

Get a'Board Program

By supporting Buddy's Walkway, you can "grow" Armstrong-Kelley Park. For a \$150 donation, a carved board with your message is installed. Each board is pressure treated 2" x 6" x 4' lumber. All donations will be used for the betterment of the Park. The board becomes the property of CCHS upon installation. Since the board is pressure-treated, it is subject to harsh conditions and we cannot guarantee how long the board will remain usable. Removal of any board which becomes hazardous is the responsibility and decision of CCHS.
