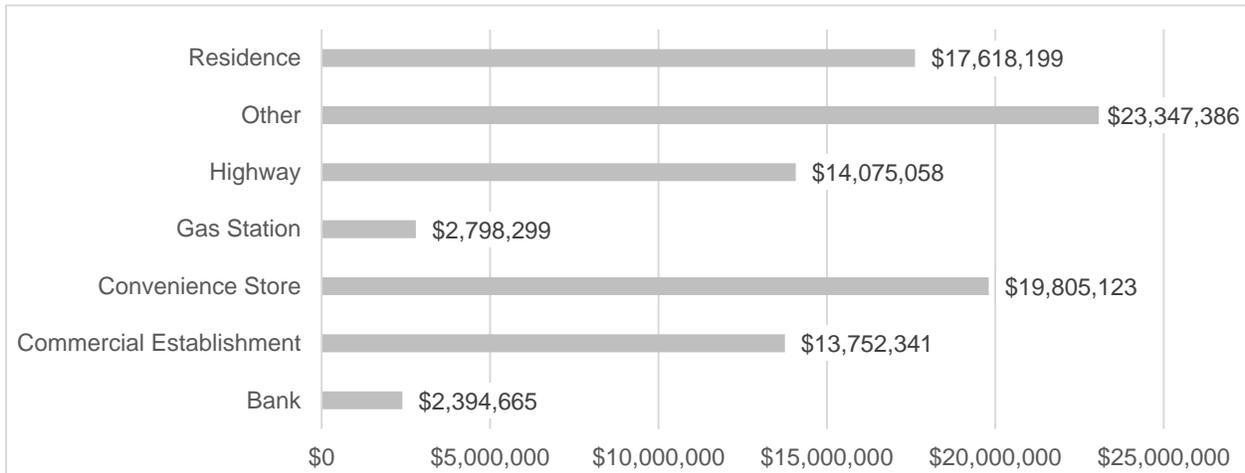

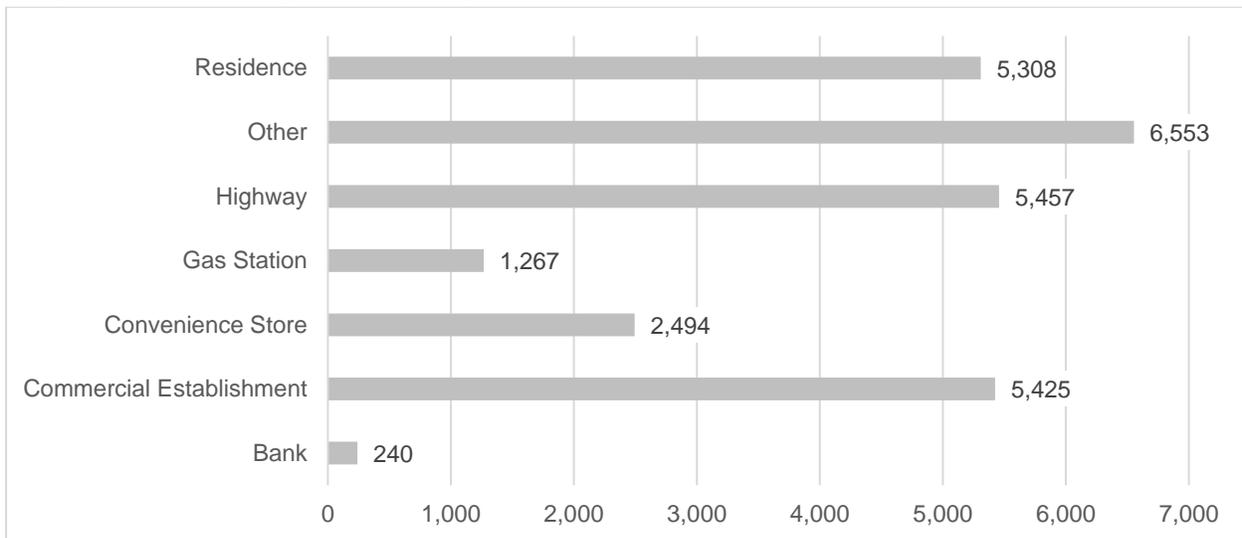

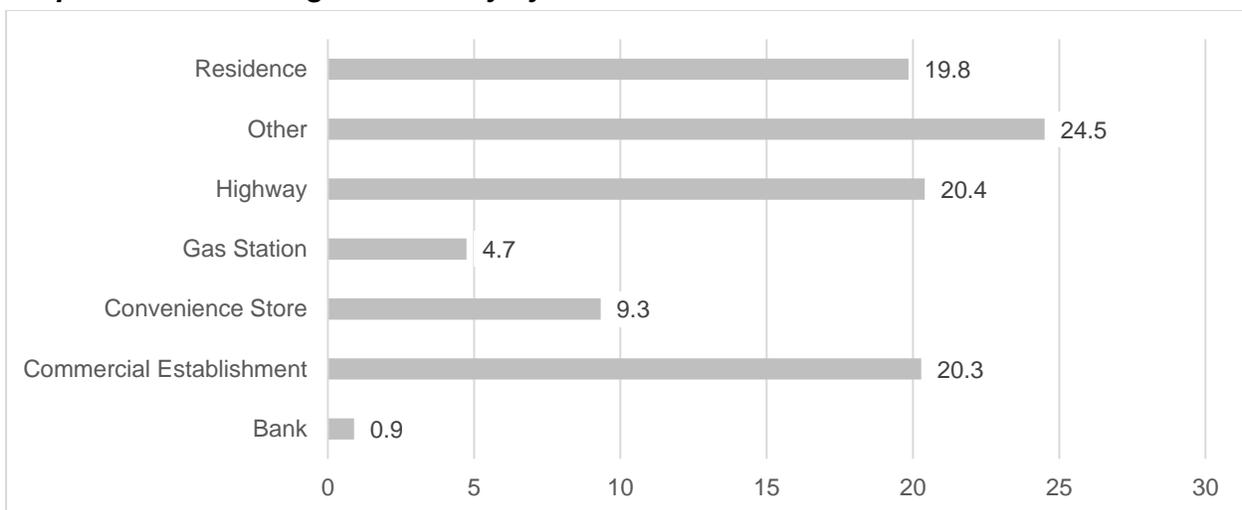

Table 4.3.7: Robbery Value Lost by Location

<i>Location</i>	<i>Offenses</i>	<i>Value</i>	<i>Average</i>
Bank	240	\$2,394,665	\$9,978
Commercial Establishment	5,425	\$13,752,341	\$2,535
Convenience Store	2,494	\$19,805,123	\$7,941
Gas Station	1,267	\$2,798,299	\$2,209
Highway	5,457	\$14,075,058	\$2,579
Other	6,553	\$23,347,386	\$3,563
Residence	5,308	\$17,618,199	\$3,319
Total	26,744	\$93,791,071	\$3,507

Graph 4.3.8: Robbery Offenses by Location

Graph 4.3.9: Percentage of Robbery by Location¹

AGGRAVATED ASSAULT

Definition

For Uniform Crime Reporting purposes, Aggravated Assault is defined as an unlawful attack by one person upon another to inflict severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or serious bodily harm. Statistics for aggravated assault include attempts to commit aggravated assault.

¹ All percentages rounded to the nearest tenth. Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

Analysis

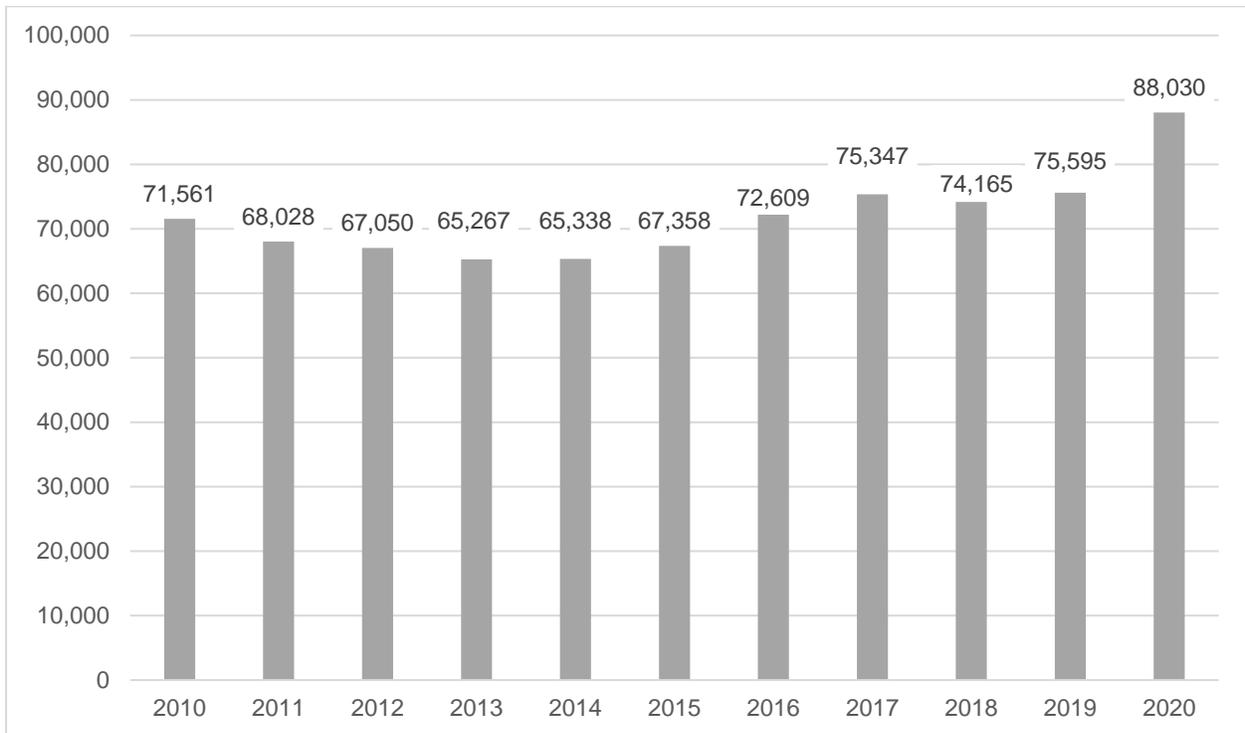

Volume

The reported number of aggravated assaults committed in Texas in 2020 was 88,030. This represented an increase of 16.4% when compared to 2019.

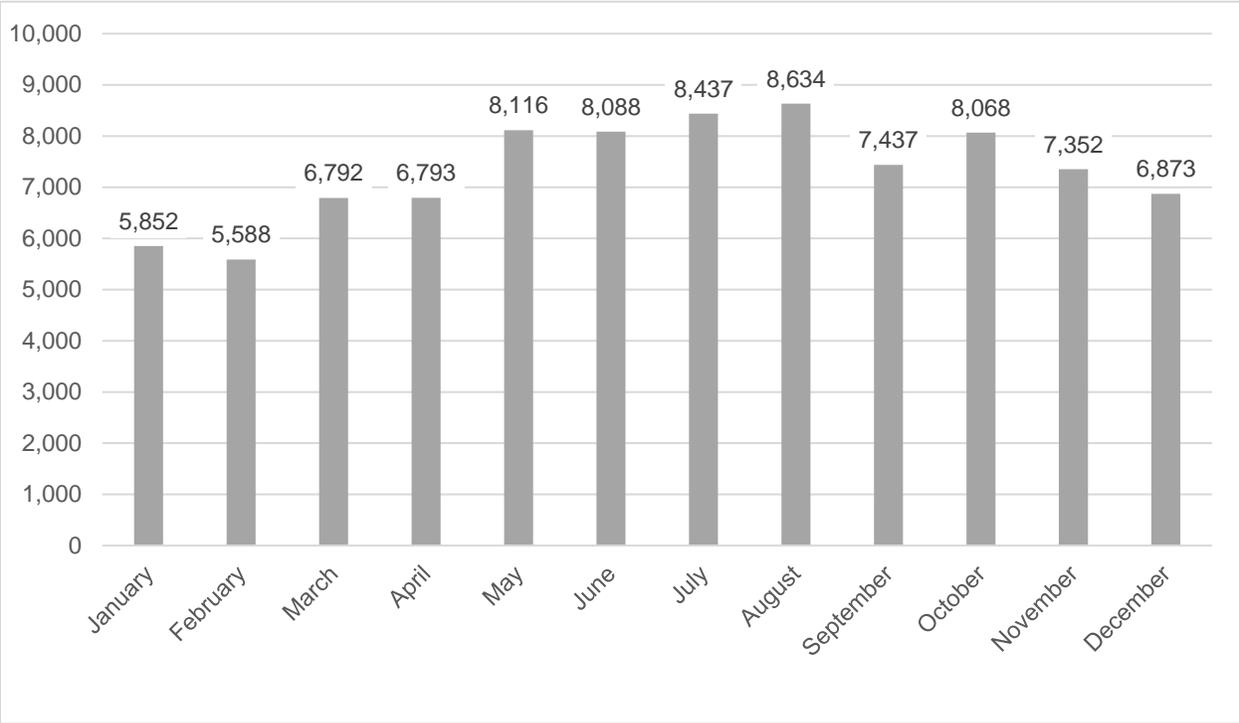

Rate

The aggravated assault rate for Texas in 2020 was 299.8 aggravated assaults for every 100,000 persons. The change in the rate of aggravated assault from 2019 was an increase of 15.0%.

Graph 4.4.1: Volume of Aggravated Assault Offenses from 2010 - 2020

Graph 4.4.2: Aggravated Assault by Month for 2020

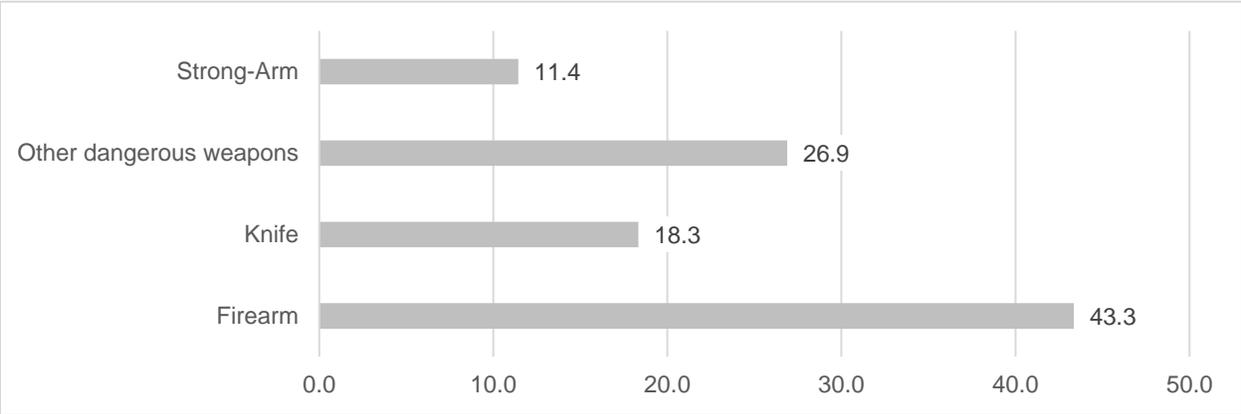

Nature

Of all reported aggravated assaults in 2020, 43.3% were committed with the use of firearms. Other dangerous weapons accounted for 26.9% of the aggravated assaults. Knives or cutting instruments accounted for 18.3%, and “strong-arm” weapons (hands, feet, fist, etc.) made up the remaining 11.4%.

The use or attempted use of a dangerous weapon in an assault or the serious injury inflicted by hands, fists, or feet is what separates this index offense from assaults categorized as “simple assaults.” Texas reported 325,614 simple assaults in 2020.

Graph 4.4.3: Percentage of Aggravated Assaults by Weapon Used¹

Clearance Rate

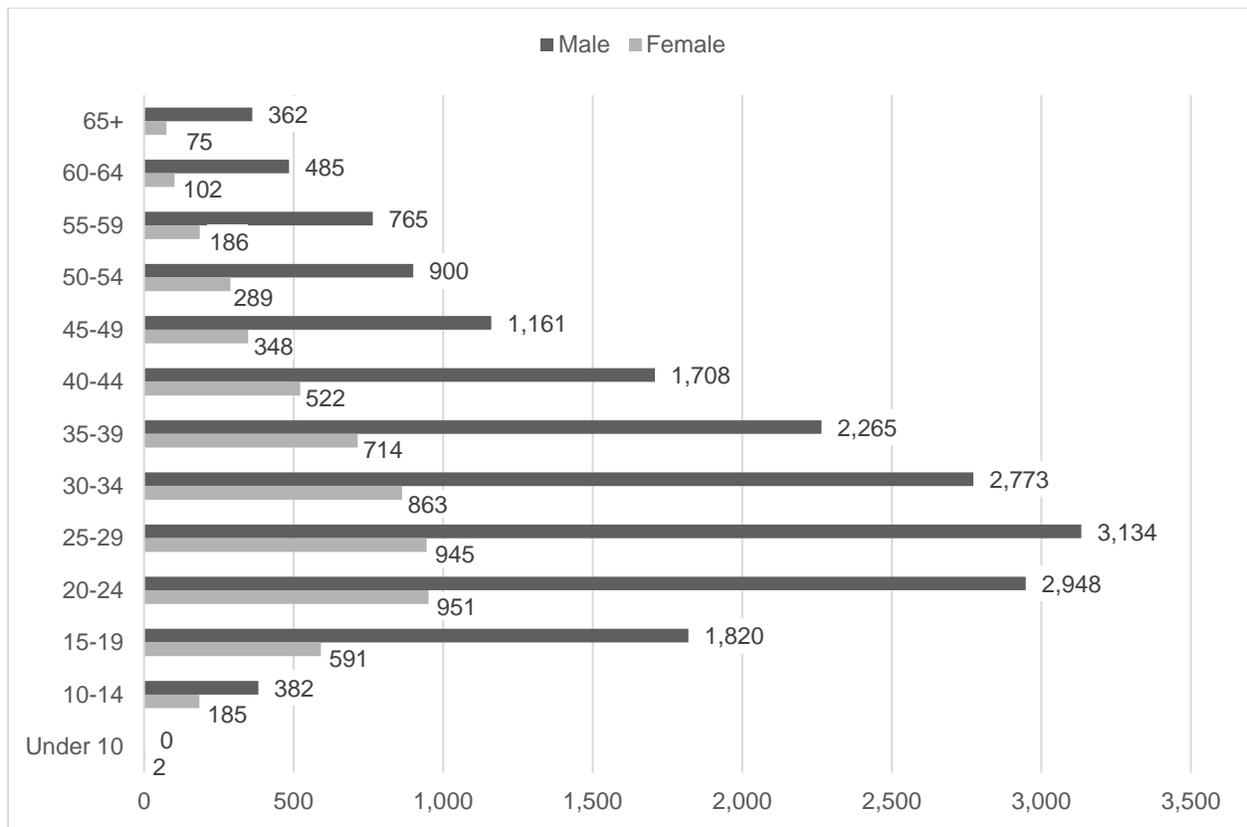

Statewide, Texas law enforcement agencies cleared 36.3% of all aggravated assaults that were reported. Of the aggravated assaults by type of weapon used, knife or cutting instrument assaults experienced the highest clearance rate (51.5%). In comparison, aggravated assaults by firearm showed the lowest rate of clearance (25.1%).

Persons Arrested

Texas law enforcement agencies arrested 24,476 persons for aggravated assault in 2020. When compared with 2019, the number of aggravated assault arrests decreased by 11.4%.

¹ All percentages rounded to the nearest tenth. Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

Graph 4.4.4: Aggravated Assault Arrestees by Age and Sex

BURGLARY

Definition

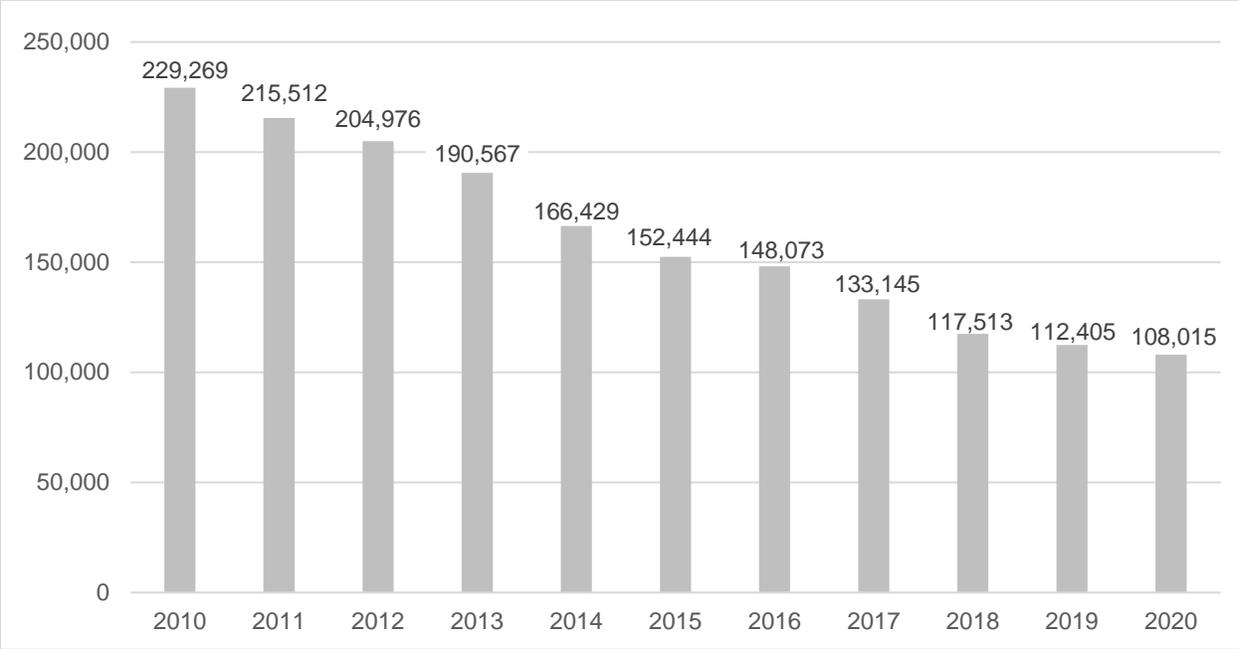

For Uniform Crime Reporting purposes, Burglary is defined as the unlawful entry of a structure with the intent to commit a felony or a theft. While the use of force to gain entry is not required to classify an offense as burglary, attempted forcible entries to commit burglary are counted in these crime statistics.

Analysis

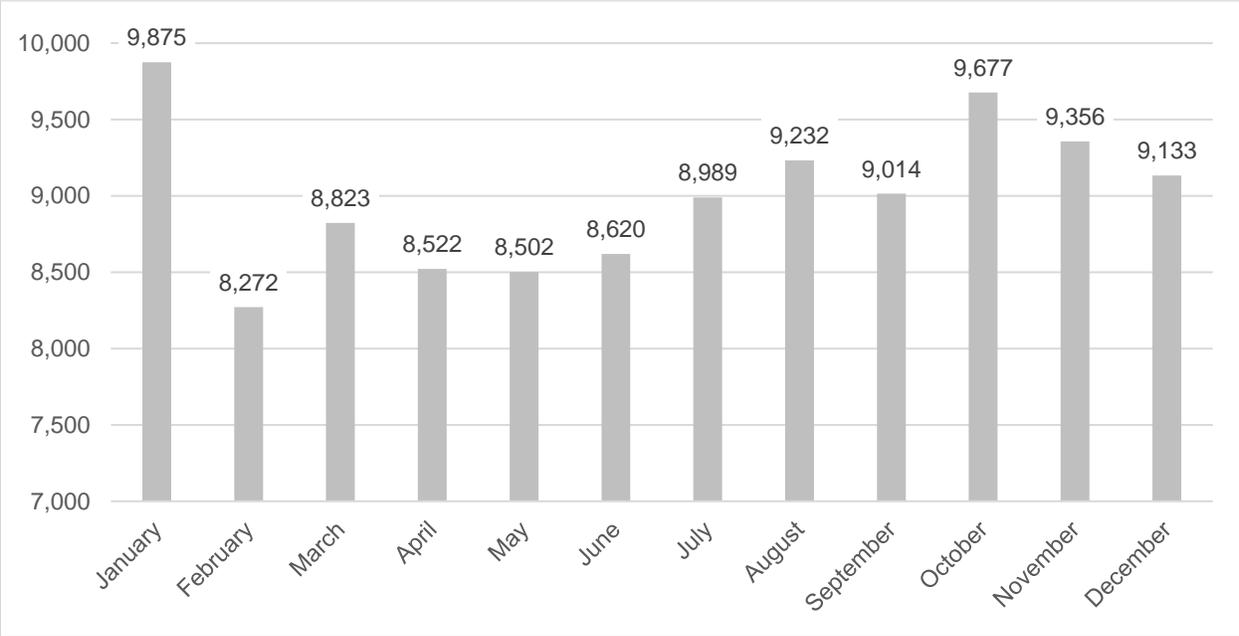

Volume

The number of burglaries reported in Texas in 2020 was 108,015. This number represents a 3.9% decrease when compared with the number of burglaries in 2019.

Graph 4.5.1: Volume of Burglary Offenses from 2010 – 2020

Graph 4.5.2: Burglary by Month for 2020

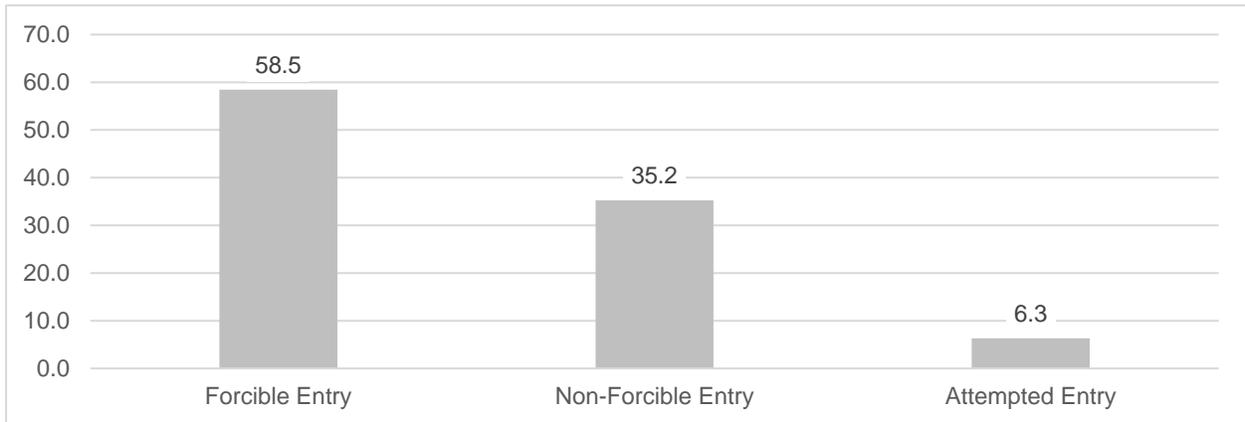

Rate

The 2020 burglary rate for Texas was 367.9 for every 100,000 persons. The change in the burglary rate from 2019 was a decrease of 5.1%.

Method

Of all reported burglaries in 2020, 53.5% occurred at residences, and 46.5% occurred at non-residences. Forcible entry accounted for 58.5% of all burglaries, while 35.2% were non-forcible entries, and the remainder were attempted entries.

Graph 4.5.3: Percentage of Burglary by Method¹

¹All percentages are rounded to the nearest tenth.

Value

In 2020, Texas burglary victims suffered losses totaling \$318,610,348. This total represented a decrease of 52.5% when compared to 2019 total burglary losses. The average dollar loss per burglary was \$2,950.

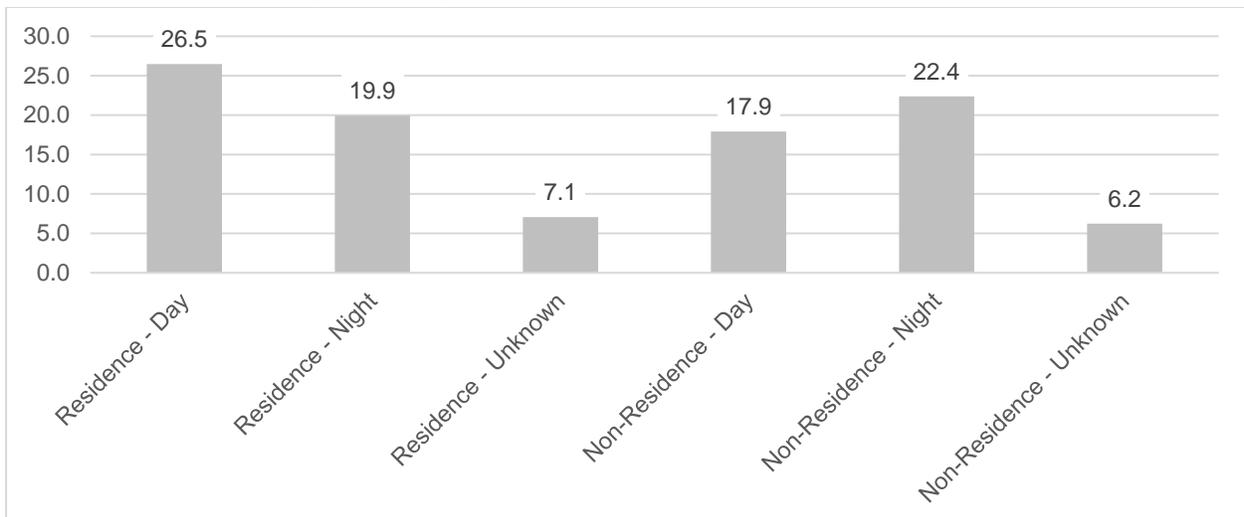

Graph 4.5.4: Value Lost to Burglary from 2010 - 2020

Time of Day

Of the offenses reported, 44.4% were during the day, with 42.3% during the night. The value lost was greater during the day (45.3%) than at night (39.9%).

Graph 4.5.5: Percentage of Burglary by Time of Day^{1,2}

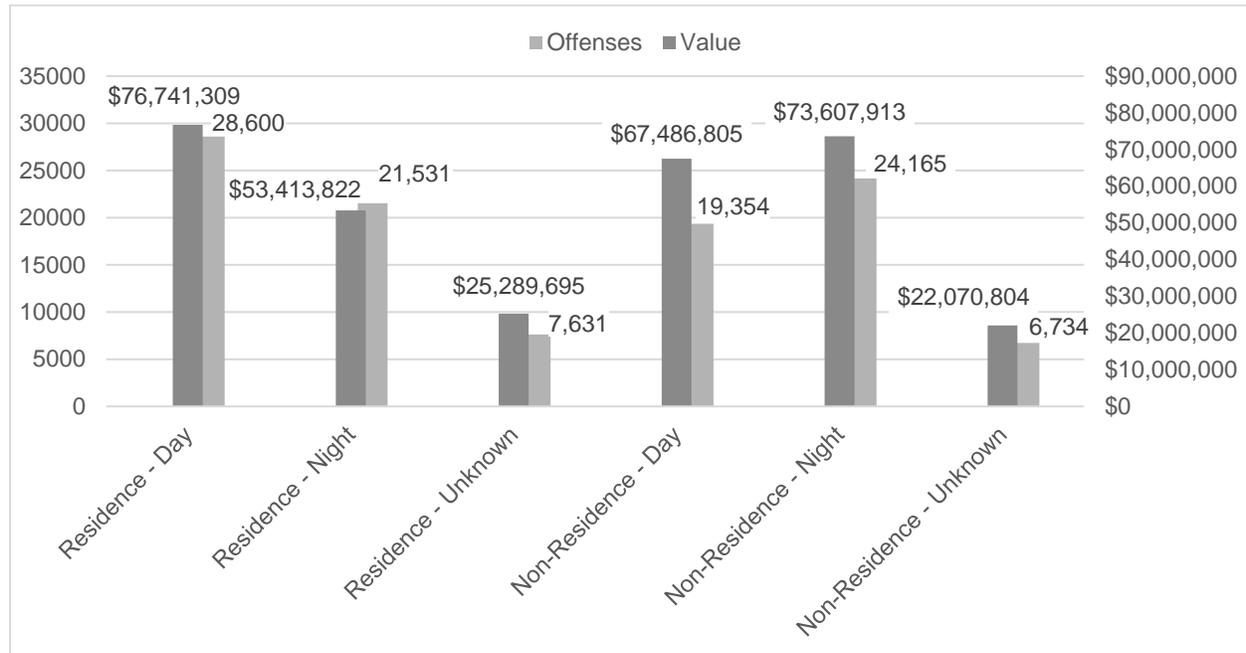

¹ All percentages are rounded to the nearest tenth.

² Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

The following graph illustrates the number of offenses for each location type based on time of day, as well as value lost in those burglaries. The highest number of offenses and value lost occurred at residences during the day, with 28,600 offenses and a total property loss of \$76,741,309.

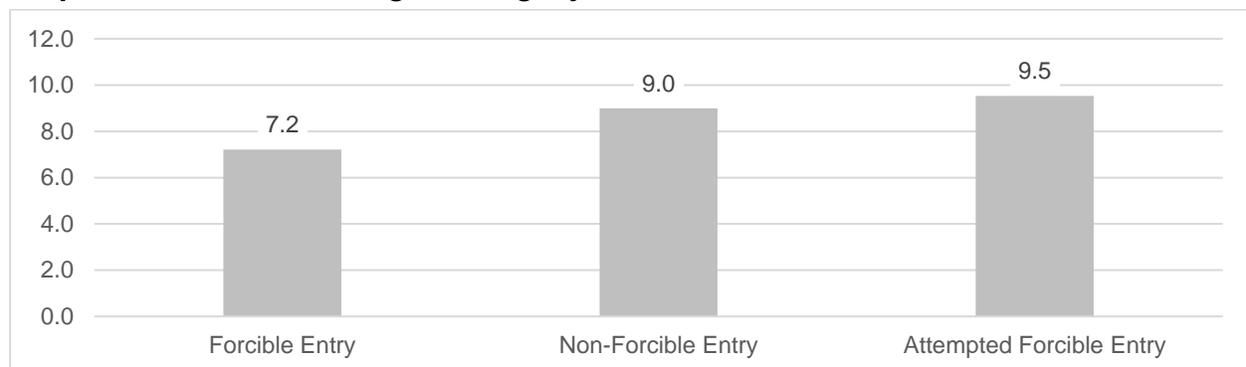

Graph 4.5.6: Burglary Offenses and Value Lost by Time of Day

Clearance Rate²⁹

Statewide, Texas law enforcement agencies cleared 8.0% of all burglaries reported. Burglaries classified as forcible entry had the lowest rate of clearance (7.2%). Non-forcible entry had a clearance rate of 9.0%, and attempted forcible entry had the highest clearance rate of 9.5%.

Graph 4.5.7: Total Percentage of Burglary Cleared^{1,2}

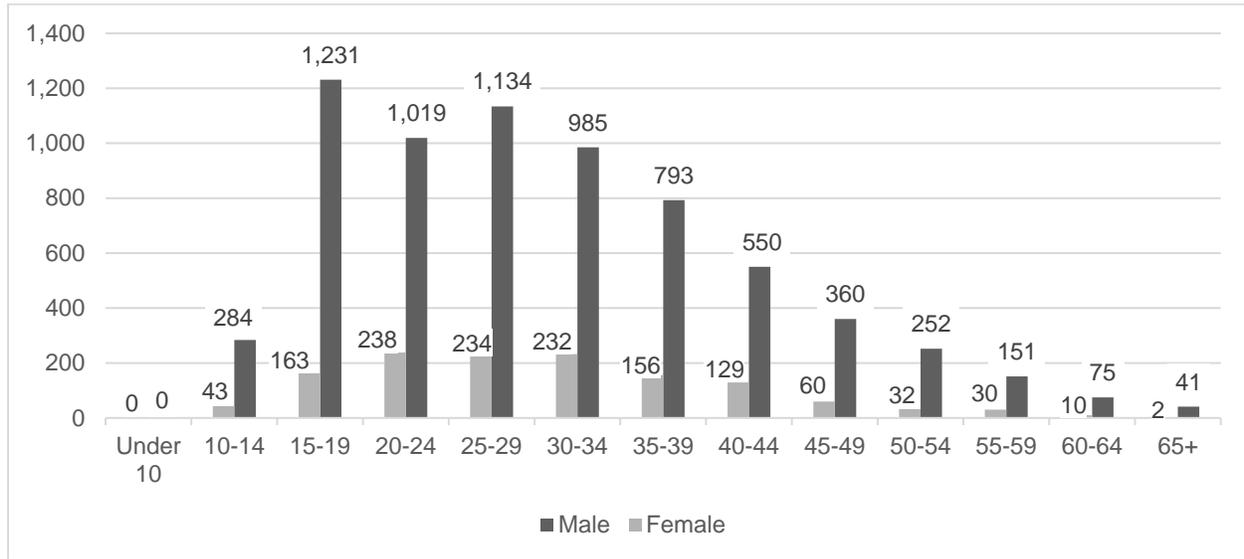

¹ Clearance by arrest or exceptional clearances are further explained in 'Index Crime Trends.'

² All percentages are rounded to the nearest tenth.

Persons Arrested

In 2020, 8,204 arrests for burglary were made by Texas law enforcement agencies. When compared to 2019, the number of persons arrested for burglary decreased by 15.0%.

Graph 4.5.8: Burglary Arrestees by Age and Sex

LARCENY-THEFT

Definition

For Uniform Crime Reporting purposes, Larceny-Theft is defined as the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Larceny-Theft includes shoplifting, pocket-picking, purse-snatching, thefts from motor vehicles, thefts of motor vehicle parts and accessories, bicycle thefts, and other things of value in which no use of force, violence, or fraud occurs.

In the FBI guidelines for NIBRS data, this crime classification does not include embezzlement, confidence/swindle games, forgery, and the passing of counterfeited/bad checks. Those offenses have their own NIBRS crime category and are considered Part II offenses for which only arrest data is converted for SRS methodology.

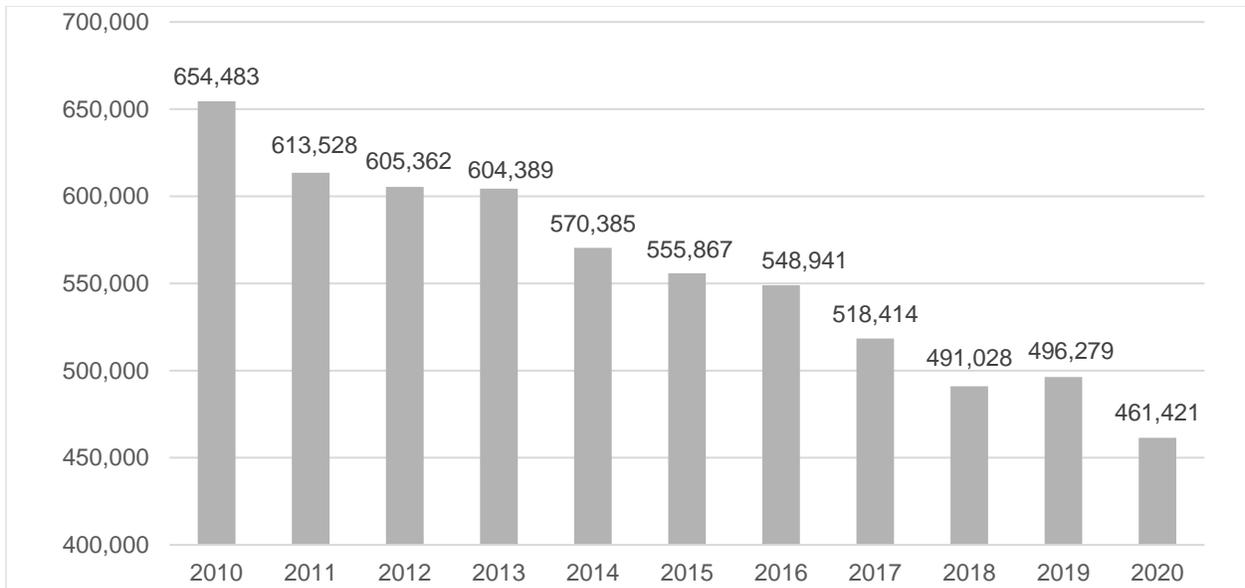

For both SRS and NIBRS methodology, motor vehicle theft is not included in the larceny-theft category as it is a separate index crime offense.

Analysis

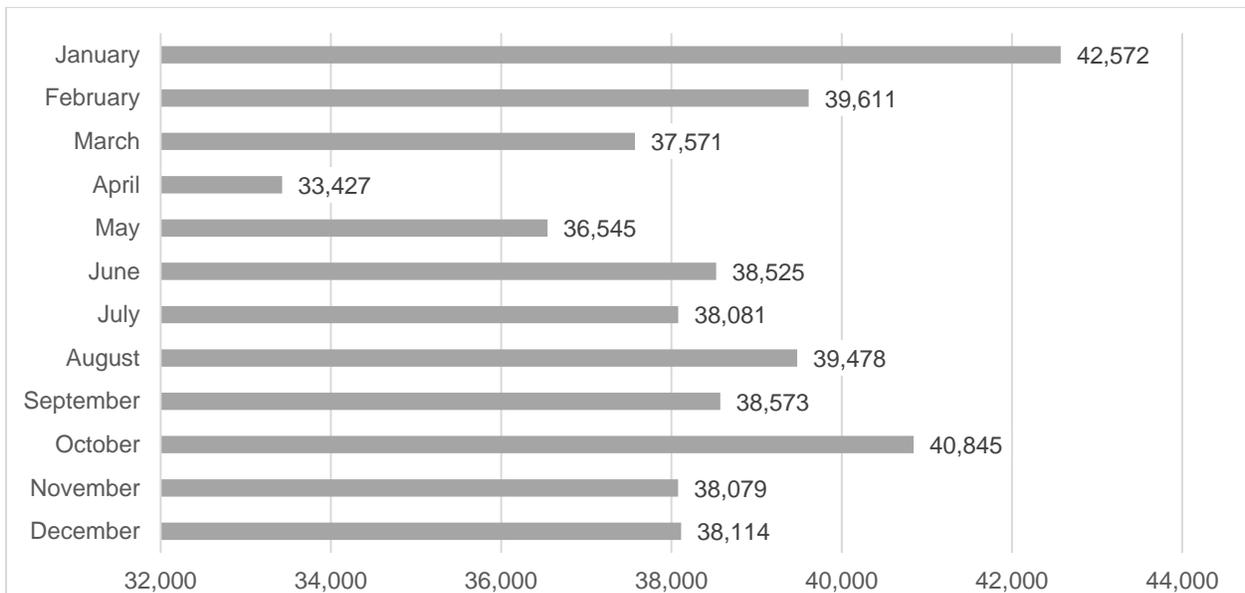

Volume

The reported number of larceny thefts committed in Texas in 2020 was 461,421, making this the crime category with the highest index crimes. The volume of theft in 2020 decreased 7.0% compared to 2019.

Graph 4.6.1: Theft Offenses from 2010 - 2020

Graph 4.6.2: Theft by Month for 2020

Rate

The 2020 theft rate for Texas was 1,571.6 thefts for every 100,000 persons. The change in the theft rate from 2019 was a decrease of 8.2%.

Property Value Loss

In 2020, theft victims suffered losses totaling \$822,595,968. This total represents an increase of 2.1% when compared with 2019 total theft losses. The average dollar loss per theft was \$1,783, up from \$1,624 in 2019. Thefts in the 'under \$50' category accounted for 27.0% of all reported thefts (but only 0.2% of the value lost). While thefts of values greater than \$200 accounted for 54.2% of the total thefts (98.7% of the total value lost); the remainder of the thefts were between \$50 and \$200. These thefts accounted for 18.8% of the volume and 1.1% of the value lost.

For data collection, larceny-theft is divided into nine categories: pocket-picking, purse-snatching, shoplifting, theft from motor vehicles, theft of motor vehicle parts, theft of bicycles, theft from buildings, theft from coin-operated machines, and "All Other Larceny" (except motor vehicle theft, embezzlement, confidence/swindle games, forgery, and the passing of counterfeited/bad checks).

Clearance Rate¹

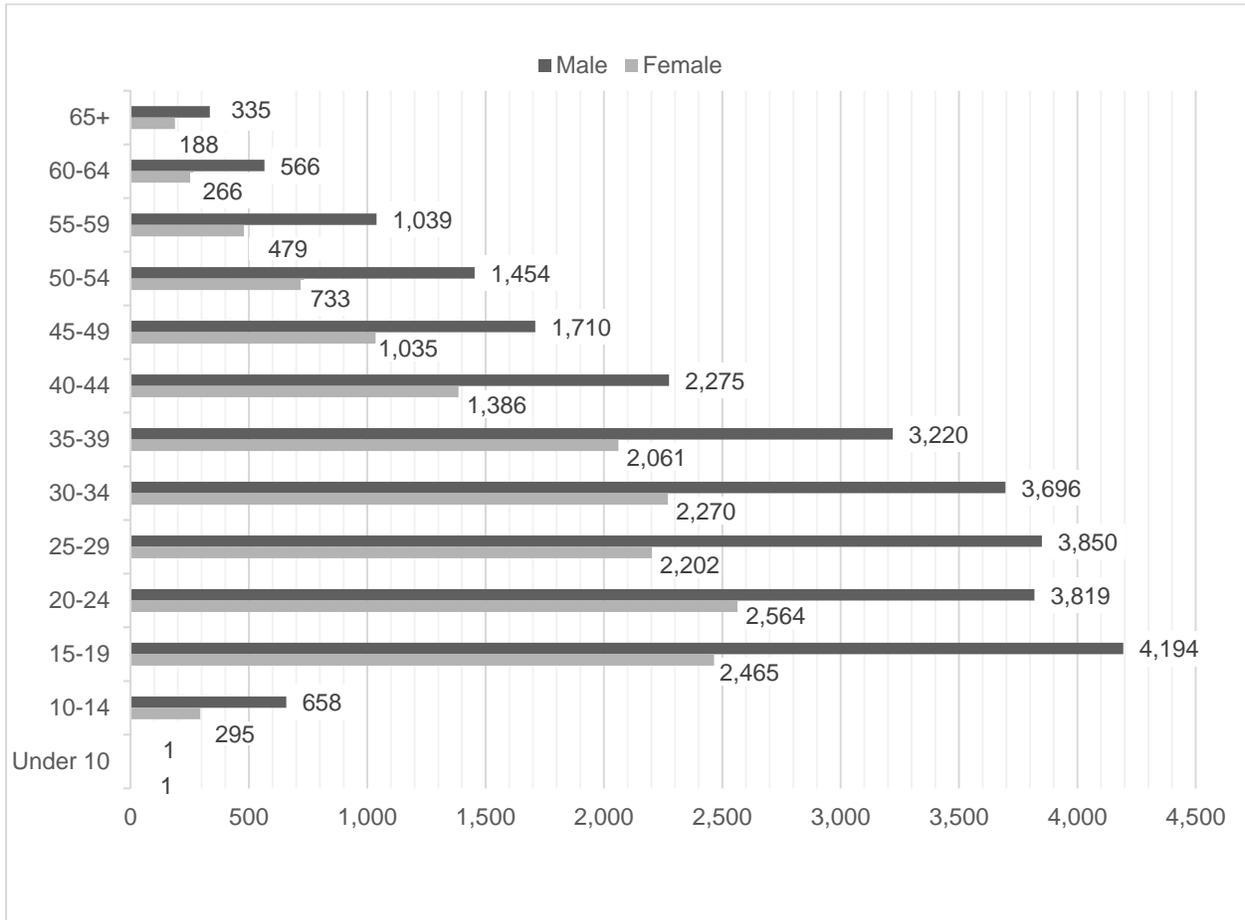

Statewide, Texas law enforcement agencies cleared 10.2% of all reported thefts in 2020.

¹ Clearance by arrest or exceptional clearances are further explained in 'Index Crime Trends.

Persons Arrested

Texas law enforcement agencies made 42,762 larceny-theft arrests in 2020. When compared with 2019, the number of persons arrested for theft decreased by 28.2%.

Graph 4.6.3: Theft Arrests by Age and Sex

The following graph illustrates both the number of offenses as well as the value stolen during those offenses. The highest in both categories was “All Other Larcenies,” with 156,651 offenses and a total value stolen of \$500,038,041.

Graph 4.6.4: Theft Type Offenses and Value Stolen

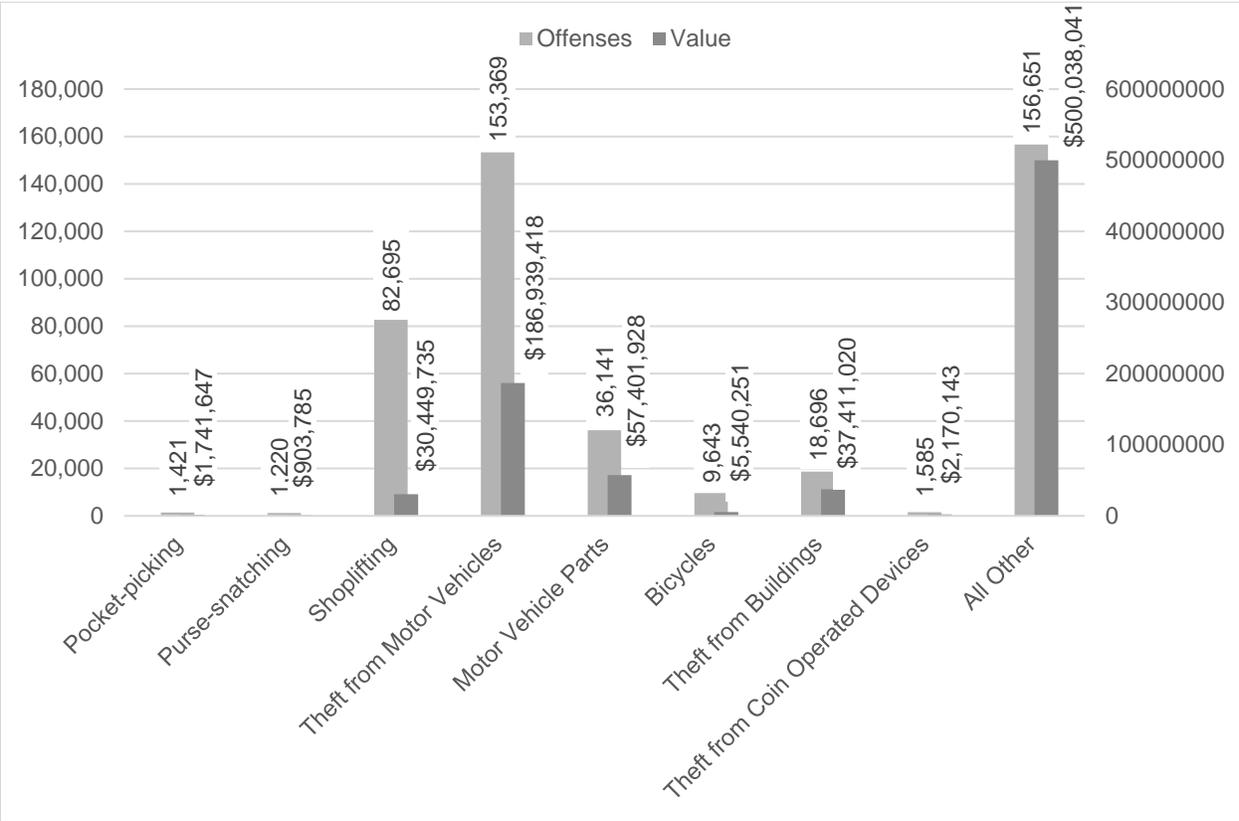

Table 4.6.5: Value of Property Stolen in Theft

Type of Theft	Offenses	Value	Average / Offense
Pocket-picking	1,421	\$1,741,647	\$1,226
Purse-snatching	1,220	\$903,785	\$741
Shoplifting	82,695	\$30,449,735	\$368
Theft from Motor Vehicles	153,369	\$186,939,418	\$1,219

TOTAL	461,421	\$822,595,968	\$1,783

MOTOR VEHICLE THEFT

Definition

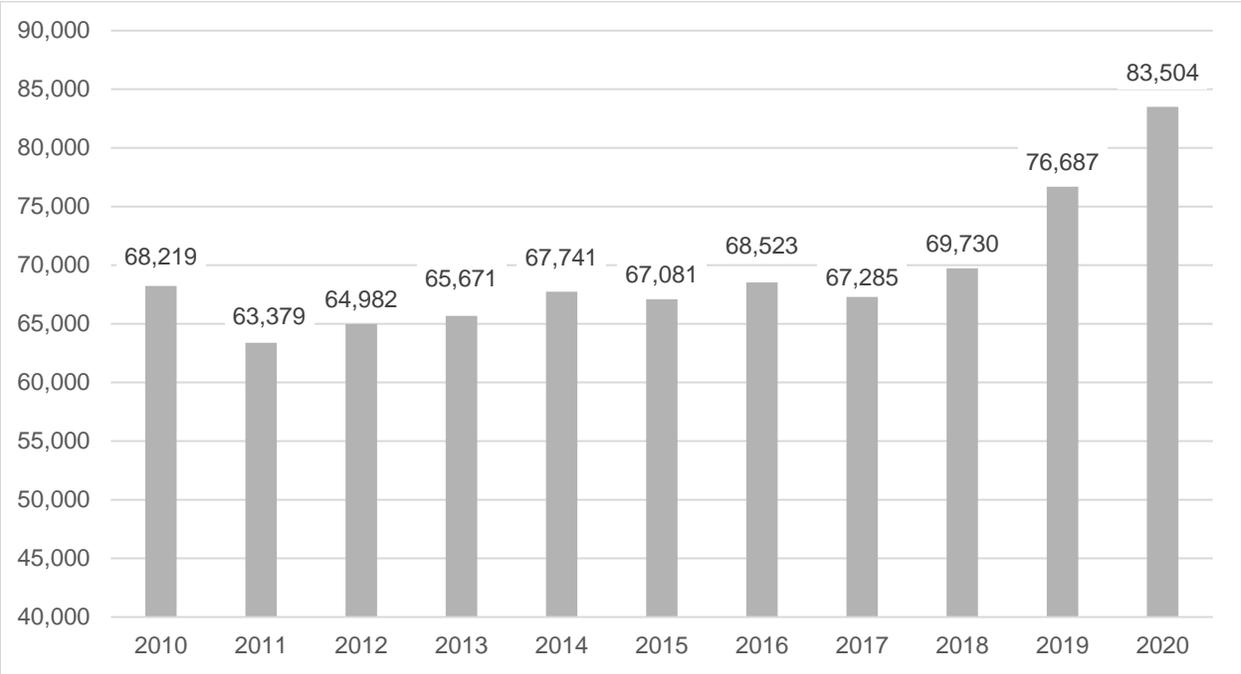

For Uniform Crime Reporting purposes, Motor Vehicle Theft is the theft or attempted theft of a motor vehicle. A motor vehicle is defined as a self-propelled vehicle that travels on the surface of land, but not on rails. Expressly excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Analysis

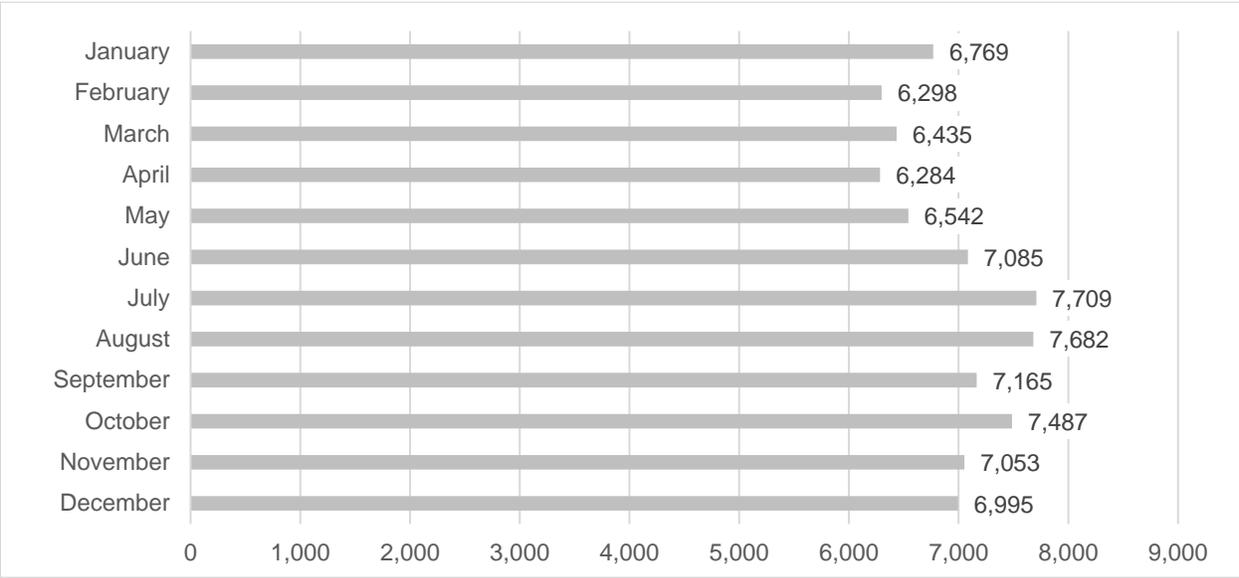

Volume

The number of motor vehicle thefts committed in Texas in 2020 was 83,504. The volume of motor vehicle theft increased by 8.9% when compared with 2019 numbers. The highest number of Texas motor vehicle thefts in 2020 were reported in the months of July and August.

Graph 4.7.1: Motor Vehicle Theft Offenses from 2010 - 2020

Graph 4.7.2: Motor Vehicle Theft by Month for 2020

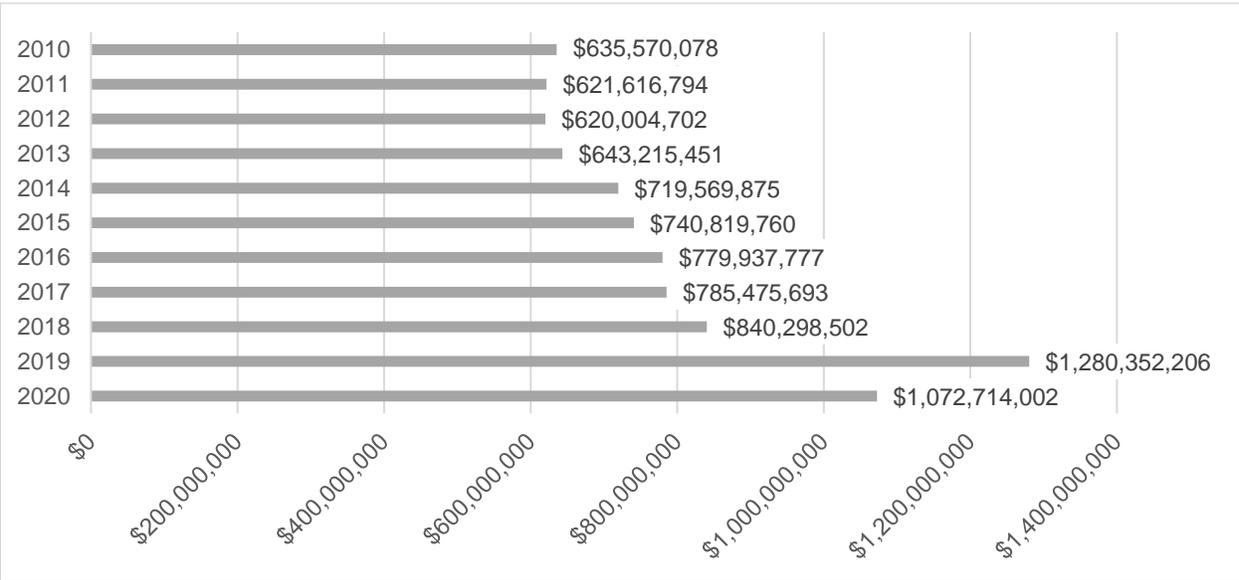

Rate

The 2020 motor vehicle theft rate for Texas was 284.4 motor vehicle thefts for every 100,000 persons. This is an increase of 7.5% compared to 2019.

Property Value Loss

In 2020, motor vehicle theft victims reported losses totaling \$1,072,714,002. This total value loss represents a decrease of 16.2% when compared with the 2019 total. The average dollar loss per motor vehicle theft was \$12,846, down from \$16,696 in 2019.

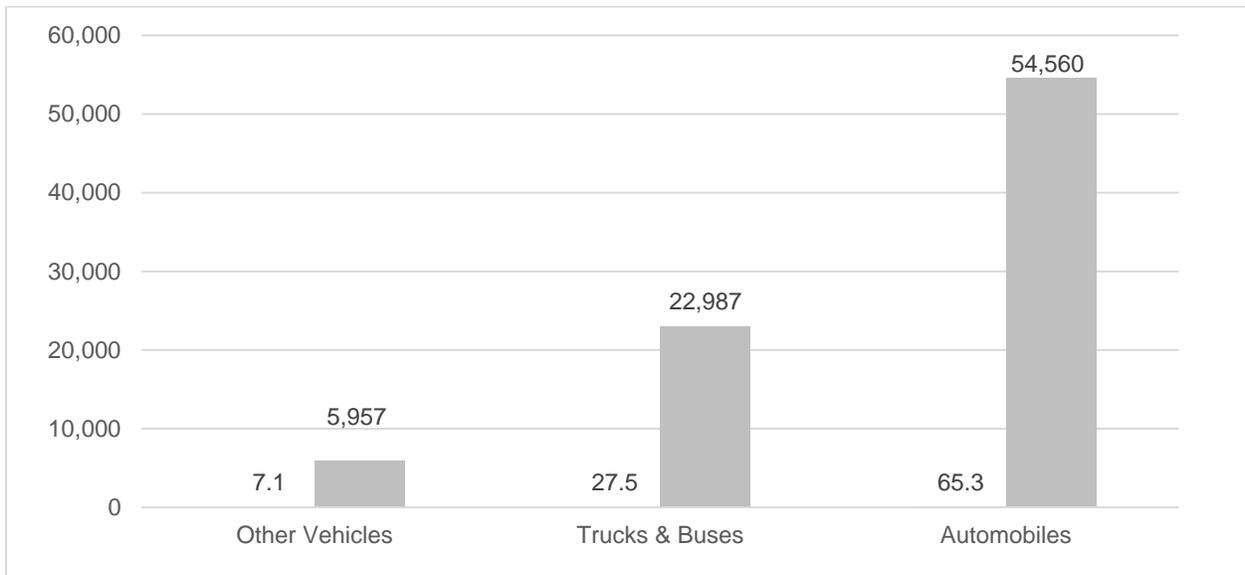

Graph 4.7.3: Motor Vehicle Values at Time of Theft from 2010 - 2020

Types of Vehicles Stolen

Of the types of motor vehicles reported stolen, 65.3% are automobiles, 27.5% are trucks and buses, and the remainder is classed as “other vehicles.” The “other vehicles” classification includes all other motor vehicles, such as snowmobiles, motorcycles, motor scooters, golf carts, etc.

Graph 4.7.4: Percentage and Offenses of Motor Vehicle Theft by Type Stolen^{1,2}

Clearance Rate³

Statewide, Texas law enforcement officers cleared 10.1% of all motor vehicle thefts that were reported.

Of the three vehicle types for which information is collected, automobiles show the highest clearance rate at 11.8%. Thefts of trucks and buses were cleared at a 6.7% rate, and the “other vehicle” classification shows an 8.2% clearance rate.

¹ All percentages rounded to the nearest tenth.

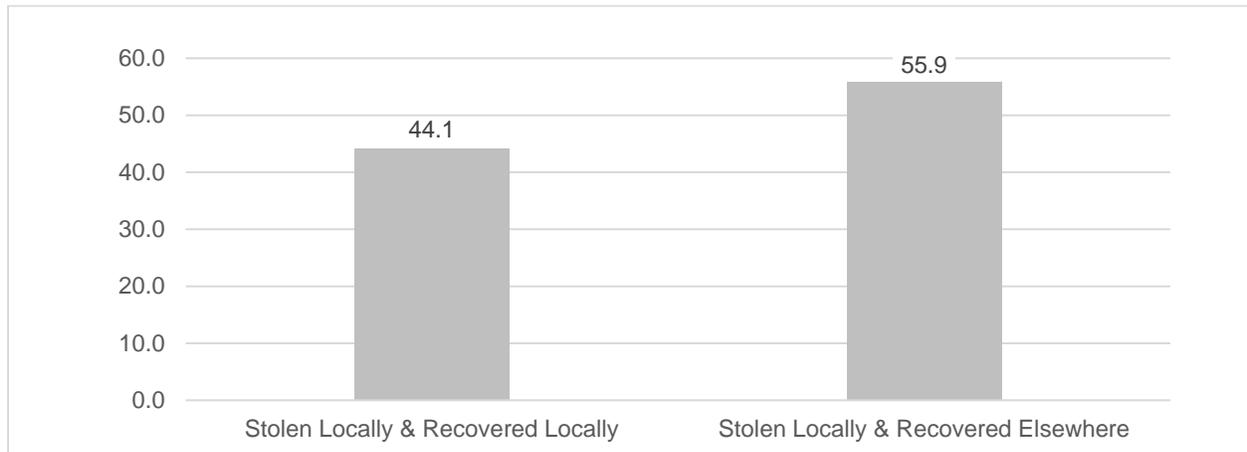

² Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

³ Clearance by arrest or exceptional clearances are further explained in “Index Crime Trends.”

Recoveries

In 2020, 13,029 of the motor vehicles reported stolen were recovered (15.6%). Out of the recovered vehicles, 44.1% were stolen locally and recovered locally. The remaining 55.9% were stolen locally and recovered by another jurisdiction.

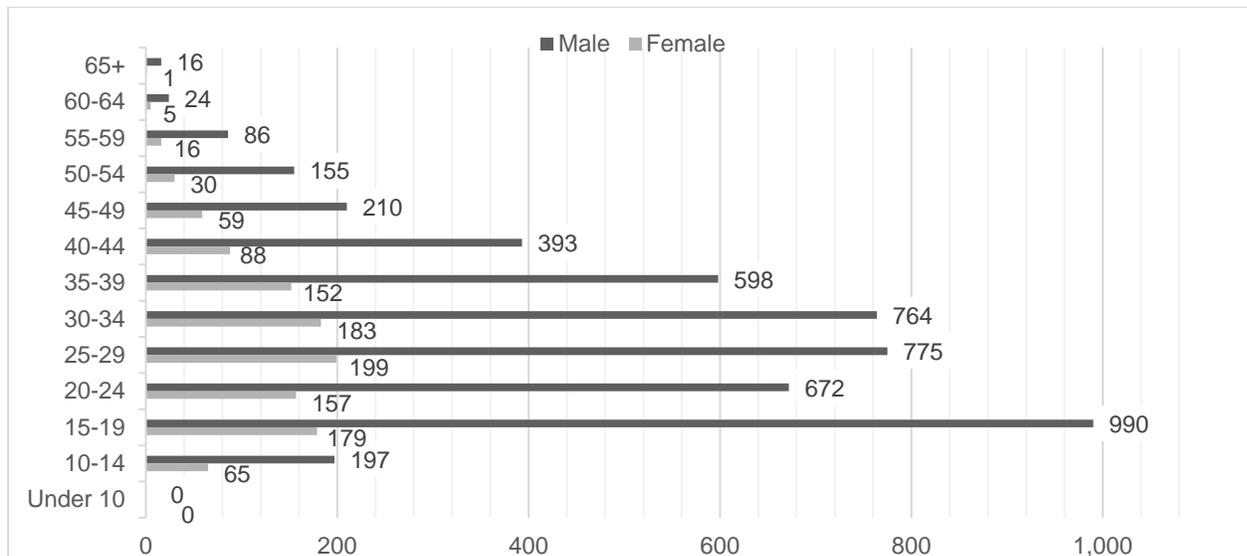

Graph 4.7.5: Percentage of Vehicle Recovery¹

Persons Arrested

In 2020, Texas law enforcement officers arrested 6,014 persons for motor vehicle theft. When compared with 2019, the number of motor vehicle theft arrests increased by 4.5% over 2019 figures. The highest demographic of arrestees was 990 male offenders between 15-19 years of age; representing 16.5% of all motor vehicle thefts.

Graph 4.7.6: Motor Vehicle Theft Arrests by Age and Sex

¹ All percentages rounded to the nearest tenth.

ARSON

Definition

For Uniform Crime Reporting purposes, Arson is defined as any willful or malicious burning or attempt to burn, with or without intent to defraud, a house, public building, motor vehicle or aircraft, personal property of another, etc.

Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded from data collection.

Analysis

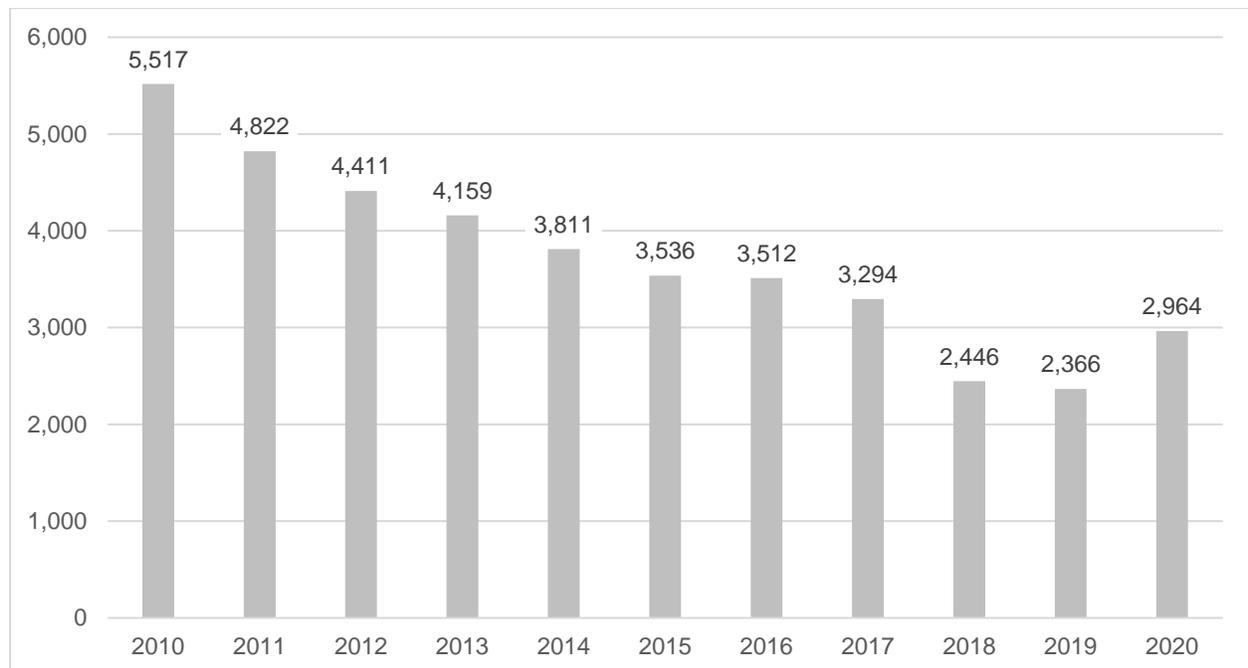

Volume

The reported number of arsons committed in Texas in 2020 was 2,964. The volume of arson offenses increased by 25.3% in comparison with 2019.

Rate

The 2020 arson rate for Texas was 10.1 arsons for every 100,000 persons. The change in the arson rate from 2019 was an increase of 23.7%.

Graph 4.8.1: Volume of Arson Offenses from 2010 – 2020

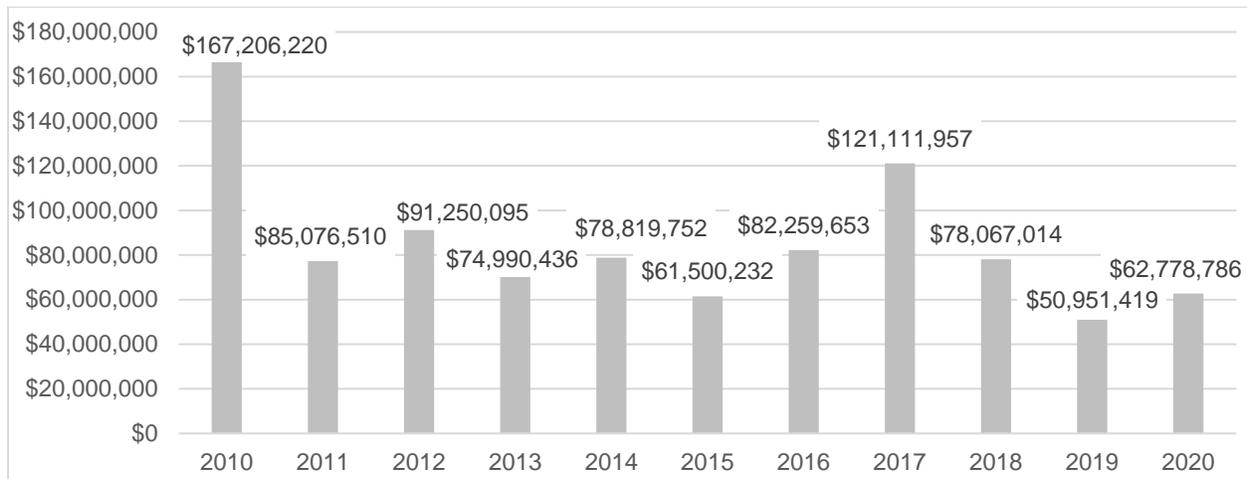

Damaged Property¹

Structures comprised 42.0% of the reported incidents and 74.9% of the property value was lost to arson. Mobile property constituted 33.0% of the reported arsons, but only 21.9% of the value lost. The 'Other' property category (crops, timber, fences, signs, etc.) formed the remaining 25.1% of the arsons and 3.1% of the value lost.

Residential property was involved in 65.1% of the structural arsons in 2020, with 69.5% of such arsons directed at single-occupancy dwellings.

Graph 4.8.2: Value Lost to Arson from 2010 – 2020

Of all targeted structural properties, 4.6% of the properties were uninhabited when the arson occurred. Motor vehicles composed 96.2% of all mobile property at which arsons were directed.

In 2020, arson victims suffered losses totaling \$62,778,786. This total value loss represents a 23.2% increase when compared with 2019 total arson losses. The average dollar loss per arson was \$21,180, down from \$21,535 in 2019. Other Commercial structures was the classification with the highest average loss of \$81,740 per offense. Other Residential structures showed an average loss of \$34,762; motor vehicle arsons averaged a loss of \$15,138, and the "other" group (crops, timber, fences, signs, etc.) had the lowest average loss of \$2,751.

Clearance Rate²

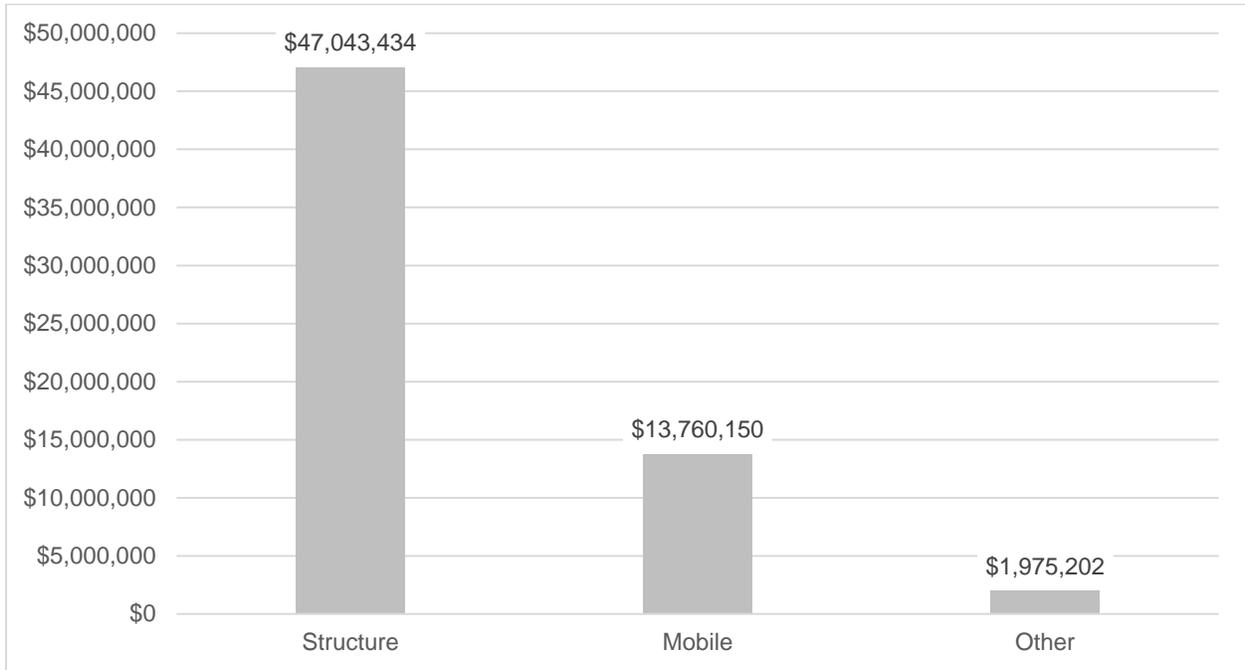

Statewide, Texas law enforcement agencies cleared 15.6% of all arsons that were reported. Of the various property classifications, Industrial/ Manufacturing had the highest clearance rates (44.4%). All Other Structure showed a 20.5% clearance rate, and the lowest clearance rate, at 6.7%, was motor vehicles.

¹ All percentages are rounded to the nearest tenth. Due to rounding protocol, some percentages may be slightly greater or less than 100% when totaled.

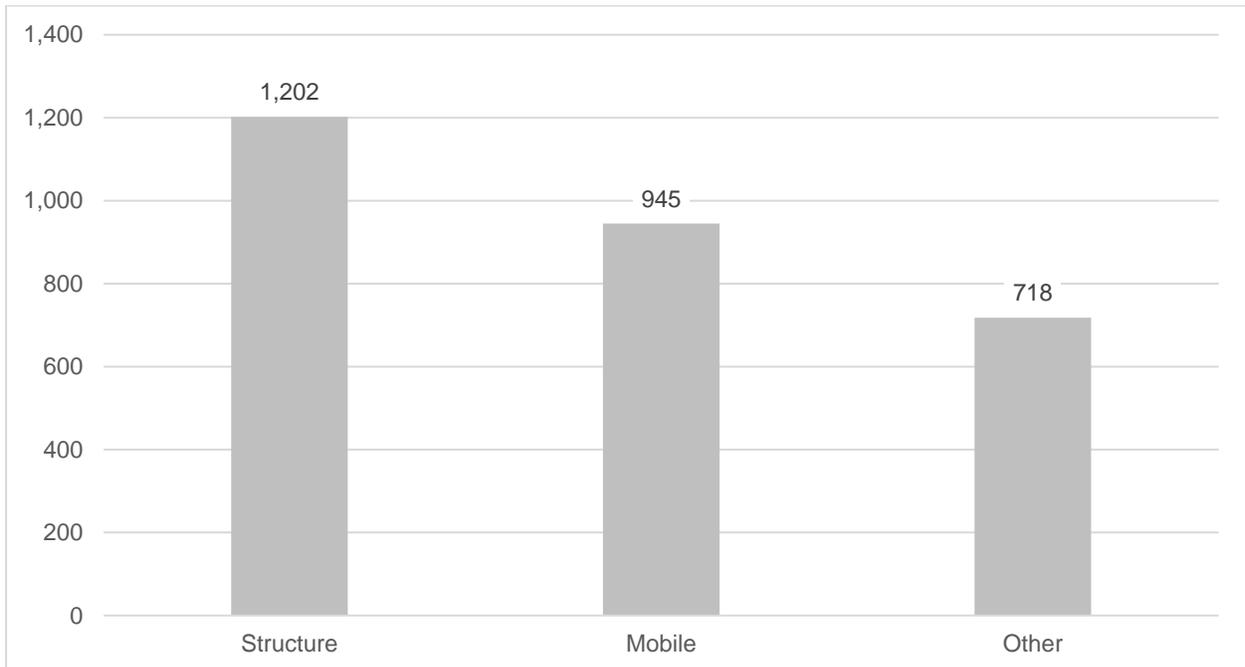

² Clearance by arrest or exceptional clearances are further explained in 'Index Crime Trends.'

Of all arson clearances, 16.9% involved persons under the age of eighteen. Persons in this age group accounted for 61.5% of the Community/Public structure arson clearances, 36.0% of All Other Structure category clearances, and 22.2% of the Storage arson clearances.

Graph 4.8.3: Value Lost to Arson by Type

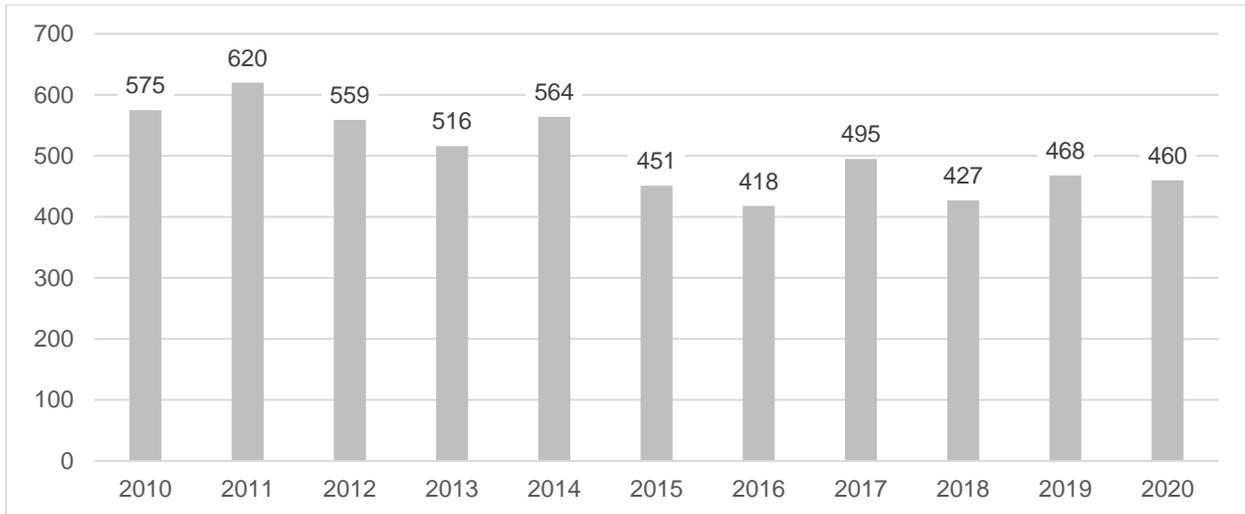

Graph 4.8.4: Arson Offenses by Type

Persons Arrested

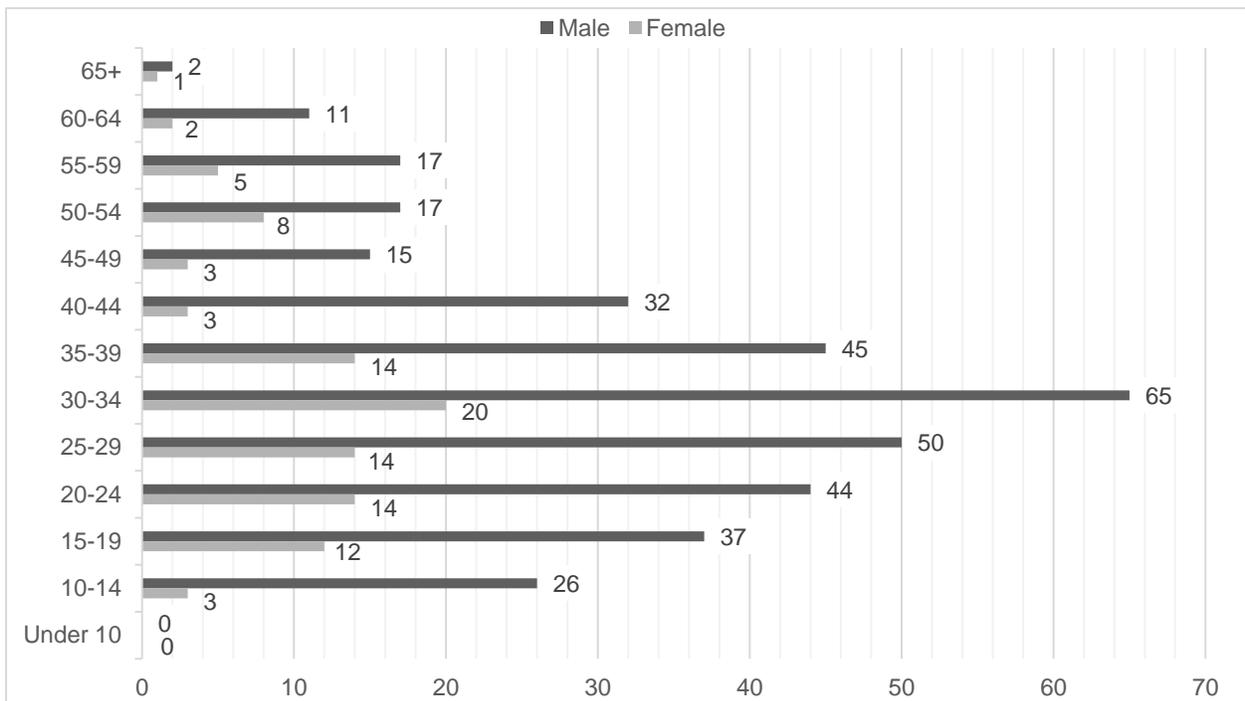

Texas law enforcement agencies arrested 460 persons for the crime of arson in 2020. When compared with the previous year, the number of persons arrested for arson decreased 1.7%.

Graph 4.8.5: Arson Arrests from 2010 – 2020

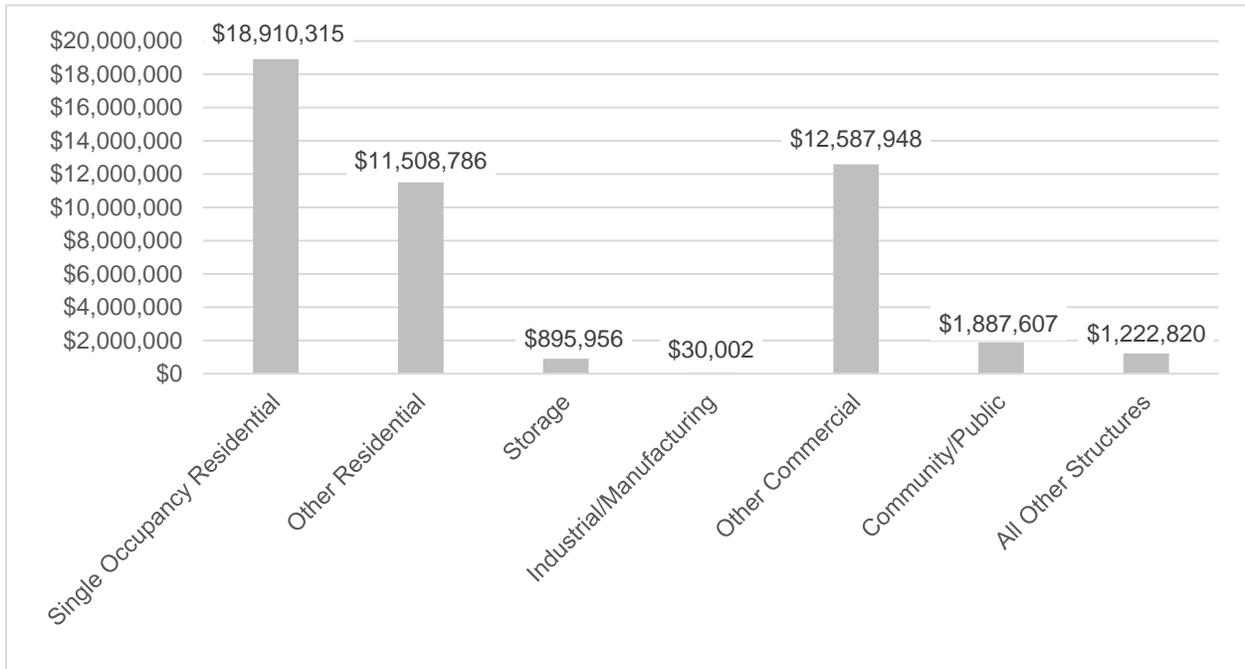

When compared with 2019, the number of persons arrested for arson decreased, totaling 460. The largest group of arrestees was males ages 30-34, while the second-largest was males ages 25-29.

Graph 4.8.6: Arson Arrestees by Age and Sex

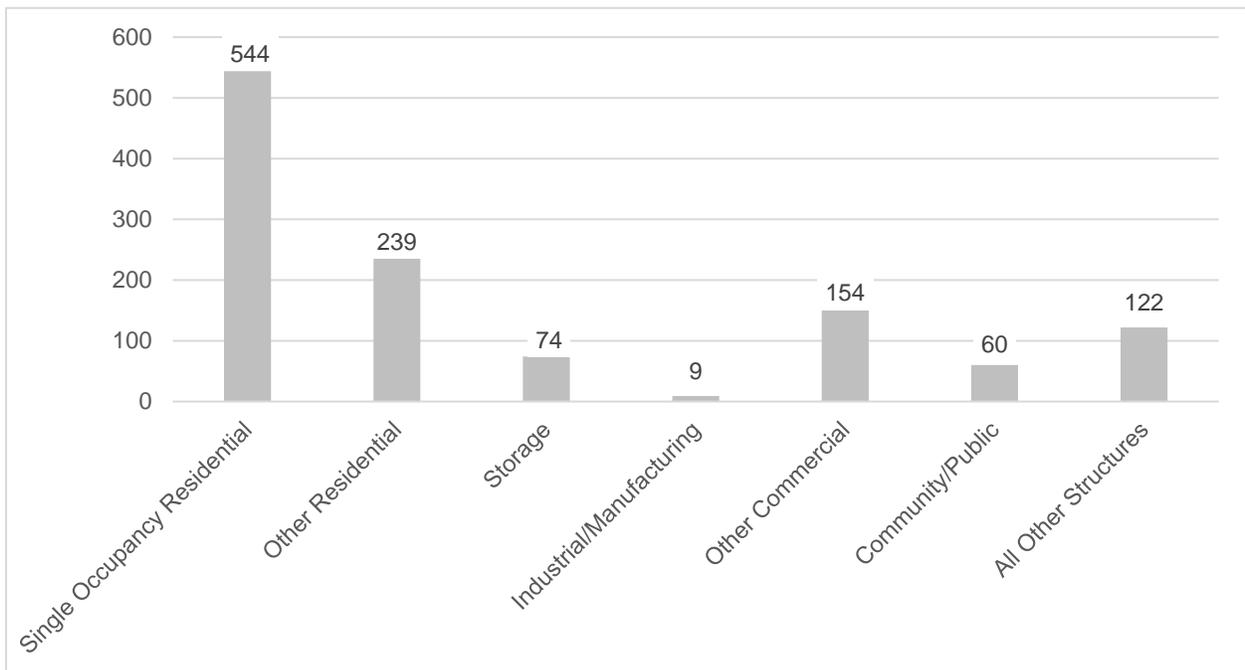

The following graphs illustrate the number of offenses of arson, as well as value loss during those offenses. The highest amount of arson offenses occurred at Single Occupancy Residences, with 544 offenses. However, the highest value lost was associated with Structures was single occupancy with a loss of \$18,910,315.

Graph 4.8.7: Structural Arson – Value Lost by Property Type

Graph 4.8.8: Structural Arson – Offenses by Property Type

HUMAN TRAFFICKING

Definition

For Uniform Crime Reporting purposes, Human Trafficking includes both offense and arrest data for Commercial Sex Acts and Involuntary Servitude. The FBI defines Commercial Sex Acts as inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age. Involuntary Servitude is defined as the obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

Trafficking vs. Smuggling

It is increasingly difficult to distinguish between human trafficking and human smuggling although they are distinct criminal activities. Human trafficking centers on exploitation, while human smuggling centers on transportation. Human smuggling is generally defined as: Importation of persons into the United States involving deliberate evasion of immigration laws. Human smuggling data is not captured within Human Trafficking statistical reports. However, human smugglers are known to hold people against their will, extort them and their families, and sexually assault young females being smuggled.

Analysis

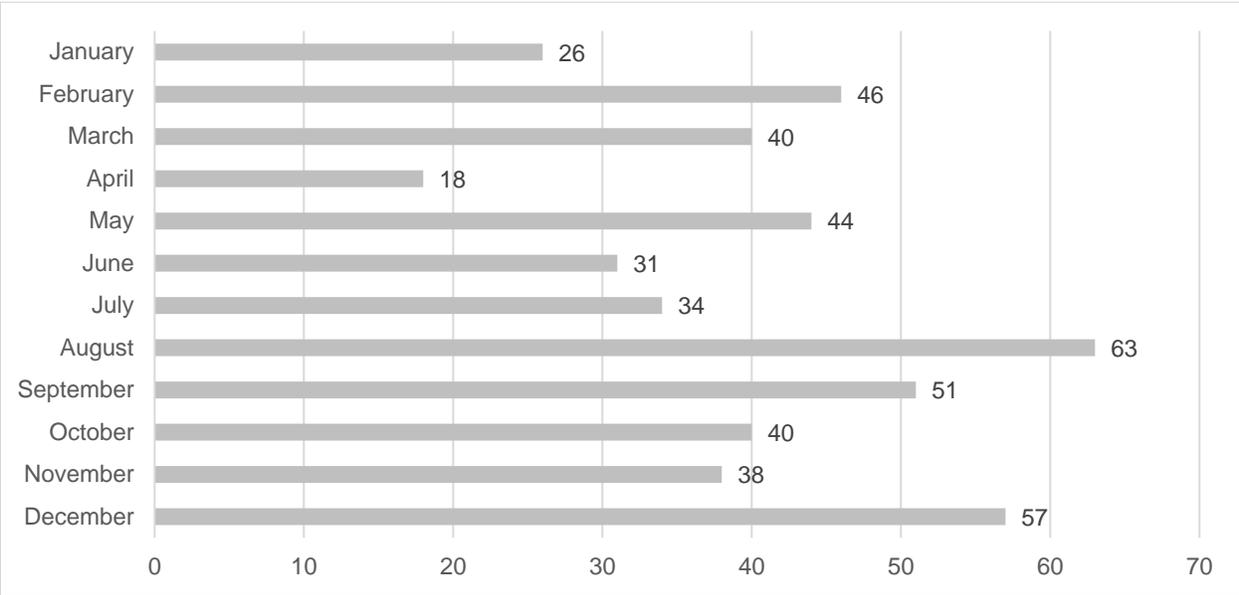

Volume

The number of human trafficking offenses reported in Texas in 2020 was 488. This represents an increase of 8.2% when compared to 2019.

Rate

The 2020 human trafficking rate was 1.7 for every 100,000 persons in Texas. Of all human trafficking offenses, 27.0% were Involuntary Servitude and 73.0% were Commercial Sex Acts.

Graph 4.9.1: Volume of Human Trafficking Offenses by Month 2020

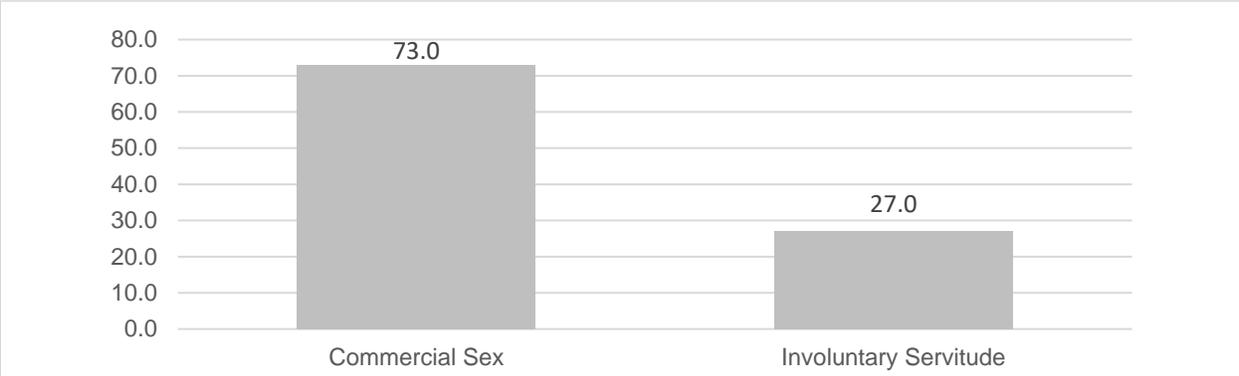

Clearance Rate¹

Statewide, Texas law enforcement agencies cleared 40.4% of all human trafficking offenses reported to them. Commercial Sex Acts had a clearance rate of 28.9%, whereas Involuntary Servitude had a clearance rate of 71.2%.

The Nature of Human Trafficking

The data represents the offenses and arrests that were reported by participating agencies, breaking them down into either Commercial Sex or Involuntary Servitude.

Graph 4.9.2: The Percentage of the Nature of Human Trafficking²

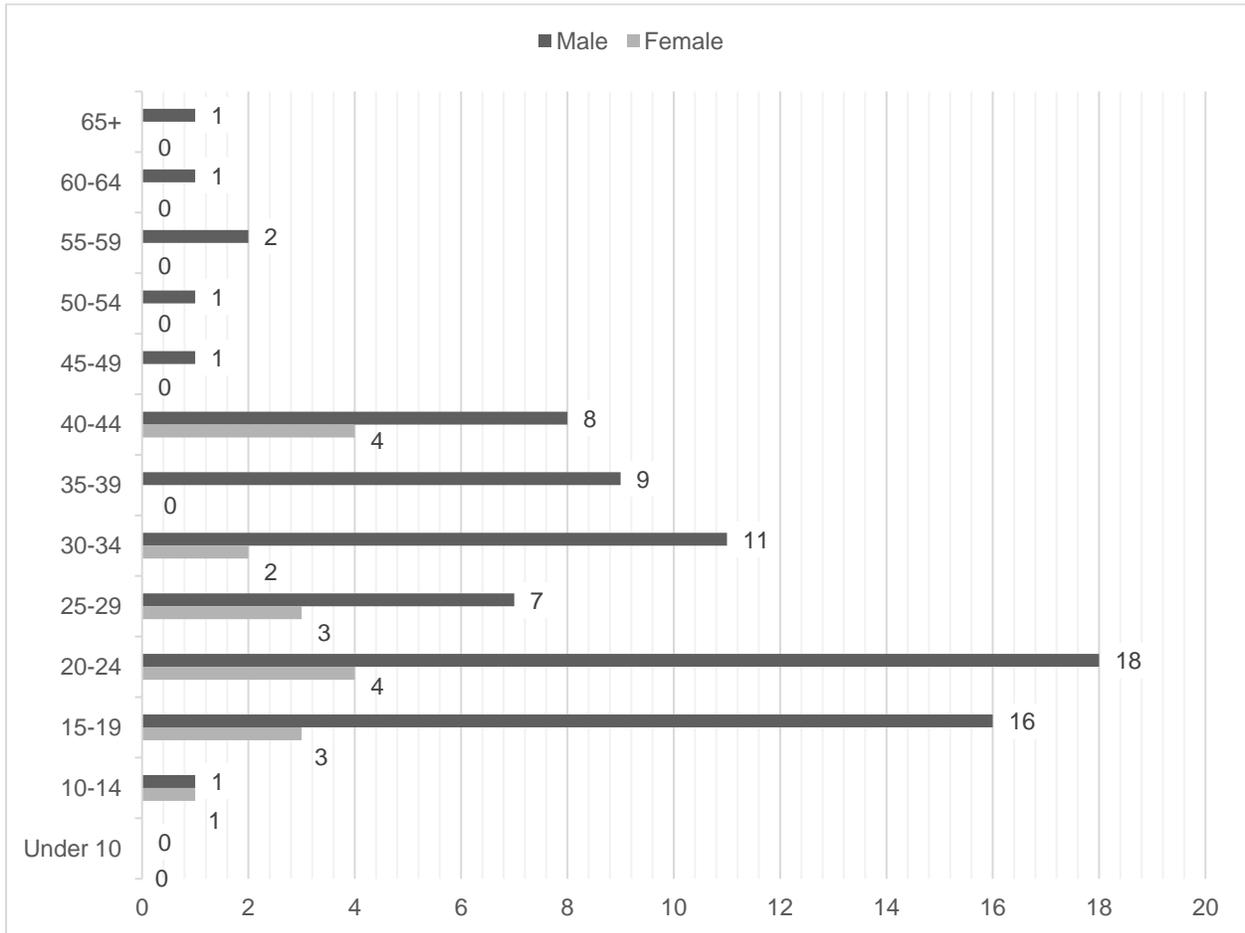

¹ Clearance by arrest or exceptional clearances are further explained in 'Index Crimes Trends'.

² All percentages rounded to the nearest tenth.

Persons Arrested

There was an increase in the number of Human Trafficking arrests in 2020. Statewide, there were 93 persons arrested in 2020, resulting in a 22.4% increase when compared to 2019.

Graph 4.9.3: Human Trafficking Arrestees by Age and Sex

SELECT NON-INDEX CRIMES

DRIVING UNDER THE INFLUENCE ARRESTS

Definition

For Uniform Crime Reporting purposes, Driving Under the Influence (DUI) is defined as driving or operating any motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic. This is a Group B offense and only arrest information is reported.

Analysis

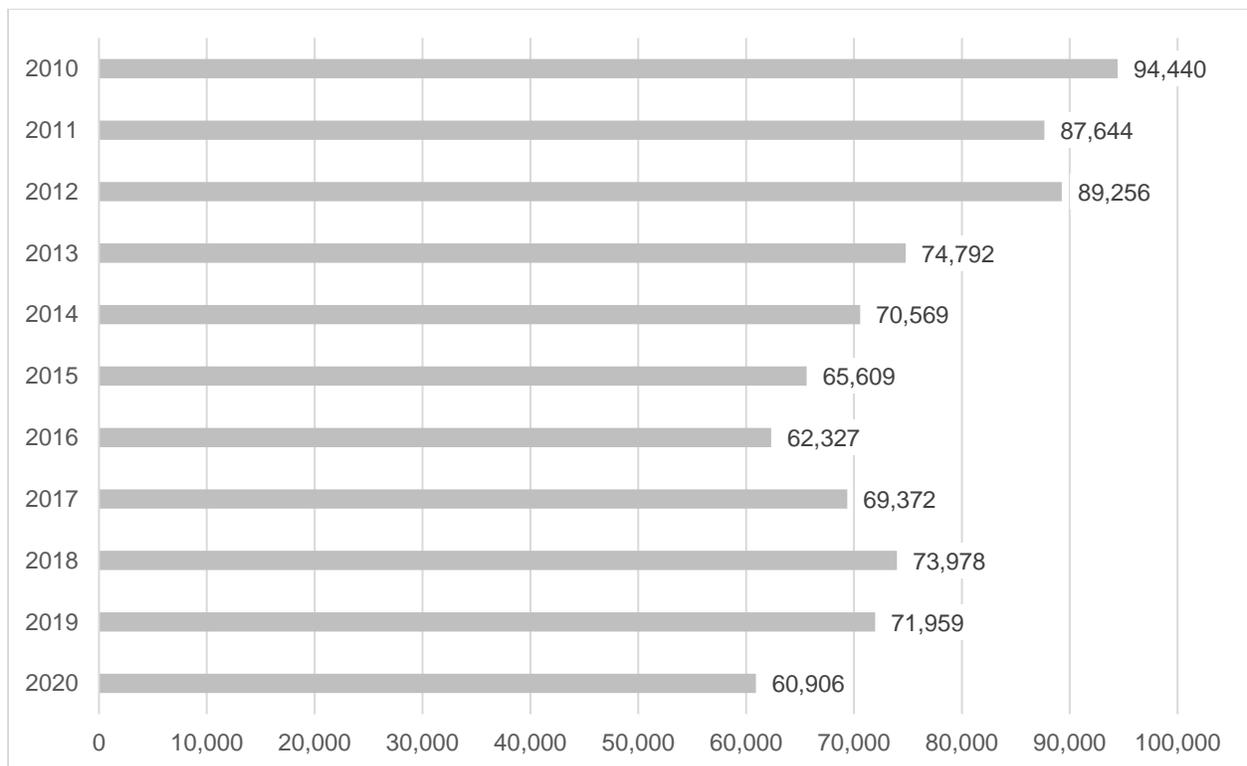

Volume

The number of arrests for DUI in Texas in 2020 was 60,906. The volume of DUI arrests decreased by 15.4% in comparison with 2019.

Rate

The 2020 DUI arrest rate for Texas was 207.4 arrests for every 100,000 persons. The change in the DUI arrest rate from 2019 was a decrease of 16.4%.

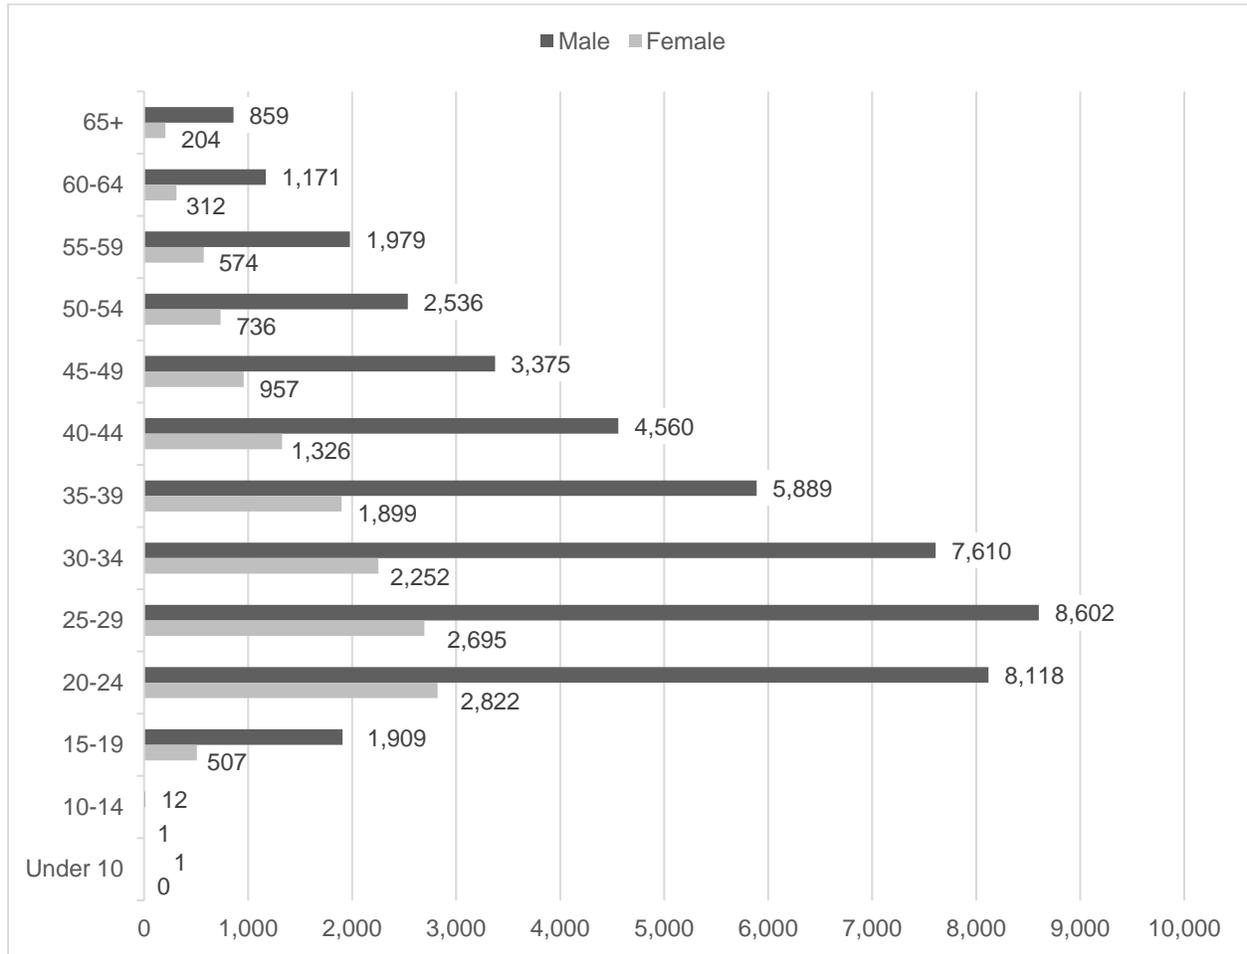

Graph 5.1: Volume of DUI Arrests from 2010 - 2020

Persons Arrested

Of all DUI arrests, 4,420 or 7.3% were of persons who were under the legal age to purchase alcohol in Texas, which is 21 years of age or older.

Graph 5.2: Number of DUI Arrests by Age and Sex

WEAPON ARRESTS

Definition

A weapons arrest occurs when an individual violates laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. As with all Part II non-index crimes, the Texas Uniform Crime Reporting program collects only reports of arrests for this offense.

Analysis

As indicated in the murder section, firearms were the murder weapons of choice in 80.6% of all Texas murders. Within the firearms category, handguns accounted for 50.3% of the weapons.

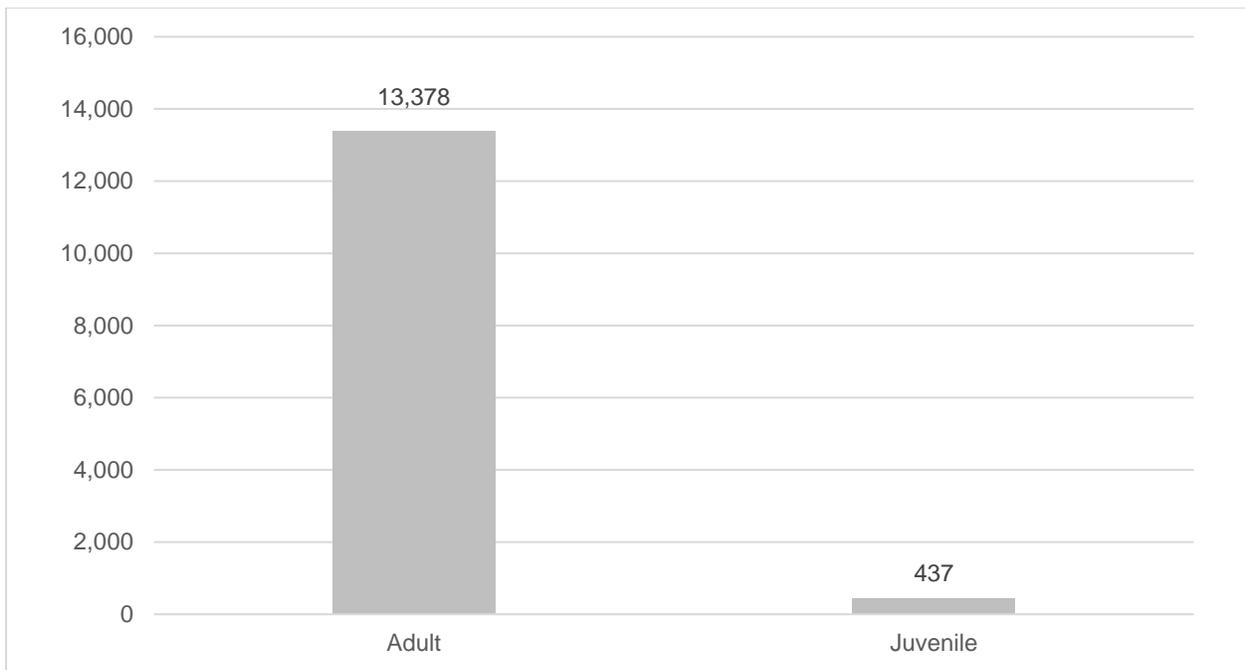

Volume

In 2020, 13,815 arrests for weapon violations were reported. The number of weapons arrests increased 13.3% in comparison with 2019.

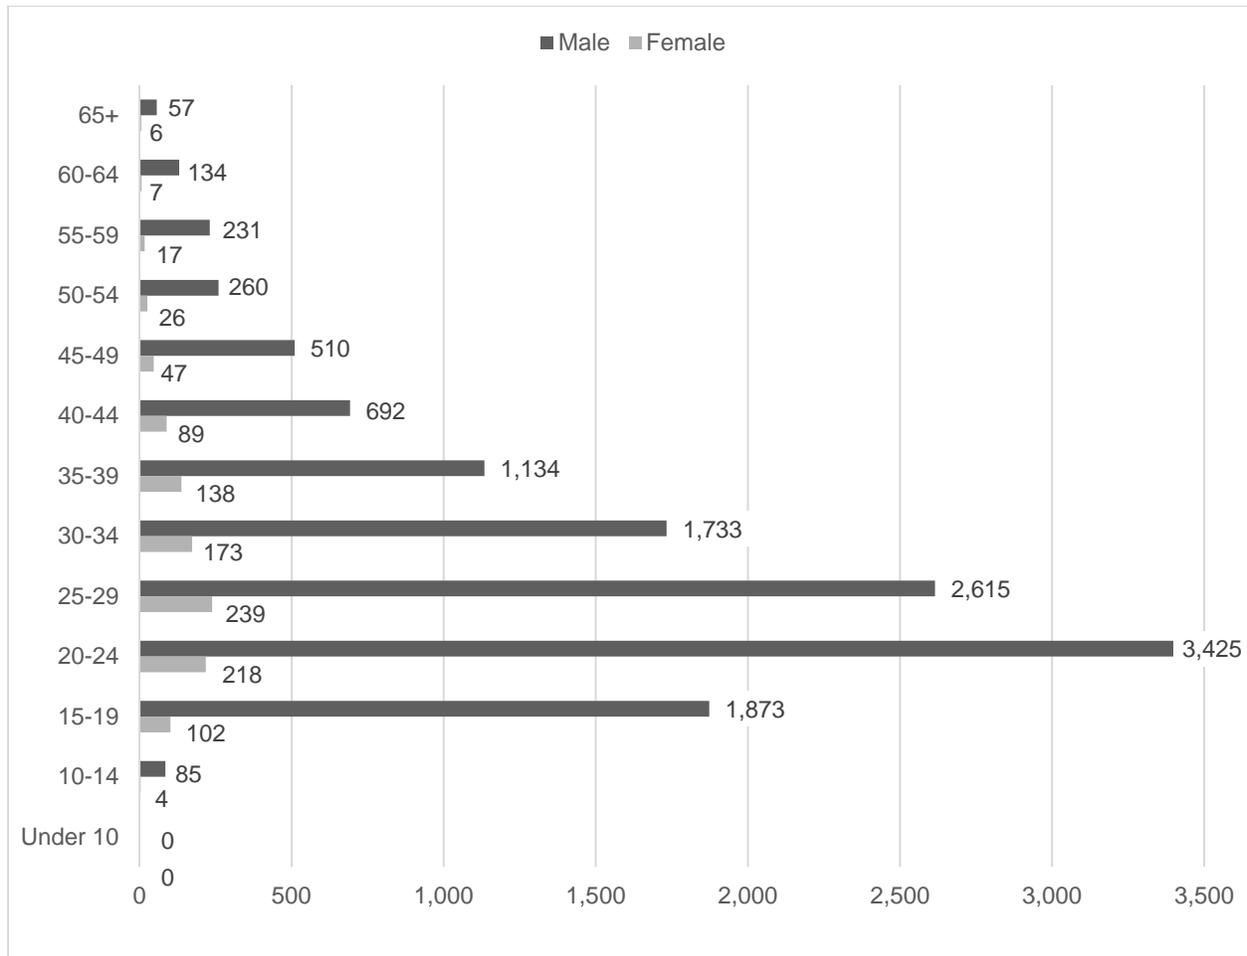

Rate

The 2020 weapons arrest rate was 47.1 arrests for every 100,000 persons. The change in the arrest rate from 2019 was an increase of 11.9%.

Graph 6.1: Weapons Arrests for 2020

Graph 6.2: Weapons Arrests by Age and Sex

CARGO THEFT

Definition

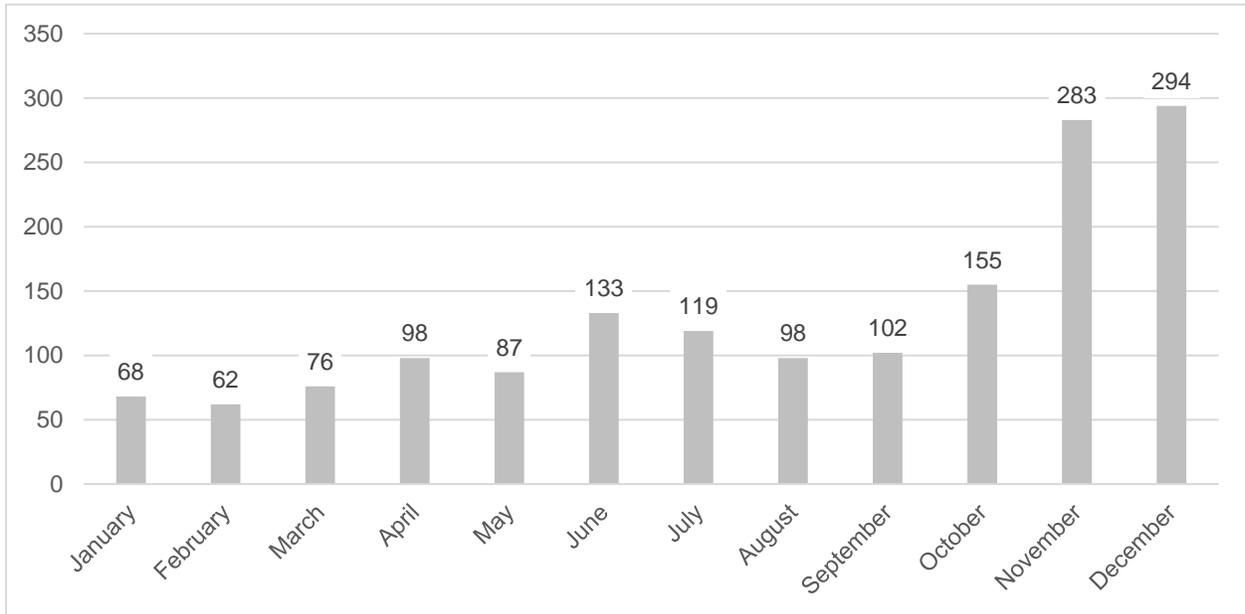

For Uniform Crime Reporting purposes, Cargo Theft is defined as “the criminal taking of any cargo including, but not limited to, goods, chattels, money, or baggage that constitutes, in whole or in part, a commercial shipment of freight moving in commerce, from any pipeline system, railroad car, motor truck, or other vehicles, or from any tank or storage facility, station house, platform, or depot, or from any vessel or pier, or from any aircraft, air terminal, airport, aircraft terminal or air navigation facility, or from any intermodal container, intermodal chassis, trailer, container freight station, warehouse, freight distribution facility, or freight consolidation facility. For purposes of this definition, cargo shall be deemed as moving in commerce at all points between the point of origin and the final destination, regardless of any temporary stop while awaiting transshipment or otherwise.”

Analysis

Volume

In 2020, 1,575 cargo thefts were reported. The number of cargo thefts increased 76.0% when compared to 2019.

Graph 7.1: Cargo Theft for 2020

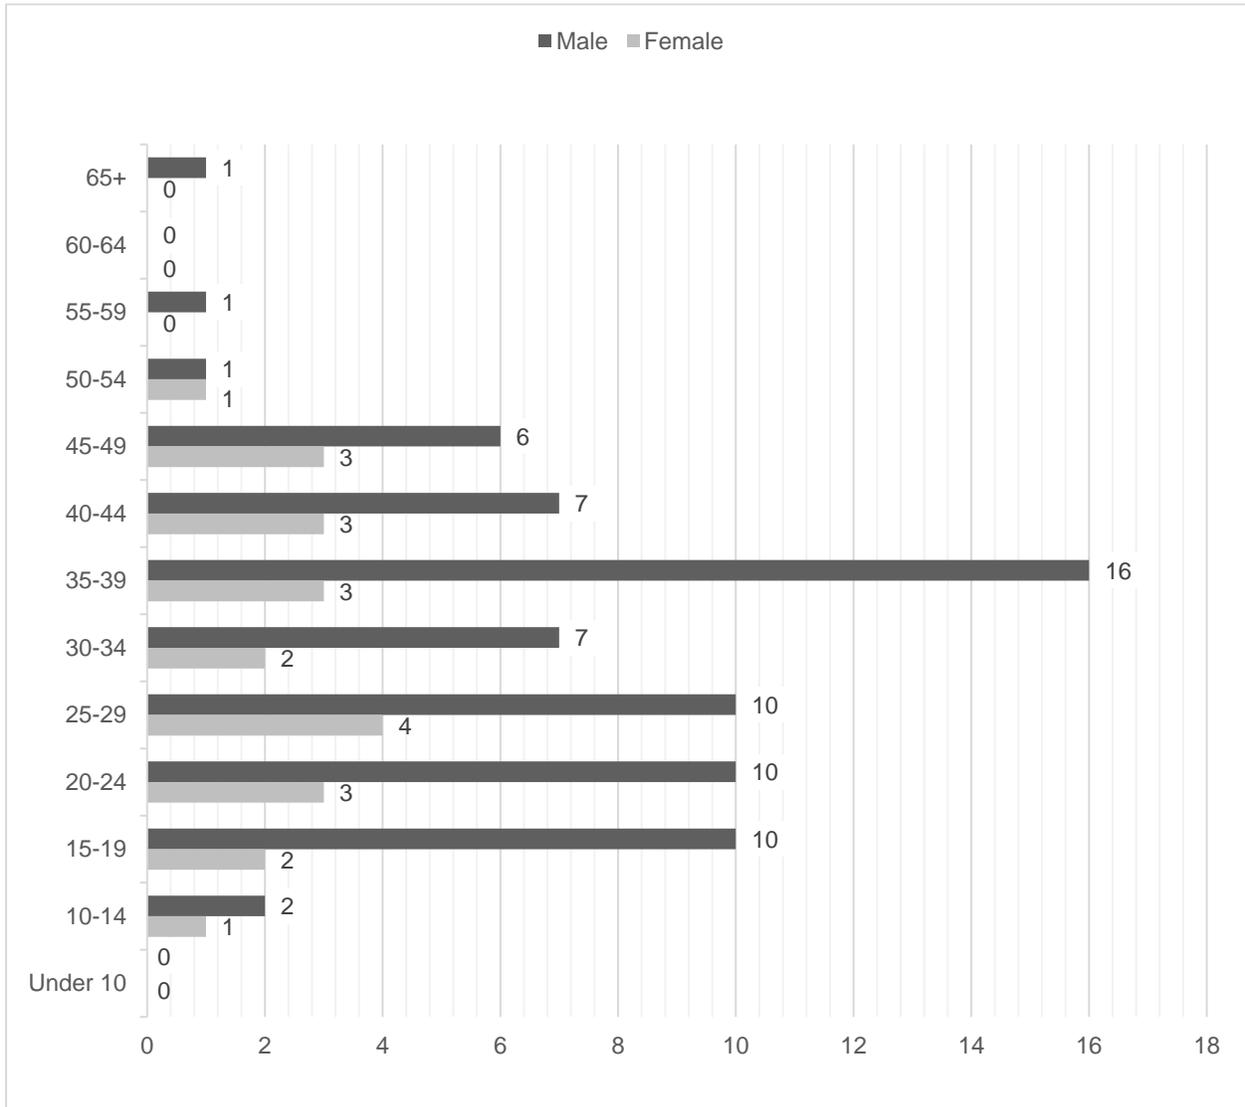

Rate

The 2020 cargo theft rate was 5.4 cargo thefts for every 100,000 persons. The change in the cargo theft rate was an increase of 73.8% from 2019.

Persons Arrested

The 1,575 cargo theft offenses in 2020 led to 93 arrests: with 71 being male and 22 being female offenders.

Graph 7.2: Cargo Theft Arrests by Age and Sex

FAMILY VIOLENCE

Definition

The Texas Family Code, Chapter 71.004, defines Family Violence as “an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measures to protect oneself.” The law includes abuse; defined as physical injury that results in substantial harm or genuine threat; sexual contact, intercourse, or conduct; or compelling or encouraging the child to engage in sexual conduct. The law excludes the reasonable discipline of a child.

For Family Violence Reporting, the law defines “family” to include individuals related by consanguinity (blood) or affinity, marriage or former marriage, biological parents of the same child, foster children, foster parents, and members or former members of the same household (including roommates regardless of gender).

Texas Family Code Chapter 71 includes “Dating Violence” in the family violence reporting. The law defines “Dating Relationship” as a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature.

Analysis

Volume

The total number of Texas family violence incidents in 2020 was 213,875. This represented an 8.6% increase when compared to 2019. These incidents involved 231,029 victims (increased 9.2% from 2019) and 224,792 offenders (increased 9.0% from 2019).

Table 8.1: 2020 Family Violence¹

Reported Data	2020	2019	% Change
Incidents	213,875	196,902	8.6
Victims	231,029	211,536	9.2
Offenders	224,792	206,275	9.0

¹ All percentages rounded to the nearest tenth and every percentage below 0.1% are displayed as 0.0.

Victim / Offender Relationships

The largest percentage of family violence reports was between other family members. The second most commonly reported relationship among offenders and victims was Husband/Wife relationship, and the third most common relationship was Parent/Child.

Table 8.2: Relationship of Victim to Offender^{1,2}

Type	Group %	Relationship of Victim to Offender		
		Relationship of Victim	Count	% Total
Marital	25.1	Husband	8,952	3.7
		Wife	27,041	11.3
		Common-Law Husband	3,061	1.3

		Male Roommate	5,766	2.4
		Female Roommate	8,143	3.4
		Male In-Law	1,939	0.8
		Female In-Law	2,508	1.1
		Other Male Family Member	25,506	10.7
		Other Female Family Member	76,400	32.0

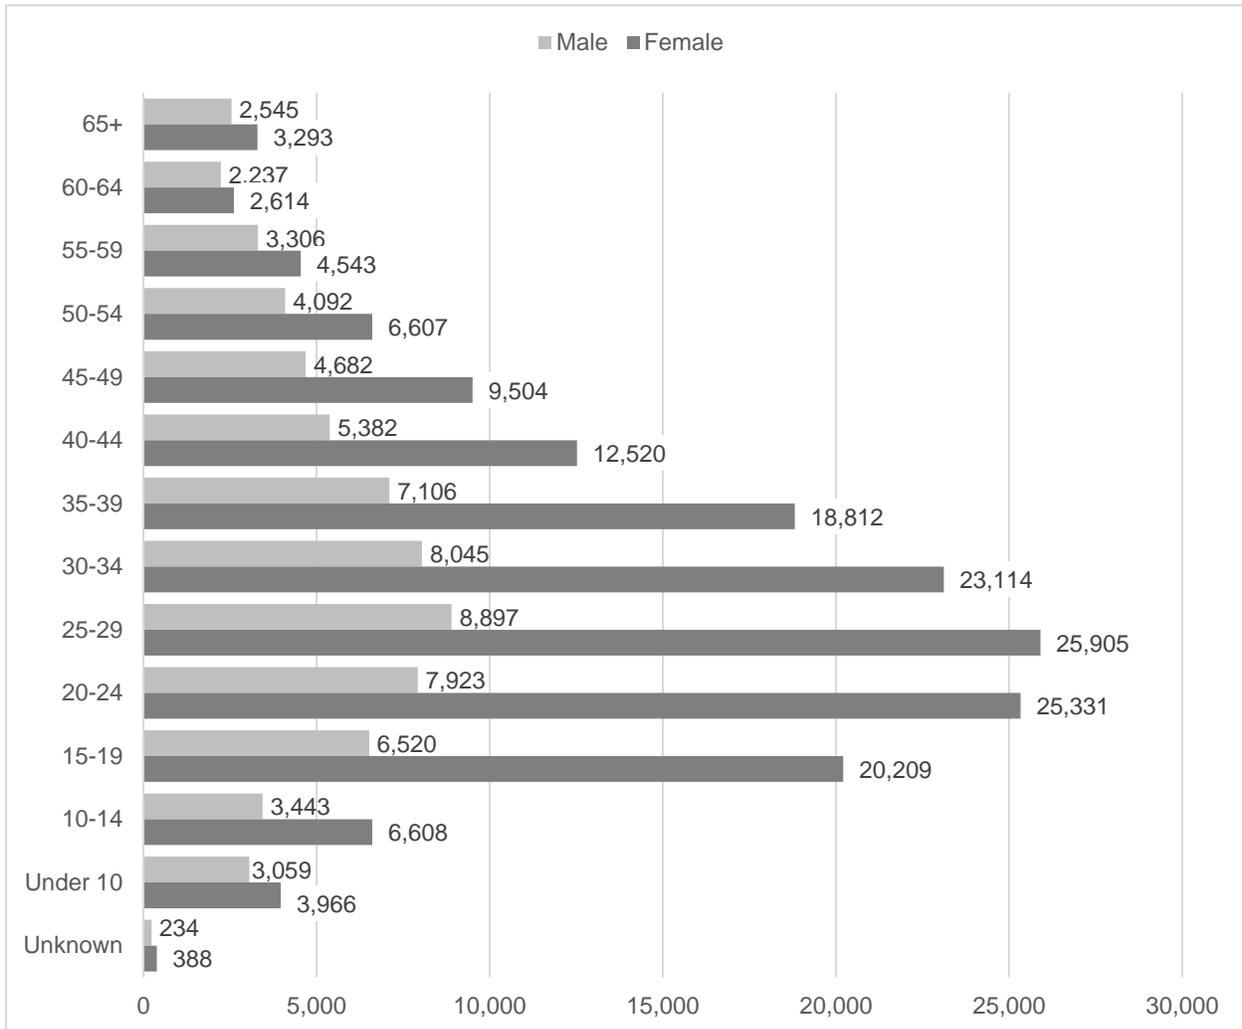

¹ All percentages rounded to the nearest tenth and every percentage below 0.1% are displayed as 0.0. Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

² The total percentages reflected in each category may not equal the group percentage listed due to raw data being captured prior to rounding protocol.

Victims

Incidents of family violence in 2020 involved 231,029 victims. Of the victims whose sex was known, 29.2% were male, and 70.8% were female. The age group with the highest number of victims was the 25-to-29-year-old bracket.

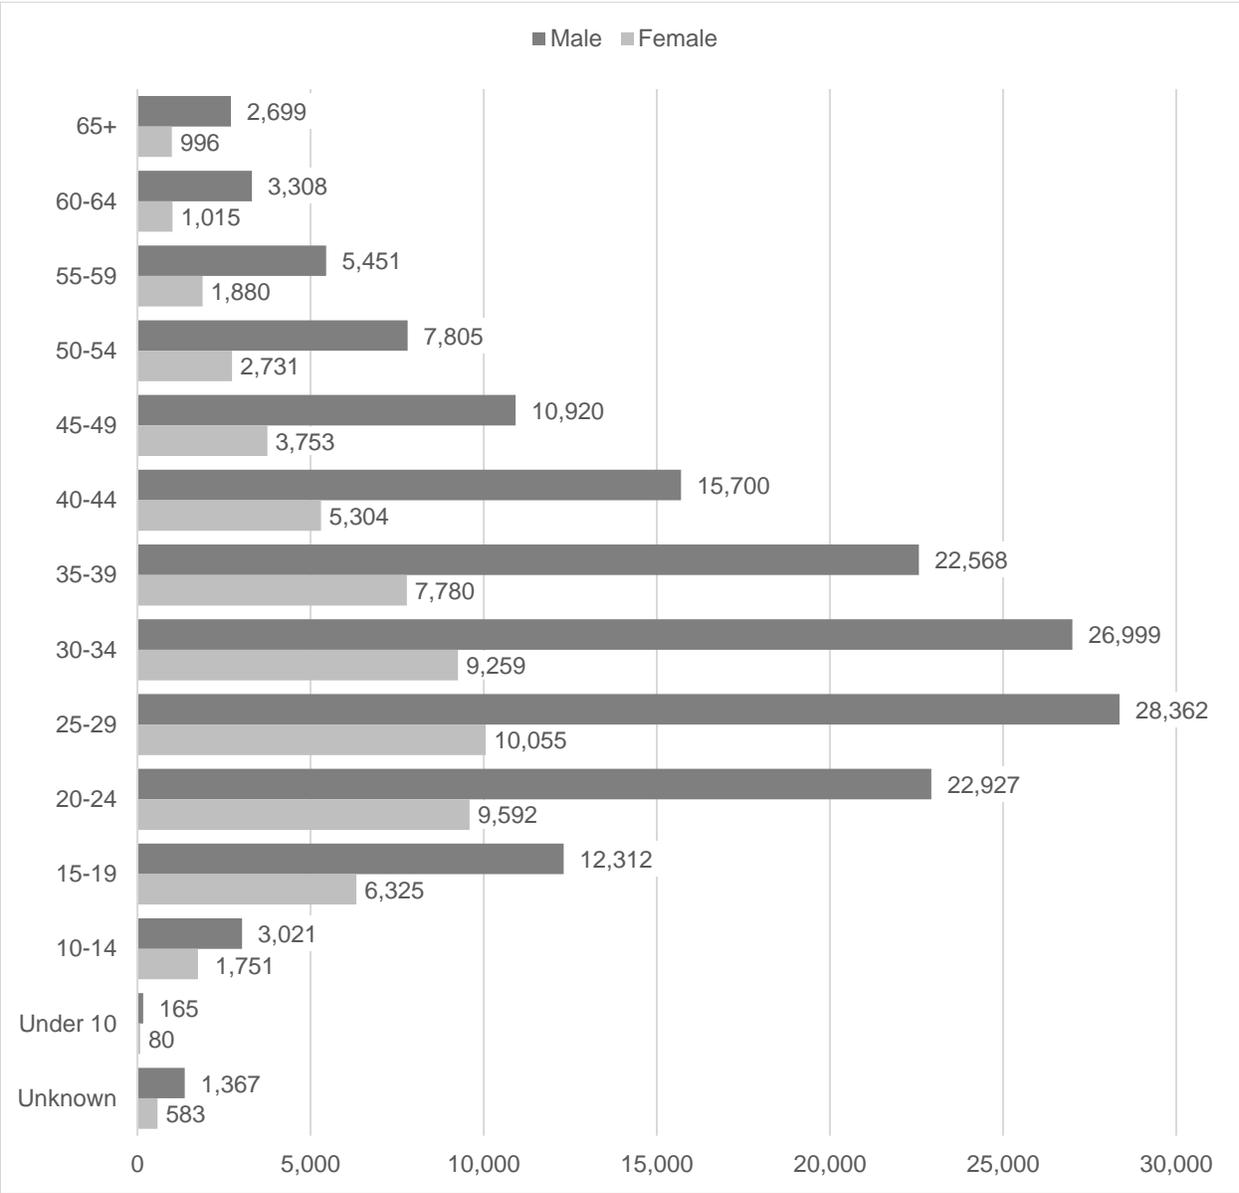

Graph 8.3: Family Violence Victims by Age and Sex

Offenders

In 2020, 224,792 offenders were involved in incidents of family violence. Of the offenders whose sex was known, 72.8% were male, and 27.2% were female. The age group showing the highest number of offenders was the 25-to-29-year-old bracket.

Graph 8.4: Family Violence Offenders by Age and Sex

Offenses

Offense information in the family violence program is collected according to federal UCR guidelines and does not necessarily conform to Texas state definitions. Complete offense definitions are available in the appendix to this publication. Family violence offense information falls into five general categories: assaults, homicides, kidnapping/ abductions, robberies, and sex offenses. Of the five main categories, assaults accounted for 94.8% of all offenses. Information for each individual crime is represented in the table on the next page.

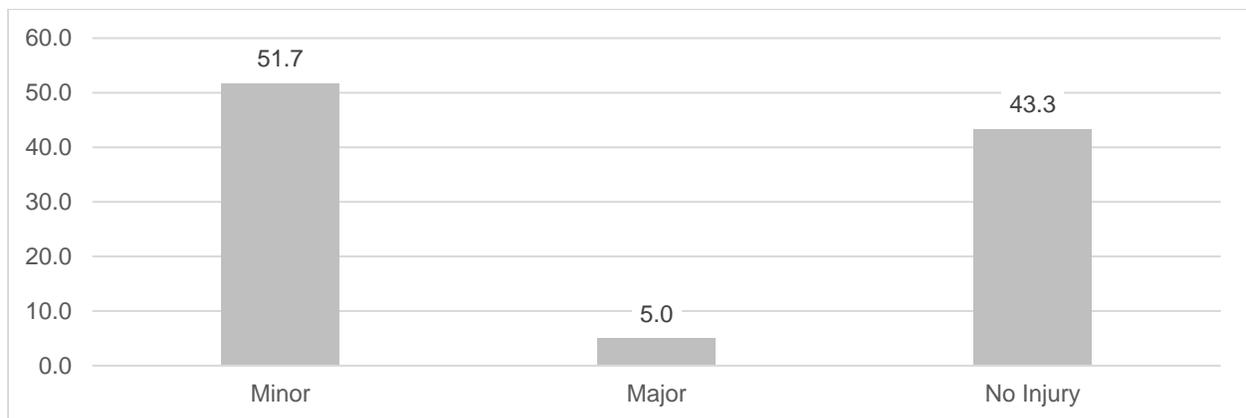

Table 8.5: Family Violence by Offense^{1,2}

Type	Group %	Offense	Count	% Total
Assaults	94.8	Aggravated Assaults	33,454	13.9
		Simple Assaults	172,841	71.8
		Intimidation	22,060	9.2
Homicides	0.2	Murder & Nonnegligent Manslaughter	403	0.2
		Negligent Manslaughter	34	0.0
		Justifiable Homicide	1	0.0
Kidnapping	1.0	Kidnapping / Abduction	2,435	1.0
Robbery	0.6	Robbery	1,448	0.6
Sex Offenses	3.4	Rape	3,808	1.6
		Sodomy	973	0.4
		Sexual Assault with an Object	491	0.2
		Fondling	2,418	1.0
		Incest	106	0.0
		Statutory Rape	345	0.1

Injuries³

For this family violence report, the police officers who responded to the disturbance call determined the extent of injuries, and all injuries were considered to be apparent injuries. If later medical attention indicated that the injuries were more or less severe than noted by the responding officer, this information is not included in the family violence report. The majority of reported injuries (51.7%) were considered to be minor injuries. Major injuries were reported in 5.0% of the cases, and No Injury was reported in 43.3% of family violence reports.

Graph 8.6: Percentage of Family Violence by Injury Type

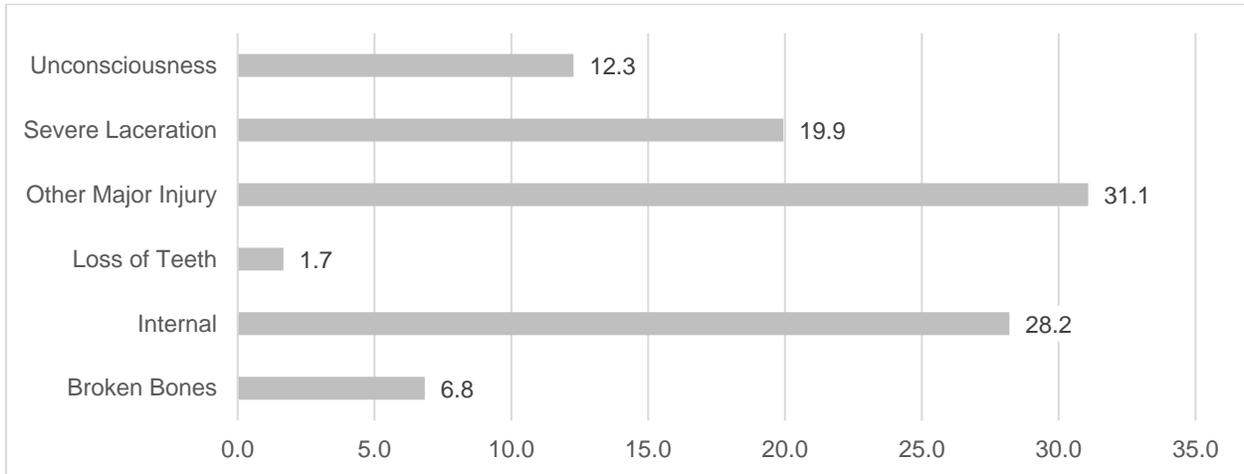

¹ All percentages rounded to the nearest tenth and every percentage below 0.1% are displayed as 0.0. Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

² The total percentages reflected in each category may not equal the group percentage listed due to raw data being captured prior to rounding protocol.

³ The injury classifications of internal injuries and broken bones are categorized separately during data collection.

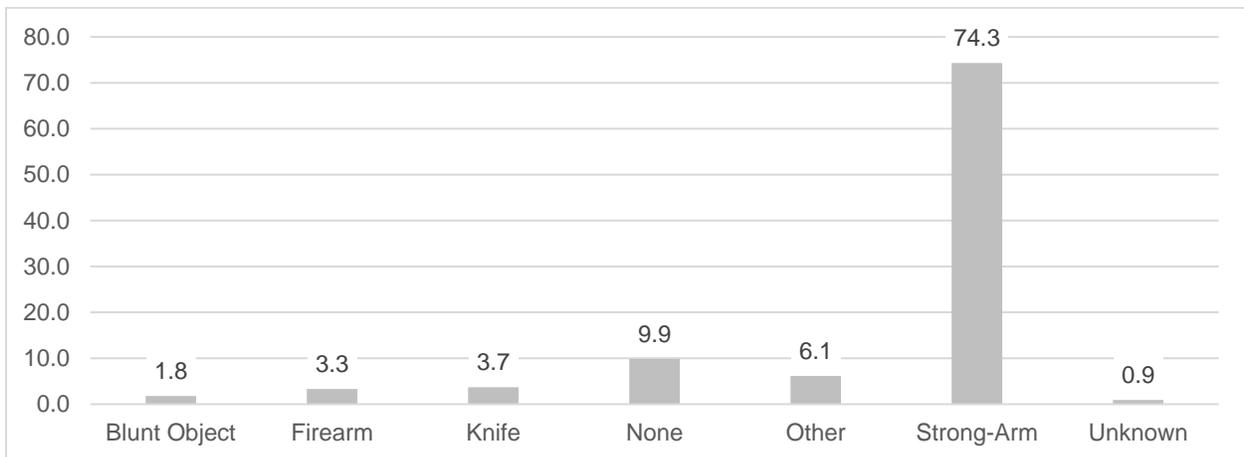

Of the apparent major injuries, 12.3% were from unconsciousness, 19.9% were from severe lacerations, 31.1% from other major injuries, 1.7% were from loss of teeth, 28.2% were due to possible internal injuries, and 6.8% from broken bones.

Graph 8.7: Percentage of Family Violence by Major Injury^{1,2,3}

The following weapons were involved in family violence cases. Blunt objects accounted for 1.8% of the incidents, firearms 3.3%, knives or cutting instruments 3.7%, other weapons 6.1%, the most common was strong-arm 74.3%, followed by unknown weapons 0.9% being the least common. Other weapons for UCR purposes include motor vehicles, poison, explosives, fire, drugs, and miscellaneous weapons.

Graph 8.8: Percentage of Family Violence by Weapon Used^{1,2}

¹ All percentages rounded to the nearest tenth and every percentage below 0.1% are displayed as 0.0. Due to rounding protocol, some graphs may reflect percentages that are slightly greater or less than 100% when totaled.

² The total percentages reflected in each category may not equal the group percentage listed due to raw data being captured prior to rounding protocol.

³ The injury classifications of internal injuries and broken bones are categorized separately during data collection.

HATE CRIME

Definition

The Texas Hate Crimes Act, Section 411.046 of the Texas Government Code, defines hate crimes as crimes that are motivated by prejudice, hatred, or advocacy of violence including, but not limited to, incidents for which statistics are or were kept under Public Law 101-275 (the Federal Hate Crimes Statistics Act). The federal law further defines Hate Crimes as crimes that manifest evidence of prejudice based on race, ethnicity, sexual orientation, religion, disability, gender and/or gender identity.

Analysis

Volume

The total number of reported Texas hate crime incidents in 2020 was 550. This total represents an increase of 35.1% when compared to 2019 reported incidents. These incidents involved 632 victims, 546 offenders and resulted in a total of 557 offenses. The hate crime volume significantly increased in 2020, along with victims and offenders.

Table 9.1: 2020 Hate Crime¹

Data Reported	2020	2019	% Change
Reported Incidents	550	407	35.1
Reported Victims	632	521	21.3
Reported Offenders	546	499	9.4
Reported Offenses	557	417	33.6

¹ Hate Crime incidents with “unknown” offender are not included in this total. Unknown offender (or “true unknown”) for UCR purposes, is where the amount and any demographics about the offenders(s) are not known.

Bias Motivation

In 2020, the largest percentage of Texas hate crime reports were biased against Race/Ethnicity/Ancestry at 67.6%. The second most commonly reported bias motivation was Sexual Orientation at 15.4%. The third was Religious at 11.3%, and the fourth was Disability at 2.8%.

Table 9.2: Percentage of Race, Ethnicity and Ancestry Bias Motivation^{1,2}

Type	Group %	Bias Type	Total %

³ Due to rounding protocol, some graphs may reflect percentages that are slightly greater than or less than 100% when totaled.

Graph 9.7: Hate Crime Offenders^{1,2}

Victims

Information on the victims of hate crimes is limited to victim type. Victim Type, in the hate crime data collection, is listed as: individual, business, financial institution, government, religious organization, other, and unknown. Of these victim types, ‘individuals’ were reported to be the main hate crime target at 88.2%. “Other” victim type, for UCR purposes, is when the victim does not fit into any of the allowable types. “Unknown” victim type, for UCR purposes, is when the victim type is not known.

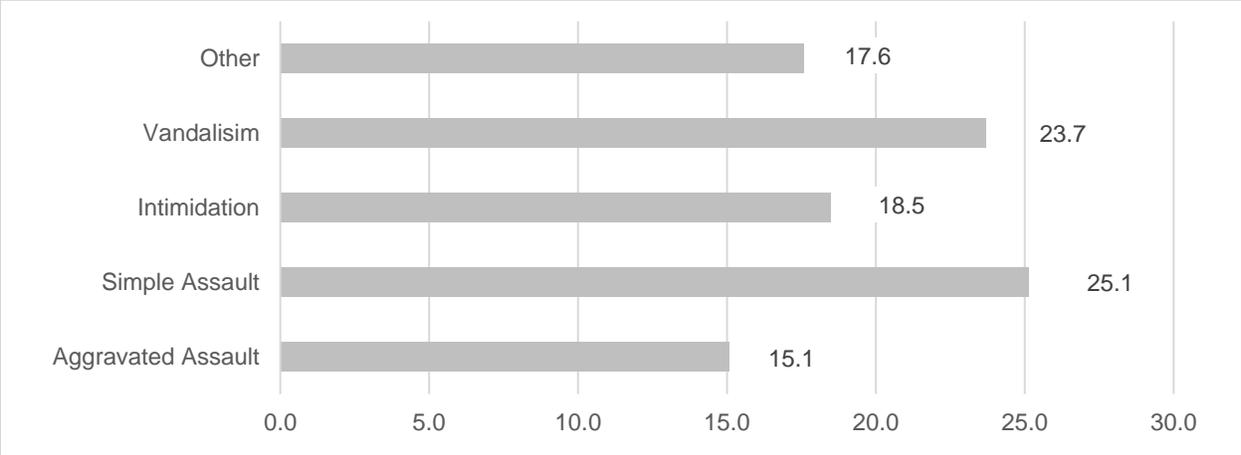

Table 9.8: Percentage of Hate Crime by Victim Type^{1,2}

Victim Type	Volume	%
Individual	560	88.2

Graph 9.9: Percentage of Hate Crime by Offense¹

Offenses

Offense information in the hate crime data collection program is defined according to federal Uniform Crime Reporting definitions and does not necessarily conform to Texas state definitions. Complete offense definitions are available in the appendix to this publication.

Hate crime offense information falls into the eight index crime categories – murder, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson – plus the non-index crimes of simple assault, intimidation, vandalism, and human trafficking. Of these offense categories, simple assault, intimidation, and vandalism together accounted for 67.3% of all bias crime offenses.

Table 9.10: Percentage of Hate Crime by Offense²

Offense	Volume	%

² All percentages rounded to the nearest tenth and every percentage below 0.1% are displayed as 0.0%.

SEXUAL ASSAULT

Definition

Texas Government Code §411.042 requires DPS to establish guidelines and collect, as part of the Uniform Crime Reporting (UCR) Program, data about incidents that involve specific sexual assault offenses. Sexual Assault crime data collection began in the calendar year 2008. Special consideration had to be taken to disseminate the data collection guidelines for Sexual Assault reporting due to the difference between UCR offense definitions and Texas Penal Code definitions. In the Texas UCR program, rape is the only offense collected under the crime index. Since there is greater variance in the offenses collected in the compilation of Sexual Assault data, this data collection should in no way be compared to the statistics maintained in the national UCR program.

Analysis

Volume

In 2020, the total number of sexual assault incidents reported in Texas was 16,969. This represented a 6.0% decrease when compared to 2019. These incidents involved 17,725 victims (down 5.6% from 2019) and 17,833 offenders (down 4.8% from 2019).

Table 10.1: 2020 Sexual Assault¹

<i>Reported Data</i>	<i>2020</i>	<i>2019</i>	<i>% Change</i>
Incidents	16,969	18,057	-6.0
Victims	17,725	18,778	-5.6
Offenders	17,833	18,726	-4.8

Victim’s Relationship

The most significant number of sexual assault victims (in relation to the offender) were: female acquaintances (18.4%), other female family members (11.0%), female strangers (7.6%), unknown females (8.1%), otherwise known as female (5.4%), girlfriend (7.1%), female friend (7.0%), daughters (5.6%), and stepdaughters (5.5%). Most sexual assault victims were non-family members (54.3%), while 45.7% were related to the offender.

¹ All percentages are rounded to the nearest tenth.

Table 10.2: Percentage of Sexual Assault Victims with Romantic Relationships¹

<i>Type</i>	<i>Total Group %</i>	<i>Relationship of Victim</i>	<i>Total %</i>
Romantic	10.7	Husband	0.0
		Wife	1.9
		Common-Law Husband	0.0
		Common-Law Wife	0.5
		Ex-Husband	0.0
		Ex-Wife	0.8
		Boyfriend	0.2
		Girlfriend	7.1

		Employee	0.3
		Otherwise Known-Male	0.8
		Otherwise Known-Female	5.4
		Stranger-Male	1.0
		Stranger-Female	7.6
		Unknown-Male	1.3
		Unknown-Female	8.1

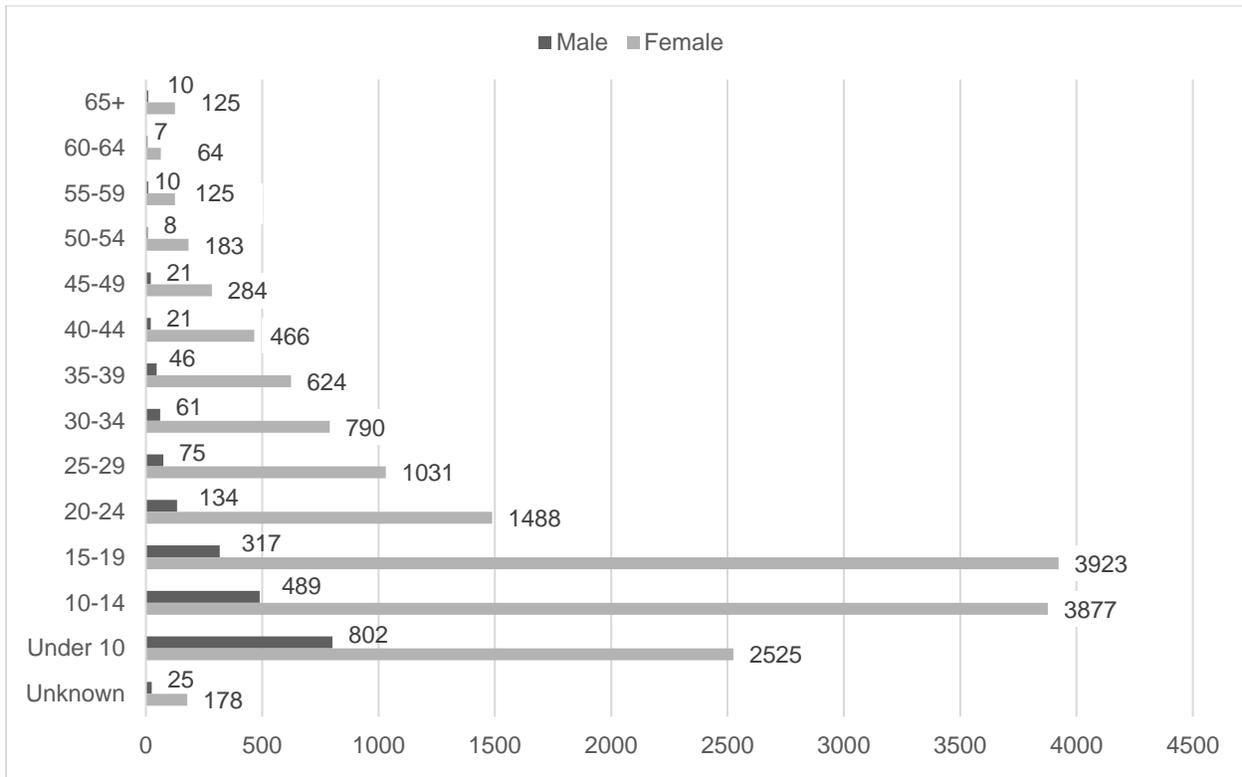

¹ All percentage rounded to the nearest tenth.

² Every percentage below 0.1% is displayed as 0.0%.

Victims

Incidents of sexual assault in 2020 involved 17,725 victims. Of the victims whose sex was known, 11.4% were male, and 88.6% were female. The age group with the highest number of victims was the 15 to 19-year-old bracket.

Graph 10.6: Number of Sexual Assault Victims by Age and Sex¹

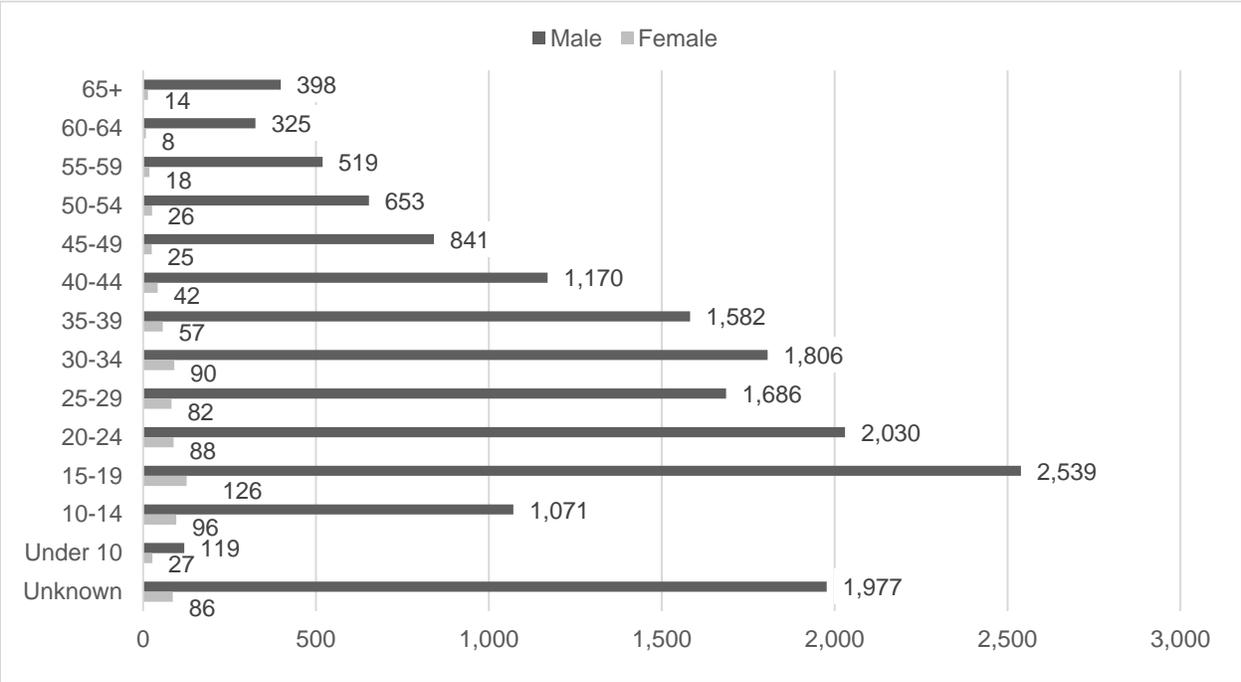

Offenders

In 2020, 17,833 offenders were involved in incidents of sexual assault. Of the offenders whose sex was known, 95.5% were male, and 4.5% were female. The age group showing the highest number of offenders was the 15-to-19-year-old bracket.

¹ Only unknown age is included in totals. This graph does not include incidents where the sex of the victim is unknown.

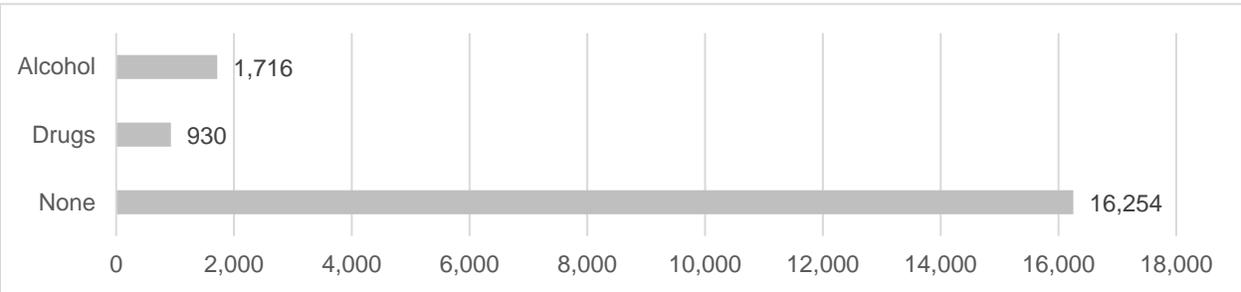

Graph 10.7: Number of Sexual Assault Offenders by Age and Sex¹

Under the Influence

The sexual assault data collection includes a determination of whether the offender was under the influence of mind-altering substances at the time of the incident. In 86.0% of the incidents, it was reported that neither drugs nor alcohol was involved. The offender was under the influence of alcohol in 9.1% of the incidents and under the influence of drugs in 4.9% of the reported incidents.

Graph 10.8: Sexual Assaults Committed Under the Influence²

¹ Only unknown age is included in totals. This graph does not include incidents where the sex of the offender is unknown.
² Some offenders were under the influence of both alcohol and drugs.

Offenses

Offense information in the sexual assault data collection program is collected according to Texas Penal codes. Offense information is collected on six sexual assault categories: Continuous Sexual Abuse of Young Child, Indecency with a Child by Contact, Indecency with a Child by Exposure, Sexual Assault, Aggravated Sexual Assault, and Sexual Performance by a Child. Complete offense definitions are available in the Appendix to this publication.

Of these six offenses, Sexual Assault accounted for 58.0% of all sexual offenses reported.

Table 10.9: Sexual Assault by Offense¹

<i>Offense</i>	<i>Volume</i>	<i>Total %</i>
Section 21.02 Continuous Sexual Abuse of Young Child or Children	417	2.2
Section 21.11(a)(1) Indecency with a Child by Contact	3,746	19.4
Section 21.11(a)(2) Indecency with a Child by Exposure	558	2.9
Section 22.011 Sexual Assault	11,174	58.0
Section 22.021 Aggravated Sexual Assault	3,261	16.9
Section 43.25 Sexual Performance by a Child	119	0.6

Weapons

The most common weapon involved in sexual assault cases was physical force through the use of personal weapons, which accounted for 88.0% of the incidents. “Other weapon,” for UCR purposes, is any weapon that does not fit one of the other defined data values or when the weapon is unknown.

Table 10.10: Sexual Assault by Weapon^{1,2}

<i>Weapon</i>	<i>Volume</i>	<i>Total %</i>
Asphyxiation	43	0.2
Blunt Object	99	0.5
Drugs	342	1.8
Firearm	253	1.3
Knife/ Cutting Instrument	159	0.8
Personal	16,680	88.0
Other	1,368	7.2

¹ All percentages rounded to the nearest tenth.

² Please be advised that due to rounding protocol, some tables may reflect percentages that are slightly greater than or less than 100% when totaled.

Location

In 2020, sexual assaults reported in Residences/Homes accounted for 76.4%. Other/Unknown was the second most common location reported and accounted for 7.3%. Other/Unknown location, for UCR purposes, is any location that does not fit one of the other defined data values or when the location of the incident is unknown.

Table 10.11: Sexual Assault by Location^{1,2}

<i>Location</i>	<i>Volume</i>	<i>Total %</i>
Bar/Night Club	63	0.3
Church/Synagogue/Temple	27	0.1
Commercial/Office Building	138	0.7
Construction Site	18	0.1
Convenience Store	52	0.3
Drug Store/Dr's Office/Hospital	194	1.0
Field/Woods	190	1.0
Government/Public Building	65	0.3
Highway/Road/Alley	616	3.3
Hotel/Motel	771	4.2
Jail/Prison	101	0.5
Lake/Waterway	57	0.3
Parking Lot/Garage	407	2.2
Residence/Home	14,197	76.4
School/College	332	1.8
Other/Unknown	1,350	7.3

¹ All percentages rounded to the nearest tenth.

² Due to rounding protocol, some tables may reflect percentages that are slightly greater than or less than 100% when totaled.

APPENDICES

Aggravated Sexual Assault (Section 22.021, Texas Penal Code)

Two groups classify Sexual Assault offenses:

Group One

(A) Intentionally or knowingly:

(i) causes the penetration of the anus or sexual organ of another person by any means, without that person's consent.

(ii) causes the penetration of the mouth of another person by the sexual organ of the actor, without that person's consent.

(iii) causes the sexual organ of another person, without that person's consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor.

(B) Intentionally or knowingly:

(i) causes the penetration of the anus or sexual organ of a child by any means.

(ii) causes the penetration of the mouth of a child by the sexual organ of the actor.

(iii) causes the sexual organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor.

(iv) causes the anus of a child to contact the mouth, anus, or sexual organ of another person, including the actor.

(v) causes the mouth of a child to contact the anus or sexual organ of another person, including the actor.

Group Two

(A) The person:

(i) causes serious bodily injury or attempts to cause the death of the victim or another person in the course of the same criminal episode.

(ii) by acts or words places the victim in fear that death, serious bodily injury, or kidnapping will be imminently inflicted on any person.

(iii) by acts or words occurring in the presence of the victim threatens to cause the death, serious bodily injury, or kidnapping of any person.

(iv) uses or exhibits a deadly weapon in the course of the same criminal episode.

(v) acts in concert with another who engages in conduct described by Subdivision (1) directed toward the same victim and occurring during the course of the same criminal episode.

(vi) administers or provides flunitrazepam, otherwise known as Rohypnol, gamma hydroxybutyrate, or ketamine to the victim of the offense with the intent of facilitating the commission of the offense.

(B) The victim is younger than 14 years of age.

(C) The victim is an elderly individual or a disabled individual.

Continuous Sexual Abuse of Young Child or Children (Section 21.02, Texas Penal Code)

In this section, “child” has the meaning assigned by Section 22.011(c), Texas Penal Code. “Act of Sexual Abuse” has the meaning assigned by Section 21.02(c), Texas Penal Code.

(b) A person commits an offense if:

- (1) During a period that is 30 or more days in duration, the person commits two or more acts of sexual abuse, regardless of whether the acts of sexual abuse are committed against one or more victims; and
- (2) At the time of the commission of each of the acts of sexual abuse, the actor is 17 years of age or older and the victim is a child younger than 14 years of age.

Indecency with a Child (Section 22.11, Texas Penal Code)

A person commits an offense if, with a child younger than 17 years of age, whether the child is of the same or opposite sex and regardless of whether the person knows the age of the child at the time of the offense, the person:

- (1) engages in sexual contact with the child or causes the child to engage in sexual contact;
or
- (2) with intent to arouse or gratify the sexual desire of any person:
 - (A) Exposes the person’s anus or any part of the person’s genitals, knowing the child is present.
 - (B) Causes the child to expose the child’s anus or any part of the child’s genitals.

Sexual Assault (Section 22.011, Texas Penal Code)

A person commits an offense if the person:

- (1) Intentionally or knowingly:
 - (A) Causes the penetration of the anus or sexual organ of another person by any means, without that person’s consent;
 - (B) Causes the penetration of the mouth of another person by the sexual organ of the actor, without that person’s consent; or
 - (C) Causes the sexual organ of another person, without that person’s consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; or
- (2) Intentionally or knowingly:
 - (A) Causes the penetration of the anus or sexual organ of a child by any means;
 - (B) Causes the penetration of the mouth of a child by the sexual organ of the actor;
 - (C) Causes the sexual organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor;
 - (D) Causes the anus of a child to contact the mouth, anus, or sexual organ of another person, including the actor; or
 - (E) Causes the mouth of a child to contact the anus or sexual organ of another person, including the actor.

Sexual Performance by a Child (Section 43.25, Texas Penal Code)

(a) In this section:

(1) "Sexual performance" means any performance or part thereof that includes sexual conduct by a child younger than 18 years of age.

(2) "Sexual conduct" means sexual contact, actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, sado-masochistic abuse, or lewd exhibition of the genitals, the anus, or any portion of the female breast below the top of the areola.

(3) "Performance" means any play, motion picture, photograph, dance, or other visual representation that can be exhibited before an audience of one or more persons.

(4) "Produce" with respect to a sexual performance includes any conduct that directly contributes to the creation or manufacture of sexual performance.

(5) "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, publish, distribute, circulate, disseminate, present, exhibit, or advertise or to offer or agree to do any of the above.

(6) "Simulated" means the explicit depiction of sexual conduct that creates the appearance of actual sexual conduct and during which a person engaging in the conduct exhibits any uncovered portion of the breasts, genitals, or buttocks.

(7) "Deviate sexual intercourse" and "sexual contact" have the meanings assigned by Section 43.01.

(b) A person commits an offense if, knowing the character and content thereof, he employs, authorizes, or induces a child younger than 18 years of age to engage in sexual conduct or a sexual performance. A parent or legal guardian or custodian of a child younger than 18 years of age commits an offense if he consents to the participation by the child in a sexual performance.

(d) A person commits an offense if, knowing the character and content of the material, he produces, directs, or promotes a performance that includes sexual conduct by a child younger than 18 years of age.

GLOSSARY OF TERMS

The following is a collection of terms and definitions as they relate to Texas criminal offenses, federal National Incident Based Reporting System (NIBRS) guidelines/offenses and the Uniform Crime Reporting (UCR) Program.

Adult

In Texas, an adult is a person 17 years of age or older. Federal law provides that an adult is a person 18 years of age or older. Unless otherwise indicated, this publication follows the state definition for adult.

Affinity

The connection existing, as a consequence of marriage, between married persons and the kindred of the other.

Aggravated Assault

An unlawful attack by one person upon another wherein the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness. This also includes assault with disease (as in cases when the offender is aware that he/she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.).

All Other Offenses

All violations of state and/or local laws, except crimes that fall under another UCR offense category and traffic offenses. This is a Group B offense and only arrest information is reported.

Arson

To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device, with or without intent to defraud.

Bribery

The offering, giving, receiving, or soliciting of anything of value (i.e., a bribe, gratuity, or kickback) to sway the judgment or action of a person in a position of trust or influence.

Burglary/Breaking and Entering

The unlawful entry into a building or other structure with the intent to commit a felony or a theft.

Cargo Theft

Cargo theft in UCR refers to taking possession illegally of any cargo shipment including but not limited to the following categories: cargo shipment of goods, chattels, money, baggage that constitutes, in whole, in part, a commercial shipment of freight moving in commerce, from any pipeline system, railroad car, motor truck, other vehicle, from any tank, storage facility, station house, platform, depot, from any vessel, wharf, from any aircraft, air terminal, airport, aircraft terminal, air navigation facility, from any intermodal container, intermodal chassis, trailer, container freight station, warehouse, freight distribution facility, freight consolidation facility. For

purposes of this definition, cargo shall be deemed as moving in commerce at all points between the point of origin and the final destination, regardless of any temporary stop while awaiting transshipment or otherwise.

Consanguinity

Kinship or blood relationship; the relationship of persons who are descended from a common ancestor.

Crime Factors

Conditions that affect the amount and type of crime that occurs in a geographical area.

Crime Index

The sum of seven index offenses used to measure the extent, fluctuation, and distribution of crime in a given geographical area. Crime classifications used in the Crime Index are the following: murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft. Arson and human trafficking are also classified as index offenses but are not part of the Crime Index.

Crime Rate

The number of offenses per 100,000 inhabitants. To calculate the crime rate, divide the number of offenses by the population and then multiply by 100,000. The crime rate is useful in determining the relative frequency of crime without regard to fluctuations in population.

Crime Volume

Crime volume is the aggregate sum of the offenses within the crime index.

Curfew/Loitering/Vagrancy Violations

The violation of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas; prohibiting persons from remaining in an area or place in an idle or aimless manner; or prohibiting persons from going from place to place without visible means of support. These are Group B offenses and only arrest information is reported.

Disorderly Conduct

Any behavior that tends to disturb the public or decorum, scandalize the community, or shock the public sense of morality. This is a Group B offense and only arrest information is reported, unless this is related to one of the Texas Penal Code sex offenses.

Driving Under the Influence (DUI)

Driving or operating any motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic. This is a Group B offense and only arrest information is reported.

Drug Abuse Violations

All arrests for violation of state and/or local laws, specifically those relating to the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation and/or importation of any controlled drug or narcotic substance.

Drunkenness (Intoxication)

To drink alcoholic beverages to the extent that one's mental faculties and physical coordination are substantially impaired. Excludes Driving under the influence (DUI). This is a Group B offense and only arrest information is reported.

Ethnicity (Ethnic Origin)

In UCR, race and ethnic origin are counted as two separate designations. The ethnic origin categories were adopted from the U.S. Department of Commerce and are Hispanic and not Hispanic. Included as Hispanic are all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

Extortion/Blackmail

To unlawfully obtain money, property, or any other thing of value, either tangible or intangible, through the use or threat of force, misuse of authority, threat of criminal prosecution, threat of destruction of reputation or social standing, or through other coercive means.

Family

For UCR purposes, is defined as individuals related by blood, affinity, marriage, former marriage, biological parents of the same child, foster children, foster parents, members of the same household or former members of the same household.

Family Violence

An act by a member of a family or household (as defined by the Texas Family Code) against another member that is intended to result in physical harm, bodily injury, assault or a threat that reasonably places the member in fear of imminent physical harm.

Forgery and Counterfeiting

The altering, copying, or imitation of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine; or the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud. Includes attempts.

Fraud

The intentional perversion of the truth for the purpose of inducing another person, or other entity, in reliance upon it to part with something of value or to surrender a legal right. This excludes Forgery and Counterfeiting, as the FBI assigned those their own offense.

Gambling

Promoting, permitting, or engaging in illegal gambling.

Embezzlement

The unlawful misappropriation by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control. Includes attempts. In general, an employer/employee or legal agent relationship must exist for Embezzlement to occur.

Hate Crime Bias Motivation

Hate crime bias motivation, relates to crimes where the offender(s) are motivated by prejudice, hatred, or advocacy of violence. The offender's bias motivation must be against one of the protected classes, as defined by the FBI, regardless of whether the victim was part of that or any protected class.

Hierarchy Rule

For SRS submissions, when several offenses are committed simultaneously by one person or group of persons, the hierarchy rule in UCR mandates that only the most serious offense is recorded for statistical purposes. Arson is an exception to this rule.

Human Trafficking

Human Trafficking includes both Commercial Sex Acts and Involuntary Servitude.

Commercial Sex Acts

Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age.

Involuntary Servitude

The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

Index Crime

A crime for which reports of offenses committed are collected. Index crimes are murder, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, arson, and human trafficking.

Intimidation

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Justifiable Homicide (Not a Crime)

The killing of a perpetrator of a serious criminal offense by a peace officer in the line of duty, or the killing, during the commission of a serious criminal offense, of the perpetrator by a private individual.

Juvenile

In Texas, a juvenile is a person under 17 years of age (i.e. 16 years and under). At the federal level, Juvenile is a person under 18 years of age (i.e. 17 years and under). Unless otherwise indicated, this publication follows the state definition for juvenile.

Kidnapping/Abduction

The unlawful seizure, transportation, and/or detention of a person against his/her will, or of a minor without the consent of his/her custodial parent(s) or legal guardian.

Larceny-Theft

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. This includes pocket-picking, purse-snatching, shoplifting, theft from motor vehicles, theft of motor vehicle parts and accessories, theft of bicycles, theft from buildings and theft from coin-operated machines.

Liquor Laws

State and/or local liquor law violations, except drunkenness and driving under the influence. Federal violations are excluded. This is a Group B offense and only arrest information is reported.

Manslaughter by Negligence (Negligent Manslaughter)

The killing of another person through gross negligence. This offense includes killings resulting from hunting accidents, gun cleaning, children playing with guns, etc. It does not include deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and accidental traffic fatalities. This offense does not include Vehicular Manslaughter, which are reported as Murder and Non-Negligent Manslaughter if not accidental or All Other Offenses if accidental.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle, which is defined as a self-propelled vehicle that runs on land surface and not on rails.

Murder and Non-Negligent Manslaughter

The willful (non-negligent) killing of one human being by another. This includes any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime. Suicides, accidental deaths, assaults not resulting in death, traffic fatalities, and attempted murders are not included.

NIBRS

National Incident-Based Reporting System (NIBRS) is an incident-based reporting system or methodology used by law enforcement agencies in the United States for collecting and reporting data on crimes to the Federal UCR program. The FBI maintains the reporting guidelines.

Non-Violent Crime

Non-violent crimes include property crimes which is broken down into burglary, larceny-theft, and motor vehicle theft offenses.

Offenses against the Family and Children

Nonsupport, neglect, desertion, or abuse of family and children. Includes attempts.

Other Assault (Simple)

An unlawful physical attack by one person upon another where neither the offender displays a weapon (other than personal weapon), nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Part One Offenses

The first of two categories of offenses (within the Crime Index) established for crime reporting purposes. Part one offenses are by their nature more serious and/or occur most frequently. The reports of these offenses committed are collected without regard to whether an arrest was made.

Personal Weapon

The use of hands, feet, fists, and teeth as a weapon to commit a crime; also termed “strong-arm weapon.”

Pornography/Obscene Material

The violation of laws or ordinances prohibiting the manufacture, publishing, sale, purchase, or possession of sexually explicit material, e.g., literature, photographs, etc.

Prejudice

An unreasonable and unjustifiable negative attitude toward a group and its individual members.

Prostitution and commercialized

Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, transporting women for immoral purposes, etc. Includes attempts.

Race

In UCR, race and ethnic origin are counted as two separate designations. The racial categories were adopted from the U.S. Department of Commerce and are as follows: White, Black, American Indian or Alaskan Native, Asian, Native Hawaiian or Other Pacific Islander.

White

A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Black

A person having origins in any of the Black racial groups of Africa.

American Indian or Alaskan Native

A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

Asian

A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Native Hawaiian or Other Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Rape

The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Robbery

The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm.

Sex Offenses (Except Rape, Prostitution and Commercialized Vice)

Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Summary Reporting (SRS)

SRS and its methodology had been a national method of collecting UCR statistics for the FBI since 1929. SRS collected basic statistical data and general just tallies of offenses. The FBI elected to sunset SRS at the end of 2020, migrating to the more detailed NIBRS methodology.

SRS Conversion

This CIT report contains both NIBRS and SRS data. To allow for comparison across this mixed data set, the hierarchy rule is applied to NIBRS data to convert it to SRS methodology, so that all data is presented in the common least common denominator.

Part Two Offenses

The second of two categories of offenses (within the Crime Index) established for crime reporting purposes. Part two offenses are generally less serious in nature and/or occur less frequently than part one offenses. Monthly tabulations of part two offenses are limited to arrest information only.

Stolen Property

Receiving, buying, selling, possessing, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by Burglary, Embezzlement, Fraud, Larceny, Robbery, etc. This includes attempts.

Vandalism/Destruction/Damage of Property

Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property without the consent of the owner or person having custody or control of it. This excludes Arson.

Weapons Law Violations

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.
