Effective September 1, 2022

The goods and services shown here are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead (this fee is included in package prices). If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

> Prior to the drafting of any contract for goods or services, the responsible party, the decedent's survivor, or whoever is handling the funeral arrangements, is entitled to receive a copy of any pre-need agreement in possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

**Basic Services** 

This is the basic charge for our professional expertise and includes the following services: conducting the arrangements conference; planning the funeral; consulting with family and clergy; shelter of remains; preparing and filing of necessary documents; obtaining necessary authorizations and permits; coordinating with the cemetery, crematory, or other third parties. In addition, this fee includes a proportionate share of our basic overhead costs. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our packet charges for Direct Cremations, Immediate Burials, and Forwarding or Receiving of remains.)

\$715 Embalming

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if certain funeral arrangements, such as a funeral with viewing, is selected. Embalming is performed by a California licensed embalmer and usually enhances the appearance of the decedent. If you do not want embalming, you have the right to choose an arrangement, such as direct cremation or immediate burial.
